Besides the policies that are included and/or referred to in this Handbook, students are expected to be aware of and to abide by all of the District's policies. All of the District's policies can be found on the [District's website](#). Students should pay particular attention to the policies in Section 500 that specifically pertains to students. Questions regarding policies can be directed to your building administrator.

Topics listed in the handbook are age-specific. The box below can be found under each topic. If the information applies to a level, it will be indicated with an "x".

Unexcused Absence: Absences lacking a "valid" reason and/or verification from a parent/legal. Unexcused absences include but are not limited to:

- Any absence by a student, which was not approved by the parent/legal guardian and/or the school district.
- Any absence in which the student failed to comply with any reporting requirements of the school district's attendance procedures.

Riding the school bus is a privilege, not a right. The school district's general student behavior rules are in effect for all students on school buses. The school district will not provide transportation for students whose transportation privileges have been revoked.

The school district is committed to transporting students in a safe and orderly manner. To accomplish this, student riders are expected to follow school district rules for waiting at a school bus stop and for riding on a school bus.

While waiting for the bus or after being dropped off at a school bus stop, all students must comply with the following rules:

- Get to the bus stop five minutes before your scheduled pick up time. The school bus driver will not wait for late students.
- Respect the property of others while waiting at the bus stop.
- Keep your arms, legs, and belongings to yourself.
- Use appropriate language.
- Stay away from the street, road, or highway when waiting for the bus.
- Wait until the bus stops before approaching the bus.
- After getting off the bus, move away from the bus.
- If you must cross the street, always cross in front of the bus where the driver can see you. Wait for the driver to signal to you before crossing the street.
- No fighting, harassment, intimidation, or horseplay.
- No use of alcohol, tobacco, vaping, or drugs.

While riding a school bus, all riders must comply with the following rules:

Cheating and Plagiarism

Elementary	MS	HS
X	X	X

Cheating is defined as seeking to obtain (or aiding another to obtain) credit or improved scores through the use of any unauthorized or deceptive means.

SoWashCo understands that pressure to get good grades can sometimes create the incentive to cheat, however we firmly believe that cheating denies the value of education, damages the ethical character of the individual student, and undermines the integrity of our school community.

Some examples of what cheating looks like:

- Presenting information collected, organized, or envisioned by someone else as your own (with or without the author's permission) or allowing someone else to present your work as his or her own.
- Taking shortcuts (such as unauthorized use of study aids) that allow you to bypass steps of an assignment.
- Using forbidden material to "help" during an exam, such as cheat sheets, graphing calculators, or cell phones.
- Asking about or sharing questions and/or answers to quizzes and exams.
- Submitting the same work for more than one assignment without express permission from your teacher(s).
- Altering corrections or scores with the intent of changing your grade.
- Misrepresenting yourself in any way to your teachers in regard to the work you have done, such as saying you've turned in an assignment when you did not, or that you've worked hours longer than you actually did to complete an assignment.
- Fabricating information to try to earn more time, more credit, or grading leniency on an assignment, project, or exam.
- Doing more or less than your share of a group project without permission from your teacher.

All parties concerned, student, parent/legal guardian, counselors and administrators, understand that the teacher's professional judgment will determine whether a violation has occurred.

Families that cannot pay can receive a scholarship so their child can attend, regardless of financial ability. If students are *required* to participate in a field trip that takes place during the school day and relates directly to a course of study, students are not required to pay.

Parents/legal guardians provide general permission for their child(ren) to participate in field trips during the annual update of Infinite Campus. Notification and additional information may be sent by the teacher/school.

Freedom of Expression

Elementary	MS	HS
X	X	X

Students are powerful voices and agents of change, and have the right to free speech and peaceful assembly. SoWashCo Schools respect the rights of students to lawfully and peacefully protest so long as doing so does not create a material or substantial disruption to school operations and does not violate a school rule, policy, or the law. Students are encouraged to involve school administrators in discussions for planned protests. We believe clear and consistent communication of school district expectations and policies will build trust, reduce tensions, and promote safety and order in the event that a peaceful assembly occurs. Our first and foremost responsibility is to the safety and security of our students and staff.

