

How to Read a PRMS Student Schedule

A sample of a typical 7th grade schedule is shown below – the first day of school will be an A day.

- This particular student is on team 7A and starts the day with Academic Support during period 1 in room 403 with Mr. Conti on both A and B days. Some 7th grade students will take a Performing Arts class (Band, Chorus or Orchestra) during period 1.
- Period 2, 3, 6, 7, and 9 are this student’s core academic courses, including Science, Math, Social Studies, English, and Reading. These are year-long courses that will meet on both A and B days.
- This student’s Unified Arts rotation is period 8 and will report to Computer Applications every day Quarter 1, Family and Consumer Sciences in Quarter 2, Art in Quarter 3, and Design and Modeling Quarter 4.
- The Phys. Ed./World Language period 4 will rotate every other day between World Language on A days and Phys. Ed. on B days.
- This student will have lunch every day during period 5.

A typical 8th grade schedule would be very similar except that all 8th grade students rotate every other day between Phys. Ed. and Health on our A Day or B Day schedule, and take either World Language or a Reading course.
