WELCOME!

The Oakland Schools Technical Campuses (“OSTC”) offer unique environments that provide the best structure possible for you to receive the technical, academic, and workplace skills necessary to pursue your career pathway. You will notice a number of differences between OSTC and most other schools. These differences include the following:

Enrollment Eligibility

An eligible Student may only enroll in one session per semester. Sessions are held in the morning, afternoon and on a limited basis in the evening. Please refer to [Policy 8040 – Technical Campus Enrollment](#) for more information on Student eligibility.

Programs

Our educational and training opportunities are structured within offerings we call programs. These programs are developed around broad occupational areas and contain many different but related career training options for Students. These programs are staffed by a team of specialized instructors who possess both a Michigan Teaching Certificate and Career Technical Education Authorization. This ensures that the instructional team has both the technical expertise and the knowledge of best instructional methodologies.

These instructional teams are supported by or include academic staff. The programs are designed to facilitate learning, not just deliver a sequence of instruction. This allows the Student to better manage their instruction plan, work cooperatively with other Students and progress at their own pace. Programs allow OSTC to provide the highest level of curriculum, meet the needs of a diverse Student population and maintain the highest level of quality possible.

ACADEMIC COURSE OFFERINGS

Students can receive embedded math and science academic credit as part of their OSTC curriculum. These courses are delivered using the collaborative teaching model of highly qualified academic instructors and highly qualified Career Technical Education (“CTE”) Instructors right in their career program. This additional academic credit must be requested by the Student through their high school counselor.

AdvancED

Oakland Schools and the four campuses are accredited through AdvancED, which is the global parent organization of several of the larger US-based accreditation agencies. AdvancED brings together more than 100 years of experience and expertise in school accreditation and serves more than 27,000 public and private schools and districts across the United States and 69 countries, encompassing more than 15 million Students. The Michigan AdvancED works closely with the State of Michigan to coexist with its accreditation and school improvement policies. The AdvancED accreditation process is a comprehensive program supported by research based standards designed to help schools, districts, and education providers continuously improve. For more information about AdvancED, visit: www.advanc-ed.org.

Direct Engagement of the Business Community, Colleges and Universities

OSTC is directly engaged with hundreds of regional businesses in Oakland County and advisory committees for curriculum and instruction that provide: sharing of technology, training opportunities for Students in the workplace, sponsorship of Student organizations, donations, mentors, coaches, alignment of training programs that may provide advanced placement opportunities and national licensing and/or certification for Students. Due to these relationships, Students will be directly involved with technical and professional level experts in the classroom and field throughout the year.

ADMINISTRATION AND SERVICES

Administrative Office

All visitors to an OSTC must report to the administrative office (“Main Office”) upon entering the building to sign-in and to sign-out prior to leaving. Main Office hours are 7:00 AM to 3:30 PM during the school year. Hours may be adjusted to accommodate after-hours enrichment activities and programs. Please refer to [Policy 9400 – Visitors](#) for detailed information concerning visitors of an OSTC.

Student Support Team

OSTC’s Counselor, Student Support Specialist, Special Populations Consultant, and the School-to-Career Coordinator (“Student Support Team”) are available for counseling, school-to-career experiences, learning resources, assessment, and other essential services.

- **Counseling/career guidance** - OSTC staff provides support to Students, coordinates resources and services such as educational planning, career planning, and/or provides support for issues or challenges. Students should contact their Student Support Team for these services.
- **Academic support** - Academic support, remediation or advanced levels of study are available to Students. Students may be referred for service by their OSTC Instructor, OSTC Counselor, Sending School counselor, or other Sending School support person.

SCHOOL-TO-CAREER OPPORTUNITIES

Work-based Learning

Paid and unpaid Work-based Learning opportunities (“WBL”) are available to Students through OSTC who meet qualification requirements (interest, technical knowledge and skills, attendance, and behavior).

Paid opportunities – Field experience, Internship, School-to-Registered Apprenticeship, Cooperative Education (provided by Sending School).

Unpaid opportunities – Job Shadowing, Coaching, Mentorship, and Externships.

Students on a WBL placement are expected to maintain a “C” or better average in class, attend and perform job duties as outlined in the Training Agreement and Training Plan, and turn in timesheets weekly. Failure to remain in compliance with the job duties as outlined in the Training Agreement and Training Plan may cause

suspension and/or termination of the Training Agreement. Students participating in WBL must have both a signed Training Agreement and Training Plan. These documents require the signatures of the Dean, Instructor, School to Work Coordinator, employer, parent/legal guardian (“Parent”) and Student.

Students eligibility for placement in WBL is contingent upon the timely submission of all required documents, including applications, approvals and consent procedures.

Transportation to and from a WBL site shall be the responsibility of the Student and Parent (documented in the Training Agreement). Students driving to and from WBL sites are expected to have dependable transportation, a valid driver’s license, a good driving record, and current automobile insurance. The mode of transportation, beginning and ending travel locations, and who will provide transportation must be documented in the Training Agreement.

OSTC WBL is designed to provide the Student the experience of preparing for a career; however, no guarantee of employment is promised upon completion.

Student Leadership Experiences

OSTC provides Students with a variety of leadership and competitive experiences with state and nationally approved Student professional organizations. OSTC also participates in technical skill competitions and industry-based professional organization events such as American Welding Society (AWS), Business Professionals of America (BPA), DECA, FIRST Robotics, Health Occupation Student Association (HOSA), Michigan Industrial and Technology Education Society (MITES), Micro-Electric Vehicle Competition, National FFA Organization (FFA), National Technical Honor Society (NTHS), Oakland County Competitive Robotics Association (OCCRA), ProStart, SkillsUSA, and VEX Robotics.

Grades, Credit, Certificates and Certification

Students who attend OSTC have the opportunity to earn a letter grade, a listing of achieved technical competencies, high school credit, and certificates. Additionally, Students may qualify for college credit and may earn occupational certification/licensing from state and national organizations or agencies.

Career Ready Practices

Career Ready Skills are a set of behaviors and attitudes applicable to all programs and career options. Career Ready Skills are developed through observation, evaluation, and feedback to the Student.

Career Ready Skills are part of the grading process and is computed as 30% of the Student grade (problem solving, communication, collaboration, personal management) by their Instructors.

Make-up Work

It is the Student's responsibility to obtain make-up work and timelines for completion from the Instructor when they are absent from OSTC. Missed tests or assignments scheduled with the Student prior to the absence must be completed on the day of return to school, under the Student's individual plan, or at the Instructor's discretion.

Make-up work for verified absences can be scheduled with the Student's Instructor. Make-up work for unverified absences is at the discretion of the Instructor and could result in a reduced grade on missing tests, projects, assignments, and/or quizzes.

Grades

Grades are based on the demonstration of academic and technical proficiency or mastery (70%) and Career Ready Skills (30%). Course credit is recommended when a Student earns a passing grade (A, B, C, D) for the final mark in a course.

A Student can experience a grade reduction by receiving a series of unsatisfactory academic or technical and Career Ready Skills evaluations.

Credit

OSTC will recommend high school credit for Students based on the local district requirement (generally 1.5 credits per semester/1 credit per trimester) upon successful completion of the program requirements. All recommended credits will be compiled by the Sending School for graduation requirements. Articulated and direct credits for college courses may be available based on agreements with many post-secondary institutions. Credit awards for Students will be based on Student achievement and the agreement with the particular post-secondary institution.

Incompletes

In extenuating circumstances, a Student may receive a grade of "incomplete" for a marking period. In these cases a Student will be allowed to complete unfinished work (within an agreed upon timeline) and be re-issued a grade for the marking period. In these cases, the Student will be informed of the specific work requirements and the timeline for submitting the completed work.

Skill-based Certificate

Students may qualify for a Certificate of National Skills Standards. A National Skills Standard Certificate signifies that the Student has demonstrated competency in all performance skill standards related to National Skill Standards, licensing and/or certification requirements. This includes the successful completion of any national industry-based evaluations.

GENERAL INFORMATION

Security Cameras and Electronic Monitoring

The District recognizes it must balance the rights of personal privacy with its duty to provide a safe environment to learn and work and its responsibility to safeguard District property and equipment.

Use of security cameras

All District property may be monitored with video recording equipment other than areas where a person has a legally recognized and reasonable expectation of privacy (e.g., restrooms and locker rooms), unless such placement is permitted by law and deemed necessary by the Superintendent to protect the safety of Students, Employees, District Invitees, Visitors, other persons, and district property. A person has no expectation of privacy except in those areas where a person has a legally recognized and reasonable expectation of privacy.

Use of security cameras may occur in any District building or on any District property for non-instructional purposes:

- To monitor and protect District property;
- To foster the safety and security of Students, Employees, District Invitees, Visitors, and other persons while at work or participating in District functions; and
- To assist with Student or Employee discipline, assisting law enforcement or investigations.
- For any other lawful circumstance, if approved by the Superintendent.

Please refer to [Policy 4115 – Security Cameras and Electronic Monitoring](#).

Student Transportation to/from OSTC

Students are requested to use the transportation services provided by their Sending School. It is the responsibility of the Parent to make sure their child arrives in time to ride the bus. Students who ride the bus will not be penalized if their bus arrives after the start of class, but Students providing their own transportation will be marked tardy when arriving late.

Students who elect to drive their personal motorized vehicle (“Vehicle”) to OSTC shall assume all responsibilities connected with transportation. In the event a Student elects to drive, the Student must have on file with the District a Student Driving/Parking Agreement Form signed by their Parent. A \$5.00 fee is required prior to the issuance of the parking permit for their Vehicle.

Please refer to [Policy 8640 – Student Transportation and Use of Motorized Vehicles](#) for more information.

Dress Code and Safety Requirements

The style and manner in which a Student dresses while attending OSTC is the responsibility of the Student and Parent. Oakland Schools adopts this Dress Code to ensure that Student attire does not interfere with Student health or safety or contribute to a hostile or intimidating atmosphere for any Student, and that the dress code and its enforcement does not result in discrimination or marginalization of any group based on race, ethnicity, religion, sex, gender identity, gender expression, sexual orientation, body type/size, or household income.

1. Clothing must be worn in a way such that genitals, buttocks, and breasts are fully covered with opaque fabric. All items listed in the “must wear” and “may wear” categories below must meet this basic principle.
2. Students must wear, while complying with #1, above:
 - A shirt (with fabric in the front, back, and on the sides under the arms), **AND**
 - Pants/jeans or the equivalent (for example, a skirt, sweatpants, leggings, shorts, or a dress), **AND**
 - Shoes.
3. Students may wear,* provided these items do not violate #1, above:
 - Hats, headscarves, hoods, and other headwear, provided the Student can be identified by staff
 - Religious headwear
 - Fitted pants, including opaque leggings and skinny jeans
 - Athletic attire
 - Ripped jeans
 - Tank tops, including spaghetti straps, and halter tops

*As discussed below, programs with uniforms or clothing requirements may have more specific clothing requirements than those provided above.