Gender and Student Civil Rights Protections

Elementary	MS	HS
X	X	X

These definitions are provided not for the purpose of labeling students but rather to assist in understanding this section. Students may or may not use these terms to describe themselves.

- A. **Cisgender** is a term used to describe individuals whose gender identity matches their biological sex/sex assigned at birth.
- B. **Gender Expression** means the manifestation, presentation, or communication of one's gender identity through behavior, physical appearance, clothing, accessories, voice, body characteristics, or other means. Although transgender people typically seek to make their gender expression match their gender identity, rather than their birth-assigned sex, gender expression may or may not conform to a person's gender identity.
- C. **Gender Identity** refers to a person's internal, personal sense of being a man or a woman (or a boy or a girl).
- D. **Gender non-conforming** is an umbrella term that is used to describe individuals whose gender expression, gender identity, or gender role differs from gender norms associated with their assigned birth sex.
- E. **Parent** means a biological parent with legal custody or a legal guardian of a child.
- F. **Questioning** is an identity label for people exploring their sexual orientation or gender identity.
- G. **Sex** refers to a person's biological status and is typically categorized as male, female or intersex.
- H. **Sex assigned at birth** refers to the sex designation recorded on an infant's birth certificate when such a record is provided at birth.
- I. **Sexual orientation** refers to the sex of those to whom one is sexually and romantically attracted. Categories of sexual orientation typically have included attraction to members of one's own sex, attraction to members of the other sex (heterosexuals), and attraction to members of both sexes (bisexuals).
- J. **Transgender** refers to individuals whose gender identities do not match the sex assigned to them at birth.

- K. **Transition** refers to the process in which transgender individuals begin asserting the sex that corresponds to their gender identity instead of the sex they were assigned at birth.

Bullying and Harassment. Regardless of age, transgender students have the right to attend school and participate in activities in an environment that is free from unlawful discrimination, including bullying or harassment that is based on gender identity, gender expression, sexual orientation, or any protected class status.

Response to Sexual Harassment. Harassment that is based on gender identity or transgender status is harassment based on sex. If sexual harassment occurs, the District must take prompt action to stop the harassment from occurring and to prevent it from recurring. Various laws and policies may be implicated, including Title IX, the Minnesota Human Rights Act, District Policy 413 (Harassment and Violence) and District Policy 514 (Bullying Prohibition Policy). Students who experience gender discrimination are encouraged to report incidents to school administration. Reports may be verbal or in writing. The district has created an optional [Gender Discrimination Form](#).

Parent Involvement. It is best practice to consult with the student's parents before referring to the student in education records based on the student's gender identity rather than sex assigned at birth, or to use a bathroom or locker room based on the student's gender identity rather than sex assigned at birth.

May Not Withhold Information from a Student's Parent. A staff member will not refuse to provide parents with information about their child who is under the age of 18, including information about whether the child is transgender or whether their child has asked to use a name, pronouns, restrooms, or locker rooms based on the child's gender identity rather than sex assigned at birth. Staff members may refuse to provide such information if the student is 18 years of age or older, unless the parent has been designated as the child's legal guardian or conservator. The law generally gives parents the right to access all educational data on their child, if the child is under the age of 18.

Education Records. The district will use the student's preferred name, gender identity, preferred pronouns when referring to the student in education records. Students wishing to change their educational records should complete the [Name/Gender Change Request Form](#). This applies to all school records, including, but not limited to, the following:

- Transcripts
- Diplomas
- IEPs
- Section 504 Plans

- Honor or Award Certificates
- Yearbooks
- School IDs
- Announcements
- Programs for sports, plays, and concerts

When the school district has actual knowledge of sexual harassment in its education program or activity against a person in the United States, it shall promptly respond in a manner that is not deliberately indifferent. Holiday Celebrations

SoWashCo Schools is committed to equity, inclusivity and personalized learning for each student. We will celebrate our students in a culturally responsive manner without inserting our own personal views, opinions and beliefs. Educating students about religious holidays is acceptable, however, celebrating them with school resources is not because no one holiday is universal. We will not create an environment where a student does not feel included because they do not recognize the holiday being celebrated. All staff are responsible to ensure that any holiday or a themed-activity has an educational purpose and is inclusive of all students.

