### Updates on CCPS Transportation Department's Edulog Parent Portal Application - Register Today!

**JONESBORO** - Clayton County Public Schools' Transportation Department, like other school districts in the Metro-Atlanta area, is working diligently to address the driver shortages. As a result of staff shortages, some routes may be delayed while picking up or delivering students to and from school or their residence. We ask for the community's patience as the district continues to navigate this process. Transportation officials are working through these challenges by doing the following:

- Encouraging parents/guardians and students to register and utilize the **Edulog Parent Portal App** to obtain route updates and other transportation information
  - *Please scan the QR Code on the attached flyers to register.*
- Having Administrative staff with CDL credentials assist with transporting students
- Actively recruiting and onboarding new drivers and monitors to fill job vacancies (*see QR Code below*)
- Current drivers go above and beyond by performing extra route coverage.

We are confident that we will be able to implement the strategies necessary to meet the demands of our district's families. Additional Transportation Resources for Parents/Guardians can be found below.
