Section II - Campus Safety

2.0 Campus Security Policies

All students are informed of campus security procedures during orientation. Campus security policies and procedures can be found at https://go.boarddocs.com/oh/goitcd/Board.nsf/Public. Staff members are briefed on campus security policies and procedures when hired and regularly through Great Oaks communications. Staff members and students are encouraged to be responsible for their own safety and the security of those around them by carefully reading the campus security procedures and reporting any incidents when they occur. Campus emergency procedures can be found throughout the campus in classrooms and meeting spaces.

2.0.1 Reporting of Criminal Incidents

Great Oaks strives to provide safe and secure campuses for all students and staff members. All students and staff members are encouraged to report any and all suspicious campus activity immediately upon witnessing the occurrence. All students should report any knowledge of a criminal or suspicious nature to their instructor, Supervisor or Director. Staff members report similar knowledge to the Adult Workforce Supervisor or Director. The Campus Administration shall then take appropriate action based upon the information given by the student or staff member and when deemed appropriate, local law enforcement will also be notified.

2.0.2 Safe School Hotline 844-SaferOH (844-723-3764)

Any student or parent can anonymously report anything that is suspicious or endangering them, their friends, or school. Calls or texts to 844-SaferOH (844-723-3764) are answered by analysts in the Ohio Homeland Security's Threat Assessment and Prevention (TAP) Unit. When action is needed, the TAP Unit immediately forwards information to local school officials, local law enforcement agencies and others, if necessary.

2.0.3 Weapons

Board Policy 5772 Weapons

The Board of Directors prohibits students from possessing, storing, making, or using a weapon, including a concealed weapon, in a school safety zone and any setting that is under the control and supervision of the Board for the purpose of school activities approved and authorized by the Board including, but not limited to, property leased, owned, or contracted for by the Board, a school-sponsored event, or in a Board-owned vehicle.

The term "weapons" includes any object which, in the manner in which it is used, is intended to be used, or is represented, is capable of inflicting serious bodily harm or property damage, as well as endangering the health and safety of persons. Weapons include, but are not limited to, firearms, guns of any type whatsoever, including air and gas-powered guns (whether loaded or unloaded), knives, razors, clubs, electric weapons, metallic knuckles, martial arts weapons, ammunition, incendiary devices, explosives, and other objects defined as dangerous ordnances under State law.

Policy exceptions include items pre-approved by the Adult Workforce Supervisor as part of a class or individual presentation under adult supervision, if used for the purpose and in the manner approved (working firearms and any ammunition will never be approved as a part of a presentation).

Students shall report any information concerning weapons and/or threats of violence by students, staff members, or visitors to the Adult Workforce Director. Failure to report such information may subject the student to disciplinary action.

This policy shall be implemented through the Code of Conduct/Student Discipline Code, Policy 5610, and Policy 5610.01, and through administrative guidelines. The President/CEO is authorized to establish instructional programs on the weapons and the requirement that students immediately report knowledge of weapons and threats of violence by students and/or staff to the Adult Workforce Director or Supervisor. Failure to report such knowledge may subject the student to discipline.

The President/CEO will refer any student who violates this policy to the criminal justice or juvenile delinquency system. The student may also be subject to disciplinary action, up to and including withdrawal.

This policy will be published annually in all Great Oaks student and staff handbooks. Publication is not a precondition to enforcement of this policy.

2.0.4 School Lockdown/Secure Facility

Board Policy 8400

Great Oaks follows best practices for responding to reports of active threats on campus or within the area of all campus facilities. Staff members are trained in active threat response and school Emergency Response procedures. Great Oaks regularly interacts with local public safety officials to enhance campus security and to ensure policies and procedures meet the needs of the safety and security of students and staff members. Lockdown procedures shall be followed by all students and staff members until an all-clear is announced.

2.0.5 Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act of 1998 (Clery Act)

Board Policy 2452

As a postsecondary school participating in Title IV financial aid programs, the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (the Clery Act), requires the Board of Directors to publish an annual security report. The Clery report contains policies and statistical information of crimes that occurred on campus and on public property within and immediately adjacent to school-owned buildings and property. The most recent report can be found at

https://www.greatoaks.com/about/campus-security-report-clery-report.

Voluntary Confidential Reporting

Ohio Revised Code 2921.22 mandates that (unless information is privileged by a professional relationship) all persons must report crimes to law enforcement. Therefore, any reports that allege someone may have committed a felony crime will be promptly reported to law enforcement and District Administrators.

Confidential reports should be directed to the Adult Education Director, who will be responsible for issuing a timely warning to the campus community and for capturing statistical data when appropriate. Great Oaks Career Campuses accepts confidential reports and will employ every effort to maintain the confidentiality of people witnessing or reporting crimes. However, if a Great Oaks staff member believes there is an immediate threat to personal or public safety, Great Oaks may be compelled to relay confidential information as appropriate to ensure the safety of all individuals.

Incident Reports and Investigations of Clery Act Crimes

Once an incident of worthy or investigation has been reported, the District will follow procedures set forth in Board Policy 5517. If a violation is substantiated, appropriate measures will be taken, including issuance of appropriate discipline of the perpetrator(s) and accommodations or protective measures for the victim(s).

2.0.6 Building Security Measures

All perimeter access doors on Great Oaks campuses are closed and locked. Main access doors are outfitted with callboxes. During normal business hours the callboxes can be utilized to alert an attendant who may grant access to a building. Unauthorized visitors and guests are strictly prohibited. All visitors and guests must check-in at the Adult Workforce Development office. Proximity Badges may be provided to select staff and students. For additional information regarding proximity badge policy see section 5.44.3

Great Oaks utilizes closed circuit recording devices to monitor interior and exterior areas of all campus buildings. All activities taking place on Great Oaks campuses are subject to digital monitoring and video recording. All students and visitors are solely and wholly responsible for their personal items while on campus.

2.1 Substance Abuse Prevention

Board Policy 4170

2.1.1 Drug and Alcohol Use

Great Oaks strictly forbids the possession, use, or sale of any alcoholic beverages and/or illegal or controlled drugs on all campus grounds, including Marijuana/Tetrahydrocannabinol (THC). See section 2.5.1 for Marijuana/Tetrahydrocannabinol (THC) possession and use. Students and staff members should report any knowledge of such activities to their instructors, Adult Workforce Supervisor or Director. Any infraction is a cause for immediate suspension and possible involuntary withdrawal. When appropriate, such infractions will also be reported to local law enforcement. Specific details of Great Oaks' drug policy are outlined in the campus drug free policy statement distributed annually to all staff and students under separate cover.

Great Oaks is unequivocally opposed to the misuse of lawful drugs and the possession and use of unlawful drugs. Pursuant to the requirements of the Drug-Free School and Community Act Amendments of 1989 (PL 101-226), Great Oaks has adopted and implemented drug and alcohol policies and programs designed to prevent drug and alcohol problems within the campus setting. The policies and programs are designed to identify problems at the earliest stage, motivate the affected individuals to seek help, and to direct the individual toward the best assistance available.

For information about Great Oaks policy regarding tobacco/nicotine, see Section 5.41: Tobacco/Smoking.

2.1.2 Substance Abuse Prevention

Chemical dependence, or substance abuse, is recognized as a disease. The school's role is one of intervention, not treatment. The role of Great Oaks is to provide the necessary support to the student to assist an individual in the successful completion of the educational program.

- There are many negative side effects of substance abuse including:
- A weakened immune system, increasing the risk of illness and infection
- Heart conditions ranging from abnormal heart rates to heart attacks and collapsed veins and blood vessel infections from injected drugs
- Nausea and abdominal pain, which can also lead to changes in appetite and weight loss
- Increased strain on the liver, which puts the person at risk of significant liver damage or liver failure
- Seizures, stroke, mental confusion and brain damage
- Lung disease
- Problems with memory, attention and decision-making, which make daily living more difficult
- Global effects of drugs on the body, such as breast development in men and increases in body temperature, which can lead to other health problems

The Board of Directors is committed to maintaining a safe and drug-free environment on all of the Great Oaks campuses. The Board believes that school crime and violence are multifaceted problems that need to be addressed in a manner that utilizes all available resources in the community through a coordinated effort of School District personnel, law enforcement agencies, and families. The Board further believes that school administrators and local law enforcement officials must work together to provide for the safety and welfare of students while they are at school or a school-related event or are on their way to and from school. The Board also believes that the first step in addressing school crime and violence is to assess the extent and nature of the problem(s) or threat, and then plan and implement strategies that promote school safety and minimize the likelihood of school crime and violence. A copy of the Emergency Procedures and campus crisis plan is available in every classroom and instructors review the plan with each new class.

2.1.3 Great Oaks Sanctions for Violations

All of Great Oaks students and staff members are expected to abide by the terms of the school's policies. A student and/or staff member found to be in possession or illegally using drugs and/or alcohol may be subject to appropriate sanctions. Such sanctions may include:

- Completion of an appropriate rehabilitation program
- Reprimand
- Probation
- Suspension
- Involuntary withdrawal for students or termination of employment for staff member
- Referral for prosecution

In cases of civil or criminal action against a Great Oaks student, Great Oaks does reserve the right, for educational purposes, to review any action taken by authorities. Great Oaks may, at its discretion, introduce further sanctions if the student's conduct has interfered with Great Oaks exercising its educational objectives or responsibilities to its members.

The Great Oaks Student Code of Conduct expressly prohibits the manufacture, distribution, sale, offer for sale, or possession of drugs or narcotics. Violation of this standard constitutes a "Code A" offense, and the student will be subject to maximum sanction of disciplinary withdrawal or any sanction not less than a reprimand. Being under the influence of drugs and/or alcohol does not diminish or excuse the violation of the Student Code of Conduct.

Great Oaks Adult Education expressly prohibits the use of any substance be it legal or illegal that alters a person's behavior and/or actions in such a manner as to compromise their ability to operate tools, machines, vehicles, or equipment in a safe manner while participating in school sponsored events or activities. Please see section 2.3.5 for information related to prescription medications and their use while on campus or participating in Great Oaks sponsored events or activities. Violation of these standards

constitutes a "Code B" offense, and the student will be subject to a maximum sanction of disciplinary probation or any sanction not less than a reprimand.

The Student Code of Conduct prohibits the legal or illegal possession, sale, offer for sale, use, consumption and/or being under the influence of marijuana including derivatives (THC). Great Oaks also prohibits consumption and or being intoxicated from the use of alcohol while on campus. Violation of these standards constitutes a "Code B" offense, and the student will be subject to a maximum sanction of disciplinary probation or any sanction not less than a reprimand. Being under the influence of drugs and/or alcohol does not diminish or excuse a violation of the Student Code of Conduct.

A student admitted to Great Oaks accepts the responsibility to conform to all Great Oaks rules and regulations. Proven failure to meet this obligation will justify appropriate disciplinary sanctions, including withdrawal, suspension, disciplinary probation or reprimand.