X	X	X

Students may freely express their points of view provided they do not seek to coerce others to join in their mode of expression and provided they do not otherwise intrude upon the rights of others, or violate existing school policies. Schools, in partnership with students and the community, develop and agree upon the times and scenarios for academic language versus social language. In no instance will hate speech, defamatory language, or language intended to intimidate be permitted. The following definitions can be found in [Policy 102.1 Racial Equity and Inclusion](#):

Students may be assigned a locker and will be responsible for that locker for the year (Elementary students may share lockers at times). A locker is a storage place for items that are used daily while at school. Lockers should be kept neat and clean and will be inspected from time to time by school administration when deemed necessary. Locker clean-outs will be conducted by school staff at the end of each school year, including the disposal of remaining contents.

Students should take extra precautions to safeguard their belongings from theft. Expensive items should not be brought to school and stored in the student's locker. If it is necessary to bring such items to school for a class presentation or program, these items can be securely stored in the main office or upon request, within an area such as a departmental office. The school or district is not responsible for the theft or loss of a student's belongings.

Racial Equity and Inclusion

Elementary	MS	HS
X	X	X

SoWashCo will provide a welcoming, respectful, and inclusive environment for learning and success for each child. We will accomplish this by continuously examining our policies and practices to remove obstacles that contribute to systemic inequities. We are responsible for nurturing anti-racist learning environments where students, staff, administrators, school board members, and families are respected and valued with respect to culture, race, and ethnicity. In developing and implementing its equity plan we commit to honor the following five agreements:

- We will actively create a safe space to engage in conversations around race, ethnicity, and culture.
- We will put ourselves in positions to listen and value all voices, with intentional amplification of historically underrepresented or undervalued voices and perspectives.
- We will provide a common definition of equity for the school district and our work.
- We will continually and transparently assess and measure progress toward our purpose.
- We will prioritize representation of students, staff, and parents/legal guardians in all aspects of the organization to the degree possible.

DEFINITIONS

- Educational Equity - The creation of policies and procedures.
- BIPOC - Racially and ethnically Black, Indigenous and People of Color - this term refers to people who identify as non-white.
- Culturally Responsive Teaching - An educator's ability to recognize students' cultural displays of learning and meaning and respond positively and constructively with teaching moves that use cultural knowledge as a scaffold to connect what the student knows to new concepts and content to promote effective information processing. All the while, the educator understands the importance of being in a relationship and having a social-emotional connection to the student to create a safe space for learning (Hammond, 2015).

- Culture - Term which encompasses the social behavior and norms found in human societies, as well as the knowledge, beliefs, arts, laws, customs, capabilities, and habits of the individuals in these groups.
- Hate Speech - "Hate speech" means speech that lacks serious literary, artistic, political, or scientific value and: (1) disparages or demeans a person or group based on protected class status; (2) targets a person or group based on protected class status; or (3) threatens or harasses a person or group based on protected class status.
- "Speech" means any form or expression that is intended to convey a particular message and is likely to be understood by those who view it or hear it. Speech can take many forms. Examples include, but are not limited to, written, verbal, and electronic words, statements, or expressions; images and graphic representations; messages on clothing, jewelry, and buttons; and posts on social media platforms.
- Government Speech - speech or expression by or on behalf of a governmental entity, including a public school district. In determining whether speech is "government speech," courts consider: (1) whether the governmental entity established the message; and (2) whether the governmental entity exercises control over the content and dissemination of the message.
- Ethnicity - Fact or state of belonging to a social group that has a common national or cultural tradition.
- Equity - The creation and enforcement of systems which are created in ways which provide equal opportunity and are inclusive of Black people, Indigenous people, and People of Color.
- Equality - Providing the same systems and support to all students.
- Power - The capacity or ability to direct or influence the behavior of others or the course of events.
- Prejudice - Dislike, hostility, or unjust behavior deriving from unfounded opinions.
- Privilege - Unearned and most times unacknowledged societal advantage that a restricted group of people has over another group.
- Race - A socially constructed way of categorizing people by skin color or region of origin.
- Racism - Prejudice plus power. Prejudice against a particular racial group, and power to enforce the prejudice.
- Racist - Racist systems are those which were and are created in a way which prejudice against or are excluding of Black people, Indigenous people, and People of Color (BIPOC). Individual acts of racism are born out of systems which produce an ideology of superiority for one race and inferiority of another.

