

What is Nearpod?

It's a platform for interactive learning. Connect with students through collaborative discussions and formative assessment!

Be the Teacher!

Sign In

- Go to resources.svsd.net
- Select Nearpod → Log in with Office 365 → Enter your [svsd.net](https://resources.svsd.net) email

Search for Pre-Made Lessons

- Select *Nearpod Lesson Library*
- Set filters to suit your academic needs
- *Preview Lesson* → Select *Add to My Library* if you'd like to use it in your classroom

"Run" a Lesson

- Click the Home in the top left corner to access your library
- Hover cursor over lesson you want to run
- Select Live Lesson or Student-Paced → Share that code with your students!

Ways to Integrate into Instruction

- Virtual Reality
- Full Lessons
- Skill Builder
- Assessments
- Warm-ups

These lessons already exist in Nearpod!

Microsoft's *Immersive Reader* is available in in Advanced Settings. Text-to-speech, translation, parts of speech, will work on open-ended questions, draw-it, quizzes, and Nearpod created slides.

Be the Student!

Go to resources.svsd.net → select Nearpod → enter code → Enter name

There are two ways to "run" a Nearpod Lesson for students:

1. Student Paced – students work at their own pace by entering a code → FKNDW (you can generate this code ahead of time -- code is valid for 29 days by default)
2. Live Lesson – happens in real time during class. This code is generated when class is taking place by selecting *Live Lesson*

Interactive Activities

- Time to Climb
- Open-ended Questions
- Matching Pairs
- Quiz (you can save a report!)
- Draw It
- Poll
- Fill in the Blanks
- Memory
- Collaborate (email it to yourself. Available in self-paced lessons)

Helpful Tip

All pre-made lessons can be edited, duplicated and shared!

Use what you already have when creating a lesson. Embed PowerPoints or worksheets. Transfer your quizzes. Take screen shots of your diagrams to insert pictures!