The student is not required to disclose what medication is being used or the reason for the medication. The instructor may choose to prohibit the student from actively taking part in some or all laboratory or clinical activities. Classroom work may be used as a substitution for laboratory or clinical activities. Sexual misconduct is a form of discrimination in violation of Title VII of the Federal Civil Rights Act of 1964 (as amended), Title IX of the 1972 Educational Amendments and O.R.C. Section 4112. Students, staff and visitors at Great Oaks have a right to an environment free of sexual misconduct, not only by persons in positions of power, but by any Great Oaks employee, student or visitor. Sexual misconduct constitutes a serious threat to the free interaction and exchange necessary for educational and personal development. Sexual misconduct is not only a clear violation of Great Oaks' policy; it is a form of discrimination and is illegal.

- Sexual misconduct includes:
- Sexual harassment, intimidation, and exploitation

2.2.1 Consent

2.2.2 Sexual Harassment

Sexual Harassment may occur when a person in a position of control or influence over a person's grades, academic career, or job uses authority and power to gain sexual advantages and threatens or punishes for refusal. Another form of sexual harassment is peer harassment (by other students) and includes any of the above unwanted actions (except suggestions that can be exchanged for grade or promotions). Sexual harassment committed by students is a serious offense that could lead to withdrawal from Great Oaks courses.

If an individual is the victim of sexual misconduct, they are strongly encouraged to report such incidents promptly to the Adult Workforce Director.

If an individual is the victim of a sexual assault, formal charges alleging sexual assault occurring on campus may be lodged with the Adult Workforce Development office that will make immediate contact with the local law enforcement agency to ensure a prompt and thorough investigation of the occurrence. If the victim is uncertain about reporting an instance of sexual misconduct, Great Oaks officials strongly encourage victims to talk to someone about it.

No student shall engage in any sexual harassment or otherwise violate Board Policy 5517 Antiharassment. Prohibited sexual harassment includes by way of example, but is not limited to: unwelcome sexual advances and requests for sexual favors, solicitation of sexual activity, displaying sexually suggestive objects, making sexual remarks or gestures, displaying sexual pictures or cartoons, making derogatory comments or slurs based on sex, making sexual comments about a person's body or clothing, touching a person, blocking their exit or assaulting a person, or other verbal, nonverbal, or physical conduct of a sexual nature which the offender knows or should know is offensive to the listener or observer. No student shall engage in any sexual conduct or sexual contact.

2.2.3 Domestic Violence

Domestic Violence is defined as a pattern of abusive behavior in any relationship that is used by one partner to gain or maintain power and control over another intimate partner. Domestic violence can be physical, sexual, emotional, economic, or psychological actions or threats of actions that influence another person. This includes any behaviors that intimidate, manipulate, humiliate, isolate, frighten, terrorize, coerce, threaten, blame, hurt, injure, or wound someone.

2.2.4 Dating Violence

Dating Violence is defined as violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on consideration of the following factors: the length of the relationship; the type of relationship; and the frequency of interaction between the persons involved.

2.2.5 Sexual Assault/Rape

Sexual assault/rape is defined as penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.

In the case of a sexual assault, it is extremely important that physical evidence be preserved. Find a safe environment away from the attacker and call 911 immediately. If possible, a trusted friend should stay with the victim. It is important to remember, it is not the fault of the victim that the person was attacked. Write down everything that can be remembered about the incident and assailant (physical description, location of the attack, etc.) Preserve evidence of the attack. Though one may be compelled to, do not bathe or brush teeth. Do not wash or get rid of any of the clothing that was worn during the attack. If possible, take pictures of any visible bruises or injuries. If the incident occurred on any campus, immediately report the information to any Great Oaks official or dial 911. Great Oaks officials will assist the victim in notifying the local law enforcement and navigating the reporting process. Seek medical attention. Even if the victim does not think they're injured, it's important to test for STDs and/or pregnancy. Upon arrival at a medical facility, request that they conduct a rape kit exam. If a victim believes that they have been drugged, collect a urine sample for analysis by a lab. For survivors of sexual assault seeking counseling and support, Great Oaks officials have identified the following resources:

- Women Helping Women, 215 E. Ninth St. 7th Floor, Cincinnati, OH 45202 513.977.5541 or 513.381.5610

2.2.7 Bystander Intervention

Any staff member, student, or visitor who observes or is made aware of an incidence of dating violence, domestic violence, sexual assault, or stalking occurring on campus is strongly encouraged to report the matter immediately to the Adult Workforce Development office. If the situation necessitates an immediate police presence, please call 911.

If a bystander chooses to intervene in the situation, it is critical that the bystander keep themself safe at all times and avoid using violence. To safely intervene, the bystander may choose to try to diffuse the situation and/or recruit the assistance of others around.

2.2.8 Institutional Protective Measures

Great Oaks' officials will assist survivors of sexual misconduct with any class schedule adjustment(s) deemed necessary. In addition, Great Oaks officials will also enforce On-Campus No Contact Orders prohibiting communication (in person, via telephone, text message, social media, etc.) amongst all parties. For survivors requiring additional measures, Great Oaks will provide parking accommodations in a designated parking lot, and safety escorts to and from the parking lot.

Any student who believes that they have been or is the victim of aggressive behavior should immediately report the situation to the Adult Workforce Director or Supervisor

Every student is encouraged, and every staff member is required, to report any situation that they believe to be aggressive behavior directed toward a student. Reports may be made to those identified above. All complaints about aggressive behavior that may violate this policy shall be promptly investigated. If, during an investigation of a reported act of harassment, intimidation and/or bullying/cyberbullying, the Adult Workforce Director or Supervisor believes that the reported misconduct may have created a hostile learning environment and may have constituted unlawful discriminatory harassment based on a Protected Class, the Adult Workforce Director or Supervisor will report the act of bullying and/or harassment to one of the Anti-Harassment Compliance Officers. A request for an informal hearing must be submitted in writing to the Adult Workforce Director.

3.4 Title IV Federal Student Aid Information

Great Oaks is permitted to offer Title IV aid to students who are enrolled in eligible programs. Great Oaks fulltime programs offer students with the opportunity to earn a certificate rather than a degree. For this reason, fulltime courses must be at least 600 clock-hours and no less than 15 weeks of instruction to be considered eligible for Title IV aid. US Department of Education (ED) defines a clock-hour as a period of time consisting of (1) a 50 to 60-minute class, lecture, or recitation in a 60-minute period or (2) a 50 to 60-minute faculty supervised laboratory, shop training, or internship in a 60-minute period. For students to be eligible for the maximum Title IV aid allowed, a program must also be a full academic year in length. Great Oaks defines an academic year as 900 clock-hours and 36 weeks of instruction. Title IV aid offered to students enrolled in programs that are eligible, but are less than a full academic year, will be prorated based on the program's clock-hours and weeks of instruction.

All Title IV aid is calculated based on the information a student submits on the Free Application for Federal Student Aid (FAFSA).

3.4.1 Student Rights and Responsibilities

The Higher Education Act (HEA) details specific rights and responsibilities for students who use Title IV funds for their education.

Students have the **<u>right</u>** to know:

- What financial aid programs are available.
- A description of the various programs listed on the financial aid offer letter.
- The deadlines for submitting applications for each of the financial aid programs available.
- How financial aid will be distributed, how decisions on that distribution are made, and the basis for these decisions.
- How their financial need was determined. This includes how costs for tuition and fees, room and board, travel, books, and supplies, etc., are considered in their estimated cost of attendance.
- What resources (such as student and parental contribution, other financial aid, etc.) were considered in the calculation of their need.
- How much of their financial need, as determined by the institution, has been met.
- The Return of Title IV Funds and the school's refund policy.
- What portion of Title IV aid received must be repaid, and what portion is grant aid.
- If the aid they are receiving is a loan, a student has the right to know the interest rate on the loan, the total amount that must be repaid, the repayment procedures, the length of time for repayment of the loan, and when repayment begins.
- How the institution determines whether students are making satisfactory progress, and what happens if they are not.
- How to decline having Title IV aid credited to institutional or prior year charges.

Students have the **<u>responsibility</u>** to:

- Be courteous and considerate when communicating with Great Oaks staff.
- Complete all application forms accurately and submit them on time to the appropriate office.
- Provide correct information. In most instances, misreporting information on financial aid application forms is a violation of law and may be considered a criminal offense that could result in indictment under the U.S. Criminal Code.
- Submit all additional documentation, corrections, and/or new information requested by either the Financial Aid office or the agency to which their application was submitted.
 - Read and understand all forms that they are asked to sign and maintain copies for their own records.
- Accept responsibility for all agreements that they sign.
- Perform the work that is agreed upon in accepting a Federal Work-Study offer.
- Be aware of and comply with the deadlines for application or reapplication for aid.
- Be aware of the Return of Title IV Funds policy and receive sample cases.
- Be aware of the school's refund procedures.
- Complete Entrance Counseling if they are first-time borrower.
- Complete Exit Counseling when graduating or withdrawing from their program.
- Maintain a current and correct home address with Great Oaks.

3.4.2 Types of Title IV Aid

Federal Pell Grant

Federal Pell Grants are awarded to undergraduate students who display exceptional financial need as determined by the information submitted on the FAFSA, and who have not earned a bachelor's, graduate, or professional degree. Federal Pell Grant funds do not have to be repaid except under certain circumstances, such as early withdrawal from a program. Students are not eligible to receive Pell Grant funds from more than one school at a time.

Direct Loans

Direct Loans from the William D. Ford Federal Direct Loan Program are low-interest loans for eligible students (and their parents) to help cover the cost of postsecondary higher education. Eligible students borrow directly from the US Department of Education.

The term "Stafford Loan" may refer to a loan that was made to students attending schools that previously participated in the Federal Family Education Loan (FFEL) Program. No new loans have been made under the FFEL Program since July 1, 2010. However, the term "Stafford Loans" or "Direct Stafford Loans" are still used informally to refer to Direct Subsidized Loans and Direct Unsubsidized Loans made under the William D. Ford Federal Direct Loan (Direct Loan) Program.

• Direct Subsidized Loan

Subsidized loans are awarded on the basis of financial need as determined by the information submitted on the FAFSA. Students who are eligible for a subsidized loan will not be charged interest while enrolled at Great Oaks, during a grace period of up to six months after no longer being enrolled, or during certain defined deferment periods. US Department of Education (ED) pays (subsidizes) the interest during these periods.

• Direct Unsubsidized Loan

Unsubsidized loans are not awarded on the basis of need but are still determined by the information submitted on the FAFSA. Students who are eligible for an unsubsidized loan will be charged interest from the time the loan is disbursed until it is paid in full. Interest payments can be deferred while enrolled in school and during any grace/deferment period but will be capitalized during the deferment. This means that interest will be added to the principal amount of your loan, and additional interest will be based on that higher amount.