SoWashCo commits to implementing the Board approved Resolution supporting racial equity and that Black lives matter. This resolution includes the following action steps:

1. We believe that Black lives matter.
2. We condemn all forms of bullying and discrimination.
3. We condemn hate speech and systematic racism directed at Black, Indigenous and people of color.
4. We condemn all manifestations and expressions of racism, xenophobia, discrimination and ethnic or racial intolerance.
5. We believe that an accurate understanding of the past is necessary to build a successful vision of the future that works for each student. We cannot value the lives of Black, Indigenous and people of color (BIPOC) without teaching their history, recognizing the contributions of BIPOC leaders, and celebrating the sacrifices and achievements that were necessary to move us closer to the fulfillment of America's promise of justice and equality for all.
6. We will create a curriculum review process that incorporates accurate portrayals of Black, Indigenous and people of color. (Policies 603 and 616)
7. We will foster a culture of anti-racism and take all legal steps necessary to further racial equity within our schools, departments, and buildings through the creation of a racial equity plan for the academic achievement and mental/social-emotional well-being of each student.
8. We will provide professional development opportunities for staff that focus on combating systematic and institutional racism and further develop the attitudes, skills and beliefs that are necessary to support each student and their families.
9. We will create and foster school environments that promote respect for and curiosity about all cultures and that affirm equal humanity of all students, staff members, families, and community members.
10. We will adopt the following messages as official government speech: "We believe Black lives matter." The Superintendent is asked to promote this government speech across the district and to approve additional messaging, signage and visuals that are consistent with this government speech and that further the work to support racial equity.
11. We will seek to amplify diverse perspectives in support of students of color, their families, and educators. We will pledge to leverage those concerns and aspirations to inform our decisions.

12. We will incorporate equity into all district decision making, school board policy review and curriculum adoption processes.

Any person who believes that they are the victim of racial harm or who has knowledge of an act of racial harm shall report the information immediately. The district will investigate and take appropriate action.

Recess

Elementary	MS	HS
X		

Students will play outdoors for recess when weather permits. It is an important time for play and social interaction for students. Students must wear appropriate clothing for the weather. During the winter months, this includes snow pants, boots, hats and mittens. Students are expected to follow the playground rules. Indoor recess will be held when the actual temperature is at zero degrees or below, or the wind-chill is -10 degrees or below. It is best to assume that students will participate in outdoor recess, and to dress them accordingly.

Recess Detention

"Recess detention" means excluding or excessively delaying a student from participating in a scheduled recess period as a consequence for student behavior. In the event, recess detention is assigned, the school must make a reasonable attempt to notify a parent or guardian within 24 hours of using recess detention. The school will not use recess detention based on incomplete schoolwork. Recess detention may be assigned if:

- I. A student causes, or is likely to cause, serious physical harm to other students or staff;

- II. the student's parent or guardian specifically consents to the use of recess detention; or
- III. for students receiving special education services, the student's individualized education program team has determined that withholding recess is appropriate based on the individualized needs of the student.

Safety and Security: Drills and Evacuation

Elementary	MS	HS
X	X	X

The safety of students on campus and at school-related activities is a high priority of the district. The school district has developed a Crisis Management Policy which addresses a range of potential crisis situations in the school district. While district-wide safety procedures are in place, staff, student and parent/legal guardian/legal guardian cooperation is essential to ensuring school safety.

