"I've always loved the first day of school better than the last day of school. Firsts are best because they are beginnings." - Jenny Han

Greetings -

We would like to welcome you – whether you are a returning student or a new student – to your new beginning. It is going to be a wonderful year – the building has been cleaned, new lockers have been installed, and resources have been updated. We are ready for the students to return!

In this increasingly busy world, we hope that each of you has set aside some time to relax, rejuvenate, and reset. The months ahead will be filled with many stories – stories of your student's success, stories of their struggles, stories of their classroom adventures, and stories of their ebbing and flowing relationships. Fear not, these are the same stories that have been told in middle school for years. As middle school educators, we have been privy to the secret lives of middle schoolers, and we want to assure you that it is all perfectly normal. Trust us.

The students entering Mt. Airy Middle School for the 2024-25 school year have encountered a good deal of adversity in their limited school career. Entering and adapting to full day kindergarten, learning to adapt to online learning platforms, and again transitioning to a hybrid instructional model are just a few examples of the obstacles they encountered and conquered. These kids are no strangers to resiliency, and this year we plan on building upon those skills.

For our eighth graders, they entered middle school and were asked to "level up" and challenge themselves. Then, last year, we expounded upon the importance of togetherness and focused on how "our roots run deep." As we start this year, we looked at what our students needed most to be College and Career Ready – and we decided that our students need GRIT: gratitude for the opportunities afforded to them, responsibility for their choices, integrity in their efforts, and tenacity in the face of adversity.

We look forward to the year ahead. With the collective efforts of our staff, the students, and this community, we will continue our efforts to develop our students here at Mt. Airy and prepare them for their future.

Please take the time to review the following pages which highlight information for the upcoming year. Some important things to note:

- Schedules will be updated in Home Access on **August 15**
- An email with the Student Laptop Agreement will be sent home around the same time. Please complete this and submit it before the start of the year. This will expediate laptop distribution.
- **Laptops will be handed out to students the first week of school.** Sixth grade students will receive new computers; 7th and 8th graders will use their device from last year which has been updated and repaired as needed.
- A new Related Arts class has been added to our rotation - this "Skills" class focuses on real-world skills like keyboarding, study skills, presentation platforms, and text features.

If you are not already doing it, follow us on social media to witness all the amazing things we do here at MAMS. We hope you enjoy the remainder of your summer; we do not want to wish it away too soon, but we miss the noise of the halls and are eager for the start of the year! If you have any questions, comments, or concerns, please reach out.

Sincerely,
Chris Hynes
Principal

Encrypted Emails

You will have the opportunity to opt out of receiving Secure Emails via the Parent Permission Form that you complete each year. This will be an option on both the electronic and paper versions. When you opt out, you agree to allow us to send unencrypted emails to both parents. If you do not check the box, you will be opted in for secure emails. You will need to reselect this every year as part of the annual Parent Permission process. Look for this selection when you receive the Parent Permission email from CCPS in August.

Emergency Cards

Each student will receive only one (1) copy of their emergency card. It is critical the preprinted information is carefully reviewed by a parent/guardian. If the card reflects incorrect information, you are asked to make note of the revisions on the card. Also, please make sure to complete the Transportation Information section, stating your student's bus number. All emergency cards must be signed by a parent/guardian and returned to the school as soon as possible.

- All food must be eaten inside the cafeteria.

Helpful tips...

Student Drop off Time: Students may be dropped off at school beginning at 7:55am. No supervision will be provided prior to 7:55am. Any student arriving after 8:15am will be considered tardy and should report to the office for a Tardy Slip. Students who are tardy must enter at the main entrance (by the three flagpoles).

Reporting Absences: If your student will be absent or late to school in the morning, please call or send an email by 8:30am to avoid getting an automated absence call. Emails must be addressed to mamattendance@carrollk12.org. When reporting in this manner, please include; student's full name, grade, homeroom teacher, date, reason for absence, and parent's name and contact information. *If you do not report a student absent by email or phone*, the students are required to present a note signed by a parent or legal guardian substantiating a reason for the absence. Notes should be brought in on the day the student returns to school.

