

Policy

TUITION FEES

The Harrison Township Board of Education shall consider applications for admission to the district special education programs from nonresident students on a tuition basis. Admission may be approved if space is available and the districts existing program is sufficient to meet the educational needs of the student as provided for in the student's individualized education program (IEP). The superintendent shall approve all requests and present the application to the board for approval.

The tuition fees shall be determined annually by the board and shall be revised as changes in costs indicate. The rate of tuition shall not exceed the projected actual cost per student for the ensuing year.

The general education program shall not be open to nonresident students on a tuition basis with the exception of students who will become a permanent resident according to board policy and regulation 5118 Nonresidents.

Adopted: December 17, 2007