• Direct PLUS Loan

PLUS loans (also called Parent PLUS loans) are not awarded on the basis of need but are still determined by the information submitted on the FAFSA. Parents who accept a PLUS loan are charged interest from the time the loan is disbursed until it is paid off in full. The repayment period for a PLUS Loan begins immediately after the final loan disbursement, even if the student is still enrolled. However, payments may be able to be deferred while the student is still enrolled, during a grace period of up to six months after the student is no longer being enrolled at least half-time, or during certain defined deferment periods. During periods of deferment, interest will continue to accrue and may be capitalized.

3.4.3 Interest Rate & Loan Fees

All Direct Loans have interest rates and loan origination fees assessed by US Department of Education (ED). Great Oaks has no control over the interest rate, nor the origination fees, and does not keep any of these funds. The interest rates and loan origination fee are set by ED on October 1st each year. The most current information about interest rates and loan origination fees is available at https://studentaid.gov/.

3.4.4 Applying for Aid

To determine eligibility for Title IV aid, a student must submit a Free Application for Federal Student Aid (FAFSA) at <u>https://studentaid.gov/</u>. Students are not obligated in any way to the US Department of Education (ED), Great Oaks, or any other institution or agency after a FAFSA has been submitted. The FAFSA is free to complete and submit. Any website or company that requires payment to complete or submit a FAFSA should be avoided.

ED processes the FAFSA and creates a report called the Student Aid Report (SAR). The SAR is sent to the student and an Institution Student Information Report (ISIR) is sent to any school the student identifies in the FAFSA. Great Oaks cannot issue a financial aid offer until the SAR has been received. However, the student does not need to wait to be accepted at Great Oaks to complete a FAFSA.

- Before starting the FAFSA, gather financial items needed such as:
 - tax returns
 - o bank statements
 - o untaxed income
 - o assets
 - child support
- Create a FSA (Federal Student Aid) ID user name and password at https://studentaid.gov. Dependent students must also have one parent create a FSA ID. The FSA ID for both the student and parent will be used to access a number of ED websites and is used as identity confirmation when signing and submitting ED financial aid documentation. See Section 3.4.8 for information about a student's dependency status.
- Using the FSA ID, complete and submit the FAFSA at https://studentaid.gov. The student will have the opportunity to select which school the ISIR is sent to by entering the school's federal school code. Great Oaks' federal school code is 017290.
- If the student provided an email address on the FAFSA, ED will send the SAR by email in approximately 3-5 days. If no email address is provided, the SAR will be mailed to the student within 3 weeks. The FAFSA status can be monitored at https://studentaid.gov or calling 1-800-433-3243.
- After Great Oaks receives the student's ISIR, a financial aid staff member will contact the student to discuss financial assistance options and eligibility.

3.4.5 Eligibility

To be eligible for Title IV aid at Great Oaks, students must meet certain criteria that include:

- Be accepted into a Full-Time program
- Demonstrate financial need based on US Department of Education's Need Analysis
- Not be in default on a prior student loan, nor owe money on a federal student grant
- Confirm Title IV aid will be used for educational expenses
- Provide confirmation of being a US citizen or national, or an eligible noncitizen
- Provide confirmation of eligibility to enroll in post-secondary education by providing a valid high school diploma or Great Oaks approved equivalent.
- Maintain Satisfactory Academic Progress (SAP) while enrolled

3.4.6 Need Analysis

US Department of Education (ED) has developed a simple formula that is used for need analysis. It is the total Cost of Attendance (COA) minus the Estimated Family Contribution (EFC) as determined by information submitted on the FAFSA.

ED defines the COA as not just the tuition/fees, but the total estimated amount it will cost a student to attend Great Oaks. The COA includes both the direct costs (tuition and fees) and the indirect costs (housing, transportation, meals, etc.) of attending Great Oaks. The COA varies with each program and also with whether ED considers the student a dependent or independent student. For more information

about dependency status see Section 3.4.8: Dependency Status. The Financial Aid office reviews and updates the COA for each program on an annual basis.

The EFC is calculated according to a formula established by law. A number of items are considered when the EFC is calculated including: the student's income, the family size, and number of family members who will be in college. A student's EFC is not the amount the student/family will have to pay, nor is it the amount of Title IV aid the student will receive. It is a number that Great Oaks will use to determine the amount of Title IV aid a student is eligible to receive.

ED does acknowledge that a student may have a unique situation that is not addressed in the standard EFC calculation. In this case, a student can apply for Great Oaks financial aid department review the case and determine if a Professional Judgement decision is appropriate to adjust the EFC. For more information, see Section 3.4.9: Professional Judgement.

3.4.7 Citizenship

All students applying for Title IV aid must be either a US citizen or national, or an eligible noncitizen. Students will be asked to enter either their social security number or alien registration number when completing the FAFSA. When ED processes the FAFSA, the provided information will be verified. Great Oaks will be notified of any errors or clarifications needed on the student's ISIR. All issues with a student's citizenship must be resolved before any Title IV is able to be dispersed to the student.

If a student is a US Citizen or National, the student's social security number and citizenship status will be entered on the FAFSA, and will be matched with records at the Social Security Administration (SSA). If the SSA is not able to confirm citizenship status, Great Oaks will notify the student and request additional verification information, which may include a birth certificate or a Certificate of Naturalization.

If a student is an eligible noncitizen, the student's alien registration number (ARN) will be entered in place of a social security number on the FAFSA. The ARN is sent to the Department of Human Services for primary verification. If the student's status is not confirmed, an automatic secondary confirmation process will be performed by DHS. Great Oaks must wait at least five, but not more than 15 days for the result of the secondary confirmation. If the secondary confirmation was not able to confirm the student's status, Great Oaks can submit Form G845 to DHS with documentation from the student.

The following documentation will be provided in writing to any student required to undergo a secondary confirmation:

- Explanation of the required documentation to be submitted
- The 30 day submission deadline for required documentation
- Notice that the student may not receive Title IV aid for a payment period if the submission deadline is missed
- Statement that the student's eligibility is not decided until the student has had a chance to submit documentation by the submission deadline.

3.4.8 Dependency Status

When a student's FAFSA is processed, the calculation is in part based on whether US Department of Education (ED) considers the student dependent or independent. For Title IV purposes ED considers a student who meets any one of the following criteria to be an independent student:

- Has reached the age of 24 prior to January 1st of the upcoming award year. For example, for the 2024-2025 award year, if the student has reached the age of 24 on or before December 31, 2024, the student will be considered an independent student. If not, the student will be considered a dependent student for the entire award year.
- Is married when the FAFSA was submitted.

- Has dependents other than a spouse who live with the student when the FAFSA is submitted and who
 will live with the student through the end of the award year, and who will receive more than half of
 their support from the student during that time. Simply having a child does not make a student
 independent. For a student to be considered an independent student, the student must provide more
 than half of the child's support.
- Was an orphan, foster child, or ward/dependent of the court at any time since the age of 13.
- Is currently serving on active duty in the US Armed Forces, other than training.
- Is a veteran of the US Armed Forces.
- Is an emancipated minor.
- Is an unaccompanied youth who is homeless or in danger of being homeless.

A student who does not meet any of the above criteria is considered a dependent student, and a dependent student must include parent information on the FAFSA.

ED does acknowledge that a student may have a unique situation that is not addressed in the above criteria. In this case, a student can apply for Great Oaks financial aid department to review the case and determine if a Professional Judgement override is appropriate to change dependency status. For more information, see Section 3.4.9: Professional Judgement.

3.4.9 Professional Judgement

US Department of Education (ED) does acknowledge that a student may have a unique situation that is not addressed in the above criteria for the EFC calculation and Dependency Status. Great Oaks Financial Aid staff have the authority to adjust certain elements of the EFT formula or to authorize a Dependency Override if appropriate. A student who would like to be considered for an adjustment or override must contact the Financial Aid office to discuss the situation. After discussing the situation with the student and reviewing any requested documentation, the Financial Aid office will determine if there is evidence to approve the request. As soon as a decision is made, the student will be notified. The decision of the Financial Aid office is final and cannot be appealed to Great Oaks administration or to ED.

Adjustments to the EFC cannot be made for a student who:

- Quit a job
- Worked fewer hours while attending school
- Was awarded unsubsidized loans despite a parents refusal to provide information for the FAFSA
- Had unusually high medical or tuition bills

A student who is between the ages of 18 to 24, lives independently, and does not receive financial support from a parent is not eligible for a Dependency Override. ED considers this a life choice, but not a reason to adjust dependency status.

3.4.10 Verification

In some cases, US Department of Education (ED) requires Great Oaks to verify data a student submitted on the FAFSA. When a student has been selected for verification, an asterisk (*) will be next to the EFC amount on SAR and ISIR. Great Oaks can also select a student for verification if there is a question about the information on the FAFSA.

When a student has been selected for verification, Great Oaks will notify the student and provide the student with instructions and the appropriate worksheet that must be completed. The student (or parent/spouse, as applicable) must complete the worksheet and return it to the Financial Aid office, along with any required documentation. In some instances, the student may also need to meet with a Financial Aid officer. After the Financial Aid office reviews the student's information, necessary corrections will be made and submitted to ED for final review.

A student is not eligible to receive any Title IV disbursements until the verification is satisfactorily completed. Until verification is complete, a student is not considered financially secure, and may be

required to pay Payment Period 1 tuition/fees to start class. However, if the student fails to submit the required verification documentation by the end of Payment Period 1, the student will forfeit any Title IV aid that could have been disbursed in that Period. Occasionally a student's Title IV offer may change as a result of verification. In this instance, a revised Financial Aid offer will be sent within two weeks. If a student is eligible for less Title IV aid, the student will receive an invoice for the balance.

3.4.11 Disbursement

All Title IV funds are disbursed by the Bursar in conjunction with the Financial Aid office and are disbursed in two installments with one disbursement in each Payment Period. A Payment Period is exactly half of the total clock-hours of the program. Prior to each disbursement, a review is done to confirm the student is eligible for the disbursement. Confirmation includes, but is not limited to:

- Direct Loans the disbursement will not cause the student to exceed the annual loan limits, signed the Master Promissory Note (MPN) and for first-time borrowers, completed Entrance counseling.
- Pell Grant the disbursement will not cause the student to exceed the annual or lifetime limits.
- Signed Student Account Notification Form if the student's Title IV aid creates a credit balance.
- Payment Period 1:
- Resolved any verification issues.
- Class has been in session for at least 30 days.
- Payment Period 2:
- Attended at least one-half of the program's total clock-hours.
- Meet the Title IV Satisfactory Academic Progress (SAP) requirements.

