2024-2025 Family Engagement Plan

School Introduction

Our richly diverse neighborhood school is next to Dayton's Bluff Recreation Center on St. Paul’s East Side. As an Achievement Plus school, Dayton’s Bluff is a full-service community school that focuses on raising student achievement. Our school and community partners work together to provide resources that help students and families continue to succeed. Collaboration with our community partners gives us many on-site resources including: assistance with basic needs, after-school programming, dental services, and mental health services. Students at our school are encouraged to ask questions, solve problems and discover how things work. Our instructional leaders help students understand their skill level and learn how to monitor their academic growth. With classes in science, music and physical education, each child receives a full day of learning through core academics and other activities.

Mission Statement

The Dayton’s Bluff Achievement Plus community works as a team to provide a caring, consistent, and rigorous environment for all.

The Family Engagement Plan (FEP) is organized into four impact areas. We will be working together this year to build positive and goal-oriented relationships in each area. Families and staff at school developed this plan together.
