To the Management and Board of Education Seneca Valley School District

Independent Auditor's Report

Report on Financial Statements

I have audited the accompanying financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the Seneca Valley School District as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express opinions on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Seneca Valley School District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Seneca Valley School District's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinions.

Opinions

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the Seneca Valley School District as of June 30, 2021 and the respective changes in financial position and, where applicable, cash flows thereof and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1 and Note 16 to the financial statements, the District adopted new accounting guidance GASB Statement No. 84, "Fiduciary Activities". My opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages iv-xiii and other required supplementary information on pages 55-62, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to my inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

My audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise Seneca Valley School District's basic financial statements. The supplementary information (Schedules 1 through 5) is presented for purposes of additional analysis and is not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and is also not a required part of the basic financial statements.

Other Matters (Continued)

Other Information (Continued)

The supplementary information (Schedules 1 through 5) and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the supplementary information (Schedules 1 through 5) and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, I have also issued my report dated February 28, 2022 on my consideration of the Seneca Valley School District's internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Seneca Valley School District's internal control over financial reporting and compliance.

MANAGEMENT DISCUSSION AND ANALYSIS REQUIRED SUPPLEMENTARY INFORMATION (RSI) FISCAL YEAR ENDING JUNE 30, 2021

INTRODUCTION

The discussion and analysis of the Seneca Valley School District's financial performance provides an overall review of the district's financial activities for the fiscal year ended June 30, 2021. This discussion and analysis presents the district's financial performance as a whole. The financial statements and the notes to the basic financial statements provide a more detailed look at the finances for the 2020-2021 school year.

The Management Discussion and Analysis (MD&A) is a requirement of the Comprehensive Annual Financial Report (CAFR) conforming to the model adopted by the Governmental Accounting Standards Board (GASB) in Statement No. 34 Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments. GASB 34 requires a comparison of certain information between the current year and the prior year.

FINANCIAL HIGHLIGHTS

Key financial highlights for the 2020-21 fiscal year are as follows:

- The District's total governmental and business-type activities liabilities and deferred inflows of resources exceeded total assets and deferred outflows of resources as of June 30, 2021 by \$132,550,050 (net position deficit). The net position deficit is the result of the District's implementation of GASB Statement No. 68 'Accounting and Financial Reporting for Pensions' during 2014-2015, and the implementation of GASB Statement No. 75 'Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions'. The District is required to recognize their proportionate share of the Pennsylvania School Employees Retirement System (PSERS) overall net pension and OPEB obligation, and the District's OPEB obligation as well. For the Seneca Valley School District, these combined liabilities stand at \$261,184,132 as of June 30, 2021.
- Total revenues were \$142,261,476 for all governmental funds (excluding other financing sources) of which the general fund accounted for \$142,170,622 worth of revenues.
- The School District had \$164,370,526 in expenditures for all governmental funds (excluding other financing uses) of which the general fund accounted for \$135,120,995 of those expenditures.
- At the end of the current fiscal year, the fund balance of the General Fund was \$44,457,075 of which \$201,349 is restricted for the District's Flexible Spending Account, \$1,000,000 was committed for anticipated retirement increases, \$32,255,726 was assigned for adoption of new texts and learning resources as well as anticipated healthcare cost increases, and the balance of \$11,000,000 was unassigned.

USING THE ANNUAL FINANCIAL REPORT (GASB 34)

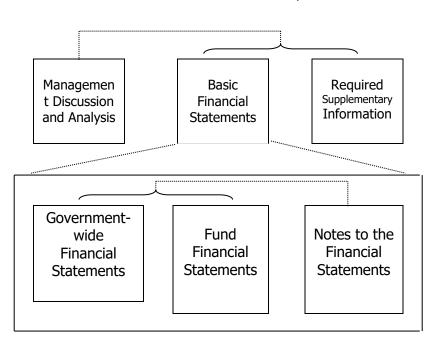

The Annual Financial Report consists of this Management Discussion and Analysis and a series of financial statements and notes to those statements. The statements are organized so that the reader can understand Seneca Valley School District as an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

MANAGEMENT DISCUSSION AND ANALYSIS REQUIRED SUPPLEMENTARY INFORMATION (RSI) FISCAL YEAR ENDING JUNE 30, 2021

USING THE ANNUAL FINANCIAL REPORT (GASB 34) (Continued)

MANAGEMENT DISCUSSION AND ANALYSIS REQUIRED SUPPLEMENTARY INFORMATION (RSI) FISCAL YEAR ENDING JUNE 30, 2021

OVERVIEW OF FINANCIAL STATEMENTS

Government-wide Statements

The government-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the District's net position and how they have changed. Net position, the difference between the District's assets and liabilities, are one way to measure the District's financial health or position.

Over time, increases or decreases in the District's net position are an indication of whether its financial health is improving or deteriorating, respectively.

To assess the overall health of the District, the reader needs to consider additional non-financial factors, such as changes in the District's property tax base and the performance of the students.

The government-wide financial statements of the District are divided into two categories:

- Governmental activities All of the District's basic services are included here, such as instruction, student support, administration and community services. Property taxes, state and federal subsidies, and grants finance most of these activities.
- Business type activities –The District operates a food service operation and charges fees to students, staff and visitors to help it cover the costs of the food service operation.

Fund Financial Statements

The District's fund financial statements, which begin on Page 3, provide detailed information about the most significant funds – not the District as a whole. Some funds are required to be reported separately by state law and by bond requirements.

Governmental funds – Most of the District's activities are reported in governmental funds, which focus on the determination of financial position and change in financial position, not on income determination. They are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District's operations and the services it provides. Governmental fund information helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

Proprietary funds – These funds are used to account for the District activities that are similar to business operations in the private sector; or where the reporting is on determining net income, financial position, changes in financial position, and a significant portion of funding through user charges. When the District charges customers for services it provides – whether to outside customers or to other units in the District – these services are generally reported in proprietary funds. The Food Service Fund is the District's proprietary fund and is the same as the business-type activities we report in the government-wide statements, but provide more detail and additional information, such as cash flows.

MANAGEMENT DISCUSSION AND ANALYSIS REQUIRED SUPPLEMENTARY INFORMATION (RSI) FISCAL YEAR ENDING JUNE 30, 2021

OVERVIEW OF FINANCIAL STATEMENTS (Continued)

Fund Financial Statements (Continued)

Fiduciary funds - The District is the trustee, or fiduciary, for assets that belong to others, such as the District's student activity custodial funds. The district is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by the those to whom the assets belong. All of the District's fiduciary activities are reported in separate Statements of Fiduciary Net Position and Changes in Net Position on Pages 11 and 12. The district excludes these activities from the district-wide statements because it cannot use these assets to finance its operations.