SoWashCo Schools uses the [Standard Response Protocol](#) which is based on five actions for safety. The Standard Response Protocol (SRP) utilizes clear common language while allowing for flexibility in protocol. There are five specific actions that can be performed during an incident. When communicating these, the action is labeled with a "Term of Art" and is then followed by a "Directive." Execution of the action is performed by active participants, including students, staff, teachers and first responders. The SRP is based on the following actions: Hold, Secure, Lockdown, Evacuate, and Shelter.

Situations where the above procedures are to be followed include:

- Practice fire drill (evacuation)
- Actual fire threat or bomb threat (evacuation and/or hold)
- Power outage or gas leak (evacuation and/or hold)
- Tornado drill/warning (shelter)
- Terroristic threat (evacuation and/or lockdown)

Students and staff are trained on these procedures and practice drills throughout the school year. In any crisis situation, students are required to comply and fully cooperate immediately with any and all instructions given by the teacher or from the P.A. System. For more information visit our website at:

School Emergency Closing Procedures

Elementary	MS	HS
X	X	X

There may be some rare storms or situations that require SoWashCo Schools to close district buildings and cancel schools, programs and all activities. Cancellations may occur due to snow, ice or hazardous road conditions that make it extremely hazardous or impossible for school buses to travel their routes. In addition, cancellations may occur if the expected forecast for 6 a.m. shows that the wind chill will be -35 Fahrenheit or colder and the National Weather Service issues a wind chill warning. For more information visit

Student Publications and Distribution of Materials

Elementary	MS	HS

The school district's policy is to protect students' free speech rights while, at the same time, preserving the district's obligation to provide a learning environment that is free of disruption.

The school district may exercise editorial control over the style and content of student expression in school-sponsored media as defined in Policy 512 publications and activities. Advisors are charged with supervising students to ensure compliance with the law and school district policies. Students producing school-sponsored media and participating in school activities will be under the supervision of a student

media advisor and the school principal. Expression in school-sponsored media or school-sponsored activity is subject to school district editorial control over the style and content when the school district's actions are reasonably related to legitimate pedagogical concerns. School sponsored media may be distributed at reasonable times and locations

Distribution of Non School-Sponsored Materials on School Premises [**]

The school district recognizes that students and employees have the right to express themselves on school property. This protection includes distributing nonschool-sponsored material, subject to school district regulations and procedures, at a reasonable time and place and in a reasonable manner. Any person desiring to distribute literature to students in school or on school property must receive prior approval from the principal. The principal may permit the distribution of pamphlets or other printed material as long as such distribution is related to school curriculum or the health and welfare of the students and as long as

it would not result in the disruption of the educational process or be a violation of any federal, state or municipal law.

[Policy 505 Student Distribution of Materials on School Property](#)

School-Sponsored Student Publications

The school district may exercise editorial control over the style and content of student expression in school-sponsored publications and activities. School staff shall supervise student writers to ensure compliance with the law and school district policies. Students producing official school publications and participating in school activities will be under the supervision of the school principal or designee. "Official school publications" means school newspapers, yearbooks, or material produced in communications, journalism, or other writing classes as part of the curriculum.

Expression in an official school publication or school-sponsored activity is prohibited when the material:

- Is obscene to minors;
- Is libelous or slanderous;
- Advertises or promotes any product or service not permitted for minors by law;
- Encourages students to commit illegal acts or violate school regulations or substantially disrupts the orderly operation of school or school activities;
- Expresses or advocates sexual, racial, or religious harassment or violence or prejudice;
- Is distributed or displayed in violation of time, place, and manner regulations.

Expression in an official school publication or school-sponsored activity is subject to school district editorial control over the style and content when the school district's actions are reasonably related to legitimate pedagogical concerns. Official school publications may be distributed at reasonable times and locations.

Social Media

Elementary	MS	HS
X	X	X

Often students report to school administration that they have received inappropriate, intimidating, threatening and/or unwanted communication from a fellow student outside of school through social media. In some cases when this activity takes place off-campus, school sanctions do not apply. For this reason, parents/legal guardians are encouraged to closely monitor or curtail their students' use of social media. In serious situations, parents/legal guardians may need to contact the police directly and follow up with an informational call to the school. When social media activity is

found to be negatively impacting the learning environment, school administration will intervene and school sanctions may apply.