4. The following is prohibited
 - Wearing undergarments or swimwear in lieu of a shirt and pant/jeans (or the equivalent), as discussed in #2, above

- Clothing and accessories, including purses, backpacks, jewelry, electronic device covers and decals, tumblers, and water bottles, that:
 - Advocate violence or include threats, hate speech, or profanity
 - Display images or language related to drugs, alcohol, vaping, or other conduct that is illegal for minors
 - Depict lewd or sexual images or language
- Clothing that reveals visible undergarments other than waistbands and straps under other clothing
- Clothing or accessories that could be considered dangerous or could be used as a weapon
- Clothing with images or language that create a hostile or intimidating environment based on any protected class
- Bullet proof vests, body armor, tactical gear, or similar items

5. Students must comply with any applicable dress code, uniform requirement, and/or safety procedures of their program, as explained by their Instructor(s). Such requirements may include wearing safety glasses, shop coats, hard-soled or safety shoes, protective aprons, or other types of attire consistent with industry and workplace standards.

OSTC staff may also require Students to wear professional clothing for certain occasions, such as mock interviews, guest speakers, visits to industry partners or prospective employers, and similar activities. Any requirements related to professional clothing shall not discriminate or marginalize students on the basis of race, ethnicity, religion, sex, gender identity, gender expression, sexual orientation, body type/size, or household income.

In addition, Students participating in work-based learning experiences may be subject to a specific dress code in accordance with the work-based learning location. Students who fail to dress according to those standards may be unable to participate in the work-based learning experience, which may impact a Student's grade and attendance.

Student Expression

The District will balance Student speech and expression rights with its responsibility to provide a safe, orderly learning environment. Students may not engage in speech or expressive conduct that would materially and substantially interfere with or disrupt school operations, including school activities and educational programming. An actual disruption is not required before Student speech may be regulated or discipline imposed if it can be reasonably forecast that a substantial and material disruption or interference with school operations may occur.

Please refer to [Policy 7810 – Student Expression](#) for more information.

Assistance Animals for Students

Service animals are permitted on District property except as provided below. A service animal is any dog that is individually trained to perform tasks for the benefit of a person with a disability. A dog whose sole purpose is to deter crime or whose mere presence is to provide emotional support or comfort to the person with a disability is not a service animal. The work or tasks performed by a service animal must be directly related to the person's disability.

A service animal must be under the control of its handler and must have a harness, leash, or other tether, unless the use of such would interfere with the service animal's performance of work or other tasks. The building or program administrator, or their designee, may remove or exclude a service animal from District property or a District-sponsored event if the animal is out of control and the handler does not take effective action to control it; or the animal is not housebroken. The decision to remove or exclude a service animal from District property or a District-sponsored event may be appealed by submitting a request, in writing, to the Executive Director of Student Services.

The District requests that Students with service animals notify the Civil Rights/Title IX Coordinator 30 days before the school year begins, if possible, for preparation and planning purposes.

An emotional support animal is an animal that has not been individually trained to perform a specific job or task for a person with a disability, but its presence provides comfort or emotional support to others. It is an animal that has been prescribed by a qualified licensed mental health professional as part of a treatment program and provides necessary emotional support to an authorized Student with a mental health or psychiatric disability.

A Student may bring an emotional support animal on District property and/or to District-sponsored events only if determined necessary to provide the Student a free appropriate public education, as reflected in the Student's Individualized Education Program (IEP) or 504 Plan, or if permission is given in writing by the Civil Rights/Title IX Coordinator. A request can be made, in writing, by contacting the Civil Rights/Title IX Coordinator:

Jacqueline Zablocki
Civil Rights/Title IX Coordinator
2111 Pontiac Lake Road
Waterford, Michigan 48328
(248) 209-2185
Jacqueline.Zablocki@oakland.k12.mi.us

Additional information may be requested after the initial request is made.

Rights of Non-Custodial Parents

Absent production of a court order that provides otherwise, the District will treat each Parent, regardless of custody or visitation rights, the same as to accessing Student records, meeting and conferring with the Employees, visiting their Student at the Technical Campus, and transporting their Student to or from the Technical Campus. Except as required by court order, the District is not responsible for enforcing visitation or parenting time orders to which the District is not a party.

ACADEMIC CONDUCT

It is expected that Students only submit their own original schoolwork for credit. Academic misconduct occurs when a Student submits work which is not their own.

- **Homework** – Copying the homework of another Student and representing it as their own work violates this Policy.
- **Closed Book Quizzes, Tests, and Assignments** – The completion of closed book quizzes, tests, and assignments are limited to the designated testing period with no unauthorized verbal or nonverbal communication or assistance such as looking at another Student's paper, having unauthorized material available for use including electronic devices, or securing test information from other Students.
- **Open Book Tests** – Excluding the specific resources an Instructor authorizes for use, the same rules governing closed book quizzes, tests, and assignments are applicable to open book tests.
- **Major Papers, Projects or Take Home Tests** – Plagiarism or the copying of information directly from other sources without proper citation is prohibited. Purchasing, borrowing, or obtaining materials and presenting it as the Student's own work is also prohibited. The Instructor may authorize Students to collaborate on assignments with appropriate guidelines.
- **Unauthorized Access** – Gaining unauthorized access to test materials by going into Instructor files, looking through the Instructor's desk, using electronic means, or obtaining information from an individual who has taken a test previously is prohibited.
- **Other Situations** – Students who provide or receive unauthorized assistance through written, verbal or electronic means are in violation of this Policy. A Student who shares their password or secures the password of another Student to access the Student's work or materials is in violation of this Policy.

STUDENT ATTENDANCE POLICY

All OSTC Students are expected to be motivated and sincerely interested in developing their talents. OSTC staff's concern is with those Students who choose to be absent regularly and frequently.

Students who are frequently absent stifle their opportunity for development and limit their opportunity to gain skills and knowledge that may provide college credit, and career and employment advancement.

In keeping with the mandatory attendance laws of the State of Michigan, the expectations of employers who provide employment for Students and our own beliefs about learning, it is our expectation that all Students will attend school daily. Regular school attendance is the responsibility of the Student and Parent. Poor Career Ready Skills evaluations may impact the Student's grade.

Students with chronic absenteeism (missing at least 10% of school days) in a school year for any reason, verified or unverified, and/or tardiness will be referred to the Dean or Student Support Specialist to be placed on an Attendance Success Plan. Unverified Absences - Grades may be reduced based on missed tests, projects, assignments and/or quizzes.

Student Responsibilities

- Attend school daily and be punctual.
- Understand the importance of good attendance for successful program outcomes.
- Understand the importance of good attendance/punctuality for success in the workplace.
- Be responsible for any missed work.
- Produce any documentation necessary to verify an absence within 24 hours of the absence.

Parental Responsibilities

- Contact the Main Office within 24 hours of the absence, or provide written documentation stating the reason for each day of absence to the Main Office on the day the Student returns in order to have the absence verified.
- Partner with OSTC staff to encourage successful attendance and program outcomes.
- Be part of the intervention plan to improve attendance when necessary. Notify the Main Office of any changes in your contact information.

OSTC Responsibilities

- Notify Parents daily if their child(ren) has an unverified absence in excess of 30 minutes.
- Be committed to a proactive approach to improving Student attendance by implementing an Attendance Success Plan that includes Student, Parent, Instructor, and member(s) of the Student Support Team, when necessary.
- Provide an opportunity for Students to make up work.

Attendance Success Plan

- Calls/contacts will be made to the Parent of any Student who is marked unverified on any given day.
- Instructor and Student Support Team intervention will occur with Students having excessive absences.
- Student Support Team will determine whether to meet with the Student, Counselor, and/or Parent to discuss the situation and initiate an Attendance Success Plan.
- Intervention will also occur when a Student's attendance negatively affects their performance (e.g. revoke or suspend driving privilege).

Definition of Terms

Verified absence - For any absence to be classified as verified, the Student's Parent must call OSTC within 24 hours of the absence or provide written documentation on the day that the Student returns stating the reason for each day of absence.

Verified absences include: personal illness, family illness or family emergency, religious holidays, funerals, legal appearances, prearranged medical or dental appointments which cannot be scheduled outside of school hours.

Unverified absence - For any absence not authorized by OSTC or unconfirmed by Parent communication, the absence will be considered unverified.

Late arrivals/early departures - All Students arriving late or departing early must sign in or sign out at the Main Office. Students missing more than 30 minutes of class will be charged with an unverified absence.

Exceptions - Extenuating circumstances approved by the Dean or Student Support Team member.

Student Early Dismissal Procedure

Students are to remain in their program/course/work area until they are dismissed by the Instructor or the sounding of the bell. Students who have a need or wish to leave OSTC during class time must make a request in the Main Office.

Approval of the Student's request shall comply with [Policy 8090 – Release of a Student During the School Day](#) and guidelines below.

Guidelines for Release of a Student During the School Day

At the time of enrollment and admission to the OSTC, the Parent must complete the required Student's information that shall identify the Student's legal name and the name, address and telephone number of the Student's lawful Parent(s).

No Student shall be released from OSTC to anyone whose signature authorizing such custody is not on file in the Technical Campus Main Office.

Please refer to [Policy 8090 – Release of a Student During the School Day](#) for more information.

Release of a Student During the School Day

In recognition of the District's obligation to Parents for the health, welfare and safety of Students, the Deans shall not release a Student during the school day except in emergencies, or to a Student's Parent as defined by Michigan law. The identification of the Student's Parent shall be verified to the satisfaction of the Dean.

Before releasing a Student during the school day, the Dean or designee shall be responsible for the verification of the identity of any lawful Parent(s) or any representative seeking release of a Student. If a lawful custodian, as indicated on the Student's permanent record, is not recognized by sight, the Dean shall require identification to their satisfaction before such release. If there is doubt, they may refuse to grant the release.

No Student who has a medical disability that may be incapacitating may be released from OSTC without a person to accompany them.

Leaving OSTC Without Authorization

Students leaving OSTC without approval/proper authorization as outlined above will be subjected to disciplinary action.

District-sponsored Student Leadership Organizations

All District-sponsored Student leadership organizations shall be curriculum related. Only Students actually enrolled in and attending OSTC may participate in any District-sponsored Student leadership organizations, co-curricular events, or extra-curricular offerings of the District.

Membership in all Student leadership organizations shall be open to all Students of OSTC without regard to sex, race, color, national origin, religion, height, weight, marital status, sexual orientation (subject to the limits of applicable law), age, or disability. All District-sponsored Student leadership

organizations shall operate within a framework of state and federal law, Board policy and administrative rules and procedures. Persons who are not Students in a local school district and public school academies shall not be allowed membership in any District-sponsored Student leadership organization. Please refer to [Policy 8710 – District-Sponsored Student Leadership Organizations](#) for more information.

Student Publications

Campus-sponsored Student publications is governed by [Policy 8730 – Student Publications](#) and shall be under the control and supervision of the Dean or designated employee representative. All material published in District-sponsored publications must have the prior approval of the employee sponsor.