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

A comparative breakdown of assets, liabilities and net position of the District for the past two fiscal years is as follows:

Table A-1
Fiscal Year Ended June 30, 2021 and 2020

Unrestricted (Deficit)		(192,520,555)		(1,286,112)		(193,806,667)		(186,331,392)
TOTAL NET POSITION (Deficit)		(131,399,867)	\$	(1,150,183)	\$	(132,550,050)	\$	<u>(136,182,525)</u>

The results of this year's operations as a whole are reported in the Statement of Activities on Page 2. All expenses are reported in the first column. Specific charges, grants, revenues and subsidies that directly relate to specific expense categories are represented to determine the final amount of the District's activities that are supported by other general revenues. The two largest general revenues are the Basic Education Subsidy provided by the State of Pennsylvania, and the local taxes assessed to community taxpayers.

MANAGEMENT DISCUSSION AND ANALYSIS REQUIRED SUPPLEMENTARY INFORMATION (RSI) FISCAL YEAR ENDING JUNE 30, 2021

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE (Continued)

The following Table A-2 takes the information from the Statement of Activities, rearranges it slightly, so you can see our total revenues, expenses, and change to the net position for the past two fiscal years.

See the District Funds section of this report for further explanation of the major variances from the prior year.

Table A-3 shows the District's eight largest functions - instructional programs, instructional student support, administrative, operation and maintenance of plant, pupil transportation, student activities, community services, long-term debt, as well as each program's net cost (total cost less revenues generated by the activities) for the past two fiscal years. This table also shows the net costs offset by the other unrestricted grants, subsidies and contributions to show the remaining financial needs supported by local taxes and other miscellaneous revenues.

MANAGEMENT DISCUSSION AND ANALYSIS REQUIRED SUPPLEMENTARY INFORMATION (RSI) FISCAL YEAR ENDING JUNE 30, 2021

THE DISTRICT FUNDS

At June 30, 2021, the District's governmental funds reported a combined fund balance of \$94,942,135 compared to \$92,167,288 for the year ended June 30, 2020, as restated. The general fund balance increased by \$6,357,517. The capital project fund balance decreased by \$3,581,144. The following is additional information concerning revenues, expenditures, and fund balance.

REVENUES

The revenues received into the general fund during 2020-2021 came from three major sources: local, state, and federal revenues. Of total revenues, local revenues account for 73.6%, state revenues are 25.3% and federal revenues only 1.1%.

Local revenues can be grouped in two major categories, tax revenues and non-tax revenues. Local real estate tax accounted for 83.1% of total tax revenues and 76.9% of total local revenues in 2020-2021. Other forms of tax revenue include earned income tax, flat occupation assessment tax, real estate transfer tax and delinquent tax collections. Tax revenue increased in the 2020-2021 fiscal year by approximately \$2,979,969. The increase was most notably in current real estate tax collections, wage tax collections and real estate transfer taxes, which increased by \$2,003,778, \$701,892, and \$291,689 respectively. Non-tax revenues, including federal monies received through the intermediate unit, athletic admissions and fees, interest earnings, tuition from other PA school districts and other miscellaneous revenues accounted for 7.5% of total local revenues.

Basic education subsidy and retirement subsidy are the two largest sources of state revenue with basic education subsidy providing 39.7% of the total and retirement subsidy providing 28.8% of the total. State subsidies overall decreased during 2020-2021 by \$306,001. This was mainly due to the decrease in transportation subsidy monies of \$1,094,600.

Federal revenues accounted for just 1.1% of the total revenues, an increase from 2019-2020 by \$796,790. This increase was mainly due to Covid-19 funds (ESSER, GEER and PCCD) of \$923,154.

MANAGEMENT DISCUSSION AND ANALYSIS REQUIRED SUPPLEMENTARY INFORMATION (RSI) FISCAL YEAR ENDING JUNE 30, 2021

THE DISTRICT FUNDS (Continued)

EXPENDITURES

The revenues received during the 2020-2021 fiscal year were used to pay general fund expenditures of \$135,813,105. These expenditures were categorized into five major functions: instruction, support services, non-instructional operations, construction/improvements, and other financing uses. Additionally, the District expended \$29,011,153 for capital improvements funded through bond proceeds and its capital reserve fund.

The 2020-2021 general fund expenditures increased by \$3,848,449 or 2.29% from the past fiscal year.

FUNCTION	EX	PENDITURES	_	/ARIANCE FROM RIOR YEAR	% CHANGE	OV	AMOUNT ER (UNDER) 2020-2021 BUDGET

GENERAL FUND BUDGET

During the fiscal year, the Board of School Directors (The Board) authorizes revisions to the original budget (transfers) to accommodate differences from the original budget to the actual expenditures of the District. A schedule showing the District's original and final budget amounts compared with amounts actually paid and received is provided on Page 7 of the financial statements.

The District applies for federal, state, and local grants and these grants cannot always be anticipated exactly during the budget development process.

The Budgetary Reserve includes amounts that may be used for unplanned opportunities and/or unexpected costs for improvements/repairs to the District. These amounts will only be appropriated into expenditure categories if the fiscal results of the current year warrant doing so and the Board approves such transfers.

MANAGEMENT DISCUSSION AND ANALYSIS REQUIRED SUPPLEMENTARY INFORMATION (RSI) FISCAL YEAR ENDING JUNE 30, 2021

CAPITAL ASSET AND DEBT ADMINISTRATION

CAPITAL ASSETS

At June 30, 2021, the District had \$114,118,077 invested in a broad range of capital assets, including land, buildings and furniture and equipment, net of depreciation. This amount represents a net increase (including additions, deletions, and depreciation) of \$24,917,803 from 2019-2020 which is as a result of new asset additions exceeding depreciation expense.

DEBT ADMINISTRATION

As of July 1, 2020, the District had total outstanding bond principal of \$83,785,000 on its General Obligation Bond Issues. The District made payments against principal during the 2020-2021 year of \$6,140,000. Additionally, during the 2020-2021 fiscal year, the District issued General Obligation Bonds, Series 2021 in the amount of \$20,920,000. At June 30, 2021, the District had outstanding bond indebtedness of \$98,565,000.

Other long-term obligations include accrued vacation pay and sick leave for specific employees of the District, as well as retirement incentive, retiree health insurance, and net pension obligations. More detailed information about our long-term liabilities is included in Notes 9, 10, and 11 to the financial statements.

MAJOR FINANCIAL ISSUES

Retirement contribution rates are projected by PSERS to increase from the current 34.51% to 37% by the year 2029-30. While recent legislation changing the PSERS program has slowed the rate of increase, increases are anticipated for the foreseeable future. In an attempt to mitigate the short-term financial impact of the increase, the District has committed a portion of the fund balance to be applied to PSERS incrementally through 2022. District officials continue to closely monitor this issue.

