Welcome back Dakota High School Students, Parents & Guardians!

With the start of a new school year fast approaching, we wanted to let you know about this year's returning student enrollment process.

Items to Know to Register for Classes this Fall:

Students come in to get classes on the designated registration days. (See the attached calendar for those August dates and times in **blue**. The **pink** is only for orientation of **new** students to DKHS)

A) Student brings with them to registration:

Checked out laptop, case & charger from last year. Your student may have delayed registration for classes until it is returned before or upon registration. Notices were sent and emailed during the summer if your student still has one checked out. If your student is in summer school, the items can be returned after summer school is complete.

B) Student brings with them Updated Immunizations

Updated immunization records if your student had updated their vaccines during the summer. Students beginning 11th & 12th grade must have their 2nd Meningitis vaccine or have a waiver signed within 30 days of registration.

C) **Moved? Student brings with them Proof of Residence**

Proof of Residence is needed if you have moved since last year's registration. This could be a cell bill, electric bill that is current within the last 30 days or lease/mortgage information.

D) Parents/Guardians to Update Parent PowerSchool Registration Forms

All returning students need to have their parents/guardians update their Parent PowerSchool accounts for the 2024-25 school year. This includes registration information such as updated addresses, phone numbers, health information etc... This is the account you had set up when you first registered your student in Fargo Public Schools. You **do not create a new account** if your student was here last year. If you do not remember your ID and password, please call me at 701-446-2805 to re-set them.

If you have any questions about any of these items, please call the main office at 701-446-2805.
