nearpod

Nearpod Sub Plans

Great option for emergency sub plans and FID days! Your class just needs to be confident in accessing nearpod.com

Be the Teacher!

Sign In
- Go to resources.svsd.net
- Select Nearpod à Log in with Office 365 à Enter your svsd.net email

Create Your Own Lesson
- Select *Lesson in Nearpod*
- Upload any PowerPoint, PNG, or PDF and *Convert to Draw It* to make static lessons become interactive for every learner

Interactive Activities to Build a Lesson

Time to Climb – Students race to the top of the mountain answering multiple choice questions
Open-ended Questions – Ask any question that solicits an open-ended response
Matching Pairs – Just as it sounds, students can match math facts, definitions, images, etc.
Quiz – You can save the report!
Draw It – Students can type, hand-draw, or insert a picture to draw a response
Poll – great for quick responses! Take a class poll to check for understanding or enjoyment of lesson!
Fill in the Blanks -
Memory – The game you know and love!
Collaborate (email it to yourself. Available in self-paced lessons)

Options When Adding Content

- Slides (PNG, JPG)
- Flocabulary
- Nearpod 3D
- Simulation
- Field Trip VR
- Graphing Calculator
- Sway
- Slideshow (PPT PNG PDF)
- Video
- Audio
- PDF
- Live Twitter Stream

Ways to Integrate into Instruction

- Virtual Reality
- Full Lessons
- Skill Builder
- Assessments
- Warm-ups

These lessons already exist in Nearpod!

Microsoft's *Immersive Reader* is available in in Advanced Settings. Text-to-speech, translation, parts of speech, will work on open-ended questions, draw-it, quizzes, and Nearpod created slides.

Helpful Tip

Use what you already have when creating a lesson. Embed PowerPoints or worksheets. Transfer your quizzes. Take screen shots of your diagrams to insert pictures!