Early Dismissals: Parents wishing to pick up their student may do so with permission from the parent and approval from the school. Requests should be in writing and should be brought by the student to the sign-in desk upstairs by 8:15am. Parents must sign-out students in the office. If parents wish for someone else to pick up their son or daughter, there must be a written request. Anyone picking up a student should be prepared to present a photo ID.

Change of address: if you move or change your work or home phone numbers, please send the changes, in writing, to the school office. In the event of a move, we will also require proof of residency in the form of a recent utility bill.

Bus Transportation: Students are permitted to have one am and one pm bus stop. **In case of an emergency**, students may request to ride a different bus or to get off at a different stop. Notes must be provided from the receiving and sending parents stating the reason for the request and must be given to the school office for approval. If a request is denied, parents of the student requesting the change will be notified.

Legal Custody of Children: It is extremely important to keep the school informed of any custody agreements concerning your child. An official court order or court document is required to establish guidelines for custody and/or restrictions. Please contact the school immediately if there is any change in the custody situation of your child.

Visitors to the building: In order to make our school the safest environment possible for both students and staff, we require that all volunteers and visitors wear an ID badge while in the school. As always, everyone must check into the main office upon entering the building. Parents are not permitted to go back to the classrooms without an administrator's approval.

Service Learning Information

Carroll County students must have a minimum of 75 service learning hours in order to graduate from high school. Students can start accumulating service hours beginning the summer after the completion of 5th grade through 12th grade. Students must complete a minimum of 55 Service Learning hours by the end of 11th grade in order to be promoted to senior status. PORTABLE ELECTRONIC DEVICES

CCPS has established guidelines for the use of Portable Electronic Devices. In addition to CCPS guidelines, below you will find Mt. Airy Middle's procedures for use of portable electronic devices:

- Students will only be allowed to use their cell phones in emergency situations during the school day if permission is given by a staff member.
- If permission is not provided by a staff member to a student and the student is using their phone, the student will be instructed to walk their phone to the office to store in the office safe. The phone will not go home with the student and must be picked up by the parent/guardian. Our office staff will notify the parent/guardian to schedule a time to pick up the phone .
- The audible notification of portable electronic devices must be turned off during the school day to reduce disruption.
- Portable electronic devices should be placed out of view unless students have approval from staff to use their device. Permission would only be given in emergency situations. However, students are always welcome to call home using a phone in the main office.
- Portable electronic devices may not be used in bathrooms or locker rooms.
- In the event a student's continued use or possession of an electronic device becomes a disruption to the school, the student may lose the privilege to possess an electronic device. Continued violations will be subject to disciplinary action.
- If you need to contact your student during the school day, please call the main office instead of texting/calling your student directly.

SOCIAL MEDIA SAFETY LINKS

With the onslaught of new "Social Media" outlets it's never too late for tips on how to keep your kids safe online. Take the time to review this site for guidelines and information; and have a conversation with your children about social media etiquette and safety.

[Connect Safely](#)

Social media posts fall into the school's scope of authority if they threaten school safety or cause a school disruption. If parents or students see posts on social media that they find offensive and that they believe are posted by a MAMS student, they can contact the company (TikTok, Instagram, etc.) to report it. If they feel threatened, they should also contact the police. Parents are encouraged to monitor their students' social media use.

STUDENT TRANSPORTATION

Bus Routes/Schedules will be posted online by the middle of August and can be found by clicking on this link: [Infofinder.i](#). Type in your address, then click on your child's school to see the bus number and approximate pick-up/drop-off times. If you have any questions regarding your child's bus stop, call Transportation Services at 410-751-3229.