The Campus reserves the right to prohibit the distribution of publications that are not protected by the right of free expression.

STUDENT DISCIPLINE

The Board is committed to providing Students and staff with a safe learning environment free from substantial disruption. Consistent with this commitment, the District may discipline Students who engage in misconduct, up to and including suspension or expulsion from a District Student program.

The District will take steps to effectively discipline Students in a manner that minimizes out-of-school suspensions and expulsions. The District will comply with applicable laws related to Student discipline, including the consideration of specific factors and possible use of restorative practices.

This Policy applies to Student conduct that occurs:

1. on District property;
2. at a school-sponsored or school-related event;
3. on a school bus or vehicle;
4. while traveling to or from school; and
5. at any other time or place if the conduct has a nexus to a Campus or Student program, substantially disrupts the school environment, or as permitted by law.

Restorative Practices

Before suspending or expelling a Student (except a Student who possesses a firearm in a weapon-free school zone), Employees authorized to issue discipline must first determine whether restorative practices would better address the Student's misconduct, recognizing the Board's objective of minimizing out-of-school suspensions and expulsions. Likewise, consideration as to whether restorative practices should be used in addition to the suspension

or expulsion. Restorative practices, which may include a victim-offender conference, should be the first consideration to remediate offenses such as interpersonal conflicts, bullying, verbal and physical conflicts, theft, damage to property, class disruption, harassment, and cyberbullying. All victim-offender conferences must be conducted consistent with state and federal law and Board policies. No Student who claims to be the victim of unlawful harassment may be compelled to meet with the alleged perpetrator of the harassment as part of a restorative practice.

Discretionary Suspension or Expulsion

Under Michigan law, a suspension of ten or fewer school days is presumed to be reasonable. A suspension of more than ten school days or an expulsion is, in most circumstances, presumed not to be justified. Before imposing a suspension or an expulsion, the Mandatory 7 Factors must be considered. “Mandatory 7 Factors” means the following:

- the Student’s age;
- the Student’s disciplinary history;
- whether the Student has a disability;
- the seriousness of the behavior;
- whether the behavior posed a safety risk;
- whether restorative practices are a better option; and,
- whether lesser interventions would address the behavior.

Due Process

Due process, including appeals, will be provided pursuant to [Policy 8350 – Student Code of Conduct](#).

Students with Disabilities

The District will follow all applicable state and federal laws related to disciplining Students with disabilities. Students with disabilities are entitled to all due process protections afforded to other Students pursuant to [Policy 8350 – Student Code of Conduct](#). For Students with disabilities, the additional procedures and protections in this Policy also apply.

Statewide School Safety Information Policy (SSSIP) & Law Enforcement Reporting

The Superintendent must notify law enforcement when required by the SSSIP and make all other reports and provide all other notifications required by the SSSIP or any state or federal law. Nothing in this Policy limits the ability of a school administrator to contact law enforcement at any other time.

Educational Programming During Suspension or Expulsion

Except as otherwise required by law or as provided in this Policy, a Student who has been suspended or expelled may not be on school property, attend classes or other school functions, or participate in extracurricular activities during the Student's suspension or expulsion without written permission from the Superintendent. Designated Employees may assist Students who have been suspended or expelled to explore alternative means, as allowed by law, to earn credit and to complete coursework during the period of the Student's suspension or expulsion.

Reinstatement Following Expulsion

The Superintendent will consider a petition for reinstatement from an expelled Student or the Parent consistent with this Policy and Revised School Code Sections 1311 and 1311a. The Superintendent shall decide whether to grant a petition of reinstatement submitted in accordance with the District's reinstatement procedures and consistent with state law.

STUDENT CODE OF CONDUCT

The Board believes that an effective instructional program requires an orderly school environment which is, in part, reflected in the conduct of Students.

The Superintendent will develop, maintain, and annually publish in a Student/Parent Handbook a Student Code of Conduct ("Code") applicable for each Board approved District instructional program that shall:

1. Provide rules governing the conduct of Students,
2. Identify offenses that may result in discipline,
3. Identify possible disciplinary consequences for each offense, which may, if appropriate, include suspension or expulsion,
4. Prevent activities that interfere with or threaten Student programs, operations, or safety, and/or which are prohibited by law or Board policy,
5. Address the responsibilities of Students,
6. Include proactive and preventative approaches to discipline and reinforce positive behaviors,
7. Promote a supportive school environment,
8. Endeavor to prevent disparities in the administration of discipline,
9. Consider and be cognizant of the impact of disciplinary action on Students, and
10. Be consistent with applicable state and federal laws and Board Policies.

Administrators and Employees of the District involved with Student conduct are required to understand and comply with the Code. The Code shall be mandatory

and enforced uniformly throughout each District instructional program.

The Code will not limit the legal authority of the Administration and Employees to deal appropriately with types of Student conduct not specifically described in the Code.

Disciplinary action shall be subject to the Student's due process rights pursuant to applicable state and federal laws and accompanying administrative rule.

What Is a Student Code of Conduct?

It is very important that all Students enrolled in an instructional program are given an opportunity to pursue a course of study in a safe, well-ordered school environment free of any and all situations and misconduct that threatens the educational process. The Student Code of Conduct ("Code") assures that all instructional programs and Student activities and events are administered and carried out in an appropriate and orderly fashion for the common good of all Students, Parents, Employees, District Invitees, and visitors.

The Code applies to Students while enrolled in an instructional program, on District property, in District Vehicles, and District-sponsored activities and events. It also applies to behavior on or off District property that affects the safety and welfare of all Students, Parents, Employees, District Invitees, and visitors, if this behavior would or does materially and substantially disrupt the operation of the school environment or educational process.

There are five non-exclusive disciplinary categories that illustrate the kind of behavior or conduct that can result in disciplinary action. These categories are not all-inclusive and any violation could result in maximum discipline depending upon circumstances and District discretion. What follows lists each disciplinary category and likely disciplinary actions applicable to that category.

Prior to recommending or imposing out-of-school suspension or expulsion, the District must consider the Mandatory 7 Factors (See section identified as "Disciplinary Factors"), provide all applicable due process protections (See section identified as "Disciplinary Actions and Due Process for Suspensions and Expulsions"), and follow the requirements applicable to disciplining Students with disabilities (See section identified as "Students Receiving Services Under IDEA, as amended, or Section 504").

For purposes of this Policy, the term

- "Instructional program" shall include all Technical Campuses and the Virtual Learning Academy Consortium (VLAC). It does not include the Accelerated College Experience (ACE).
- "Dean" shall include all of the Deans and the Supervisor of Student Programs.

Category I

Repeated or egregious Category I offenses may result in more serious consequences, including out-of-school suspension or expulsion from the District or the Sending School.

The following are examples of violations in Category I:

1. Showing an excessive/inappropriate display of affection
2. Wandering the hallways
3. Being out of class during class time
4. In a classroom or other District location without permission
5. Loitering, remaining or lingering on District premises without a legitimate purpose and/or without proper authority
6. Having or consuming food or drinks during class time or where prohibited without permission
7. Throwing objects
8. Disrupting the educational process
9. Wrestling or horseplay in class or on District property
10. Wearing inappropriate attire for a school/work setting
11. Being in unauthorized areas
12. Academic dishonesty including plagiarism, cheating, claiming another's work as your own, copyright violations and unapproved use of artificial intelligence

1. The object or instrument possessed by the Student was not possessed by the Student for use as a weapon, or for direct or indirect delivery to another individual for use as a weapon
2. The weapon was not knowingly possessed by the Student

2. The Student has no history of suspension or expulsion

Firearms

Under state law, a Student who possesses a firearm in a weapons free zone (within the meaning of MCL §380.1311 (d)(3)) on District property is required to be permanently expelled from all public schools in the State of Michigan. This may also be true for other offenses as well.

Firearm means: (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silence; or (D) any destructive device. Such term does not include an antique firearm (defined in Title 18 of the United States Code, 18 USC 921).

Weapon free school zone means: school property and a vehicle used by a school to transport Students to or from school property (defined in the Michigan penal code, MCL 750.237a).

Students Receiving Services Under IDEA, as amended, or Section 504

A Student with an IEP or 504 plan has additional protections under IDEA, as amended, or Section 504, respectively, when a disciplinary recommendation would result in a change in placement for the Student. A change of placement generally occurs when a Student is subject to a disciplinary removal from school of more than ten consecutive school days or a pattern of disciplinary removals totaling more than ten (nonconsecutive) school days in the same school year for substantially similar conduct.

If discipline would result in a Student's change in placement, the Student generally has the right to a manifestation determination review to determine if the conduct at issue was related to the Student's disability. When conduct is a manifestation of a Student's disability, the Student must be returned to the placement identified in the Student's IEP or 504 plan unless the parent and school agree on a change of placement or the conduct permits placing the Student in an interim alternative educational setting. OSTC will comply with federal and state requirements for Students with IEPs or 504 plans who may be subject to discipline.

Disciplinary Actions and Due Process for Suspensions and Expulsions

The District shall determine the appropriate Instructor or administrative disciplinary action(s) based on the type and severity of behavior or violation committed while recognizing the importance of safeguarding a Student's constitutional rights, particularly in disciplinary proceedings. The District adheres to what is termed legally as Due Process in administering the disciplinary policy. This simply means that the Student is afforded the opportunity for a fair and reasonable determination of their case. Due Process is available for disciplinary actions that include suspension or expulsion.

Administrative Disciplinary Actions

Student Success Plan

This action requires the Student and Parent to agree to a written Student Success Plan ("Plan") designed to eliminate unacceptable behaviors and increase desirable behavior in accordance with the Code. The Plan must be authorized by the Dean or designee. The Plan will describe the violation, what happened as a result of the violation, and a set of actions by the Student, Parent, Sending School, instructional program, and Employee to correct the problem. The Plan will be monitored for its effectiveness over a specified time period. Necessary modifications will be made. The Plan must be authorized by the Dean. Failure to adhere to the Plan can be grounds for discipline or implementation of any discipline avoided or delayed by the Plan.

In-School Suspension

This action is the denial of the Student access to a regular class or instructional program for up to three school days. The Student is removed from class and assigned to a specific room where classroom assignments will be completed and monitored. An in-school suspension must be authorized by the Dean or Student Support Specialist.

Due Process for In-School Suspension

When the Student's conduct cannot be remedied in the classroom, the Instructor will make a referral to the Dean or Student Support Specialist describing the situation and what remedial attempts have been made. Occasionally, other Employees will observe Code violations outside of the classroom and will make a direct referral to the Dean or Student Support Specialist.

- The referred Student will meet with the Dean or Student Support Specialist and the circumstances or details will be reviewed (the Instructor may or may not be present, at the discretion of the Dean or Student Support Specialist). The Student will have the opportunity to give an explanation and provide evidence on their behalf.
- If a Student is found to be in violation of the Code, they will be informed of the consequences and/or the action plan to address the violation.
- The Dean or Student Support Specialist will attempt to notify the Parent and the Student's Sending School of the action.