The District has embarked on a major long-range capital improvement plan that includes facilities maintenance projects, buildings and grounds improvements, and new construction projects. This program has been funded through capital reserves and debt (bond issues). Additional borrowing will be needed prior to completion of the currently identified projects. A multi-year incremental financing plan that provides flexibility and affordability to the District has been reviewed with the Board of Education.

The District currently has contracts in place with all bargaining units.

CONTACTING THE DISTRICT FINANCIAL MANAGEMENT

The financial report is designed to provide our citizens, taxpayers, parents, students, investors, and creditors with a general overview of the District's finances and to show the School District's accountability for the money it receives. If you have questions about this report, or wish to request additional financial information, please contact Ms. Lynn Burtner, Business Manager at (724) 452-6040 ext. 1615 or Mrs. Celeste R. Foley, Assistant Business Manager at (724) 452-6040 ext. 1622 or by mail at Seneca Valley School District, Administrative Office, 124 Seneca School Road, Harmony, PA, 16037-9134. Additional information concerning District finances is available at www.svsd.net under the Busines/Finance Department tab.

SENECA VALLEY SCHOOL DISTRICT RECONCILIATION OF THE GOVERNMENT FUNDS STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED JUNE 30, 2021

TOTAL NET CHANGE IN FUND BALANCES - GOVERNMENTAL FUNDS	\$ 2,774,847
Amounts reported for governmental activities in the statement of activities are different because:	
Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays (\$29,459,636) exceeded	0.4.05.4.050
depreciation expense (\$4,505,578) during the fiscal year.	24,954,058
Governmental funds report district pension contributions as expenditures. However, in the statement of activities, the cost of pension benefits earned net of employee contributions is reported as pension expense.	(5,104,045)
Repayment of bond and lease principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the	6 140 000
statement of net position.	6,140,000
Bond discount costs are reported in governmental funds as expenditures. However, in the statement of activities, these costs are capitalized and amortized over the life of the related debt obligation as interest expense.	(4,951)
Deferred interest on bond refundings is recognized in the government-wide financial statements when bonds are refunded and amortized over the life of the bond issue as interest expense.	(10,068)
Bond premiums are reported in governmental funds as revenues. However, in the statement of activities, this amount is capitalized and is accreted over the life of the bond issue as interest expense.	(2,954,619)
Proceeds from long-term debt obligations are recorded as revenues in the governmental funds. However, in the statement of net position, these proceeds and related bond issue costs are recognized as long-term liabilities and	
contra-liabilities.	(20,920,000)
Interest on long-term debt in the statement of activities differs from the amount reported in the governmental funds because interest is recognized as an expenditure in the funds when it is due, and thus requires the use of current financial resources. In the statement of activities, however, interest expense is recognized as the interest accrues, regardless of when it is due.	(256,658)
In the statement of activities, certain operating expenses - compensated absences and retiree benefits - are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items	(===,==0)
are measured by the amount of financial resources used (paid). This is the	

amount by which compensated absences and retiree health benefits paid

CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES

exceeded the amount earned.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

REPORTING ENTITY

The Seneca Valley School District was established under the authority of an act of the state legislature that designated a school board as the governing body. The District serves the following municipalities:

Cranberry Township Evans City Borough
Forward Township Harmony Borough
Jackson Township Seven Fields Borough
Lancaster Township Zelienople Borough
Callery Borough

The School District operates under a locally-elected nine-member Board form of government and provides educational services as mandated by the Commonwealth of Pennsylvania and selected federal agencies. The Board of Education has complete authority over the operations and administration of the School District's activities.

A reporting entity is comprised of the primary government, component units and other organizations that are included to ensure the financial statements are not misleading. The primary government of the Seneca Valley School District consists of all funds, departments, boards and agencies that are not legally separate from the School District. Generally accepted accounting principles define component units as legally separate entities that are included in the School District's reporting entity because of the significance of their operating or financial relationships with the School District. Based on the application of these criteria, the Seneca Valley School District has no component units.

The School District is associated with two jointly governed organizations (Note 12) and one public entity risk pool (Note 13). These organizations are:

- Jointly Governed Organizations:
 Midwestern Intermediate Unit IV
 Butler County Area Vocational Technical School
- Public Entity Risk Pool:
 Midwestern Health Combine

The financial statements of the Seneca Valley School District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The most significant of the School District's accounting policies are as follows:

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

FINANCIAL STATEMENT PRESENTATION

GOVERNMENT-WIDE FINANCIAL STATEMENTS – The statement of net position (Exhibit A) and the statement of activities (Exhibit B) display information about the School District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The statements distinguish between those activities of the School District that are governmental and those that are considered business-type activities.

The government-wide statements are prepared using the economic resources measurement focus. That is the same approach used in the preparation of the proprietary fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Governmental fund financial statements therefore include reconciliations (Exhibit D and F) with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

The government-wide statement of activities (Exhibit B) presents a comparison between direct expenses and program revenues for the District's business-type activities (food service operations) and for each function of the School District's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and are therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, and grants, subsidies and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues of the School District. The comparison of direct expenses with program revenues identifies the extent to which the business-type activity or government function is self-financing or draws from the general revenues of the School District.

FUND FINANCIAL STATEMENTS – Fund financial statements report detailed information about the School District. Under generally accepted accounting standards, the focus of fund financial statements is on major funds rather than reporting funds by type. Major funds represent the District's most important funds and are determined based on percentages of assets, liabilities, revenues, and expenditures/expenses. For the Seneca Valley School District, the General Fund is always considered a major fund. Each major fund is presented in a separate column. Non-major funds, if any, would be segregated and presented in a single column. Fiduciary funds are reported by fund type.

BASIS OF ACCOUNTING AND MEASUREMENT FOCUS

The basis of accounting determines when transactions are recorded in the financial records and reported in the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Government funds use the modified accrual basis of accounting. Proprietary and fiduciary funds use the accrual basis of accounting.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental fund types are accounted for using a flow of current financial resources measurement focus. The financial statements for governmental funds are a balance sheet, which generally includes only current assets and current liabilities, and a statement of revenues, expenditures and changes in fund balances, which reports on the sources (revenues and other financing sources) and uses (expenditures and other financing uses) of current financial resources.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

BASIS OF ACCOUNTING AND MEASUREMENT FOCUS (Continued)

All proprietary fund types are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the statement of net position. The statement of revenues, expenses, and changes in fund net position presents increases (revenues) and decreases (expenses) in total net position. The statement of cash flows provides information about how the School District finances and meets the cash flow needs of its proprietary activities. The fair value of donated commodities used during the year is reported in the operating statements as an expense with a like amount reported as part of federal source revenue.

Fiduciary funds are reported using the economic resources measurement focus.

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the School District, available means expected to be received within sixty days of fiscal year-end.

