

Sumdog Teacher Quick Guide

Sign In

- Resources.svsd.net
- Log in with Office 365
- Enter your svsd.net email

All Math Topics

- Can choose what work you want and then split students into different groups if you would like to focus on different skills

Assessment

- Enables you to set the same work for every student
- Assessments are graded for you automatically by Sumdog
- Work is not answered through game play
- Once students start the assessment, they have to complete it in one sitting
- Steps:
 - Create an assessment
 - Select Math
 - Select which students you want—can check certain ones
 - Name the assessment
 - Select the duration and distribution date
 - Choose the topics

Multiplication tables

- Set ahead for any day that you want
- Once you set a challenge it will appear for students
- Can set remotely, and then when students login it will tell them that they have work for them to complete