The Dean or Student Support Specialist will determine the need for a Parent conference. If, however, the Parent requests a conference, the Dean or Student Support Specialist will honor this request.

Short-Term Suspension

A short-term suspension occurs when a Student is temporarily removed from an instructional program up to a maximum of ten school days. During a short-term suspension, the Student's rights and privileges at the District, including Student activities and events, are suspended.

Before a Student is suspended for ten or fewer school days, the Dean or Student Support Specialist will: (1) provide the Student verbal notice of the offense the Student is alleged to have committed, and (2) provide the Student an informal opportunity to respond and explain what happened. Except in emergency circumstances, the Dean or Student Support Specialist will not suspend the Student unless, after providing the Student notice and an opportunity to explain, the Dean or Student Support Specialist is reasonably certain that the Student committed a violation of the Student Code of Conduct and that suspension is the appropriate consequence. For emergency circumstances, the Dean or Student Support Specialist will provide the Student notice and an opportunity to explain as soon as practicable after the emergency is over. The decision of the Dean or Student Support Specialist is final.

Students may make up work or tests missed during a short-term suspension for credit. It is the Student's responsibility to arrange for make-up work and tests in a timely manner.

Long-Term Suspension

A long-term suspension is when a Student is removed from an instructional program for more than ten school days and fewer than 60 school days.

A long-term suspension may follow a short-term suspension. The Dean shall promptly notify the Executive Director of Student Services of the recommendation for the Student's long-term suspension. During a long-term suspension, the Student's rights and privileges at the District, including Student activities and events, are suspended.

Before a Student is suspended for more than ten school days but less than 60 school days, the Executive Director of Student Services will provide the Parent or Student with: (1) written notice of the offense the Student is suspected to have committed; (2) an explanation of the evidence relied upon by the District in arriving at the conclusion that disciplinary action may be warranted; and (3) an opportunity for a hearing at which the Student may present evidence and witnesses to show that the Student did not commit the alleged offense or that suspension is not an appropriate consequence.

The Executive Director of Student Services will provide the Parent or Student at least three calendar days' notice before the hearing. The Parent and Student may be represented, at their cost, by an attorney or another adult advocate at the hearing.

The Executive Director of Student Services will not suspend the Student unless, following the hearing, they are convinced by a preponderance of the evidence that the Student committed a violation of the Student Code of Conduct and that suspension is the appropriate consequence.

In lieu of, or in addition to, the procedures described above, the Executive Director of Student Services may refer the Student to the Student's Sending School with a recommendation that the Student be suspended. The Student's suspension from the Sending School will result in the Student's corresponding suspension from the District. Nothing in this paragraph limits the District's ability to proceed with a suspension as otherwise described in this section.

Students may not be permitted to make-up practical work for credit missed or participate in work-based learning during a long-term suspension. A Student may not be awarded credit for the semester(s) the Student is on a long-term suspension.

Expulsion

An expulsion is when a Student is removed from a Technical Campus for 60 or more school days. An expulsion may follow a short-term or long-term suspension. The Dean shall promptly notify the Executive Director of Student Services of any recommendation for a Student's expulsion. A Dean shall recommend expulsion for any Category IV or Category V offense as required by law. During an expulsion, the Student's rights and privileges at the District, including Student activities and events, are suspended.

Before a Student is expelled, the Executive Director of Student Services will provide the Parent or Student with: (1) written notice of the offense the Student is suspected to have committed; (2) an explanation of the evidence relied upon by the District in arriving at the conclusion that disciplinary action may be warranted; and (3) an opportunity for a hearing at which the Student may present evidence and witnesses to show that the Student did not commit the alleged offense or that expulsion is not an appropriate consequence.

The Executive Director of Student Services will provide the Parent or Student at least three calendar days' notice before the hearing. The Parent and Student may be represented, at their cost, by an attorney or another adult advocate at the hearing.

The Executive Director of Student Services will not expel the Student unless, following the hearing, they are convinced by a preponderance of the evidence that the Student committed a violation of the Student Code of Conduct and that expulsion is the appropriate consequence.

In lieu of, or in addition to, the procedures described above, the Executive Director of Student Services may refer the Student to the Student's Sending School with a recommendation that the Student be expelled. For Category IV and Category V offenses, the Executive Director shall refer the Student to the Student's Sending School with a recommendation that the Student be expelled. The Student's expulsion from the Sending School will result in the Student's corresponding expulsion from the District. Nothing in this paragraph limits the District's ability to proceed with an expulsion as otherwise described in this section.

Students may not be permitted to make-up practical work for credit missed or participate in work-based learning during an expulsion. A Student may not be awarded credit for the semester(s) the Student is expelled.

Appeals of Long-Term Suspensions/Expulsions

Any Student or Parent of a Student who has been suspended for a long-term or expelled may appeal only to the Superintendent by filing a written notice of the appeal with the Superintendent within ten calendar days after receiving written notice of the decision. The appeal does not stay the suspension or expulsion determination. The Student may present reasons the Superintendent should reverse or modify the long-term suspension or expulsion. The Executive Director of Student Services or the Dean shall respond. The Superintendent shall have the right to question witnesses and review documents. The Superintendent may affirm, reverse or modify the long-term suspension or expulsion.

Reinstatement

Students expelled by the District may submit a petition for reinstatement to the Superintendent in accordance with [Policy 8345 – Student Discipline](#). Students permanently expelled may submit a petition for reinstatement to their Sending School consistent with their Sending School’s policies and procedures. If the Sending School reinstates the Student, with or without conditions, the District will determine, on a case-by-case basis, whether the Student may return to the District. The District reserves the right to require that any Student subject to a permanent expulsion seek reinstatement from the District.

Use of Restorative Practices

The use of Restorative Practices will be considered before suspension or expulsion of any Student. Use of Restorative Practices may be appropriate as an alternative to, or in addition to, a suspension or expulsion; it may also be appropriate for lesser violations of the Code not rising to the level of a suspension or expulsion. Restorative practices will be administered in accordance with [Policy 8345 – Student Discipline](#).

Disciplinary Factors

Violations of this Code are subject to many disciplinary actions of which suspension and expulsion are the most severe.

Prior to a Technical Campus suspending a Student for any duration or expelling a Student, the Mandatory Seven Factors (“Disciplinary Factors”) will be taken into consideration for that Student in accordance with [Policy 8345 – Student Discipline](#), unless the conduct is for the possession of a firearm.

Rebuttable Presumption

- **In-School and Short-Term Suspension** - For a suspension of ten or fewer days, there is no rebuttable presumption, but the District shall consider the Disciplinary Factors.

- **Long-Term Suspension and Expulsion** - Unless the violation relates to firearms, in the case of a long-term suspension or expulsion, a rebuttable presumption exists that a suspension or expulsion is not justified unless the Superintendent can demonstrate that it considered each of the Disciplinary Factors. The method used for consideration of the Disciplinary Factors is at the sole discretion of the Superintendent.

Corporal Punishment

The Board prohibits corporal punishment as an acceptable method of disciplining Students.

An Employee is authorized to use reasonable physical intervention when, in their professional judgment, the physical intervention is necessary to prevent a Student from harming self, others or doing harm to property.

CAMPUS PROCEDURES

Field Trip Guidelines

Field trips should be primarily academic in nature and related to the curriculum. All field trips are to be approved in advance by the Superintendent.

Each Student must submit all necessary parental consent forms signed by the Student's Parent before being allowed to attend a field trip. Deans must ensure that Students are adequately supervised and chaperoned by a responsible and authorized adult at all times during field trips.

A Student's failure to comply with Board policy, the Student Code of Conduct, and any other applicable rules or behavioral expectations while on a field trip may result in disciplinary action and removal or exclusion from the trip. The District shall assume the costs of required field trips that are directly related to the District's curriculum.

Fundraising

The Board will permit Student fundraising by Students in a Technical Campus, on District property, or -at any District-sponsored event only when the profit is to be used for educational purposes or for an activity connected with the Campus. Instructional time shall not be interrupted or delayed for purposes of fundraising. Fundraising shall not be carried out in a manner that is detrimental to educational programs. More information on Student fundraising see [Policy 8705 - Fundraising](#).

Fees, Fines and Charges

Deans or designated representatives are authorized to collect fees, fines, charges, and deposits. Each Technical Campus shall prepare and make available upon request a complete list of Student fees, charges, deposits and fines.

Fee Schedule

At the beginning of each school year, Deans will distribute a schedule of fees, fines, charges, and deposits to all Students.

Care of Personal Property and Valuables

Students must exercise extreme caution in the handling of their personal property. It is recommended that uniforms, shoes, safety glasses, kits and other personal items belonging to the Student be labeled with a permanent marker or engraved with the Student's name for identification purposes. Personal property should not be left unattended. OSTC is not responsible for Students' personal property. Unnecessary amounts of money should not be brought to school.

Any theft or attempt at theft or extortion should be reported to the Main Office immediately. While OSTC cannot assume financial responsibility for such losses, it is vitally concerned that Student property be protected and that efforts will be made to stop such activities.

Visitors

All visitors to District facilities, including OSTC, must register at the front desk or Technical Campus Main Office upon entering and prior to leaving the District facility. Procedures governing the entry of visitors on District property shall be posted conspicuously at the main entrance to each District facility or near the entrance to such facilities or property if there are no formal entrances.

Classroom Visits

Classroom visits need to be carefully planned so as not to be disruptive. Parent visits shall be scheduled with the Instructor and the Dean. Parent visits are for becoming acquainted with instruction, programs, Employees, operation, and/or the facility. Parents shall refrain from giving directions or making evaluations of Employees or operating procedures during their visits. If a visit to an OSTC leaves a Parent with a concern, this concern should be discussed with the Dean or Executive Director of Student Services.

Fire, Tornado & School Safety Drills

Fire and tornado safety drills will be conducted during school. An intermittent alarm is used for fire drills. The public address system is used for tornado drills. Specific instructions will be provided prior to practice drills by the classroom Instructor. In the event of a school safety threat, the Dean will conduct “lock down” drills so that Students can quickly and safely find shelter within the school.

Illness

If a Student wishes to leave OSTC due to illness, they **MUST REPORT TO THE MAIN OFFICE** and follow the **SIGN-OUT PROCEDURE**.

Accidents

Employees have certain responsibilities in case of accidents or injuries that occur in a Campus. The responsibilities, subject to the judgment of the Employee(s) present, extend to the administration of first aid by persons trained to do so, summoning of medical assistance, notification of administration, notification of Parents, and the filing of accident reports. In all cases, the appropriate Dean shall be informed of the accident.

School Closing Procedure

Conditions, such as inclement weather, equipment failures and power outages, may make it necessary to temporarily alter the operation of the entire District and/or one of its District Campuses to protect the health, safety, and welfare of Students, Employees, and others. Changes in District operations may involve closing, delaying dismissing, canceling, or altering any or all activities at one or more District Campuses.

