[Cigna Dental Treatment Cost Estimator](#) For Dental HMO and PPO Customers

You can estimate a plan for your dental care costs using Treatment Cost Estimation on mycigna.com. This user friendly web-based tool allows you to get dental estimates based on your specific plan design and geographic location. This tool is flexible, enabling you to get estimates at a procedure or treatment level. A treatment level estimate is usually more accurate because it represents a group of procedures used to treat or resolve a specific dental condition or disease. This gives you a better understanding of what you may pay when you visit the dentist.