If a student is not eligible for a disbursement, the student will receive written notification that includes the specific criteria not met and what the student must do to regain Title IV eligibility. The student will be required to either regain Title IV eligibility or pay the unpaid tuition/fees within 10 days of receiving the notification or the student may not be allowed to return to class.

If Great Oaks discovers that a student received an overpayment of Title IV aid, Great Oaks will attempt to adjust subsequent financial aid disbursements. If this is not possible, the student will be required to repay the overpayment amount. Any student who fails to repay the overpayment will be referred to US Department of Education (ED) and may be ineligible for future Title IV disbursements.

3.4.12 Title IV Satisfactory Academic Progress (SAP)

To be eligible for Title IV aid, US Department of Education (ED) requires that students must continue to make Satisfactory Academic Progress (SAP) toward the completion of their program. SAP is reviewed for all students with Title IV aid at the end of each Payment Period. A Payment Period is exactly half of the total clock-hours of the program. For example, the Payment Periods for a 900 clock-hour program are at the 450 hour and 900 hour marks.

When SAP is reviewed, the student's attendance and grades are evaluated, and must meet the Qualitative and Maximum Time Frame criteria to be eligible for the next Title IV aid disbursement.

- Qualitative: Have a cumulative average grade as defined by the Great Oaks Grading Policy. See Section 5.25.
- Maximum Time Frame: All Full-Time programs at Great Oaks have a Maximum Time Frame of 100%, which means a student must be mathematically able to complete the program's required clock hours by the program's scheduled end date.

If a student does not meet Title IV SAP requirements at the review, the student will receive written notification that includes the specific criteria not met, what the student must do to regain Title IV eligibility, and will automatically be placed on a Financial Aid Warning for one Payment Period. Students on Financial Aid Warning are eligible for the Title IV disbursement for one Payment Period but must retain Title IV eligibility for any future disbursements.

3.4.13 Withdrawal and Return to Title IV (R2T4)

If a student withdraws from Great Oaks, the Bursar will complete the necessary withdrawal calculations. See refund policy Section 3.3 above. If the withdrawn student was eligible for any Title IV aid, the Bursar will also complete a Return to Title IV (R2T4) calculation. This calculation will determine if the student is required to return any funds or is eligible for a Post-Withdrawal Disbursement. The R2T4 calculation will be done regardless of the reason the student withdrew from Great Oaks.

- Return: A student must complete a minimum of 60% of the scheduled hours of the Payment Period to earn all eligible Title IV aid. If a student has not completed 60% of the scheduled hours, a prorated portion of the aid that was disbursed must be returned.
- Post-Withdrawal Disbursement: If a student was eligible for aid that had not been disbursed by the withdrawal date, the student may be eligible to receive these funds as a Post-Withdrawal Disbursement.

The results of the R2T4 calculation will be detailed on the withdrawal paperwork the student receives from the Bursar.

3.4.14 Student Loan Counseling

All students who received Direct Loan Title IV aid are required to complete both Entrance and Exit Counseling. Counseling is not required for Pell Grant funds. Both counseling sessions are able to be done on-line at <u>https://studentaid.gov/</u>. If a student is not able to complete the on-line counseling, the student must call the Financial Aid office and a paper version will be provided.

Entrance Counseling must be completed before the student is eligible to receive any Title IV aid disbursements. Exit Counseling must be completed when a student either graduates or withdraws from Great Oaks. If a student does not complete the Exit Counseling, a hold will be placed on the student's account.

3.4.15 Loan Repayment, Deferment, and Forbearance

There are several repayment plans available through US Department of Education (ED) to provide the flexibility needed to repay loans. Repayment plans can be changed at any time at no charge. For more information about the repayment plans available and to estimate payments and interest go to https://studentaid.gov/.

Once any Title IV loan has been disbursed, it will be assigned to a student loan servicer. The loan servicer will handle the billing and other services for the loan on behalf of ED. When the student is no longer enrolled at Great Oaks, the loan holder will receive contact information for the loan servicer who is assigned to the loan. In addition, the loan servicer will also contact the loan holder with repayment information. It is important to stay in contact with the loan servicer and notify them of any contact information changes (address, phone number, email, etc.). For more information about loan servicers go to https://studentaid.gov/.

Under certain circumstances students (and parents if a PLUS loan) can apply for a period of deferment or forbearance to postpone loan repayment. When a period of deferment or forbearance is granted, it does not alter, reduce, or cancel any part of the loan or interest. The loan holder will still owe the full amount of the loan when the period has ended. The period does not count toward the length of time available to repay the loan. If a loan is already in default, it is not eligible for deferment or forbearance. For more information on deferment and forbearance go to https://studentaid.gov/.

3.4.16 Default Management

The purpose of the Default Prevention and Management Plan is to promote student and school success by increasing student retention and decreasing Title IV loan repayment delinquency and default. Great

Oaks will benefit by avoiding any limitations on participation in the Title IV loan programs due to excessive cohort default rates. Students benefit by having continued access to Title IV programs, learning good debt management practices, and establishing a health credit history. Great Oaks is committed or promoting student success by helping students learn, graduate, obtain employment, and demonstrate financial responsibility through repayment of the funds borrowed to finance their education.

Great Oaks has also contracted with Wright International Student Services (WISS) to assist with default prevention and management. WISS works on behalf of Great Oaks to contact delinquent students and assist in bringing their student loan account current and/or prevent default. WISS will also attempt to locate students who have moved without a forwarding address or phone number.

3.4.17 Fraud

If an applicant misreports information or alters documents for the purpose of increasing aid eligibility or for fraudulently obtaining Title IV funds, the applicant will be reported to the Office of Inspector General, US Department of Education. Any person who intentionally makes false statements or misrepresentations on a Title IV aid application is violating the law and is subject to fines, imprisonment, or both. In addition, if an applicant received federal financial aid because information reported incorrectly, the applicant will have to repay any portion of aid that should not have been received.

3.4.18 National Student Loan Data System (NSLDS)

NSLDS serves as the central database for Title IV aid and stores information about loans, grants, students, borrowers, lenders, schools, and servicers. Student information is required to be submitted to NSLDS at least every 60 days. New enrollments, withdrawals, and graduates are reported as they occur. The information in NSLDS is accessible by schools and servicers who are authorized users of the data system. Students may access their own records at https://studentaid.gov.

3.4.19 Federal Student Aid Ombudsman Group

The Ombudsman Group is a neutral, informal, and confidential resource dedicated to helping resolve complaints related to Title IV aid programs. If a loan holder has a question or concern about their loan, the first step is to contact the US Department of Education. However, if the loan holder believes the response received from US Department of Education (ED) is incomplete or wrong, the loan holder can contact the Ombudsman Group for assistance.

US Department of Education FSA Ombudsman Group PO Box 1854 Monticello, KY 42633 Phone: 877.557.2575 Fax: 606.396.4821 Online: https://studentaid.gov/feedback-center/

3.5 Veterans Administration (VA) Benefits

VA Education Benefits are funded by the US Department of Veterans Affairs and are available to help Veterans, service members, and their qualified family members finance post-secondary education. Full-Time programs are eligible for Chapters 30, 31, 32, 33, and 35, and Chapters 1606 and 1607 funding. Interested students should contact the Financial Aid office, the VA at 888-442-4551 or go to https://www.va.gov/education/.

Great Oaks adheres to the Veterans Benefits and Transition Act of 2018, Section 103 that ensures no penalty, including the assessment of late fees; the denial of access to classes, libraries, or other institutional facilities; or

the requirement that a Chapter 31 or Chapter 33 recipient borrow additional funds to cover the individual's inability to meet their financial obligations to the institution due to the delayed disbursement of a payment by the VA. The Board shall permit for GI Bill and Vocational Rehabilitation and Employment Program beneficiaries to attend a course of education or training for up to ninety (90) days pending payment from the Veterans Administration (VA) for the course. To be eligible, the beneficiary must provide a certificate of eligibility for entitlement to educational assistance (valid/current VAF 28-1905) and a written request to use the entitlement. Documentation must be submitted no later than the first day the course or training commences. The ninety (90) day period starts on the date when the District certifies tuition and fees following receipt of the required document

Students who receive VA funding must continue to make Satisfactory Academic Progress (SAP) toward the completion of their program. VA students will be monitored for attendance and grades, at a minimum, once every 30 days. If a student falls below the minimum Great Oaks attendance and grade requirements and is administratively withdrawn, this may create a debt with the VA for the student.

3.6 Great Oaks Refund Policy

If a student is eligible for a refund, the refund will be issued as follows:

- Refunds are issued within 45 days of the program cancellation by Great Oaks, the student's enrollment cancellation or withdraw.
- Refunds will be issued as follows based on the original method of payment:
 - Cash: Refunds will be issued by check to the student.
 - Check: Refunds will be issued by check to the person who signed the original payment check.
 - Credit Card: Refunds will be returned to the original card used for payment. If the card is no longer valid, the refund will be issued by check to the original card holder if that person is known. If the card holder is not known, the refund will be issued by check to the student.

4.2 Student Records

4.2.1 Family Educational Rights and Privacy Act (FERPA)

(As defined by the Federal Department of Education) https://www2.ed.gov/policy/gen/guid/fpco/ferpa/index.html

The Family Educational Rights and Privacy Act (FERPA) is a federal law designed to protect the privacy of a student's education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education (ED). FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student, or former student, who has reached the age of 18 or is attending any school beyond the high school level. Students and former students to whom the rights have transferred are called eligible students. Students enrolling in Adult Workforce Development programs (even a minor) are considered an adult with all rights afforded to them as provided under FERPA's laws.

- Eligible students have the right to inspect and review all their education records maintained by the school. Schools are not required to provide copies of materials in education records unless, for reasons such as great distance, it is impossible for eligible students to inspect the records. Schools may charge a fee for copies.
- Eligible students have the right to request that a school, correct records which are believed to be inaccurate or misleading. If the school decides not to amend the record, the eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the eligible student has the right to place a statement with the record commenting on the contested information in the record.
- Generally, schools must have written permission from the eligible student before releasing any information from a student's record. However, the law allows schools to disclose records, without consent, to the following parties:
 - 1. School employees who have a need to know.
 - 2. Other schools to which a student is transferring.
 - 3. Certain government officials in order to carry out lawful functions.
 - 4. Appropriate parties in connection with financial aid to a student.
 - 5. Organizations conducting certain studies for the school.
 - 6. Accrediting organizations.
 - 7. Individuals who have obtained court order or subpoenas.
 - 8. Persons who need to know in cases of health and safety emergencies; and state and local authorities within a juvenile justice system, pursuant to specific state law.

Schools may also disclose, without consent, "directory" type information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell eligible students about directory information and allow eligible students a reasonable amount of time to request that the school not disclose "directory" information about them. Schools must notify eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin, student handbook, or newspaper article) is left to the discretion of each school.

The following student demographics may be provided to the National Student Clearinghouse by Great Oaks.