Please refer to [Policy 4080 – District Closings](#) for more information.

Change of Address/Telephone Number

Parent(s) and/or Students are to inform Main Office of any change of address and/or telephone number. This is necessary in providing assistance in job placement, follow-up reports, and emergency situations.

Telephone Usage and Acceptance of Messages

Students may be permitted to use a school phone at the discretion of OSTC staff for a school related purpose.

Administration of Medication

Whenever possible, Parents should arrange Student medication schedules to eliminate the need for the administration of medication at a Technical Campus. The administration of prescribed medication to a Student during school hours will be permitted only when failure to take such medicine would jeopardize the health of the Student, or the Student would not be able to attend school if the medicine were not made available during school hours. Oakland Schools nurses, trained personnel, Deans, or their designees, may administer over-the-counter and/or prescribed medications to enrolled Students in accordance with [Policy 8670 – Administration of Medications](#), applicable administrative rules, and pursuant to state law.

Students enrolled in a Technical Campus whose Parent(s) and healthcare professional provide written permission will be able to self-administer and self-possess for emergency purposes their own over-the-counter and/or prescription medication except as provided within the administrative rule accompanying this Policy.

The District requires the disclosure of all medications taken by Students enrolled in courses requiring the use of machinery, equipment, instruments, or tools to ensure the safety of all Students and Employees.

Please refer to [Policy 8670 – Administration of Medications](#) for more information.

Epinephrine Auto-Injectors (Epi-Pens)

The possession of Epinephrine Auto-Injectors (Epi-Pens) is governed in [Policy 8671 – Epinephrine Auto-Injectors \(Epi-Pens\)](#). A Student may possess an Epi-Pen at a Technical Campus, on District vehicle, or at any activity, event, or program sponsored by the District or in which the Student's OSTC is participating, provided that:

- The Student has written approval to possess and use the Epi-Pen from the Student's physician or other health care provider authorized by law to prescribe an Epi-Pen, and, if the Student is a minor, from the Student's Parent.
- The Dean, or their designee, of the Student's Technical Campus has received a copy of each written approval required for the Student.
- There is on file at the Student's Technical Campus a written emergency care plan that contains specific instructions for the Student's needs, that is prepared by a physician licensed in this state in collaboration with the Student and the Student's Parent and that is updated as necessary for changing circumstances.

Opioid Antagonist

The District will provide adequate control, supervision and training to maintain and administer opioid antagonists at each designated District property consistent with state law.

The Superintendent or designee will obtain opioid antagonists as authorized by law. Not fewer than one package of an opioid antagonist shall be kept at each designated District property. At least two Employees at each designated District property will be trained in the appropriate use and administration of an opioid antagonist.

An opioid antagonist maintained by the District may only be administered to an individual who is believed to be having an opioid-related overdose on District property by:

- A licensed registered professional nurse employed or contracted by the District; or
- An Employee appropriately trained in accordance with state law.

Do-Not-Resuscitate Orders

Employees will honor a Do-Not-Resuscitate Order (“DNR”) or physician orders for scope of treatment form (“POST”) executed pursuant to the Michigan Do Not-Resuscitate Procedure Act or Public Health Code if they have actual notice of the DNR or POST.

Lice, Nits and Bed Bugs

A Student with nits within $\frac{1}{4}$ inch of the scalp or live lice may remain in a District Student program. The Student will be restricted from activities that involve close head-to-head contact or sharing personal items as required in designated programs for health and safety purposes. The Superintendent will notify the Student’s Parent(s) and provide educational materials on head lice prevention and treatment.

If a Student has a persistent infestation after six weeks or three separate cases within one school year, the Dean, Supervisor of Student Programs, or designee will form a team of appropriate staff to support the Student and Parent(s) to remediate the issue effectively.

If it is suspected that a Student’s clothing or belongings contain bed bugs, the School Nurse or Student Support Specialist may visually inspect the Student’s clothing or belongings. Any bugs found should be removed and collected for identification. If a live bed bug is discovered, the District will notify the Student’s Parent(s) and provide educational materials on bed bug prevention and treatment.

No Student will be excluded from school because of bed bugs unless efforts to remedy an infestation have been unsuccessful.

If bed bugs are found in a classroom or elsewhere in the Technical Campus, the Dean or designee will notify the Public Health Nurse Consultant and the Parent(s) of all Students in the affected Technical Campus and will provide information on bed bug prevention and treatment. The Technical Campus will not be closed due to bed bug presence. If pest management is necessary, it will be provided to affected areas of the Technical Campus consistent with Policy 4005 – Integrated Pest Management.

Student confidentiality shall be maintained concerning instances of lice, nits, and bed bug infestations.

Communicable Diseases

The District is committed to providing educational services in a safe and healthy environment. The identification, management and reporting of disease in the public school setting is required for the safety and welfare of Students and Employees, while also recognizing the rights and needs of the Student or Employee.

Whenever a physician has diagnosed a Student or Employee as having a communicable disease, the Student or Employee is expected to voluntarily report the diagnosis and nature of the disease to the Public Health Nurse Consultant. A Student or Employee with a communicable disease that is deemed a threat to public health by the Oakland County Health Division may be required to withdraw from active employment or school for the duration of the illness in order to give maximum health protection to other Students and Employees. A Student or Employee with a communicable disease will be restricted only to the extent necessary to prevent the transmission of the disease, protect the person's health and privacy rights, and protect the health and safety of others.

All Employees shall maintain the strictest confidence of an individual's status to the extent permitted without compromising the health and safety of other individuals. A Student or Employee with a communicable disease has all rights, privileges and services as provided by law and District policies.

A decision to close a Technical Campus due to communicable disease outbreaks is at the discretion of the Superintendent.

For more information please refer to [Policy 5370 – Communicable Diseases](#).

Integrated Pest Management

The District only authorizes the application of a pesticide on District property if a written integrated pest management program is in place for that property by a certified or registered applicator who has been properly trained. After the application of a pesticide, a person may only reenter District property in compliance with restrictions identified by the applicator and required by law. A “pesticide” does not include sanitizers, germicides, disinfectants, or antimicrobial agents.

Notices will comply with methods, time frames, and information requirements established by MCL 324.831.

Schools Free of Alcohol, Drugs, Smoking and Tobacco Products

In the interest of providing a healthy, safe and productive environment, the Board prohibits any Student from engaging in the actual or attempted manufacture, sale, distribution, dispensation, possession, use, delivery, or transfer of, or from being under the influence (legal intoxication is not required) of any illicit substance on District property or at a District function. An illicit substance may be a substance that is topical, ingested, injected, or inhaled.

A controlled substance as defined by this policy includes alcohol, as one listed in Schedules I through V of Section 202 of the Controlled Substances Act (21 U.S.C. 812) and as further defined in federal regulations at 21 C.F.R. 1308.11 – 1308.15. Despite Michigan law, marijuana is still a controlled substance pursuant to Schedule I of Section 202 of the Controlled Substances Act and marijuana use, distribution, dispensation, possession or manufacturing, whether for medical or recreational purposes, is regulated by this policy.

In compliance with state law, the Board also prohibits the actual or attempted use, sale, possession, distribution, or dispensation of tobacco products, electronic cigarettes, vaporizers, and all electronic nicotine delivery systems by any Student at any time on all District property or at a District function. Signs designating the District “tobacco-free” or “smoke-free” will be prominently displayed on all District property.

The Board prohibits drug, cannabidiol, alcohol, smoking, or nicotine related paraphernalia, including but not limited to, scales, pipes, rolling paper, aerosols, vaping devices, electronic nicotine delivery system, and incendiary devices.

Any Employee, Student intern, Student teacher, or volunteer observing, knowing of or suspecting a Student is in violation of this Policy shall notify a Dean or Supervisor of Student Programs as soon as practical.

Any Student in violation of this Policy may be subject to disciplinary action in accordance with Board policy and the Student Code of Conduct. The Student may also be referred to law enforcement for prosecution. Substance abuse counseling and rehabilitation services/referrals may be available to Students through their Sending Schools.

Search and Seizure

Searches of lockers (defined to mean any District provided storage area for Student use) motorized vehicles, Students, and Students' personal property shall be conducted under the appropriate legal standard, to maintain the safety and security of Students, Parent(s), Employees, District Invitees, visitors, and District property. Students and Students' personal property are subject to searches while on District property, as well as at any District-sponsored activity or event, regardless of its location. Searches shall be conducted by the Dean in the presence of another adult Employee.

Lockers

Lockers are District property and may be made available for Student use. Lockers are assigned to Students on a temporary basis, and the District may revoke a Student's locker assignment at any time. The District retains ownership of lockers notwithstanding Student use. Students have no expectation of privacy in their lockers. The Dean may inspect lockers without any particularized suspicion or reasonable cause and without advance notice. Upon the request of the Dean, law enforcement may assist with searching lockers. During a locker search, Student privacy rights will be respected for any items that are not illegal or against policy.

Search and Seizure – Reasonable Suspicion

The Dean may search a Student and their belongings if there is a reasonable suspicion that the search will reveal contraband or evidence of a violation of law, policy or rule. In rare cases, the Dean may conduct a search without reasonable suspicion if there is an imminent threat of physical harm or death.

A reasonable suspicion search must be justified at its inception and reasonable in its scope. A search is justified at its inception when the Dean has reasonable grounds to suspect that the search will uncover contraband or evidence of a violation of law, policy or rule. A search is reasonable in scope when the measures used are reasonably related to the search objectives and are not excessively intrusive in light of the Student's age and sex and the nature of the infraction.

The Dean is not required to have reasonable suspicion to search lockers or other District property. The District may use detection dogs to search for contraband on District property.

Strip searches are prohibited.

Notification to Parent(s)

The Student's Sending School and the Parent(s) of Students who are searched will be promptly notified by the Dean that a search has been conducted or canines have been used in the detection of illegal drugs or devices. The Dean will call the Parent(s) at the telephone number(s) provided on the Student's contact information.

Please refer to [Policy 8130 - Search and Seizure](#) for more information.

DISTRICT TECHNOLOGY AND ACCEPTABLE USE

Use of District Technology resources is a privilege, not a right. Students are expected to use computers, the Internet, and other District technology resources for school-related educational purposes only. Students and their Parents are required to sign the Acceptable Use Agreement attached at the end of this OSTC Student/Parent Handbook before they may use or access District technology resources. Students who violate the District's technology policy and/or Acceptable Use Agreement may have technology privileges terminated or suspended and may be subject to discipline, up to and including expulsion. For more information please refer to [Policy 4510 – District Technology and Acceptable Use](#) for more information.