Revenue resulting from non-exchange transactions, in which the School District receives value without directly giving equal value in return, includes property taxes, grants and contributions. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenues from grants and contributions are recognized in the fiscal year in which all eligibility requirements have been satisfied. On a modified accrual basis, revenue from non-exchange transactions must also be 'available' before it can be recognized.

The management of the Seneca Valley School District has determined that the revenues most susceptible to accrual (measurable and available) at June 30, 2021 under the modified accrual basis are 1) certain Act 511 taxes, 2) federal and state subsidies earned in the fiscal year 2020-2021, and 3) other miscellaneous revenues earned in fiscal year 2020-2021 but received subsequent to June 30, 2021. On the governmental fund financial statements, receivables that will not be collected within the 'available' period have been reported as 'deferred inflows of resources'.

On the accrual basis of accounting, expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. The primary expenditures deemed susceptible to accrual at June 30, 2021 are those for which the Board of Education's intention was to expense these items as budgeted for the 2020-2021 official budget, and for which the District has incurred an obligation, but has not paid as of June 30, 2021.

Allocations of cost such as depreciation and amortization, are not recognized in governmental funds but are included as part of expenses in the government-wide statement of activities.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

FUND ACCOUNTING

The School District uses funds to report on its financial position and the results of its operations during the year. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain school district functions or activities. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. Funds are classified into three categories: governmental, proprietary and fiduciary. Fund categories are defined as follows:

<u>Governmental Funds</u> – Governmental funds focus on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the School District's major and non-major governmental funds:

MAJOR GOVERNMENTAL FUNDS:

GENERAL FUND - The General Fund is used to account for all financial resources not required to be accounted for in some other fund. The General Fund balance is available for any purpose provided it is expended according to the Commonwealth of Pennsylvania Public School Code.

CAPITAL PROJECT FUND - The Capital Project Fund is used to account for financial resources used for the acquisition, construction, or improvement of capital facilities and other assets financed through the issuance of general obligation bonds. This Fund includes Capital Reserve Fund monies transferred from the General Fund restricted for capital purposes as restricted by the Municipal Code Section 1431 or the Pa. Public School Code Section 690.

NONMAJOR GOVERNMENTAL FUNDS:

MUSIC SCHOLARSHIP FUND (Special Revenue) - The music scholarship fund was established to provide scholarships to eligible District students funded by private donor.

LEGAL SETTLEMENT FUND (Special Revenue) – The fund was established to account for compensatory education expenses for an individual special needs student established to comply with an administrative adjudication and was funded by a one-time transfer of monies from the School District's General Fund.

<u>Proprietary Funds</u> - used to account for activities similar to those found in the private sector, where the determination of net income is necessary and useful to sound financial administration. Goods or services from such activities can be provided either to outside parties (enterprise funds) or to other departments or agencies within the school district (internal service funds). The School District's major and sole enterprise fund is its Food Service Fund, which accounts for the financial transactions related to the food service operations of the District.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

FUND ACCOUNTING (Continued)

<u>Fiduciary Funds</u> – Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and custodial funds. Trust funds are used to account for assets held by the School District under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the School District's own programs. Custodial funds report fiduciary activities that are not held in a Trust or equivalent arrangement that meets specific criteria. The District's Custodial Fund is comprised of the various student organization activity accounts administered by the District on behalf of the various student organizations.

BUDGETS

On June 9, 2020, the Seneca Valley School District adopted its fiscal year June 30, 2021 annual budget for the General Fund totaling \$140,122,325 in accordance with the provisions of the Pennsylvania School Code. The budget is prepared utilizing the modified accrual basis of accounting in accordance with generally accepted accounting principles. The original and final budgetary amounts are reflected in these financial statements (Exhibit G). All annual appropriations of the General Fund lapse at year-end.

The School District uses the following procedures in establishing this budgetary data:

- a. Prior to May of the preceding fiscal year, the school district prepares a budget for the next succeeding fiscal year beginning July 1. The operating budget includes proposed expenditures and the revenues and other sources of funds used to finance these expenditures.
- b. At least 20 days prior to the date set for budget adoption, the budget is made available for public inspection.
- c. A meeting of the Board of Education is then held for the purpose of adopting the proposed budget. The meeting may only be held after 10 days of public notification.
- d. Prior to July 1, the budget is legally enacted through passage of a resolution by the Board of Education.
- e. The budget must be filed with the Commonwealth of Pennsylvania, Department of Education by July 15 of the fiscal year or within 30 days of adoption.

Budgetary transfers are permitted after the first 90 days of the school district's fiscal year.

CASH AND CASH EQUIVALENTS

For the purpose of these basic financial statements, cash and cash equivalents include amounts in demand deposit accounts, and any other highly liquid, short-term investments, with original maturity terms of less than three months. For financial reporting purposes, certificates of deposit in 'pooled flex' investment options, regardless of maturity, are reflected as investments in the accompanying financial statements.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

<u>INVESTMENTS</u>

Under Section 440.1 of the Pennsylvania Public School Code of 1949, as amended, and PA Act 10 of 2016, Seneca Valley School District is permitted to invest funds consistent with sound business practices in the following types of investments:

- I. Obligations of (a) the United States of America or any of its agencies or instrumentalities backed by the full faith and credit of the United States of America, (b) the Commonwealth of Pennsylvania or any of its agencies or instrumentalities backed by the full faith and credit of the Commonwealth of Pennsylvania, or (c) of any political subdivision of the Commonwealth of Pennsylvania or any of its agencies or instrumentalities backed by the full faith and credit of the political subdivision.
- II. Deposits in savings accounts, time deposits and share accounts of institutions insured by the Federal Deposit Insurance Corporation (FDIC) to the extent that such accounts are so insured and, for any amounts above the insured maximum, provided that approved collateral, as provided by law, is pledged by the depository.
- **III.** U.S. government obligations, short-term commercial paper issued by a public corporation, and banker's acceptances.

Investments of the Seneca Valley School District include deposits pooled for investment purposes with the Pennsylvania School District Liquid Asset Fund (PSDLAF) and the Pennsylvania Local Government Investment Trust (PLGIT). Investments are reported at fair value.

SHORT-TERM INTERFUND RECEIVABLES/PAYABLES

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as 'due from/to other funds' on the governmental funds balance sheet. For the purposes of the government-wide statement of net position, governmental interfund receivables and payables have been eliminated. Amounts due between governmental activities and business-type activities, if any, are presented as off-setting internal balances on the statement of net position.

INVENTORIES

Inventories on the government-wide statement of net position (Exhibit A) and the proprietary fund statement of net position (Exhibit H) are recorded at a combination of actual cost and fair value on a first-in first-out basis. This inventory consists of purchased food and supplies and donated commodities from the U.S. Department of Agriculture as part of the food service program. The School District does not inventory the cost of such items as books and supplies, but rather records these items as an expenditure in the governmental funds and an expense in the government-wide statement of activities at the time of purchase.