- Name
- Address
- Date of birth
- Dates of attendance
- Social Security Number
- Enrollment Status

The information may be used by different student service providers such as other schools, health insurers, housing agencies, credit grantors, etc. to verify enrollment. The National Student Clearinghouse never sells student information for commercial purposes, nor do they ever confirm or release any non-directory type of information such as social security numbers. A student who is using title IV financial aid does not have the option of not disclosing this information to National Clearing House. If a student does not want to have their information included in a directory list, Great Oaks must be informed in writing. The letter should be addressed to the Financial Aid Office, Scarlet Oaks Adult Education, 303 Scarlet Oaks Dr., Cincinnati, OH 45241. Please include the student's full name, address, phone number, program name, as well as the date and student's signature.

Note: The USA Patriot Act of 2001 (Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism) amends FERPA to include additional exceptions to the rules of releasing information without student/parent consent.

4.2.2 Student Records Access

All students shall have the right to review their records. All materials in the cumulative folder and intended for school use shall be available. The Adult Workforce Supervisor or designee shall be present during any review of student records. Student records are kept on the Scarlet Oaks campus for five years, after which they are sent to an electronic document storage company. Please allow four weeks from the initial request for these records to be processed.

If a student requests educational records, they must follow these steps:

a. Financial aid records related to processing and awarding, tuition and fee payments, tuition refunds, etc. are retained by the school for a five-year period, based on the award year when the student left school. For example, a student graduated in 2023-2024 (between 7/1/2023 and 6/30/2024). Those records would be available through 6/30/2029. A student who is requesting information about their financial aid will be directed to the Financial Aid office.

b. Permanent educational records for all current and former students are kept at the main campus. Those records may include but are not limited to:

- admissions records
- grades/transcripts
- copies of licensures
- certifications
- attendance
- referrals
- test results

For a student to review their educational records or have them released, the person must complete a Release of Information Waiver. If a student needs a copy of a certain document, the person may request it by email after answering unique identifiers that relate to that student's record. Records are then emailed with an encryption status. Records can be picked up in person and will require a government issued I.D. Great Oaks will not release records to anyone but the student. Appointments and copy requests will be processed as quickly as possible, but no later than two weeks. A fee may be charged to a student to retrieve their education records if the request to do so is more than five years from the date of course completion.

4.2.3 Transcripts

This tuition reduction program includes the spouses of Great Oaks associates and Board members and dependents at least sixteen (16) years of age, living at home, and can be claimed as a dependent on their parents' Federal income taxes. This program does not include full-time adult education programs. Any textbook, manual and/or materials needed for the course(s) would be an additional cost for the enrollee and is not included in the cost of the tuition.

Affiliated school employees may enroll in a part-time adult education class which is directly related to the individual's job description for one-half (1/2) the cost of the tuition. Any textbook, manual and/or materials needed for the course(s) would be an additional cost for the enrollee and is not included in the cost of the tuition.

Students paying full tuition receive priority enrollment in the classes. The reduced rate plan becomes effective when the class offering has the minimum number of students enrolled at full tuition for state reimbursement. Individuals enrolling under the reduced rate plan will be enrolled on a first-come, first-serve, space available basis.

 - A. Firefighter
 - B. Fire safety inspector
 - C. Instructor

- D. EMT
- E. EMR

5.12 Great Oaks Satisfactory Academic Progress (SAP)

See section 3.4.12 for detailed information about SAP as it relates to financial aid.

Program - 900 Clock-Hours: two payment periods (450 Hours, 450 Hours)

For a student to continue receiving federal student aid, the student must maintain SAP according to the following standards: For qualitative Grade information see section 5.25 and for Grade Numerical Classification see Section 5.25.1

5.13 Excused Absence Policy

5.13.1 Career Technical Education Courses

Absences are excused up to 5% of the total course hours. This policy permits a student to graduate with no less than 95% of the total clock hours in the program. Completion of the course assumes that the student has achieved at least the minimum grade requirement for the course and completed all other course requirements. Regardless of the reasons for missing instruction time, all missed time will be deducted from the student's attendance record.

5.13.2 Health Professions Academy (HPA) Courses, and Public Safety Services (PSS) Fire & Emergency Medical Rescue Academy, and Police Academy

Such courses require 100% attendance. Missed time from these courses will require a student to pay out-of-pocket for an instructor to provide make-up hours; failure to make up missed time will result in the withdrawal of the student from the program.

5.14 Attendance Deductions

Students who arrive late to class, return late from breaks, or leave class early will have the missed time deducted from their attendance record in 15-minute intervals. For example:

If students arrive to class 1 to 15 minutes late or leave 1 to 15 minute(s) early, 15 minutes will be deducted from their attendance record.

If students arrive 16 to 30 minutes late, or leave 16 to 30 minutes early, 30 minutes will be deducted from their attendance record.

This method of time deducted from a student's attendance record will accumulate missed time progressively but cannot result in a student missing more hours than are available on a normal class day.

5.15 Make-Up Policy

The following courses provide the opportunity to attend scheduled make-up days.

- Automotive Service Technology
- Construction Technologies
- CNC Manufacturing
- Industrial Diesel Mechanics
- Heating/Ventilating, & Air Conditioning
- Heavy Equipment Operations & Engineering
- Welding Technician

Such make-up days permit a student to return time to their attendance record that was missed from a scheduled class day. Please see the course instructor for the occurrences of make-up days. NOTE: To make up a complete day of missed class it may require that a student attend more than one make-up day.

Make-up days as described above are offered at no additional expense to enrolled students. At the beginning of the courses listed above in this section, a calendar indicating the days upon which make-up times are available will be provided to all students. In most cases, make-up time will require a student to attend on-campus in-person instruction. In rare cases make-up time will be conducted utilizing approved remote assignments.

Make-up time can be used to get extra instruction. A student does not need to have missed time to attend a make-up session.

Make-up time cannot be applied to a future absence or time that will be missed in the future. Thus, it is not possible for a student to have an attendance percentage greater than 100% at any point in a course.

Other full-time programs, such as Police and Fire Academies, require 100% attendance due to the required outside certifications. Make-up time for these courses must be scheduled on an individual basis and there will be an hourly cost associated with scheduled make-up time for Police and Fire Academies. See section 5.16 below for details.

Health Professions Academy programs also require 100% attendance. Make-up time for these courses must be scheduled on an individual basis. See section 5.17 below for more details.

Short-term and part-time courses do not have available make-up time in their schedules.

5.15.1 Power Line Technician and Power Line Technician – Fast Track Make-up Time

The Power Line Technician course and the Power Line Technician – Fast Track course do not contain makeup hours in their schedules. Students will be permitted and limited to the 5% excused absence policy. See section 5.13.1.

Students who miss more than 5% of either course will be withdrawn from the course and may still be financially liable for payment of the course. See Section 3.3.1 for refund policy.

5.16 Police Academy Make-up Policy

The following policy is established to ensure that all students who attend the Great Oaks Police Academy will qualify to take the Ohio Peace Officer Basic Training certification examination.

5.16.1 Purpose

To prepare students of the police academy for a career in law enforcement by creating an environment that reflects the high degree of structure and esprit de corps in that career field.

5.16.2 Procedure

All Police Academy students will report to class on time unless excused by the Academy Commander.

All students are to report to class fifteen (15) minutes prior to the OPOTA class start time for uniform inspection.

All students must have 100% attendance for each hour of all mandatory topics.

If a student has an excused absence for any topic hours, it is their obligation to make arrangements with the Academy Commander to make up the required missed topic hours.

All make-up hours shall have prior approval from the Academy Commander in written form. Make-ups must be completed within fourteen (14) OPOTC topic days of the date that the student returns to class, unless excused by way of a medical extension or a military extension. If the make-ups do not occur within this time frame, the student cannot attend other academy courses until all make-ups have been completed.

If a student has an unexcused absence for any topic hours, it is the student's obligation to make arrangements with the Academy Commander to make up the required missed topic hours. The student will also be subject to the disciplinary process for the unexcused absence.

Hour-for-hour make-up may be taught only by the original instructor unless arrangements are made with the Academy Commander. If the student is unable to schedule a make-up session with the original instructor, the student will be required to make-up the entire topic hours with another approved instructor.

The student will make up the missed hours at their own expense beyond the established tuition for the Great Oaks Police Academy. This expense will be paid at the rate established for the current school year. The expense covers the cost of the instructor required for the make-up class. The cost is \$40/hour paid in advance by the cadet for the make-up time.

The payment will be submitted to the Great Oaks Police Academy Commander.

If a student has documentation of hospitalization which causes the individual to miss topic hours the fee will be waived after the first day of hospitalization. This waiver does not release the student from the obligation to make up the missed hours.

If a student has documentation of military service requirements which causes the individual to miss topic hours the fee will be waived after the first day of required service. This waiver does not release the student from the obligation to make up the missed hours.

5.16.3 Discipline for Tardiness

Student tardiness will be documented on the OPOTA sign-in sheet as well as a reason and description for the tardiness on the Student Incident Form.

Any student receiving one (1) documented tardy incident will be verbally counseled by the Academy Commander. A second documented tardy incident will result in a meeting with the Academy Commander to discuss the infraction and determine solutions to prevent further infractions.

Any student missing three (3) documented tardy incidents will result in a recommendation for a one (1) day suspension from the Police Academy.

Any additional infractions after the third documented tardy incident will result in a recommendation for a two (2) day suspension from the Police Academy.

Failure of the student's behavior to improve after the two (2) day suspension will result in a recommendation for withdrawal from the Police Academy.

5.17 Health Professions Academy Make-up Policy

As mandated by The Ohio Department of Health, 100% Attendance Is Required in All Classes, Labs, and Clinical Activities.

- Students missing an entire class or more than six (6) cumulative hours may be required to withdraw.
- All hours missed must be made up before the clinical/externship.
- All hours missed must be made up within sixty days of the last day student attended class. The student must retake the entire course if not made up during this period.
- A student's ability to make up missed time is not guaranteed.
- Students must attend and satisfactorily complete all required work, including skills, in order to go to clinical/externship.
- For unavoidable absence, tardiness, or early departure (due to hardship), the student must notify the Program Coordinator at (513) 612-6301 no later than 30 minutes before their arrival or before leaving the site. Leave a message on the answering machine if necessary.

5.17.1 Repetition

When a course is repeated, the new grade replaces the old grade. The hours in both courses are counted in the time frame and for attendance percentage.

5.17.2 Incomplete

A grade of incomplete is not counted in the grade point average. If the student does not complete the work in the specified time, the incomplete will change to an F, which negatively impacts the grade point average.

5.17.3 Withdrawal

If the student is passing at time of withdrawal, they will receive a WP (Withdraw Passing) grade which is not counted in the grade point average.

If the student is failing at the time of withdrawal, they will receive a grade of F, which is counted in the grade point average and does negatively affect satisfactory progress.