Student Release to Authorized Persons

Elementary	MS	HS
X	X	X

During the school day, a student may only be released to authorized persons listed on the student's emergency card and/or identified on the Infinite Campus Student Information System (In the absence of a court order). Exceptions require a signed note from the custodial parent/legal guardian. Phone calls and verbal requests will not be accepted without additional verification. The School District will contact the custodial parent/legal guardian when there is a question or concern regarding the release of a student. The School District may also require some form of identification.

Technology and Internet Acceptable Use

Elementary	MS	HS
X	X	X

All school district students have conditional access to the school district's computer system, including Internet access, for educational purposes, including use of the system for classroom activities, educational research, and professional and career development. Use of the school district's system is a privilege, not a right.

Guidelines for the use of Computer Technology, Internet, and District Networks

1. Users may use only those computer accesses authorized by the District.
2. Students will receive training in use of the Internet and a review of these rules and guidelines.
3. Users should be aware that the Internet is not guaranteed to be private.
Students should always have a specific Internet topic approved by a teacher.

All data created, stored or transmitted on school provided technology can and will be monitored. Users, employees and students, have no right to privacy in any such data.

4. Software, images or other files may be downloaded from the Internet only for use with a school assignment. Such items must be placed in a location specified.
5. Users will not access any material that portrays race, religion, creed, national origin, gender, sex, marital status, economic status or disability in an inappropriate, hateful or explicit way.
6. Users will be courteous and respectful in their messages to others. Fraudulent, harassing, or obscene messages or materials should not be sent, used or stored. If such materials are encountered, the teacher or supervisor should be immediately informed. Devices should not be used to record class activities or others without consent. Harassment is defined as the persistent annoyance of another user, or the interference in any way of another's work.
7. Student email is permitted in the school setting if staff manages it and the email is directed toward a specific educational purpose or project. Buildings have the discretion of allowing students to access personal email accounts under guidelines developed by the building.
8. Vandalism will not be tolerated. Vandalism is defined as any malicious attempt to harm, modify or destroy data of another user, the Internet, South Washington County or other networks that are connected to our school networking system. The South Washington County system may not be used for illegal or criminal purposes or for personal profit. Attempts to read another person's electronic mail or other protected files will be subject to discipline according to district policy. Never assume email is private.
9. For their safety, students will not send any personally identifiable information over the Internet about themselves or others, including but not limited to, home or school address, or phone or credit card numbers, or their full name.
10. Users will not seek out, modify, use or obtain copies of files, data or passwords belonging to others without permission.
11. Users will not attempt to damage or degrade the performance of any computer or any part of the computer network system, or change any default

settings, or enter any part of the system where specific authorization has not been given.

12. To avoid unwanted financial obligations, parents/legal guardians, students and staff should be aware that it is possible to purchase goods and services via the Internet. The District is not liable or responsible to pay for any goods or services purchased by users without authorization, whether it be intentionally or unintentionally.
13. No one may install any software or establish a resource on any computer, or on the District network without the explicit consent of the school's technical support personnel.
14. Users will respect legal protection provided by copyright laws, software licensing and trademarks.

Testing - Statewide

Elementary	MS	HS
X	X	X

Participating in statewide assessments helps families see a snapshot of their student's learning so they can advocate for their success in school. High school students can use MCA results:

- For course placement at a Minnesota State college or university. If students receive a college-ready score, they may not need to take a remedial, noncredit course for that subject.
- For Postsecondary Enrollment Options (PSEO) and College in the Schools programs.

English learners who take the ACCESS or Alternate ACCESS and meet certain requirements have the opportunity to exit from English learner programs. Statewide assessments also provide information to our schools and district about how all students are engaging with the content they learn in school.

Student participation in state and locally required assessments is a parent/guardian choice. If you choose to have your student not participate in a statewide assessment, please complete the [Opt Out Form](#) and return it to your child's school.

