

Prop 28

Redwood City Estimated Allotment 2024- 2025

Proposition 28, passed by voters in the fall of 2022, adds The Arts and Music in Schools— Funding Guarantee and Accountability Act to the California Education Code to provide a minimum source for annual funding to “supplement arts education programs” for pupils attending K–12 public and charter schools.

Beginning with fiscal year 2023–24, funds will be allocated by the California Department of Education (CDE) to each local educational agency (LEA). The distribution will be based on enrollment.

- 70 percent will go to schools based on their share of statewide enrollment.
- 30 percent will go to schools based on their share of low-income students enrolled statewide.

The actual amount of funding will be published by the Director of Finance in the annual May revision of the Governor's budget. At this time, we have planned for the following distribution, based on information from School Services of California.

**Process for determination of Prop 28:**

School sites determined site needs by doing a school survey to parents, staff and students to determine the priority for each site to allocate funding for Prop 28. Some school sites will supplement with other school funding sources in order to be able to provide 1.0 full time teachers (FTEs). School Site council at each school site approved the usage of the funding for Prop 28 after reviewing the surveys.

Materials portion of the Prop 28 will support Art integration for sites that have a STEAM focus, for training the instructor as well as purchasing of materials to support or enhance art instruction at the school site.

Finally, in accordance with Prop 28, districts must:

- Submit an annual board-approved report "in a manner determined by the Superintendent"
- Post how funds were spent on their websites.

Financial impact: Prop 28 estimated funding: \$1,053,866