5.18 Maximum Time Frame to Complete

All Full-Time programs at Great Oaks have a Maximum Time Frame to complete of 100%, which means a student must be able to complete the program within the published length as measured in weeks. If a student must withdraw early from the program, the person may be permitted to return the following year to finish it. However, the student must complete the program without exceeding the program length as measured in weeks. For example, if the student withdraws from a program that is 43 weeks after attending only 26 weeks, the student will be required to return and complete the remainder of the program in 17 weeks.

If a student wants to be considered for return, they must submit a letter of explanation to the Adult Workforce Director, along with any supporting documentation. After review, the student will be notified of the decision. If a student is permitted to return, all policies and procedures concerning admission to the program set forth in this handbook will remain applicable and with the following additional provisions:

- a. The student will receive credit for hours successfully completed during their initial enrollment in the program within one year. These hours will count as attempted and earned hours toward their academic and attendance totals.
- b. The student will only be charged tuition and fees for the remaining hours needed for their program completion.
- c. Students may apply for re-admission once per program.

Financial aid availability depends on the current US Department of Education Title IV policies at the time the student returns. The student must contact the Financial Aid office for further information.

5.19 Off-Campus Assignments

Programs which are classified as hybrid may require students to complete off-campus assignments that occur outside of normal classroom hours. Off-Campus assignments are part of the course hours and have a course grade associated with them. Students enrolled in courses that require off-campus assignments will be provided with a Google ChromeBook or similar device. Off-campus assignments will be submitted to the course instructor utilizing either the Google ChromeBook, other electronic means, or a paper document. Failure to complete or submit off-campus assignments by the assigned deadline may negatively impact a student's grade and/or attendance records.

5.20 Leave of Absence Policy

Great Oaks does not grant leaves of absence.

5.21 Special Provisions for Students Receiving Veterans Administration Educational Benefits

The following special provisions apply to students receiving Veterans Administration (VA) Educational Benefits:

Evaluation Points: Attendance for students will be taken daily and evaluated every two (2) weeks by the program supervisor. The attendance rate at each evaluation point will be based on scheduled program hours rather than actual attendance. (Students should refer to the student handbook area for information concerning Leave-of Absence, Approved Absences and Withdrawal policies).

Attendance Standards: (95% is the minimum Attendance Rate for Satisfactory Academic Progress (SAP), except for the Fire and Emergency Medical Rescue Academy and the Police Academy who must maintain 100% attendance).

The first time a student has a percentage of attended clock hours below 95%, and 100% for the Fire and Emergency Medical Rescue Academy and the Police Academy, of their program's scheduled clock hours at an individual evaluation point they will be placed on probation and notified in writing. A student on probation who has an attendance rate below 95% (100% for Fire & Police) of their program's scheduled clock hours will be evaluated every two weeks. If, at any point, it is mathematically impossible for the student to regain Satisfactory Academic Progress (SAP), they will be withdrawn from the program. Once withdrawn, the student is no longer permitted to continue in the course.

A report will be submitted to the VA notifying them of the withdrawal. The VA may choose to terminate student benefits, this may create a debt with the VA for the student. Also, the VA will not pay benefits for any make-up hours. Students not completing all their required hours by the end of the program's original term ending date must pay out-of-pocket for any additional charges for these make-up hours.

Probation Appeal: A student may appeal their attendance probation by submitting a letter of explanation to the program supervisor along with any needed supporting documentation within two business days of their academic probation notification. This appeal will be reviewed by the program supervisor and, in exceptional circumstances, a student's academic or attendance probation status will be removed. The decision will be made within one week and is final. A student's opportunity for appeal of academic standards will be limited to once per course. A student's opportunity for appeal for attendance probation are limited to twice per course.

Re-Enrollment: A student who has been withdrawn from the program for attendance and/or academic reasons and wishes to re-enroll, all policies and procedures concerning admission to the program set forth in this handbook apply. See section 5.18 for information on 'maximum time frame to complete'.

5.22 Attendance Evaluation Intervals:

Attendance for students is entered daily into an electronic student data management system. Student attendance hours and percentages are evaluated at a minimum of every two (2) weeks by the program's supervisor. The attendance rate at each evaluation point will be based on scheduled program hours rather than actual attendance. (See section 5.20 concerning Leave-of Absence, section 5.13 regarding excused Absences, and sections 5.24 & 5.27 for probations and consequences of unsatisfactory attendance.)

5.23 Attendance Standards

Probation

During any review of a student's attendance record; upon the first occurrence during any term, if a student's attendance percentage falls below the course's established minimum, the student will be placed on probationary status. Notification of said probation status will be provided to the student via a printed document. The attendance status of students who are placed on probation will be re-evaluated at a minimum of every two weeks.

Withdrawal for not maintaining Satisfactory Academic Progress (SAP)

If at any point, it becomes mathematically impossible for the student to achieve the minimum SAP requirements (see section 3.4.12), the student will be withdrawn from the program. Once withdrawn, the student will no longer be permitted to continue in the course.

Students utilizing Veterans Administration (VA) benefits who have been withdrawn

Great Oaks staff are required to notify the VA when students who have received VA benefits have been withdrawn. Upon notification, the VA may then terminate the student's VA educational benefits. After benefits have been terminated, the student may be required to return part or all of the VA benefits that they have received. Also noteworthy is that the VA will not pay benefits for any make-up hours. Students not completing all of the required hours by the end of the original program's end date must pay out-of-pocket for any additional charges for make-up hours necessary to complete the program.

5.24 Probation Appeal

A student may appeal their attendance probation by submitting a letter of explanation to the Adult Workforce Supervisor for the program, along with any needed supporting documentation. The student's appeal explanation and supporting documentation must be submitted within two business days of their academic probation notification. This appeal will be reviewed by the supervisor and in extraordinary circumstances, an academic or attendance probation status may be removed. The decision will be made within one week and is final. Appeals for academic standards will be limited to one per program. Appeals for attendance probation are limited to two per program.

5.25 Qualitative Grading-SAP

Grading for courses except public safety services and short-term Career courses.

Self-Paying Students must maintain a cumulative grade average of above an F. (See section 5.25.1). For students receiving financial assistance see policies here and also see section III for Financial Policies.

Grades are recorded by the instructor as they occur after the completion of laboratory exercises, classroom assignments and assessments.

An enrolled student can view their course progress via electronic remote access or may request to review their progress in-person from the instructor the course or Adult Workforce Supervisor for the course.

Students utilizing financial aid must maintain Satisfactory Academic Progress (SAP) letter grade of C or better according to the standards. See section 5.25.1 for details.

5.26 Official Review of Grades

Although grades are constantly monitored by the course instructor, they are officially reviewed at the 150-hour point by the Adult Workforce supervisor. If after the official review of grades, a student performs below Satisfactory Academic Performance (SAP), they will be placed on academic probation for the rest of the term. (For students receiving financial assistance see Section III, Financial Policies)

5.27 Academic Probation

Any time a student falls below the required grade or attendance, the course instructor will meet with the student to discuss the situation and help the student develop a plan of action (i.e., make-up days, re-testing). At that time, the student is put on probation through the end of the term (two terms per year based on number of hours). The instructor completes a change of status form and provides a copy to the student, the financial aid office, and Adult Workforce Supervisor for the program. If the student is receiving financial aid, they will receive a letter from the financial aid office reminding them that their financial aid could be in jeopardy if issues with grades or attendance are not remedied.

The Adult Workforce Supervisor for the program will:

- Meet with the student and emphasize the importance of maintaining satisfactory grades and attendance.
- Remind students that they must achieve the minimum attendance standard for the program or higher at the before the beginning and ending of the second term.
- Remind students that they must achieve at least the minimum required grade by the program's end date.

For students utilizing financial assistance, there are serious repercussions for not meeting the minimum attendance and grade policies. Please see section III Financial Policies for more details

The Adult Workforce Supervisor for the program will attempt to determine if there is any additional assistance that might be provided to the student. The student will be taken off probation at the end of the term if they are meeting Satisfactory Academic Progress (SAP). If the student is not meeting SAP at the end of term one but it is still possible for them to achieve SAP by the end of the program, they will have the option of paying out-of-pocket for and continuing into the next term. If at any time (after all resources to achieve SAP are exhausted) it becomes mathematically impossible for the student to achieve the grades or attendance by the end of the program, the student will be withdrawn from the program. Note: For students using Veteran Administration (VA) benefits, the effective withdrawal date (as required by VA) will be retroactive to the date the student first failed to maintain the required attendance during the period. This situation may result in the student owing a debt to the VA.

5.28 Special Grading Circumstances Remedial Courses

Great Oaks does not grant credit for remedial courses.

5.29 Completion/Graduation Rate

The following information is being disclosed as required by the Student Right-to-Know Act. The information reflects first-time, full-time students, who completed/graduated within the normal time allowed for their program. For the most current completion/graduation rate please visit: (IPED) site. <u>College Navigator - Great Oaks Career</u> <u>Campuses (ed.gov)</u>

5.30 Retention Rate

This rate is not reported for Great Oaks because programs at Great Oaks are 1 year or less.

5.31 Career Passports and Competencies

The Career Passport is a credentialing tool that documents the specific occupational skills, academic skills, and employability skills of students who participate in a secondary or post-secondary program in Ohio. It contains a cover letter from the President/CEO of Great Oaks, a personal data sheet highlighting the graduate's education, employment history, activities, and awards. The passport also contains a graduate's special recognitions, community service, and a Certificate of Completion. A competency profile of the skills mastered in the career pathway is included. The Career Passport provides employers with an accurate, reliable tool for evaluating job applicants. It enhances the individual career planning process for students and assists them in marketing themselves to prospective employers. It increases the accountability to the community by documenting each student's mastery of specific competencies that business and industry has said their employees must have to be successful.

5.32 Great Oaks Warranty Program

Within the Career Passport is a document that discusses the Great Oaks Warranty Program. Great Oaks is confident that its graduates have acquired the best possible career technical education. To demonstrate this confidence, Great Oaks will warranty all Great Oaks' graduates who have earned their Certificate of Completion and who are employed through the campus placement program. This warranty is issued to employers who hire Great Oaks graduates and guarantees free additional education if the graduate's certified competencies are found lacking during their first year after graduation.

5.33 Certificate of Completion

The certificate of completion is a signed credential that is provided to students who have successfully completed course requirements in their chosen career-technical program.

5.34 Health and Safety

Correct health and safety practices and procedures are observed on the campus. Proper use of safety equipment and shop safety practices are integral parts of the career-technical program. Students must notify the instructor when an injury or accident occurs. Upon notification, the instructor will work with the student to complete an incident/accident form. The Adult Workforce Supervisor or designee will assist in the completion of the form as needed.