CAPITAL ASSETS AND DEPRECIATION

General capital assets are those assets not specifically related to activities reported in the proprietary funds. These assets are reported in the governmental-activities column of the government-wide statement of net position. Capital assets used by the proprietary fund are reported in both the business-type activity column of the government-wide statement of net position and on the proprietary fund statement of net position.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

CAPITAL ASSETS AND DEPRECIATION (Continued)

All capital assets are recorded at cost (or estimated historical cost). Donated fixed assets are recorded at fair value at the time of receipt. The School District maintains a capitalization threshold of \$5,000. The cost of infrastructure is included as part of site improvements in the government-wide statement of net position. Routine repair and maintenance costs that do not add to the value of the asset or extend its useful life are charged as an expense in the government-wide statement of activities.

All reported capital assets, except land and construction in progress, are depreciated using the straight-line method over the following useful lives:

CATEGORY	GOVERNMENTAL ACTIVITIES	BUSINESS TYPE ACTIVITIES
Site Improvements	20 years	N/A
Buildings and Improvements	30 Years	N/A
Furniture and Equipment	5-20 years	5-12 years
Vehicles	8 Years	N/A

The accounting and reporting treatment applied to the capital assets associated with a fund are determined by its measurement focus. Capital assets purchased by governmental funds are recorded as expenditures in the fund financial statements (Exhibit E).

The results of capitalizing fixed assets net of depreciation on the government-wide statement of net position and statement of activities, as opposed to recording these same assets as an expenditure in the fund financial statements (Exhibit E), is reflected in the required reconciliations of fund balance to net position (Exhibit D) and the changes in fund balances to the changes in net position (Exhibit F).

LONG-TERM DEBT FINANCING COSTS

Bond and note issuance costs are recorded as expenditures in the governmental fund financial statements in the year paid. The School District incurred \$236,851 in bond issuance costs related to General Obligation Bonds, Series of 2021 during the 2020-2021 fiscal year.

COMPENSATED ABSENCES

The School District reports compensated absences in accordance with the provisions of applicable GASB Statements. Sick leave benefits are accrued as a liability for teachers at the time of superannuation retirement, or retirement with 25 years of public-school service and the age of 55 years, at the rate of \$40 per day if the District is notified prior to November 1 for mid-year or March 1 for year-end retirements. Teachers are eligible for \$15 per unused sick day severance with 7 years of District service and 75 days' notice. Secretaries with 10 years of service with the district are reimbursed for unused sick days at the rate of \$22 per day (\$27 per day at the time of superannuation or any retirement under PSERS). Paraprofessionals with 10 years of service with the district are reimbursed for unused sick days at the rate of \$13 per day (\$18 per day at the time of superannuation or any retirement under PSERS).

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

COMPENSATED ABSENCES (Continued)

Custodians with at least ten consecutive years of service to the District are reimbursed at the rate of \$38 per day, provided written notice of retirement is made no later than September 1 of the last school year of service or at least 90 days prior to retirement (\$28 per day if employee does not meet notification requirements). Administrators with 8 years of service with the District are reimbursed for unused sick days at the rate of \$10 per day (\$25 per day at the time of superannuation retirement with less than 90 calendar days' notice to the District, \$35 per day if notice is received by November 15). Act 93 participants with 8 years of service with the District are reimbursed for unused sick days at the rate of \$50 per day (\$100 per day at the time of superannuation retirement if notice is received by November 15).

The entire compensated absences liability of \$1,338,146 is shown as a non-current liability in the government-wide statement of net position. For governmental fund financial statements, compensated absences are recorded as expenditures when paid rather than accrued when earned as the likelihood of payment in the immediate fiscal year with available expendable resources is not assured.

PENSIONS

For the purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Public School Employees' Retirement System (PSERS), and additions to/deductions from PSERS's fiduciary net position have been determined on the same basis as they are reported by PSERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investment assets are reported at fair value. More information on pension activity is included in Note 10.

OTHER POSTEMPLOYMENT BENEFITS

For the purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Public School Employees' Retirement System (PSERS), and additions to/deductions from PSERS's fiduciary net position have been determined on the same basis as they are reported by PSERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investment assets are reported at fair value. More information on other postemployment benefits activity is included in Note 11.

ACCRUED LIABILITIES AND LONG-TERM OBLIGATIONS

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements. For the business-type activities, these obligations and all similar obligations are reported again on the proprietary fund statement of net position (Exhibit H).

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

ACCRUED LIABILITIES AND LONG-TERM OBLIGATIONS (Continued)

In general, payables and accrued liabilities that will be paid from governmental funds are reported on the governmental fund financial statements regardless of whether they will be liquidated with current resources. However, the non-current portion of compensated absences and retiree health benefits that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they will be paid with current, expendable, available financial resources. In general, liabilities that mature or come due for payment during the fiscal year are considered to have been paid with current available financial resources. Bonds and other long-term obligations that will be paid from governmental funds are not recognized as a liability in the fund financial statements when due. The District's General Fund is typically used to liquidate long-term liability obligations.

The results of recognizing these long-term obligations as liabilities on the government-wide statement of net position and statement of activities, as opposed to recording these same obligations as an expenditure in the fund financial statements (Exhibit E) only when paid, is reflected in the required reconciliations of fund balance to net position (Exhibit D) and the changes in fund balances to the changes in net position (Exhibit F).

UNEARNED REVENUE

Unearned Revenue arises when the District receives resources before it has legal claim to them. This occurs when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent balance periods, when both revenue recognition criteria are met, or when the School District has a legal claim to the resources, the unearned revenue liability is removed and revenue is recognized.

DEFERRED OUTFLOWS AND INFLOWS OF RESOURCES

In addition to assets, the financial statements will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. The School District has three items that qualify for reporting in this category. They are deferred outflows related to the School District's pension and OPEB plans and deferred interest on refunding of bonds, reported on the governmental funds statement of net position (Exhibit A).

In addition to liabilities, the financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until then. The School District has two items that qualify for reporting in this category. They are deferred inflows related to the School District's pension and OPEB plans, reported on the governmental funds statement of net position (Exhibit A).

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

NET POSITION

Net position is classified into three categories according to external donor or legal restrictions or availability of assets to satisfy District obligations. Net position is classified as follows:

- Net Investment in Capital Assets This component of net position consists of capital assets net
 of accumulated depreciation, and reduced by the outstanding balances of debt that is attributable
 to the acquisition, construction and improvement of the capital assets, plus deferred outflows of
 resources less deferred inflows of resources related to those assets.
- Restricted Net Position This component of net position consists of restricted assets reduced by liabilities and deferred inflows related to those assets.
- Unrestricted Consists of net position that does not meet the definition of 'restricted' or 'net investment in capital assets'.