Data Privacy

Data privacy, including the protection and management of the various types of Student, Parent, Employee and District Invitee Personally Identifiable Information (“PII”), is a critical component of District operations. Computer systems and related devices collect and record data as required for educational delivery, management, and reporting purposes. This information should be protected from, and never be disclosed to, unauthorized individuals. The District will maintain privacy management practices which establish the criteria, means, and methods to protect the confidentiality, integrity, and availability of data and communication networks; establish the rules for the access of data and network infrastructure; and mitigate the risks associated with security threats to networks, data, and information resources.

Children’s Internet Protection Act Policy

The purpose of this Policy is to ensure that all Internet safety policies and technology protection measures comply with the provisions of the Children’s Internet Protection Act. Accordingly, the District shall take all actions necessary and appropriate to implement and enforce this Policy with respect to Student access to and use of the Internet through the District’s computer network, and in accordance with policies and administrative rules.

All Student users and their Parents are advised that access to the electronic network, including the Internet, may include the potential for access to materials inappropriate for Students. To that end, it is not possible to guarantee Students will not gain access through the Internet to information and communications that they and/or their Parents may consider inappropriate, offensive, objectionable, or controversial. Parents of minors are the first and best source of guidance as to what materials to avoid and are responsible to establish standards and restrictions for their children. If a Student finds that other users are visiting offensive or harmful sites, they should immediately report such use to a Dean, Supervisor of Student Programs, Instructor, or Counselor. For information on the District’s technology protection measures please refer to [Policy 4520 – Children’s Internet Protection Act Policy](#).

Generative Artificial Intelligence Use

With the increasing popularity of Generative AI Tools (capitalized terms are defined in Section 2) such as ChatGPT, ensuring responsible and educationally beneficial use of Generative AI Tools by Students is paramount. The District remains committed to adopting new technologies to provide the highest standard of education to our Students. However, the use of Generative AI carries several risks and limitations, including academic dishonesty concerns and the generation of inaccurate or fabricated information. To that end, these guidelines govern the implementation and monitoring of Generative AI use by Students.

Scope

- **Educational Use.** These guidelines apply to all Student use of Generative AI for schoolwork, regardless of whether such Generative AI was accessed on a personal or district-issued electronic communication devices (“ECD”), and regardless of whether such use occurs on or off District property.
- **Personal Use.** These guidelines also apply to Student use of Generative AI for personal reasons if that use occurs while the Student is on District property, at District-sponsored activities or events, in District vehicles, or outside of school hours or off District property if such use is a substantial disruption to or interferes with the educational environment of the District.

AI-Generated Content Responsibility

- Personal Responsibility. Students are personally responsible for all AI-Generated Content which they create and utilize for schoolwork. Any AI-Generated Content submitted by a Student will be treated as if it was the Student's own work.

AI-Generated Content

Students may not use AI tools to manipulate media, including, but not limited to, an image or likeness of another Student, Employee, or other individual, to create content for the purpose of or resulting in bullying, harassment, discrimination, retaliation, or any other form of intimidation.

Student Considerations for Generative AI Use

Any time a Student uses Generative AI, the Student should consider the following:

- Preventing Intellectual Property Infringement. Students should be cognizant that AI-Generated Content may infringe upon others' Intellectual Property rights. Verification of AI-Generated Content and attribution of proper sources for such content mitigates infringement risk. In addition, use of Generative AI Tools may prohibit Students from securing Intellectual Property rights in their own work.
- Responsible Data Handling. Any information entered into publicly available Generative AI Tools should be treated as public. Students should be cognizant of privacy concerns and seek permission prior to sharing an individual's private information with Generative AI Tools.
- Assumption of Falsity. Students should assume that all AI-Generated Content is incorrect or inaccurate. Unless the AI-Generated Content is verified to be factually accurate, Students should not use the content.
- Ethical Considerations. Generative AI Tools are only as good as the data they are trained on and can perpetuate historical biases in data. Students should question Generative AI Tools and assess whether AI-Generated Content reflects biases.

Enforcement

- Monitoring. The District retains the right to monitor Student use of Generative AI on all district-issued and personal ECDs, if such use falls within the scope of these guidelines as defined above.
- Discipline. Any student violating these guidelines may be subject to discipline in accordance with the Student Code of Conduct up to and including suspension, expulsion, or permanent denial of attendance at any Technical Campus.
- Reporting Violations. If a Student becomes aware of an actual or potential violation of these guidelines, or have reason to believe of such a violation, the Student must promptly disclose this fact to their Instructor, Student Support Specialist, Dean, or Program Administrator with all the relevant information and any applicable evidence of inappropriate use of Generative AI in violation of these guidelines. If a Student questions whether use of Generative AI is in violation of these guidelines, then they should consult with the Instructor.

If the Instructor is unsure whether the use is a violation, they should consult with Student Support Specialist, Dean, or Program Administrator.

- **Anti-Retaliation.** Oakland Schools prohibits any form of discipline, reprisal, intimidation, or retaliation for reporting a violation of these guidelines.
- **Internal Contact.** Individual Instructors, Student Support Specialist, Dean, or Program Administrator are responsible for the administration and enforcement of these guidelines. If a Student has any questions regarding these guidelines or about using Generative AI at Oakland Schools that are not addressed in these guidelines, the Student should contact their Instructor, Student Support Specialist, Dean or Program Administrator.

In accordance with state and federal law, the District does not discriminate on the basis of race, color, national origin, religion, age, height, weight, sex, gender, sexual orientation, disability, or other legally protected class.

- Using a District-owned or operated computer, device, network, electronic information system, or other related equipment.

In addition, Oakland Schools may take disciplinary action for harassment that occurs outside of school where the harassment creates an intimidating, hostile, or offensive educational environment, prohibits a Student from accessing the District's programs or activities, or creates a substantial interference with the educational environment.

Harassment is unwanted behavior, whether physical, verbal, or sexual, that a reasonable person should know will have the effect of (1) creating an intimidating, hostile, or offensive environment; or (2) unreasonable interfering with an individual's ability to benefit from the District's programs or activities. Harassing conduct may include:

However, individuals who knowingly make a false report or provide false information during an investigation may be subject to discipline for such conduct.

Unlawful discrimination: Exclusion from or different treatment on the basis of an individual's legally protected class, which include race, color, ethnicity, national origin, religion, sex (including pregnancy, gender identity or gender expression, and sexual orientation), disability, age, height, weight.

Jacqueline Zablocki
Civil Rights/Title IX Coordinator;
2111 Pontiac Lake Road
Waterford, Michigan 48328
(248) 209-2185
Jacqueline.Zablocki@oakland.k12.mi.us

All reports of discrimination and harassment based on a legally protected class will be referred to the Civil Rights/Title IX Coordinator. Other types of harassment may be investigated by a building or program administrator. During the investigation, the identity of the alleged victim (the Complainant) will be kept confidential to the extent possible. Interim measures may be implemented during the investigation to provide support, prevent misconduct, and ensure the parties access to their education. Such measures may include no contact directives, academic or counseling support, temporary class or schedule changes, short-term removals, etc.

An investigation may include interviews with the parties and witnesses, collection of any documentary evidence, and a review of relevant policies and Code of Conduct provisions. The investigator will determine what steps should be taken to address and remedy the discrimination and/or harassment,

and to prevent its reoccurrence. Such steps may include Student discipline. For more specific information on the Investigation Procedures for matters involving unlawful discrimination or harassment, see [Policy 8018 - Illegal Discrimination, Harassment – Student](#).

Disciplinary Action

Disciplinary consequences for engaging in discrimination, harassment, or retaliation as described above will be based on the extent of the misconduct. Students may be subject to disciplinary action up to and including suspension or expulsion/removal. Employees may be subject to disciplinary action up to and including termination of employment.

Sex Discrimination & Harassment under Title IX

Definitions and Prohibited Conduct

Oakland Schools complies with all federal and state laws prohibiting discrimination in employment and education on the basis of sex, including Title IX of the Education Amendments of 1972. Discrimination on the basis of sex includes discrimination on the basis of sex stereotypes, sex characteristics, gender identity, gender expression, sexual orientation, and pregnancy or related conditions. Prohibited conduct under Title IX includes:

1. Exclusion from or different treatment in educational activities or employment, on the basis of sex;
2. Sex-based harassment;*
3. Sexual assault;*
4. Dating and domestic violence;* and
5. Stalking.*

*Title IX and its regulations specifically define these terms; the definitions can be found in [Policy 5032 - Title IX Sexual Discrimination](#).

The District also prohibits retaliation against any person for the purpose of interfering with an individual's rights under [Title IX](#) or [Policy 5032](#) or because the individual has made a report, initiated a complaint, or otherwise participated in an investigation or Grievance Procedure related to sex discrimination.

Designation of Title IX Coordinator

The District designates the following person(s) as the Title IX Coordinator(s):

Jacqueline Zablocki
Civil Rights/Title IX Coordinator
2111 Pontiac Lake Road
Waterford, Michigan 48328
(248) 209-2185
Jacqueline.Zablocki@oakland.k12.mi.us

Reporting Title IX Sex Discrimination and Harassment

Any person who has information about conduct that may constitute sex discrimination, including sex-based harassment, is encouraged to report it to the Title IX Coordinator or an Employee. In addition, a person who has been the subject of sex discrimination, sex-based harassment, or retaliation may report that behavior to the Title IX Coordinator or any Employee. All Employees with information about conduct that reasonably may constitute sex discrimination must convey that information to the Title IX Coordinator within two days.

Any person may also anonymously report information about conduct that reasonably may constitute sex discrimination or retaliation. The District will investigate anonymous reports pursuant to its investigation procedures described below.

A person may make a report at any time, including non-business hours. Reports may be made in person, by mail, by telephone, or by electronic mail, using the contact information listed for the Title IX Coordinator, or by any other means that result in the Title IX Coordinator receiving the person's verbal or written report.

Grievance Process Generally

The Grievance Process begins when a complaint is initiated. A complaint is an oral or written request that the District investigate and make a determination as to allegations of sex discrimination. A complaint of sex-based harassment can be made by a complainant (the person subjected to the sex-based harassment) or a parent, guardian, or other person with the legal right to act on behalf of the complainant; or the Title IX Coordinator. A complaint of sex discrimination can be initiated by any student or employee and others, as described by Policy 5032.

The District will endeavor to complete the Grievance Process within 45-60 days, absent extenuating circumstances or delays as described below. The District will treat both the Complainant and the Respondent equitably throughout the Grievance Process. Both parties are entitled to supportive measures, which are individualized measures offered free of charge, as reasonably available, to restore or preserve that party's access to the District's education program or activity, protect that party's safety and/or the safety of the educational environment, or provide support during the Grievance Process.

Neither the Title IX Coordinator, the Decisionmaker, the Investigator, the Appeals Officer, nor any person designated to facilitate an informal resolution process will have a conflict of interest or bias for or against Complainants or Respondents generally or for or against an individual Complainant or Respondent.

The Grievance Process requires an objective evaluation of all relevant evidence including both inculpatory and exculpatory evidence. Credibility determinations may not be based on a person's status as a Complainant, Respondent, or witness.