Great Oaks follows the guidelines of the Occupational Safety and Health Administration (OSHA). Students will not be allowed to fully participate in their educational program if they violate safety guidelines. Students who refuse to comply with OSHA safety regulations and are denied the opportunity to participate in lessons or assignments will be subjected to a negative impact on their grade and/or attendance records.

Emergency Medical forms are kept in each student's file. Each student is required to return the completed Emergency Medical form to the campus no later than the end of the third day of class. Students may be denied career-technical program participation until the form is completed and submitted.

Students who refuse to submit an emergency medical form and are denied the opportunity to participate in lessons or assignments will be subjected to a negative impact on their grades and/or attendance records.

5.35 Dress Code

Board Policy 5511 Student Dress Uniforms

Students' appearance shall be neat, clean and dress in a manner that is not distracting to others. Articles of clothing and adornments shall not interfere with or disrupt the educational process. Students are to dress in a manner that would satisfy and be acceptable to future employers. The purpose of this dress code is to "dress for success" and come to school prepared to participate in the educational process. The dress code includes, but is not limited to hair, clothing, buttons, badges, insignia, words, pictures, jewelry, or other items or symbols or expression (student dress).

Dress Guidelines for each course will have more specific guidelines regarding student dress and program uniforms.

Dress and grooming that disrupts the teaching/learning process will not be tolerated. Instructors have the authority to define dress for their program and have the authority to remove students who are not dressed appropriately. If a student is sent home, their attendance will be negatively affected. The Great Oaks Adult Workforce Director has the final say on appropriate attire and grooming.

Samples of *inappropriate* dress include but are not limited to:

Board Policy 9130 Public Complaint

Any person or group having a legitimate interest in the operation of Great Oaks shall have the right to present a request, suggestion, or complaint, concerning Great Oaks district personnel, the program, or the operations of Great Oaks. At the same time, the Board of Directors has a duty to protect its staff from unnecessary harassment. This policy aims to provide the means for judging each public complaint in a fair and impartial

manner and to seek a remedy where appropriate. It is the desire of the board to rectify any misunderstanding between the public and Great Oaks by direct discussions of an informal type among the interested parties. It is only when such informal meetings fail to resolve the differences, shall more formal procedures be employed. Any requests, suggestions, or complaints, reaching the board, board members, and the administration shall be referred to the president/CEO for consideration according to the following procedure.

5.37 Levels of Grievance Filing

First Level	If it is a matter specifically directed toward a professional staff member, the matter must be addressed, initially, to the concerned staff member who shall discuss it promptly with the complainant and make every effort to provide a reasoned explanation or take appropriate action within their authority and Great Oaks' district administrative guidelines.
	This level does not apply if the matter involves suspected child abuse, substance abuse, or any other serious allegation, which may require investigation or inquiry by school officials prior to approaching the professional staff member. As appropriate, the staff member shall report the matter and whatever action may have been taken to the immediate supervisor.
Second Level	If the matter cannot be satisfactorily resolved at the First Level, it shall be discussed by the complainant with the staff member's immediate supervisor.
Third Level	If the matter cannot be satisfactorily resolved at the Second Level, it shall be discussed by the complainant with the Vice President of Human Resources.
	If a satisfactory solution is not achieved by discussion with the Vice President of Human Resources, a written request for a conference shall be submitted to the President/CEO. This request should include: 1. The specific nature of the complaint and a brief statement of the facts giving rise to it; 2. The respect in which it is alleged that the complainant (or child of the complainant) has been affected adversely; 3. The action which the complainant wishes taken and the reasons why it is felt that such action be taken. Should the matter be resolved in conference with the President/CEO, the board may be advised of the resolution. Should the matter still not be resolved, or if it is one beyond the President/CEO's authority and requires a board decision or action, the complainant shall request, in writing, a meeting by the board.
	The board, after reviewing all material relating to the case, shall grant a meeting before the board. The complainant shall be advised, in writing, of the board's decision, no more than five (5) business days following the meeting. The board's decision will be final on the matter, and it will not provide a meeting to other complainants on the same issue. If the complainant contacts an individual board member to discuss the matter, the board member shall inform the complainant that they have no authority to act in their individual capacity and that the complainant must follow the procedure described in this policy

5.38 Final Appeal

If a student's grievance cannot be resolved through the school's grievance procedure above, students have the right to contact Great Oaks' accrediting agency, Council on Occupational Education (COE) <u>https://council.org</u>, 7840 Roswell Rd., Bldg. 300, Ste. 325, Atlanta, GA 30350. 770.396.3898 or 800.917.2081

If after contacting the school and accrediting agency, a student's grievance still cannot be resolved, students have the right to contact the Ohio Department of Higher Education at 614.387.1215. Great Oaks maintains records of student complaints in the office of the Adult Workforce Director.

5.39 Parking

Parking is available for all students in designated areas. Parking on Great Oaks Property outside of designated areas may result in a vehicle being removed or fined at the vehicle owner's expense.

If a vehicle is left on campus grounds, students should be aware that their vehicle could be tagged and removed from the campus. Students should communicate with the Adult Workforce Supervisor if there is an issue with their vehicle and it must be left on campus for a period of time.

Students may not display symbols or signs on their vehicles that are abusive, profane, vulgar, obscene or are considered hate speech and which, under the circumstances, disrupt normal school activities and are offensive in the school setting. Abuse of the use of cars and parking privileges may result in loss of their use. Great Oaks will not be held liable for damages, theft, or contents of vehicles on the property.

5.40 Lawful Searches of Student Property

Board Policy 5771 Personal, Locker, and Vehicle Searches

Student lockers and lab lockers assigned to a student are the property of the Great Oaks Career Campuses. School officials may conduct random searches of student lockers and their content at any time. **Canines may be used for such random searches**.

In addition to random searches of lockers and their content, school officials may conduct searches of lockers and any school property assigned to students. Searches may be conducted when there is reasonable cause to believe that the school property or area being searched contains an item or items that constitutes or is evidence of:

- A violation of law or school rules

Great Oaks does not permit any person (student/faculty/staff/visitor) to smoke or use tobacco products in any building, any vehicle (this includes personal vehicles while on school property) or on any property owned by Great Oaks (both home and visitor). There will be no designated areas for the public to smoke during school activities. This policy is in effect 24 hours a day, 7 days a week.

(Please see 'Section II Student Code of Conduct' for additional policies on the prohibition of nicotine use; including vaporization of nicotine containing products)

5.42 Copyright Protection

Unauthorized copying, redistribution or republication of copyrighted or licensed materials is prohibited. Violations of this policy may result in disciplinary action and may also be referred to the appropriate legal authorities and/or other legal action may be pursued.

5.42.1 Use of Copyrighted Materials

The Federal copyright law (U.S.C. Title 17) governs the duplication, distribution, use and display or performance of all copyrighted materials, which includes;

- Printed matter
- Audiovisual materials
- Television programs
- Computer software
- Content from the Internet (See section 5.42.2)

Violation of the law can subject the violator to legal action resulting in levying fines and/or compensatory damages and criminal penalties.

Great Oaks' status as a school district does not provide exemption from the law; public schools are subject to its provisions just as are other agencies, businesses and individuals. It is the intent of Great Oaks School District to promote respect for the rights of copyright owners, knowledge of the copyright laws, education of students in those legal issues, and strict compliance with the copyright laws in all activities on Great Oaks Campuses

5.42.2 Summary of Civil and Criminal Penalties for Violation of Federal Copyright Laws

Copyright infringement is the act of exercising, without permission or legal authority, one or more of the exclusive rights granted to the copyright owner under section 106 of the Copyright Act (Title 17 of the United States Code). These rights include the right to reproduce or distribute copyrighted work. In the file-sharing context, downloading or uploading substantial parts of a copyrighted work without authority constitutes an infringement. Penalties for copyright infringement include civil and criminal penalties. In general, anyone found liable for civil copyright infringement may be ordered to pay either actual damages or "statutory" damages affixed at not less than \$750 and not more than \$30,000 per work infringed. For "willful" infringement, a court may award up to \$150,000 per work infringed. A court can, in its discretion, also assess costs and attorneys' fees. For details, see Title 17, United States Code, Sections 504, 505. Willful copyright infringement can also result in criminal penalties, including imprisonment of up to five years and fines of up to \$250,000 per offense. For more information, please see the website of the U.S. Copyright Office at <u>www.copyright.gov.</u>

5.43 Student Laptop or Chromebook Usage

Board Policy 7540.03 Student Laptop Program and Network Information User Agreement

The Student Laptop Program at Great Oaks is designed to help students succeed academically and prepare them to be career ready. During the school year, students will have full use of Great Oaks-owned laptops assigned to them for use in their career technical and academic courses. Students are offered access to Great Oaks' computer network and the Internet. All students must sign the Computer Network Information User Agreement. This form stipulates the appropriate use of computer access and the Internet. Violation of the User Agreement form may result in disciplinary and/or legal action. Failure to return the assigned laptop prior to graduation or upon withdrawal will result in the student being charged for the laptop's cost.

5.43.1 Internet Access

The Network shall be used primarily for educational purposes. Access to the Network is a privilege, not a right, and as such may be revoked at any time for any reason.

The Internet is an international association of computer networks. Government, schools, universities, and industry are some of the diverse contributors to the Internet. Access to computer equipment, programs, and systems (including hardware and software), the Internet, e-mail and other modern technologies (collectively, the "Network") permit students ("users") several educational and research opportunities they would not have otherwise. While it is Great Oaks' belief that such educational benefits outweigh potential disadvantages, the Network may contain content that is inappropriate to the educational setting and that some may consider offensive. Great Oaks will exercise reasonable guidance to limit student access to such inappropriate materials but cannot provide assurance that all materials on the Network are appropriate. The ultimate responsibility for monitoring Network usage is that of the student and the student's parent or guardian (if applicable).

In exchange for the use of Network resources, either on-site or by remote access, the user understands and agrees to the following.

5.43.2 Privilege

Access to the Network is a privilege, not a right, and as such it may be revoked by Great Oaks at any time and for any reason. Great Oaks' administrators and/or Network managers may at any time and for any reason perform any or all of the following actions: monitor, inspect, copy, review, and store at any time and without prior notice any and all usage of the Network and any and all materials, files, voice mails, information, software, communications including e-mails, and other content transmitted, received or stored in connection with this usage. The Network and all information, content, e-mails, and files are the property of the Great Oaks, and users should not have any expectation of privacy regarding those materials.