In an effort to make the transportation of your child as safe as possible, listed below you will find rules regarding student transportation:

Authorized Bus Passengers: Students may not ride buses other than the one that regularly transports them to school. Students are allowed one am and one pm stop. Exceptions to this policy will be granted only on an emergency basis by the school administration.

School Bus Vandalism: A student who damages a school bus in any manner is to be denied the privilege of riding the bus unless repairs have been paid. Riding privileges may be restored to the student after payment has been made or may be withheld by the principal or assistant principal for an indefinite period.

Transporting Musical Instruments and Projects: Only those musical instruments or projects that can be held on the lap of students along with the school textbooks may be brought on the bus. Larger instruments or projects that create a safety hazard and occupy a lot of space shall not be permitted on the school bus.

Bus Referrals: Parents will be notified if a student receives a bus referral. Inappropriate behavior may result in loss of bus riding privileges.

School Bus Regulations:

- Be at the bus 5 minutes before pick-up time.
- Take your seat promptly and remain seated for your ride to/from school.
- Sit in the seat facing front; keep your feet, books and other articles out of the aisle.
- Always keep your hands and head inside the bus.
- Report any damage that you see to the driver.
- Eating, smoking or using profanity or vulgar language is not permitted.
- Conduct should be quiet and orderly so the driver is not distracted from the important job of driving. Listen to the driver's instructions.
- Wait until the bus has come to a stop before leaving your seat.
- Cross 10 feet in front of the bus with the warning lights when crossing in front of the bus. Always look left, right, left to check for traffic before crossing any street, even when crossing in front of the bus with its red warning lights on.

Students should arrive at their bus stop at least 10 minutes prior to the listed pick up time for the first week of school.

BACKPACKS

Students may use backpacks to transport books to and from school; **however, students must leave their backpacks in their lockers during the school day.** Students will still be given sufficient opportunities to visit their lockers throughout the day so that they will not need to carry all of their books. These locker visit times will be determined by each individual team. Students can carry gym bags or small plastic bags for their gym clothes.

PHYSICAL EDUCATION UNIFORM

We highly encourage students to change for physical education. A Mt. Airy Middle P.E. uniform, T-shirt and shorts, may be purchased (\$10.00 for the shirt, \$15.00 for the shorts) from their physical education teacher or they can bring dark shorts and a light-colored shirt. County policy requires each student to have a change of clothes which is clean, decent and appropriate for this class. We can accept cash or checks. There will also be an online option (myschoolbucks.com) available this year.

STUDENT DRESS CODE

The Board of Education recognizes the value of allowing individual student expression as well as the necessity of protecting student health and safety and maintaining an atmosphere conducive to education. Student dress code procedures must be designed with the goal of balancing these competing interests.

All dress code procedures will adhere to health and safety codes and comply with applicable law. Student attire that can be reasonably forecasted to either materially disrupt the educational environment or infringe upon the rights of other students to access and participate in a safe and welcoming educational environment will be prohibited. No procedure will impose dress and grooming rules based on gender in violation of Title IX. Procedures will specifically define ambiguous terms, and examples will be provided when practical.

DEFINITIONS:

- Cleavage Area: An area between the breasts exposed by a low-cut neckline
- Midriff Area: An area between the chest and the abdomen
- Undergarments: Clothing designed to be worn under other pieces of clothing. These include, but are not limited to, undershirts, tank-top undershirts, underpants, boxers, compression shorts or shirts, and bras, including bralettes and sport bras
- Head Coverings: Include, but are not limited to, hats, sunglasses, visors, hoods, beanies, scarves, and bandanas

PROCEDURE:

Students of Carroll County Public Schools are required to groom themselves in a manner that is not disruptive to the educational process and is reflective of a learning environment. Students are expected to abide by this dress code from their arrival to the school building to the defined ending of the school day as well as at any school-sponsored or school-sanctioned event. The requirements include, but are not limited to:

Head Coverings:

- Be removed upon entering the school building, unless approved for religious or medical reasons.
- Certain headbands, scrunchies, and folded bandanas, which are used to hold hair in place and do not cover the entire head, are permitted.
- One's face must be visible at all times.