Throughout the Grievance Process, the Respondent is presumed not responsible for the alleged sex discrimination unless and until a determination is made at the conclusion of the Grievance Process that the Respondent has engaged in sex discrimination as defined in [Policy 5032 - Title IX Sexual Discrimination](#).

At any point during the process, the Title IX Coordinator, Investigator, or Decision-Maker may temporarily delay the Grievance Process or permit a limited extension of time frames for good cause. Good cause may include absence of a party, party's advisor, or witness; concurrent law enforcement activity; or the need for accommodations (e.g., language assistance or accommodation of disabilities). If there is a delay or extension, the Title IX Coordinator will provide the parties with written notice of the delay or extension and the reasons for the action.

Any disciplinary action resulting from the Grievance Process will be issued in accordance with applicable policies, codes of conduct, handbooks, collective bargaining agreements, and individual Employee contracts.

After the investigation portion of the Grievance Process has concluded, the Decisionmaker will endeavor to issue its written decision within ten days, absent extenuating circumstances.

Office for Civil Rights

Any person who believes that he or she has been subject to sex discrimination may file a complaint with the Office for Civil Rights (OCR) at any time:

U.S. Department of Education Office for Civil Rights
1350 Euclid Avenue, Suite 325
Cleveland, Ohio 44115
Phone: 216.522.4970
E-mail: OCR.Cleveland@ed.gov

An OCR complaint may be filed before, during, or after the District's Grievance Process. A person may forego filing a complaint with the District and instead file a complaint directly with OCR. The District recommends that a person who has been subjected to sex discrimination also file a Complaint with the District to ensure that the District is able to take steps to stop the current discrimination, prevent its recurrence, and remedy its effects. OCR does not serve as an appellate body for District decisions under this Policy. An investigation by OCR will occur separately from any District investigation.

For additional information about sex discrimination under Title IX, including informal resolution options, available supportive measures, definitions of important terms, and the parties' due process rights during the Grievance Process, see Policy 5032 - Title IX Sex Discrimination or ask the Title IX Coordinator. The investigation procedures for all other types of discrimination and harassment complaints by students can be found in Policy 8018 - Illegal Discrimination, Harassment – Student. These Policies may be accessed in their entirety on the District's website at <https://go.boarddocs.com/mi/oaklandschools/Board.nsf/Public#> (osisd.us/boarddocs).

Pursuant to the Revised School Code, MCL 380.1310b, Oakland Schools prohibits bullying at school of Students by other Students, Parents, Employees, or others. The District also prohibits retaliation against an individual who reports bullying or participates in an investigation of bullying conduct.

Definitions

Bullying includes cyberbullying and means any written, verbal or physical act, or any electronic communication, including but not limited to cyberbullying, that is intended or that a reasonable person would know is likely to harm one or more Students, either directly or indirectly, by doing any of the following:

1. Substantially interfering with educational opportunities, benefits or programs of one or more Students.

3. Having an actual and substantial detrimental effect on a Student's physical or mental health.
4. Causing substantial disruption in, or interference with, the orderly operation of the school.

At school means in a classroom, elsewhere on school premises, on a school bus or other school-related vehicle, or at a school-sponsored activity or event, whether or not it is held on school premises. At school includes conduct using a telecommunications access device or telecommunications service provider that occurs off school premises if the telecommunications access device or telecommunications service provider is owned by or under the control of the District.

“Telecommunication access device” and “telecommunications service provider” mean those terms as defined in Section 219a of the Michigan Penal Code, 1931 PA 328, MCL §750.219a.

Confidentiality

The District shall comply with the confidentiality requirements of state law with respect to the identity of any individual who reports an act of bullying. In addition, the District will refrain from disclosing the identities of the individuals involved in a bullying investigation, including the parties and witnesses, except as necessary to conduct the investigation, resolve the complaint, and comply with legal requirements.

Reporting Bullying Conduct

Every Student is encouraged to report any situation they believe to be bullying behavior directed toward themselves or another Student. Reports of bullying, retaliation, or that someone has made a false report may be made to any of the following persons: the Civil Rights/Title IX Coordinator, a Dean, a Student Support Specialist, an Instructor, or another Employee. A report can be made in person, by telephone, by email, or by completing a bullying complaint form for review by the Civil Rights/Title IX Coordinator.

Civil Rights/Title IX Coordinator
2111 Pontiac Lake Road
Waterford, Michigan 48328
(248) 209-2185
Jacqueline.Zablocki@oakland.k12.mi.us

Any individual with information about conduct that may threaten Student or school safety can also submit a tip at any time, using OK2SAY, Michigan’s Student Safety Program, or another anonymous reporting process established by the District. However, the District’s ability to investigate anonymous reports may be limited. Employees who receive notice of bullying conduct must immediately notify the Civil Rights/Title IX Coordinator.

Investigation

All reports of bullying at school will be promptly investigated by the Civil Rights/Title IX Coordinator or other individual, as provided by [Policy 8019 - Bullying](#). All investigations concerning bullying shall minimally include a preliminary review, interviews and written statements. Relevant documentary information shall also be collected and reviewed, if available. The investigator shall prepare a written summary of the investigation

results, including their findings of fact, a determination as to whether bullying occurred, and recommended disciplinary action (if applicable), using the preponderance of the evidence standard. Upon conclusion of the investigation, the Sending School of both the victim and perpetrator(s) and the Parent(s) of the victim and the perpetrator(s) shall be notified of the results of the investigation consistent with the confidentiality requirements of the Family Educational Rights and Privacy Act (“FERPA”) and state law. Interim measures may be implemented during the investigation to provide support, prevent misconduct, and ensure the parties access to their education. Such measures may include no contact directives, academic or counseling support, temporary class or schedule changes, short-term removals, etc.

Disciplinary Action

If there has been a finding that a Student has violated [Policy 8019 – Bullying](#), another policy or administrative rule, or the Student Code of Conduct, the Dean or designee, or other appropriate administrator, will make a final decision as to what discipline, if any, to implement. Any discipline will be imposed in accordance with the due process protections provided in the Student Code of Conduct. The Parent and an appropriate administrator or counselor at the Sending School of each Complainant and Respondent will also be notified of the bullying investigation consistent with the confidentiality requirements of the Family Educational Rights and Privacy Act and state law.

Hazing

The act of “hazing” is a crime in the State of Michigan and is prohibited by the District. The District will comply, in all ways, with Michigan law regarding any “hazing” incidents. All hazing incidents shall be reported to the Dean as soon as practical.

Permission, consent, acquiescence, or assumption of risk by an individual subjected to hazing shall not be a defense to or lessen the prohibitions contained in this Policy. Students engaging in any hazing or hazing-type conduct will be subject to the provisions of the Student Code of Conduct as would apply to any other Student violation of State law.

Section 504

The District does not discriminate against any Student with a disability, as that term is defined in Section 504 of the Rehabilitation Act (Section 504), in any District program or activity. Any claim of disability-based discrimination will be addressed pursuant to Policy 8018 Illegal Discrimination, Harassment - Student.

Eligible Students are entitled to a free appropriate public education through a Section 504 plan developed and provided by the Student s Sending School.

The District will follow federal law and applicable regulations and guidance in identifying and educating students with disabilities under Section 504.

ADDITIONAL RIGHTS

Student Education Records

Access and use of Student education records is governed by the Family Educational Rights and Privacy Act (FERPA). In compliance with FERPA, the District has adopted Policy and Administrative Rule 8940 - Student Education Records. The Policy may be accessed in its entirety on the District's website at [https://go.boarddocs.com/mi/oaklandschools/Board.nsf/Public#\(osisd.us/boarddocs\)](https://go.boarddocs.com/mi/oaklandschools/Board.nsf/Public#(osisd.us/boarddocs)).

Definitions

"Education record" means a record directly related to a Student that the District or its agents maintain, except that an education record does not include:

- a. records kept in the maker's sole possession that are used as a personal memory aid and that are not accessible or revealed to any person except a temporary substitute for the maker;
- b. records maintained by a law enforcement unit of the District, as defined by the Family Educational Rights and Privacy Act (FERPA), if the record was created for a law enforcement purpose;
- c. records relating to a Student who is at least 18 years old that are created or maintained by a psychiatrist, psychologist, or other recognized professional or paraprofessional acting or assisting in that capacity that are created or maintained only for the Student's treatment (exclusive of remedial educational activities or educational activities that are part of the District's instructional program) and that are disclosed only to persons providing treatment (except that the records may be personally reviewed by a physician or other appropriate professional of the Student's choice);
- d. records created or received by the District after a person is no longer a Student in the District and that are not directly related

- to the person's attendance as a Student in the District;
- e. grades on peer-graded papers or assignments before they are collected or recorded by a teacher; or
 - f. records relating to a person employed by the District that are maintained in the normal course of business, relate only to the person's employment and are not available for any other purpose. Records relating to a person employed as a result of that person's status as a Student are, however, "education records."

"Personally identifiable information" means a Student's name; the name of a Student's Parent(s) or family member; the Student's address or the address of a family member; a personal identifier, such as the Student's social security number, Student number, or biometric record; other indirect identifiers, such as the Student's date of birth, place of birth, and mother's maiden name; other information that alone or in combination is linked or linkable to a specific Student that would allow a reasonable person in the school community, who does not have personal knowledge of the relevant circumstances, to identify the Student with reasonable certainty; or information requested by a person who the District reasonably believes knows the identity of the Student to whom the education record relates.

"Eligible Student" means a Student who is at least 18 years old, an emancipated minor, or a Student enrolled in a postsecondary institution.

"Directory information" means the information contained in a Student's education record that would not generally be considered harmful or an invasion of privacy if disclosed. The Board designates the following as directory information:

1. Student name;
2. Student's telephone numbers;
3. Student's email address;
4. Student's program of enrollment;
5. Student's extracurricular participation;
6. Student's achievement awards or honors (not to include specific scholastic grades); and
7. The name of the Student's sending school.

"School official" means any of the following:

1. any person employed by the District;
2. a person or company with whom the Board has contracted to perform a specific task (such as an attorney, auditor, insurance representative, medical consultant, or online educational service provider or vendor);
3. a contractor, consultant, volunteer, or other party to whom the Board has outsourced a service or function otherwise performed by Employees (e.g., a therapist, a school resource officer, or an authorized information technology specialist);

4. a Parent or Student serving on an official committee, such as a disciplinary, reinstatement, or grievance committee; and
5. a person, including a volunteer, who is assisting another school official in performing the official's duties.

The above-identified persons and entities must: (a) perform institutional services or functions for which the District would otherwise use its own Employees, (b) be under the direct control of the District as to the use and maintenance of education records, and (c) be subject to the requirements of FERPA regulations governing the use and re-disclosure of personally identifiable information from education records.

“Legitimate educational interest” means that a school official needs to review an education record in order to fulfill their professional responsibilities.

“Armed Forces of the United States” means the armed forces of the United States and their reserve components and the United States Coast Guard.