5.43.3 Acceptable Use

The Network shall be used primarily for educational purposes. Uses that violate Board policies or interfere with normal Network operations or educational activities, such as those activities described below in "Network Etiquette," are prohibited. Great Oaks may impose restrictions on use of the Network to assure equity of use. As required by law, Great Oaks will use filtering programs or other technology protection measures to limit a user's access to inappropriate materials on the Internet, such as visual depictions that are (1) obscene, (2) child pornography, or (3) harmful to minors. A Network administrator may disable the filtering program or technology protection measure to enable adult users to gain access for bona fide research or other lawful purposes. As required by law, Great Oaks will also make reasonable efforts to monitor the user's online activities, through direct observation and/or technological means, to limit access to such visual depictions or any other materials that are inappropriate to the education setting. As it is impossible to limit access to all materials that may be considered inappropriate, the ultimate responsibility for monitoring Network usage is that of the student and the student's parent or guardian (if applicable),

and users are required to avoid sites that are inappropriate for the educational setting. Great Oaks may also block or filter incoming e-mail.

5.43.4 Access

Selected Network resources are intended only for use by their registered users. Users shall not have access to the Network until they have signed the Network Acceptable Use Student Agreement and completed the Parent/Guardian Permission Form (if applicable). Access is not transferable and may not be shared.

5.43.5 Network Etiquette

Users shall be held accountable for their use or misuse of the Network. All users are responsible for good behavior while using the Network, just as they are in a classroom, in a school hallway, or at any school sponsored activity. Each user must abide by the rules of Network etiquette, which include but are not limited to the following:

- a. Users shall neither obtain copies of nor modify files, other data, or passwords belonging to other users without express authorization from the Adult Workforce Supervisor or designee.
- b. Users shall not use the Network to access chat rooms or chat lines. Users shall not use the Network for noncurricular-related activities (e.g. surfing the Internet, playing games) except for incidental and brief personal communication that does not interfere with the operation of the Network or violate Great Oaks' policies.
- c. Users shall not misrepresent themselves or post anonymous messages on the Network. Users shall not commit forgery or falsify e-mail in any way.
- d. Users shall not use the Network in any way that would degrade or disrupt the operation of the Network, abuse the software and/or hardware; or excessively consume limited computer, paper, telephone, or other resources, such as through spamming, creating, or transmitting mass e-mails or chain letters, or other purposes exceeding this policy. Attachments of files to e-mails should not be used.
- e. Users are to print only with permission and should be selective when printing. Users are to print one copy and have additional copies made on photocopiers.
- f. Users shall not access, create, transmit, copy, or download harassing, threatening, abusive, defamatory, vulgar, discriminatory, or sexually explicit messages or materials.
- g. Users shall not make rude or hostile reference to race, age, gender, sexual orientation, national origin, disability status, or religious or political beliefs. Abusive or profane language is prohibited.
- h. Users shall not reveal any personal information about themselves or other students, including photographs, telephone numbers, addresses, passwords, or social security numbers.
- i. The confidentiality of any information stored in or created, received, or sent over the Network cannot be guaranteed. Users should not have any expectation of privacy regarding such information.
- j. Users shall not use the Network for any commercial activities, such as buying advertising or selling goods or services, unless it is for legitimate Great Oaks' District business.
- k. Except for educational or Great Oaks' District business purposes, users shall not create, transmit or download any materials that support or oppose the nomination or election of a candidate for public office or the passage of a levy or bond issue. Additionally, users shall not solicit political contributions through the Network from any person or entity.
- I. Users shall not create, transmit, download, or copy any materials (a) that are in violation of Great Oaks' District Policies or any federal, state or local laws, including but not limited to confidential information, copyrighted materials, material protected by trade secrets, and any materials that would violate Great Oaks' harassment or discrimination policies; or (b) that include the design or detailed information for the purposes of creating an explosive device, materials in furtherance of criminal activities or terrorist acts, threatening materials, or pornographic sexually explicit or obscene materials.

- m. All use of e-mail must be through Great Oaks' e-mail service; the use of other providers of e-mail through the Network is prohibited.
- n. Users routinely shall delete outdated or unnecessary e-mails from their mailboxes.
- All software and hardware must be installed by, or with the prior consent of, the Network administrator. Users may not move, repair, reconfigure, modify, or attach any external devices to Network equipment, including individual computers or systems. Users shall not remove, alter or copy Network software for their own personal use or others' use.
- p. In utilizing the Network, users shall abide by the standards of academic integrity, including plagiarism.
- q. When using Great Oaks' Network, the user should remember that they are representing Great Oaks each time the account is used.

5.43.6 Copyright or License Violations

Great Oaks typically does not own its computer software; rather, it has a license to use the software. All Great Oaks District licensed software shall be reproduced only by authorized systems' administrators in accordance with the terms of the software licensing agreements. Unauthorized copying, redistribution, or republication of copyrighted or licensed materials is prohibited.

5.43.7 Web Sites

Web sites created through the Network and/or linked to Great Oaks' web site must relate specifically to educational activities or programs. Web sites created using Network or Great Oaks' educational activities or programs, web sites created using the Network or Great Oaks' equipment, or web sites created as part of the classroom or club assignments or activities are the sole and exclusive property of Great Oaks. Great Oaks reserves the right to require that material and/or links to other sites found to be objectionable be altered or removed. All web pages under this Policy, other than the official Great Oaks web site, must prominently display the following disclaimer:

This is not an official web site of Great Oaks. Great Oaks does not control and cannot guarantee the timeliness or accuracy of the information on this web site. Any views or opinions expressed herein are solely those of the creators of this web site.

5.43.8 Vandalism

Vandalism is prohibited. Vandalism is any attempt to hack, alter, harm or destroy software, hardware, data of another user, other Network resources, or the use of the Network to harm or destroy anything on the Internet or outside networks. Vandalism includes but is not limited to the uploading, downloading, creating or transmitting of computer viruses, worms, Trojan horses, or other destructive programs or applications.

5.43.9 Security

If users identify a security problem on the Network, such as evidence of hacking, users shall notify a systems administrator immediately. All users agree to cooperate with Great Oaks during an investigation into any allegations of abuse or security breaches of the Network.

5.43.10 Service Disclaimer

Great Oaks makes no warranties of any kind, whether expressed or implied, for the Network services it provides.

Great Oaks will not be responsible for any damages a user may suffer arising out of the user's use of, or inability to use, the Network, including but not limited to the loss of data resulting from delays, non-deliveries, mis-deliveries, service interruptions, or user errors or omissions. Each user is responsible for backing up their own files.

Great Oaks is not responsible for the accuracy of information obtained through electronic information resources; hence, this information should be used at the user's own risk.

Great Oaks is not responsible or liable for the security of any personal e-mail, Internet or other transactions of users.

Great Oaks is not liable for any transactions, costs, damages or fees incurred by a user through purchases of goods or services or other transactions through the Network or for any illegal actions, including copyright violations, that a user performs through the Network.

5.43.11 Violations of This Policy

Violations of this Policy may result in disciplinary action, including but not limited to restriction or termination of access to the Network.

Violations also may be referred to the appropriate legal authorities and/or other legal action may be pursued. Personal information may be released to appropriate entities as Great Oaks deems necessary, in its sole discretion, to avoid immediate danger of physical harm to persons or property, or to report possible crimes to the legal authorities.

5.43.12 Changes

Due to the rapid change in technology, a user's access and/or this Policy are subject to change at any time.

5.44 Use of Artificial Intelligence

Students are required to rely on their own knowledge, skills, and resources when completing school work. In order to ensure the integrity of the educational process and to promote fair and equal opportunities for all students, except as outlined below, the use of Artificial Intelligence (AI) and Natural Language Processing (NLP) tools (collectively, "AI/NLP tools") is strictly prohibited for the completion of school work. The use of AI/NLP tools, without the express permission/consent of a teacher, undermines the learning and problem-solving skills that are essential to academic success and that the staff is tasked to develop in each student. Students are encouraged to develop their own knowledge, skills, and understanding of course material rather than relying solely on AI/NLP tools and they should ask their teachers when they have questions and/or need assistance. Unauthorized use of AI/NLP tools is considered a form of plagiarism and any student found using these tools without permission or in a prohibited manner will be disciplined in accordance with the Student Code of Conduct.

Notwithstanding the preceding, students can use AI/NLP tools in the school setting if they receive prior permission/consent from their teacher, so long as they use the AI/NLP tools in an ethical and responsible manner. Teachers have the discretion to authorize students to use AI/NLP tools for the following uses:

- A. Research assistance: AI/NLP tools can be used to help students quickly and efficiently search for and find relevant information for their school projects and assignments.
- B. Data Analysis: AI/NLP tools can be used to help students to analyze, understand, and interpret large amounts of data, such as text documents or social media posts. This can be particularly useful for research projects or data analysis assignments e.g., scientific experiments and marketing research.

- C. Language translation: AI/NLP tools can be used to translate texts or documents into different languages, which can be helpful for students who are learning a new language or for students who are studying texts written in a different language.
- D. Writing assistance: AI/NLP tools can provide grammar and spelling corrections, as well as suggest alternative word choices and sentence structure, to help students improve their writing skills.
- E. Accessibility: AI/NLP tools can be used to help students with disabilities access and understand written materials. For example, text-to-speech software can help students with tools and help students with hearing impairments understand spoken language.

As outlined above, under appropriate circumstances, AI/NLP tools can be effectively used as a supplement to and not a replacement for traditional learning methods. Consequently, with prior teacher permission/consent, students can use such resources to help them better understand and analyze information and/or access course materials. If a student has any questions about whether they are permitted to use AI/NLP tools for a specific class assignment, they should ask their teacher.

Users who disregard this policy and its accompanying guidelines may have their use privileges suspended or revoked and disciplinary action taken against them. Users are personally responsible and liable, both civilly and criminally, for uses of District Information & Technology Resources that are not authorized by this policy and its accompanying guidelines. **See section 2.63 for additional consequences for violating this policy.**

The Board designates the President/CEO and Deans as the administrator(s) responsible for initiating, implementing, and enforcing this policy and its accompanying guidelines as they apply to students' use of District Information & Technology Resources.

5.45 Student Picture-ID Badges

A Student picture-I.D. card is provided for each student at the beginning of the school year. Each student shall be responsible for their own I.D. card and the cost of securing a replacement if lost. A student's I.D. shall be clearly visible and displayed at all times when they are on school property. In Lieu of a picture ID, a student may receive a Proximity badge. Proximity badges must also be displayed at all times and users are subject to the policies below.

5.45.1 Proximity Badge Use

A proximity badge allows an enrolled full-time student to access the building using a pre-selected entrance which is close to the course's respective classroom and laboratory. The use and misuse of proximity badges have legal ramifications with regards to building security. The misuse of the badge or failure to follow any of the policies and guidelines below, could make the user legally liable for damages caused by negligence. Failure to follow the policies and guidelines below may also subject badge users to disciplinary action up to and including withdrawal. By accepting possession of a proximity badge, a student agrees to follow the proximity badge policies and guidelines. See sections 5.45.2 and 5.45.3.

5.45.2 Proximity Badge Policies

- A lost or stolen badge is a major security issue and must be reported within 24 hours to the instructor or campus supervisor.