Shirts:

- Shall reasonably cover the back, the cleavage area, and the entire midriff area.
- See-through or mesh shirts are not permitted, unless worn in conjunction with an appropriate top.

Dresses/Shorts/Skirts/Skorts/Pants:

- Shall cover the entire buttocks and private areas while the student is sitting, standing, and bending over.
- Pants shall cover undergarments at all times; that is, the waistline of the pants shall be on the upper hips.

Other:

- No bedroom slippers, pajamas, or pajamas pants shall be worn. This includes lounge pants.
- Appropriate shoes shall be worn.
- No bedroom slippers or pajamas shall be worn.
- Clothing that may endanger health or safety, that may be used as a weapon, or that may cause damage to property shall not be worn.
- Undergarments shall not be worn as outerwear or be visible through outer garments.
- Clothing shall not be worn that would lead school officials to reasonably believe that such attire will materially disrupt, interfere with, disturb, or distract from school activities, the safe operation of the school, or the rights of other students to access and participate in a safe and welcoming educational environment.
- Clothing shall not convey advertisements for or promote the use of condoms or other birth control devices, tobacco, alcohol, drugs, or the unlawful use of weapons, stated or implied.
- Clothing shall not convey profanity or symbols/messages depicting, implying, or which are reasonably perceived as promoting intolerance, hatred, and/or a hostile educational environment or harassment/bullying on the basis of age, color, genetic information, marital status, mental or physical disability, ancestry or national origin, race, religion, sex, sexual orientation, gender identity or gender expression. This prohibition includes, but is not limited to, Confederate Battle Flags and swastikas.
- Clothing and accessories shall not depict symbols/messages of groups which are generally recognized as promoting intolerance, hatred, and harassment/bullying, such as the Ku Klux Klan or Aryan nation.
- Clothing shall not convey establishments or products whose names can be directly interpreted or construed as carrying a "double meaning" involving sexual innuendo, gang symbols, or sexual activity.
- Body art, whether permanent or temporary, which would otherwise violate this policy if depicted on attire, must be completely covered during the school day or at any school-sponsored or school-sanctioned event.

VIOLATIONS:

All student dress code violations shall be addressed in a respectful manner. When possible, a student's dress code concerns shall be addressed by a staff member of the student's gender identity.

A student found wearing inappropriate clothing will be asked to change or remove the item, and will be given an opportunity to do so. Should the student not be able to change or remove the item, clothing may be provided by the individual school. Student failure to cooperate will be referred to an administrator. Any student not complying with the direction of the administrator may be considered insubordinate and subject to appropriate disciplinary action. The Superintendent/designee may enforce additional restrictions in order to maintain a safe and orderly environment.

EXCEPTIONS:

Exceptions to the dress code for the purpose of school activities (i.e., spirit weeks, athletic game days, dances) are up to the discretion of the school administration.

Integrated Pest Management Program

The integrated Pest Management (IPM) program employed by Carroll County Public Schools uses inspection, monitoring, employee education, and sanitation practices to minimize the use of pesticides in our schools.

Maryland law requires that parents of all elementary students be notified automatically prior to application of any pesticide. Parents of secondary students must request to be placed on a pesticide notification list.

Carroll County Public Schools notifies **all** students and staff 24 hours prior to scheduled applications of pesticides on school property. If an emergency pest control situation, arises and a pesticide is used, notification will be made within 24 hours. Space spraying of a pesticide throughout an entire room or area by a fogger or aerosol device requires one week advance notice to all students and staff.

Copies of material safety data sheets (MSDS) and product labels for each pesticide and bait station used on school property are maintained in the Department of Plant Operations. Persons wishing to review this information should contact Mr. John Timcheck at 410-751-3114. For additional information about the Integrated Pest Management Program, please contact Mr. Raymond Prokop, Director of School Support Services, at 410-751-3177.