When an expense is incurred that can be paid using either restricted or unrestricted resources (net position), the School District's policy is to first apply the expense toward restricted resources and then toward unrestricted resources.

FUND EQUITY

In the Balance Sheet – Governmental Funds (Exhibit C), fund balances are reported in specific categories to make the nature and extent of the constraints placed on any entity's fund balance more transparent in accordance with GASB No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

- Non-spendable fund balance amounts that are not in a spendable form (such as inventory) or are required to be maintained intact.
- Restricted fund balance amounts constrained to specific purposes by their providers (such as grantors, bondholders, and high levels of government), through constitutional provisions, or by enabling legislation. As of June 30, 2021, the District has \$201,349 set aside in a separate 'Flexible Savings Account', \$28,907,777 of capital projects funds restricted in accordance with the Municipal Code Section 1431 or the Pa. Public School Code Section 690, \$938 and \$83,653 of the district's music scholarship and legal settlement fund respectively.
- Committed fund balance amounts constrained to specific purposes by the School District itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the School District takes the same highest-level action to remove or change the constraint. The Board of Education has committed \$1,000,000 of the District's overall General fund balance per Board policy, for the purpose of migrating the budgetary impact of increasing PSERS rates.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

FUND EQUITY (Continued)

- Assigned fund balance amounts the School District intends to use for a specific purpose; intent
 can be expressed by the governing body or by an official or body to which the governing body
 delegates the authority. The Board of Education has assigned \$32,255,726 of the General Fund
 balance for adoption of new texts and learning resources as well as anticipated healthcare cost
 increases, and \$20,867,732 of the Capital Reserve Fund balance for capital related acquisitions
 and improvements.
- Unassigned fund balance amounts that are available for any purpose

The School District establishes (and modifies or rescinds) fund balance commitments by passage of an ordinance or resolution. This is typically done through adoption and amendment of the budget. A fund balance commitment is further indicated in the budget document as a designation or commitment of the fund. The Board of Education has given authority to assign fund balance to the Business Manager.

When expenditures/expenses are incurred for purposes for which unrestricted (committed, assigned, and unassigned) resources are available, and amounts in any of these unrestricted classifications could be used, it is the District's general policy to spend the committed resources first, followed by assigned amounts.

Act 48 of 2003 prohibits school districts from increasing real property taxes beyond the annual index increase permitted by law, unless the school district has adopted a budget for such school year that includes an estimated ending unassigned fund balance which is not more than a specified percentage of the district's total budgeted expenditures. For the Seneca Valley School District, estimated ending unassigned fund balance must not exceed 8.0% of total budgeted expenditures.

ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires the District's management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

OPERATING REVENUES AND EXPENSES

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary fund. For the Seneca Valley School District, these revenues are food service charges for lunch and breakfast service. Operating expenses are the necessary costs incurred to provide the aforementioned food service. Non-operating revenues of the District's food service proprietary fund are comprised of 1) earnings on investments, 2) refund of prior year expenses, and 3) state and federal subsidies, including donated commodities, received from the U.S. Department of Agriculture. The District did not have non-operating expenses during the 2020-2021 fiscal year.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

ADOPTION OF GASB PRONOUNCEMENTS

The requirements of the following GASB Statement were adopted for the School District's 2020-2021 financial statements:

GASB issued Statement No. 84, *'Fiduciary Activities'*. The primary objective of this Statement is to enhance the consistency and comparability of fiduciary activity reporting by state and local governments. This Statement also is intended to improve the usefulness of fiduciary activity information primarily for assessing the accountability of governments in their roles as fiduciaries (see Note 16).

PENDING GASB PRONOUNCEMENTS

GASB issued Statement No. 87, 'Leases'. The primary objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases; enhancing the comparability of financial statements between governments; and also enhancing the relevance, reliability (representational faithfulness), and consistency of information about the leasing activities of governments. The provisions of this Statement are effective for the School District's June 30, 2022 financial statements.

GASB issued Statement No. 89, 'Accounting for Interest Cost Incurred before the end of a Construction Period'. The primary objectives of this Statement are (a) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and, (b) to simplify accounting for certain interest costs. The provisions of this Statement are effective for the School District's June 30, 2022 financial statements.

GASB issued Statement No. 90, 'Majority Equity Interests (an amendment of GASB Statements No. 14 and No. 61'. The primary objectives of this Statement are to improve consistency in the measurement and comparability of the financial statement presentation of majority equity interests in legally separate organizations and to improve the relevance of financial statement information for certain component units. The provisions of this Statement are effective for the School District's June 30, 2021 financial statements.

GASB issued Statement No. 91, 'Conduit Debt Obligations'. The primary objectives of this Statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. The provisions of this Statement are effective for the School District's June 30, 2023 financial statements.

GASB issued Statement No. 92, 'Omnibus 2020'. The primary objectives of this statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of GASB Statement Nos. 73, 74, 84, and 87. In addition the Statement addresses various topics and includes specific provisions concerning the following:

- Measurement of liabilities (and assets, if any) related to asset retirement obligations (ARO') in a government acquisition
- Reporting by entity risk pools for amounts that are recoverable from reinsurers or excess insurers
- Reference to nonrecurring fair value measurements of assets or liabilities in authoritative literature
- Terminology used to refer to derivative instruments

The provisions of this Statement are effective for the School District's June 30, 2022 financial statements.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

PENDING GASB PRONOUNCEMENTS (Continued)

GASB issued Statement No. 93, 'Replacement of Interbank Offered Rates'. The primary objectives of this Statement are to address the accounting and financial reporting implications that result from the replacement of an interbank offering rate (IBOR). The provisions of this Statement are effective for the School District's June 30, 2022 financial statements.

GASB issued Statement No. 94, 'Public-Private and Public-Public Partnerships and Availability Payment Arrangements'. The primary objectives of this Statement are to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs) and provide guidance for accounting and financial reporting for availability payment arrangements (APAs). The provisions of this Statement are effective for the School District's June 30, 2023 financial statements.

GASB issued Statement No. 96, 'Subscription-Based Information Technology Arrangements'. The primary objective of this Statement is to provide guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users. The provisions of this Statement are effective for the School District's June 30, 2023 financial statements.

GASB issued Statement No. 97, 'Certain Component Unit Criteria and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans'. The primary objectives of this Statement are to 1) increase consistency and comparability related to the reporting of fiduciary component units in circumstances in which a potential component unit does not have a governing board and the primary government performs the duties that a governing board typically would perform; 2) mitigate costs associated with the reporting of certain defined contribution pension plans, defined contribution other postemployment benefit (OPEB) plans, and employee benefit plans other than pension plans or OPEB plans as fiduciary component units in fiduciary fund financial statements; and 3) enhance the relevance, consistency, and comparability of the accounting and financial reporting for Internal Revenue Code (IRC) Section 457 deferred compensations plans (Section 457 plans) that meet the definition of a pension plan and for benefits provided through those plans. The provisions of this Statement are effective for the School District's June 30, 2022 financial statements.

