Pre College Summer Program with College Credit

Location	Program Description
ADELPHI UNIVERSITY Pre-College Summer Intensive Programs Please visit www.precollege.adelphi.edu for more information.	Adelphi University is proud to offer Pre-College programs in Business, Dance, Emergency Management, Gaming, Jazz, Movie Media, Musical Theatre, Nursing, Robotics, Science and Social Work. Through the pre-college programs high school students will become prepared for college-level training and will gain hands on experience. With programs between one and three weeks in length, students may earn up to 3 credits and choose to live on or off campus.
Boston University BOSTON UNIVERSITY **Apply at:** http://www.bu.edu/mysummer/academics/high-school-honors-program/	**An Authentic College Experience** This honors program challenges students to **study alongside Boston University undergraduates**, where they can earn up to **8 college credits** in just six weeks. The High School Honors Program offers more than **80 undergraduate courses**—such as economics, chemistry, and philosophy. Guidance in identifying subject areas and courses that are appropriately challenging and applicable to future college work is provided to students. Outside the classroom, High School Honors students **interact with a vibrant community** from all over the country and world. Whether they **live on-campus or commute from home**, students will participate in social activities both at Boston University and throughout the city.
Carnegie Mellon University Learn more about the Carnegie Mellon University – Summer Programs for Diversity.	Carnegie Mellon's Pre-College programs allow students to explore college life both in the classroom and outside to see what's going on outside of campus. Students are able to mingle with people from all over the world and participate in exciting summer activities that include architecture, art, design, drama, music and even advanced placement and early admission. **Advanced Placement/Early Admission** The classes are actual university courses, condensed and accelerated to fit into a six-week program. If you have completed your junior year of high school, you're eligible to apply to AP/EA. The credit you earn in the AP/EA program can give you a head start in college. At Carnegie Mellon, the academic units earned in the AP/EA program can be applied toward graduation requirements.

National Student Leadership Conference

Summer Programs for High School Students- Click Here

NSLC | NATIONAL STUDENT LEADERSHIP CONFERENCE

The National Student Leadership Conference has a unique partnership with American University to offer college credit for our high school summer programs. The American University is distinguished as a premier global university and known for turning "ideas into action and action into service." As a result of this NSLC/AU alliance, students attending the NSLC's summer programs for high school students have the opportunity to take college credit classes taught by American University faculty at all NSLC locations. This credit option enhances your education within the framework of your program experience, without interrupting NSLC activities.

New York University

The application for NYU Precollege is now available. Apply today!

NYU

If you are looking for a more structured experience, many of our schools and colleges at NYU offer additional programs for high school students.

NYU Precollege offers rising high school juniors and seniors the opportunity to experience academic and student life at New York University. This academically rigorous program places high school students in six-week, intensive, college-level courses with current college students and allows them to gain academic credit, which may be applied to a future degree. Courses are available in more than 30 academic areas. With NYU Precollege, you can explore the archeological history of New York City, begin to master a foreign language, practice the art of journalism, explore engineering and design, or delve into business and finance.

Organizations and Institutions may contact Anthony Gambino at Anthony.Gambino@Monroe .k12.NJ.US to update document.

 **Academy College Courses Features** College credit courses Classes taught by first-rate NJIT faculty Peer learning with other talented high school students A scholarly, multicultural, urban university experience Click Here	Academy College Courses at NJIT are designed for high achieving 11th and 12th grade high school students who want to get a jump on their college careers. Participants may earn up to eight college credits in small, customized classes taught by faculty who have been recognized for their commitment to teaching excellence. Classes meet on Saturdays during the Spring Session and Monday through Thursday during the Summer Session. At the end of the program, grades are recorded on an NJIT transcript which, upon your request to the registrar, will be sent to the university or universities of your choice. Course credits can be applied toward an undergraduate degree at NJIT and at most other colleges and universities. Academy College students have the option of living on the NJIT campus during the Summer Session (at an additional charge) or commuting to the university. As a campus resident, you will live in one of NJIT's modern, air-conditioned dormitories, arriving Monday morning each week and leaving on Thursday. Specially trained counselors will help make your stay comfortable.

https://summer.sas.upenn.edu/programs/high-school/pre-college	Penn delivers the challenge of an Ivy League curriculum to academically talented high school students seeking a pre-collegiate experience. Explore Penn's historic campus, engage with leading faculty, and build intellectual connections within accelerated three or six week Penn Summer High School Programs. Once accepted into the Pre-College Program, students work in consultation with a Penn academic advisor to select a challenging curricula. Students earn one course unit (1 CU, or the equivalent of 4 college credit hours) for each course taken. Biology 101 counts as 1.5 CUs due to the rigorous laboratory component. Summer courses are typically smaller in size and taught by Penn faculty, staff, and visiting scholars. Most classes meet 2 to 5 times weekly, Monday through Friday, and assign homework, research papers, midterms, and/or finals. Textbooks and additional course materials may be required for class. Registration in a desired course is not guaranteed and many courses fill; early application is strongly advised.
Pratt Institute Pre-College Summer	Each summer, approximately 400 high school students seize the opportunity to experience college-level study in Pratt Institute's Pre-College program. The schedule consists of two courses that are college credit-bearing classes, and two non-credit, pass/fail courses designed to supplement the core curriculum, as well as lectures and cultural and social events. This is an intensive full-time program; classes meet Monday-Friday, and extracurricular activities are scheduled evenings and weekends. Upon successful program completion, students earn a total of four elective credits toward their college transcript. Click Here for Additional Information

RIDER UNIVERSITY	**Academic Programs for High School Students at Rider University** Do you want to jump-start your college career this summer? At the Lawrenceville Campus, academically talented high school students entering 11th and 12th grade may select Rider University courses and earn college credit! You may choose 3-Week or 6-Week courses during the Summer Session II. We offer a wide array of classes – at half the regular tuition cost. Click Here for Additional Information
TEMPLE UNIVERSITY **Summer Owls Leadership Experience** Learn more about the Summer Owls Leadership Experience » Click Here	Why wait until after graduation to experience everything Temple University has to offer? Temple invites rising high school juniors and seniors to apply for the Summer Owls Leadership Experience. This three-week innovative program will give you a memorable academic and residential college experience. You can earn academic credit from a nationally and internationally recognized university while sharpening your critical and analytical skills, meeting new people and having fun.

THE UNIVERSITY OF THE ARTS	The Pre-College Summer Institute is the nation's most dynamic and intensive summer arts program for high school students. Some Programs offer 3 College Credits. **Summer Institute Programs:** Art, Media + Design, Creative Writing, Dance, Music, Music Business (MBET)or Theater. Click Here for Additional Information
Washington University in St. Louis For more information and application materials, please go to Learn about life on campus- Click Here	Experience all facets of college life in our High School Summer Scholars Program, open to students during the summer following their sophomore or junior year. As a participant in this selective five-week program, you will live on campus, enroll in courses, and study alongside college students. Select from a broad range of stimulating introductory courses in the humanities, math, sciences, and social sciences as well as our one-unit, noncredit college success workshops. This can be the perfect stepping-stone to the next stage of your education!