Contact your student's school to learn more about locally required assessments. Learn more about the statewide required assessments by visiting the MN Department of Education Statewide Testing webpage: <https://education.mn.gov/MDE/fam/tests/>

Transportation Guidelines

Elementary	MS	HS
X	X	X

The school district will provide transportation to and from school, at the expense of the school district. While state law requires the transportation of students who live more than two (2) miles from school, SoWashCo has established:

- Elementary students (K-5) living more than one (1) mile from their designated attendance center will be provided transportation.
- Middle School (6-8 grade) students living more than 1.5 miles from their designated attendance center will be provided transportation.
- High School (9-12 grade) students living more than 2 miles from their designated attendance center will be provided transportation.

Transportation will be provided on all regularly scheduled school days or make-up days, except for those students whose transportation privileges have been revoked or have been voluntarily surrendered by the student's parent/legal guardian.

Transportation will not be provided during the summer school break, except in certain circumstances. For more information visit

<https://www.sowashco.org/services/transportation>

[Policy 707 Transportation of Public School Students](#)

Students who ride buses will be issued an RFID card that is used to identify the student boarding the bus. The Bus ID provides the name of the student with no student photo. The Bus ID is issued with a plastic luggage-style loop and is best utilized when tethered to the student backpack with the provided luggage loop. A new Bus ID will be issued each school year. Students are expected to:

- Tether with the luggage tag to the student's backpack on the right shoulder strap.
- Entering the bus: Students will enter the bus and place their Bus ID onto the RFID reader. An audible tone will be heard indicating that the Bus ID has been read.

- When exiting the bus, students approach the front of the bus and as they exit, place their Bus ID onto the RFID reader. An audible tone will be heard indicating that the Bus ID has been read.

If a student is assigned to the bus roster but forgets or otherwise does not have their Bus ID, they must inform the driver of their first and last name. The driver may then manually “board” the student by using the tablet or reference a printed roster. The student must inform the bus driver as they “disembark” so their exit can be recorded.

Request for Replacement ID: Families may request a replacement Bus ID card if the original was lost/destroyed by submitting an online request at [SoWashCo Bus ID Request](#) or by calling the Transportation Office at 651-425-5303.

Students Without a Bus ID: The driver will request the student's name and inform the student they must have a Bus ID to ride the bus. Within the Tyler Drive Tablet, the driver may manually select the student to board/disembark from the active bus roster. Alternatively, the driver may utilize a printed roster, verify the student is active, and make note of days without Bus ID.

Students’ Non-Compliance: If a student does not present a Bus ID for 5 consecutive days or shows a pattern of non-compliance in presenting Bus ID, the driver must submit a behavioral report to the Transportation Office. Office staff will then follow-up with the student’s parents for resolution.

Video Surveillance and Audio Recording

Elementary	MS	HS
X	X	X

School Buses

All school buses used by the school district may be equipped for the placement and operation of a video camera. The school district will post a notice in a conspicuous location informing students that their conversations or actions may be recorded. The

school district may use a video recording of the actions of student passengers as evidence in any disciplinary action arising from the students' misconduct on the bus.

[Policy 711 Video Recording on School Buses](#)

Places Other Than Buses

The school district buildings and grounds may be equipped with video cameras. Video surveillance may occur in any school district building or on any school district property. Recorded video will be viewed by school district personnel on a random basis and/or when problems have been brought to the attention of the school district. Security camera usage is prohibited in any space where there is a reasonable expectation for privacy (including but not limited to; restrooms, changing rooms, private health offices and locker rooms).

All visitors will be required to sign in and to wear a "visitors badge" while in the building during the school day. Visitors must have the approval of the principal before visiting a classroom during instructional time. An individual or group may be denied permission to visit a school or school property, or such permission may be revoked, if the visitor does not comply with school district procedures or if the visit is not in the best interests of the students, employees, or the school district.

Students are not allowed to bring visitors to school without prior permission from the principal.