GASB issued Statement No. 98, 'The Annual Comprehensive Financial Report'. This Statement establishes the term annual comprehensive financial report and its acronym ACFR. That new term and acronym replace instances of comprehensive annual financial report and its acronym in generally accepted accounting principles for state and local governments. The requirements of this Statement are effective for the School District's June 30, 2022 financial statements.

The effects of implementing these Statements on the School District's financial statements have not yet been determined.

NOTE 2 - CASH DEPOSITS AND INVESTMENTS

CASH DEPOSITS:

At June 30, 2021, the Seneca Valley School District had the following carrying values on its cash and cash equivalents accounts:

	BANK	CARRYING
	BALANCE	VALUE
General Fund	\$ 11,833,427	\$ 11,952,105
General Fund CD	20,692,849	20,692,849
Capital Project Funds	20,867,732	20,867,732
Nonmajor Funds	84,691	84,591
Enterprise Fund	2,710,647	2,438,161
Custodial Funds	322,009	312,962
	\$ 56,511,355	\$ 56,348,400

Cash deposits for the General Fund includes a certificate of deposit. Due to its maturity term, the certificates totaling \$20,692,849 are shown as investments in the accompanying financial statements. The difference between the bank balance and carrying value represents year-end reconciling items such as deposits in transit and outstanding checks. The Federal Deposit Insurance Corporation (FDIC) coverage threshold for government accounts is \$250,000 per official custodian. This coverage includes checking and savings accounts, money market deposits accounts, and certificates of deposit.

Custodial Credit Risk:

Custodial credit risk is the risk that in the event of a bank failure, the School District's deposits may not be returned to it. The District does not have a separate policy for custodial credit risk in addition to the requirements of State Law. As of June 30, 2021, \$56,011,355 of the School District's bank balance total is exposed to custodial credit risk as this amount represents uninsured deposits collateralized with securities held by the pledging financial institution or by its trust department or agent, but not in the School District's name. In accordance with Act Number 72-1971 Session of the Commonwealth of Pennsylvania, the aforementioned deposits, in excess of \$250,000, are collateralized by securities pledged to a pooled public funds account with the Federal Reserve System.

INVESTMENTS:

The amortized cost and fair value of the District's investments as of June 30, 2021 is as follows:

	Amortized st/Fair Value
PSDLAF PLGIT	\$ 56,999,672 41,137
	\$ 57,040,809

NOTE 2 - CASH DEPOSITS AND INVESTMENTS (Continued)

INVESTMENTS (Continued):

The purpose of the Pennsylvania Local Government Investment Trust (PLGIT) and the Pennsylvania School District Liquid Asset Fund (PSDLAF) for Local Governments is to enable governmental units to pool their available funds for investments authorized under the Intergovernmental Cooperation Act of 1972. The funds operate in a manner consistent with the SEC's Rule 2(a) 7 of the Investment Company Act of 1940. The funds use amortized cost to report net position to compute share prices. These funds maintain net asset values of \$1 per share. Accordingly, the fair value of the position in these funds is the same as the value of these shares.

Custodial Credit Risk:

For an investment, custodial credit risk is the risk that in the event of the counterparty, the School District will not be able to recover the value of its investments or collateral security that are in the possession of an outside party. The District's investments in PLGIT and PSDLAF are not exposed to custodial credit risk because their existence is not evidenced by securities that exist in physical or book entry form.

Interest Rate Risk:

The District has no formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk:

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The District has no formal policy, in addition to the requirements of the Pennsylvania School Code that limits its investment choices based on credit ratings by nationally recognized rating organizations. As of June 30, 2021, PLGIT and PSDLAF were rated AAAm by the Standard and Poors nationally recognized statistical rating organization.

NOTE 3 - PROPERTY TAXES

The Seneca Valley School District levies property taxes July 1 of each fiscal year. The tax millage assessment for the 2020-2021 fiscal year was 127.89 mills, which represents \$127.89 of revenue for every \$1,000 of assessed property value. Taxpayers are entitled to a 2% discount if taxes are paid prior to October 1. Collections beginning December 1 are assessed a 10% penalty. Tax collectors are required under Act 169 of the Commonwealth of Pennsylvania to submit a reconciliation of their tax duplicate to the District by January 15th of the year following levy. Unpaid taxes are submitted to Butler County Tax Claim Bureau for collection (See Note 14).

The final tax collector reconciliations reflected \$854,611 in unpaid 2021 property taxes, which represent 1.10% of the total assessed property taxes (\$81,156,099) for the current fiscal year.

NOTE 3 - PROPERTY TAXES (Continued)

Taxes receivable are comprised of the following at June 30, 2021:

Real Estate Transfer Taxes	\$ 308,698
Wage Taxes	9,879
Occupation Assessment Tax	2,029
	\$ 320,606

NOTE 4 - DUE FROM OTHER GOVERNMENTS

The amount of 'due from other governments', as reflected on the government-wide statement of net position (Exhibit A), the governmental funds balance sheet (Exhibit C), and the proprietary fund statement of net position (Exhibit H), is comprised of the following:

 		NESS-TYPE CTIVITIES
\$ 556,917	\$	-
605,012		-
92,078		
4,762,992		-
516,888		166,090
 18,968		
\$ 6,552,855	\$	166,090
A	605,012 92,078 4,762,992 516,888 18,968	*** S56,917

NOTE 5 – OTHER RECEIVABLES

The amount of 'other receivables', as reflected on the government-wide statement of net position (Exhibit A), the governmental funds balance sheet (Exhibit C), and the proprietary fund statement of net position (Exhibit H), is comprised of the following:

	 RNMENTAL CTIVITIES
Seneca Valley Foundation	\$ 46,813
Due from Students (Café)	38,968
Miscellaneous	 65,393
	\$ 151,174

NOTE 6 - INTER-FUND OBLIGATIONS AND TRANSFERS

Inter-fund receivables and payables as reflected on the governmental funds balance sheet (Exhibit C) are operating funds due to the General Fund from the District's Food Service Fund and monies due the Food Service Fund from the General Fund for subsidies deposited to the General Fund account. These inter-fund obligations have been eliminated in the government-wide statement of net position. At June 30, 2021 the Food Service Fund owed the General Fund a net amount of \$146,581.

