## Structured work schedules for students with special needs

#### Includes:

- Materials to make a structured work system with a folder, binder or drawer system!
- Schedule for system
- First/ then chart
- Schedule cards for work system schedule & first/ then chart
- Reinforcer cards

### How to prep:

- Structured work schedules:
  - Print and laminate the schedules. Attach soft velcro to blank boxes on schedules.
  - Print and laminate desired schedule cards (pages 4-7), reinforcer cards (page 8) and finished cards (page 9). Cut out cards. Attach rough velcro to the back of the reinforcer cards. Attach soft velcro to the FRONT of one set of schedule cards. Attach rough velcro to the back of one set of velcro cards. (You'll have a set of I-4 with rough on the back and a set of I-4 cards with soft on the front).
  - You can use I-4 schedule cards at a time. You can put the reinforcer cards on the schedule or somewhere else in the student's work space. It's all about individualizing the system to work for your students.

# Reinforcer cards. Options:

- then they see the reward) You can put one on the last spot on the schedule (so students see the 1-3 tasks they need to do and
- You can put the reinforcers on a separate first/ then chart (I provided one too!)
- You can set out another way for students to see their reward (like a choice board or communication