Volunteers

Elementary	MS	HS
X	X	X

Many enriching and worthwhile experiences are provided to our students by classroom volunteers. Parents interested in volunteering should contact their child's teacher or the school office. Volunteers will be asked to abide by our confidentiality expectations and review/sign the "Volunteer Guidelines Form" in order to work in our classrooms/attend field trips. Parents may not bring preschool children into classroom settings when volunteering.

VOLUNTEER BACKGROUND CHECK

Volunteers play an important role in the education of our children. A volunteer handbook has been created and is available in our school offices and at the South Washington county webpage to make sure the experience is as enriching and rewarding for all involved. Student safety is always a top priority so volunteers are asked to sign in and out at each school.

As per School Board policy, criminal background checks will be required of volunteers in specified assignments such as field trips, athletic or academic coaching and any non-staff supervised activity. Additionally, volunteers who are in the same classroom or activity more than 2 times per month will also be required to have a background check. Our School District respectfully asks the volunteer to pay the cost (\$17.75) for the background check. We will cover the cost of the background check if it is a hardship to you. Please inform your school or department Office Coordinator if payment is a hardship. Forms are available in your school office or on our website at <https://www.sowashco.org/get-involved/volunteer>

Other pesticides and herbicides are used on an as-needed basis when there are no students or employees in the building.

Estimated inspection schedules and possible treatments are available at each school's office. To obtain this information, send a written request to the office coordinator of the school your child attends.

If you would like to be notified prior to pesticide or herbicide application, or if you have any questions about this or any other health or safety issue, you may feel free to direct them to Wendy German, Health and Safety at wgerman@sowashco.org.

Search of Student Lockers, Desks, Personal Possessions, and Student's Person [*]

Lockers and Personal Possessions Within a Locker

Under Minnesota law, school lockers are school district property. At no time does the school district relinquish its exclusive control of lockers provided for students' convenience. School officials may inspect the interior of lockers for any reason at any time, without notice, without student consent, and without a search warrant.

Students' personal possessions within a school locker may be searched only when school officials have a reasonable suspicion that the search will uncover evidence of a violation of law or school rules. As soon as practicable after the search of a student's personal possessions, the school officials will provide notice of the search to students whose lockers were searched, unless disclosure would impede an ongoing investigation by police or school officials.

Desks

School desks are school district property. At no time does the school district relinquish its exclusive control of desks provided for students' convenience. School officials may inspect the interior of desks for any reason at any time, without notice, without student consent, and without a search warrant.

Personal Possessions and Student's Person

The personal possessions of a student and/or a student's person may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law or school rules. The search will be reasonable in its scope and intrusiveness.

Detection Dogs

Detection dogs may be used when a school or the school district has reason to believe it will be a useful preventative measure. Detection dogs may sniff lockers, desks, motor vehicles, and other inanimate objects. Detection dogs may not sniff students or other persons.

The use of detection dogs may be done announced or unannounced, at the discretion of the school administration in conjunction with their assistant superintendent. The school administration, their assistant superintendent, and the Communications Department will collaborate about whether notification to families is appropriate and, if so, the message and the delivery method.

Students wanting to conduct a survey that is not part of a course must receive principal approval.

Vehicles and Parking on Campus [**]

Visitors are permitted to park in designated school district visitor parking areas. Unattended vehicles left in other locations on school district property may be towed at the owner’s expense.

The school district allows limited use and parking of motor vehicles by students in school district locations. For more information see the Parking and Vehicle Use on School District Property Section in Student Rights and Responsibilities.

School officials may conduct routine patrols of student parking lots and other school district locations and routine inspections of the exteriors of the motor vehicles of students. Such patrols and inspections may be conducted without notice, without student consent, and without a search warrant.

The interior of a student's motor vehicle, including the glove and trunk compartments, in a school district location may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law and/or school policy or rule. The search will be reasonable in its scope and intrusiveness. Such searches may be conducted without notice, without consent, and without a search warrant. A student will be subject to loss of parking privileges and to discipline if the student refuses to open a locked motor vehicle or its compartments under the student's control upon a school official's request.