Rights of Parents and Eligible Students

The Family Educational Rights and Privacy Act (FERPA) affords Parents and Eligible Students certain rights with respect to the Student's education records. They are:

1. Right to Inspect and Review Education Records

Parents may inspect and review their minor child's education records, regardless of custody status, unless a court order specifically provides otherwise.

Eligible Students have the right to inspect and review their own education records. Parents may also inspect and review the education records of an Eligible Student if the Student is considered a dependent under Internal Revenue Code Section 152.

The District will not disclose a Student's or Parent's phone number or address or the Parent's employment address to another person who is the subject of a court order that prohibits disclosure of the information if the District has received a copy of the order. The District will not disclose a confidential address, phone number, or email address in violation of the Address Confidentiality Program Act if the Student or the Student's Parent notifies the District that the Student or the Student's Parent has obtained a participation card issued by the Michigan Department of Attorney General.

Parents or Eligible Students should submit to the Dean a written request that identifies the record(s) they wish to inspect. The Dean will make arrangements for a Parent or Eligible Student to inspect and review the Student's education records within a reasonable time from receiving a request and not more than 30 calendar days from the date of the request or, if the Student whose records are requested is a child with a disability as defined by the Individuals with

Disabilities Education Act, before any Individualized Education Program Team meeting, resolution meeting, or due process hearing. If the request is for the records of a former Student or for video records of a former or current Student, the Dean will forward the request to Legal Affairs.

2. Right to Request Explanation or Interpretation of Student Education Records

A Parent or Eligible Student may request, in writing, an explanation or interpretation of a Student's education records. The Dean will respond to any reasonable request.

3. Right to Request Amendment of Education Records

A Parent or Eligible Student may request that a Student's education record be amended if the Parent or Eligible Student believes the record is inaccurate, misleading, or otherwise in violation of the Student's privacy rights. The Parent or Eligible Student should write the Dean, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the District decides not to amend the record as requested by the Parent or Eligible Student, the District will notify the Parent or Eligible Student of the decision and advise them of their right to a hearing with the Superintendent regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the Parent or Eligible Student when notified of the right to a hearing.

4. Right to Consent to Disclosures

A Parent or Eligible Student has the right to consent to disclosures of personally identifiable information contained in the Student's education records, except to the extent that FERPA authorizes disclosure without consent.

Collection and Retention of Records

The District may collect and retain information about the District's Students that is reasonably necessary for the District to perform its role as an intermediate school district, including, without limitation, Student work samples, assessments, evaluations, surveys, health and medical information, immunization records, birth certificates, proof of residence, proof of achievements and awards, behavior records, investigation reports, incident reports, attendance records, all records necessary for the District to satisfy state or federal legal obligations, and any record necessary for the District to prove that a Student was accurately counted in membership for state aid and grant purposes.

The Superintendent or designee will ensure that all Student records are retained consistent with the Records Retention and Disposal Schedule for Michigan Public Schools and Policy 2800 - Records and Retention and that reasonable steps (including, without limitation, physical or technological controls) are taken to protect education records, including those stored electronically, from inadvertent or unauthorized disclosure.

Disclosure of Education Records to School Officials

Except as noted in “Disclosure to a For-Profit Business Entity,” a school official may receive and review personally identifiable information from a Student’s education record only if the school official has a legitimate educational interest in the information. A school official has a “legitimate educational interest” if the record review is necessary for the school official to perform an administrative, supervisory, or instructional task as assigned by the District or to perform a service or benefit for the Student or the Student’s family.

The Superintendent will adopt procedures, including physical and technological controls, to ensure that only those school officials with a legitimate educational interest may access personally identifiable information from a Student’s education records.

Disclosure of “Directory Information”

Except as otherwise stated in this Policy, school officials may disclose “directory information” without the prior written consent of a Parent or Eligible Student unless the Parent or Eligible Student specifically notifies the District that the Parent or Eligible Student does not consent to the disclosure of the Student’s directory information for one or more of the uses for which the District would commonly disclose the information.

The District will provide Parents and Eligible Students with a Directory Information Opt Out form (“Form”), listing all uses for which it commonly discloses Student directory information. The Form will allow the Parent or Eligible Student to elect not to have the Student’s directory information disclosed for one or more of the listed uses. Upon receipt of a completed Form, school officials may not release the Student’s directory information for any of uses selected on the form.

The Form will be provided to all Parents or Eligible Students within the first 30 days of the school year. The Form will also be made available at a Parent’s or Eligible Student’s request at any time during the school year. If the Parent or Eligible student does not return the Form by September 30th or within 10 school days after requesting the opt-out form, the District may release directory information as permitted by law. The Form will be kept on file for one year.

To ensure that directory information is not improperly used, the Superintendent may require that a person requesting directory information execute an affidavit stating that, if disclosed, the directory information will not be used, rented, or sold for the purpose of surveys, marketing, or solicitation.

Disclosure of Education Records to Another School

School officials may release or disclose personally identifiable information contained in a Student's education record without the consent of the Parent or Eligible Student to another school or post-secondary institution in which the Student seeks or intends to enroll, is enrolled, or from which the Student receives services, if the disclosure is related to the Student's enrollment or transfer.

Disclosure to a For-Profit Business Entity

School officials will not sell or otherwise provide any personally identifiable information that is part of a Student's education records to a for-profit business entity, except as follows:

1. an employee or agent of a business entity acting as a "school official" as defined in this Policy;
2. pursuant to a management agreement between a public school academy and an educational management organization;
3. as necessary for standardized testing; or
4. as necessary to a person who is providing educational or educational support services to the Student pursuant to a contract with the District.

Disclosure of Education Records in Response to Subpoena/Court Order

To the extent consistent with state law, including the nondisclosure requirements of Revised Judicature Act Section 2165, school officials may release or disclose personally identifiable information contained in a Student's education records without the consent of the Parent or Eligible Student upon receipt of a court order or lawfully issued subpoena requiring disclosure of the information. To the extent permitted or required by law, before complying with a court order or subpoena, school officials must notify the Parent or Eligible Student, in writing, that the District intends to comply with the court order or subpoena.

Disclosure of Education Records in Other Circumstances

Except as provided in this Policy, the District and its Employees and agents are prohibited from disclosing personally identifiable information from a Student's education records without the written consent of a Parent or Eligible Student unless the disclosure is otherwise permitted or required by law, including, without limitation, if the disclosure is:

- necessary because of a health or safety emergency;
- to authorized state or federal officials;
- in connection with a Student's application for or receipt of financial aid;
- made for purposes of conducting a study for or on behalf of an educational agency or institution;

- to an accrediting organization;
- concerning a registered sex offender; or
- to a representative of a child welfare agency for a foster child.

A school official may not disclose personally identifiable information from a Student's education records unless disclosure is consistent with the requirements of state and federal law, including FERPA.

Video Recordings

A video recording that is directly related to a Student may be an "education record" (e.g., when it is maintained to document Student conduct or misconduct, unless it is maintained by a law enforcement unit and used solely for a law enforcement purpose). The Superintendent will determine, on a case-by-case basis, upon receipt of a request for the video's disclosure, whether a particular video is an "education record" and whether it contains "personally identifiable information" about a Student. If the Superintendent or designee determines that a video recording is an "education record," its release and disclosure and the rights of Parents and Eligible Students to inspect and review the video recording are governed by this Policy, applicable laws, and relevant state and federal guidance.

Disclosure of Records to Law Enforcement

Nothing in this Policy limits a school official's right or duty under state law or pursuant to the Statewide School Safety Information Policy to contact law enforcement to report possible criminal activity. A school official may not, however, disclose personally identifiable information from a Student's education records to law enforcement without the prior written consent of a Parent or Eligible Student unless disclosure is otherwise permitted or required by state or federal law (e.g., in response to a health or safety emergency or court order or subpoena).

If a school official reports possible criminal activity of a Student with a disability as defined by the Individuals with Disabilities Education Act, the school official must transmit a copy of the Student's special education records and disciplinary records to the authorities to whom the crime is reported in a manner consistent with FERPA (i.e., with prior written consent or a lawful exception to consent). Except for disclosures in response to a health or safety emergency, school officials must seek written consent to transmit the records of a Student with a disability immediately after reporting the Student's potential criminal activity to authorities.

Right to File Complaint

A Parent or Eligible Student has the right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

*Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, S.W.
Washington, DC 20202-4605*

Protection of Pupil Rights

The District respects the rights of Parents and Students and has adopted a Protection of Pupil Rights policy as required by law. [Policy 8840 – Protection of Pupil Rights](#) is available on the District’s website or upon request from an OSTC Campus or VLAC program. Parents may opt their child out of participation in activities identified by the Protection of Pupil Rights policy by submitting a written request to the Superintendent. Parents may have access to any survey or other material described in the Protection of Pupil Rights policy by submitting a written request to the Superintendent.

Additionally, Oakland Schools sometimes conducts risk assessments for Students who pose a threat of harm to themselves or others. Risk assessments may inquire about sensitive information described in the annual notice. These risk assessments are not federally funded. While Oakland Schools will endeavor to notify Parents about threatening behavior as quickly as possible, a risk assessment may be conducted before Parent consent can be obtained. If you would like to opt your child out of potential risk assessments that inquire about sensitive information as defined in the annual notice, please follow the opt-out process described in the annual notice.

Address Confidentiality Program (“ACP”) Act

Oakland Schools shall not disclose the confidential address of a Student participating in the ACP if the Student or their Parent provides the proper verification of enrollment in the ACP including an ACP School Verification Letter and an appropriate form of identification showing the address as designated by the ACP.

Personal Protection Orders Against Students

Upon receipt of a personal protection order (“PPO”) from a Student against another Student at the same Technical Campus or in the same District program, the Dean or the Supervisor of Student Programs shall notify the Civil

Rights/Title IX Coordinator and provide a copy of the PPO. The Civil Rights/ Title IX Coordinator, Dean or Supervisor of Student Programs will work with the families involved to make necessary changes or adjustments. These modifications may include, but are not limited to, changes or adjustments to class schedules, lockers, arrival and departure times, means of entering or exiting the buildings, transportation of either Student or increased supervision or security. Although the District is not legally responsible for enforcing a PPO to which it is not a party, the District is committed to the safety of Students and will endeavor to make changes or adjustments and provide supportive measures to assist Students who are parties to a PPO.

Retaliation in any form, including, but not limited to, bullying, harassment or intimidation, against either a Student because the Student has obtained or is the subject of a PPO is prohibited. An Employee or Student who engages in retaliation may be subject to discipline in accordance with Policies or Student Code of Conduct, as applicable.

The existence of a PPO alone is not a sufficient basis to exclude a Student from school. The District reserves the right to determine the educational placement of a Student who is the subject of a PPO.

Please Note: All of the forms below are available on the MiSTAR Parent Portal. Please use the MiSTAR Parent Portal to complete all required OSTC forms. If you are unable to complete these forms online, please contact the Main Office of the Campus that you attend for a paper copy.
