Why Plan?

- Is your school enrollment changing?
- Is the make up of your school population changing?
- Are there more people in your community who don't have children in school?
- Would you benefit from a roadmap for the district's future?

Why plan?

Are there changes in family structure in your community?

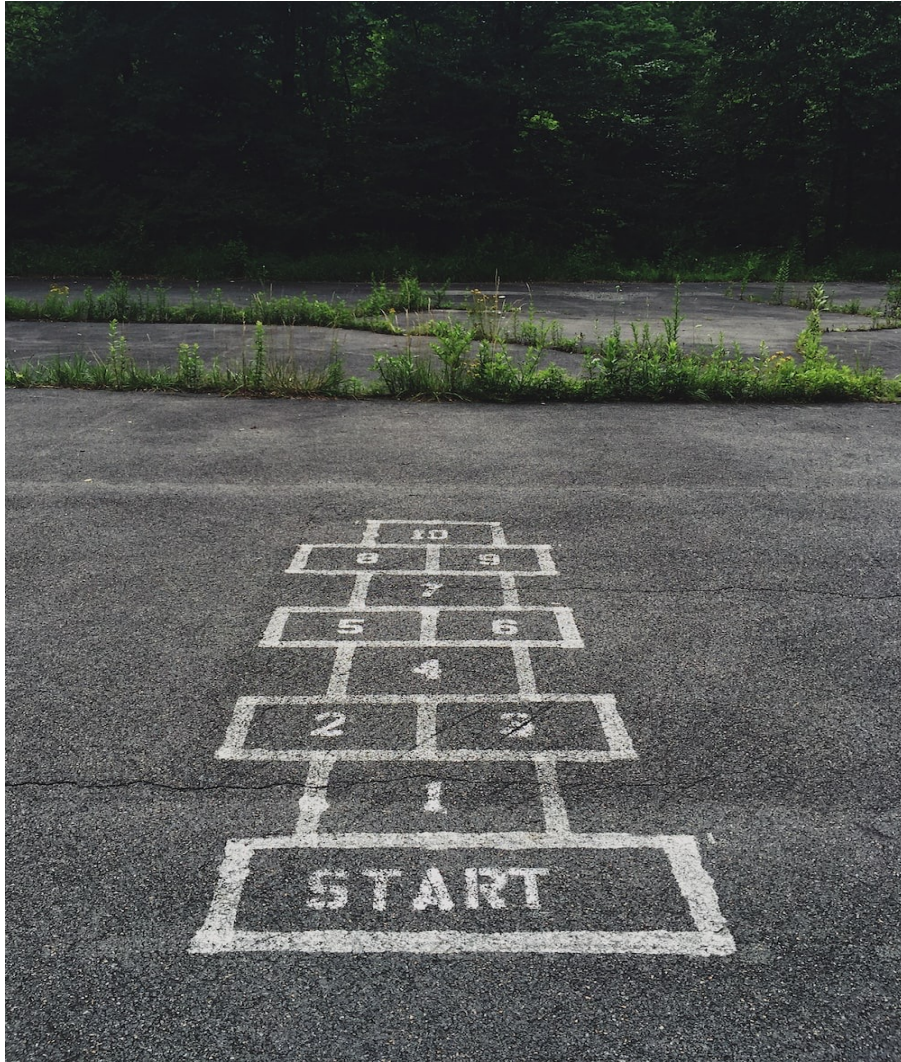

Is the economic structure of your community changing?

Are the educational levels of community changing?

Is there competition for your public schools?

Is limited funding impacting your programs and services?

If you answered yes...

then
Strategic Planning
