What if I'm not receiving basic food dollars?

If you have been approved for Basic Food but do not actually receive Basic Food dollars, you may be eligible for free or reduced-price meals. You must apply for meal benefits by filling out a meal application and returning it to your child's school.

Do my children automatically qualify if they have a case number?

Yes. Children on TANF or Basic Food may get free meals and children receiving some Medicaid benefits may be eligible for free or reduced-price meals without the household having to complete an application. These children are identified by the school using a data matching process. This matched list is then made available to your child's school food service staff. The students on this list get free meals if their schools have the free and reduced-price breakfast and/or lunch program (not all schools do). Please contact us immediately if you feel your children should be receiving free meals and are not. If you do not want your child to participate in the free meal programs using this method, please notify the school.

If anyone in my household has a case number, will all children qualify for free meals?

Yes. If someone else in the household has a case number, other than a foster child, you must fill out an application and send it to your student's school. Please contact us immediately if you feel other children in your household should be receiving free meals and are not.