NOTE 7 - UNEARNED REVENUES

Unearned revenues as of June 30, 2021, as reflected on the government-wide statement of net position (Exhibit A), the governmental funds balance sheet (Exhibit C), and the proprietary fund statement of net position (Exhibit H), is comprised of the following:

	 RNMENTAL STIVITIES	BUSINESS-TYPE ACTIVITIES			
Grants	\$ 151,000	\$	-		
Miscellaneous	9,468		-		
Zelienople Payment in Lieu of Taxes	21,917		-		
Donated Commodities Inventory	-		36,311		
	\$ 182,385	\$	36,311		

NOTE 8 - CAPITAL ASSETS

A summary of the governmental and business-type fixed asset activity for the 2020-2021 fiscal year was as follows:

Balance						Balance
7/1/2020		Additions	De	ductions		6/30/2021
\$ 5,337,706	\$	-	\$	-	\$	5,337,706

NOTE 9 - LONG-TERM LIABILITIES

GENERAL OBLIGATION BONDS - SERIES A, B, AND C OF 2015

In April of 2015, the Seneca Valley School District issued General Obligation Bonds – Series A, B, and C of 2015 in the amount of \$27,195,000, \$1,960,000, and \$26,935,000 respectively. The purpose of Series A of 2015 was to currently refund the School District's Series of 2005 General Obligation Bonds, and payment of the costs of the issuance of the Bonds. The purpose of Series B of 2015 was to currently refund a portion of the School District's Series A of 2010 General Obligation Bonds, and payment of the costs of the issuance of the Bonds. The purpose of Series C of 2015 was to provide the School District with funds for various capital improvements within the School District and payment of the costs of the issuance of the Bonds. The bonds were issued in denominations of \$5,000 with interest payable on March 1 and September 1 each year through maturity. The Series A and B interest rates range between 1.5% and 5.0% with maturity scheduled for March 1, 2026 and March 1, 2027 respectively. The Series C interest rates range between 3.25 and 5.0% with maturity scheduled for March 1, 2030. The bonds provide for early redemption options as detailed in the official statement of issue.

NOTE 9 - LONG-TERM LIABILITIES (Continued)

GENERAL OBLIGATION BONDS - SERIES A AND B OF 2016

In November of 2016, the Seneca Valley School District issued General Obligation Bonds – Series A and B of 2016 in the amount of \$9,350,000 and \$8,100,000 respectively. The purpose of Series A of 2016 was to refund, on a current refunding basis, the School District's Series of 2011 General Obligation Bonds, and payment of the costs of the issuance of the Bonds. The purpose of Series B of 2016 was to refund, on a current refunding basis, the School District's Series A of 2007, Series A of 2010, and Series B of 2010 General Obligation Bonds, and payment of the costs of the issuance of the Bonds. The bonds were issued in denominations of \$5,000. The Series A bonds call for the payment of interest on January 15 and July 15 each year through their maturity date of January 15, 2023 at interest rates ranging between .75% and 3.0%. The Series B bonds call for the payment of interest on April 1 and October 1 each year through their maturity date of April 1, 2023 at interest rates ranging between .70% and 3.0%. The bonds provide for early redemption options as detailed in the official statement of issue.

GENERAL OBLIGATION BONDS – SERIES OF 2018

In July of 2018, the Seneca Valley School District issued General Obligation Bonds – Series of 2018 in the amount of \$17,495,000. The purpose of the bonds was to provide the School District with funds the required for a portion of the cost of the design, acquisition, and construction of a new K-6 elementary/middle school facility and payment of the costs of the issuance of the Bonds. The bonds were issued in denominations of \$5,000 with interest payable on April 1 and October 1 each year through maturity. The bond issue interest rates range between 1.50% and 4.0% with maturity scheduled for April 1, 2032. The bonds provide for early redemption options as detailed in the official statement of issue.

GENERAL OBLIGATION BONDS - SERIES OF 2020

In January of 2020, the Seneca Valley School District issued General Obligation Bonds – Series of 2020 in the amount of \$14,355,000. The purpose of the bonds was to pay the costs of 1) to refunding, on a current refunding basis, the School District's Series A of 2012, 2) refunding, on a current refunding basis, the School District's General Obligation Bonds, Series B of 2012, 3) refunding, on a current refunding basis, the School District's General Obligation, Series D of 2012, 4) refunding, on a current refunding basis, the School District's General Obligation Bonds, Series of 2014, and 5) issuing the Bonds. The bonds were issued in denominations of \$5,000 with interest payable on April 1 and October 1 each year through maturity. The bond issue interest rates range between 3.00% and 4.0% with maturity scheduled for April 1, 2025. The bonds provide for early redemption options as detailed in the official statement of issue.

GENERAL OBLIGATION BONDS – SERIES OF 2021

In January of 2021, the Seneca Valley School District issued General Obligation Bonds – Series of 2021 in the amount of \$20,920,000. The purpose of the bonds was to pay the costs of 1) financing various capital projects of the school district, including but not limited to the construction and equipping of a new K-6 elementary school/middle school facility 2) funding a deposit to a capitalized interest fund account, and 3) issuing the Bonds. The bonds were issued in denominations of \$5,000 with interest payable on January 15 and July 15 each year through maturity. The bond issue interest rates range between 3.00% and 4.0% with maturity scheduled for July 15, 2033. The bonds provide for early redemption options as detailed in the official statement of issue.

NOTE 9 - LONG-TERM LIABILITIES (Continued)

DEFAULT PROVISIONS - GENERAL OBLIGATON BONDS

In the event of failure of the School District to pay or cause to be paid the interest on or principal of the Notes, as the same becomes due and payable, the holders of the Notes shall be entitled to certain remedies provided by the Local Government Unit Debt Act. Among the remedies, if the failure to pay shall continue for 30 days, holders of the Notes shall have the right to recover the amount due by bringing an action in assumpsit in the Court of Common Pleas of Butler County. The Act provides any judgement shall have an appropriate priority upon the funds next coming into the treasury of the School District. The Act also provides that upon a default of at least 30 days, holders of at least 25 percent of the Bonds may appoint a trustee to represent them. The Act provides certain other remedies in the event of default, and further qualifies the remedies described.

A summary of the Seneca Valley School District's general obligation bonds outstanding at June 30, 2021 is as follows:

	SI	ERIES OF	S	ERIES OF	,	SERIES OF		SERIES OF		S	ERIES OF

In connection with the School District's various general obligation bond issues, the District paid approximately \$361,681 in bond discount costs. These costs are being amortized on a straight-line basis over the life of the bond issue. The unamortized amount of bond discount totaling \$-0- is reflected in the governmental activities column on the government-wide statement of net position as a reduction to the long-term portion of bonds payable. Amortization expense for the year ended June 30, 2021 was \$4,951. This amount is included as part of interest on long-term debt in the statement of activities.

The School District's various general obligation bond issues were issued at premiums totaling \$20,720,954. The un-accreted amount of bond premiums totaling \$12,414,726, is added to the long-term portion of bonds payable on the government-wide statement of net position. Premium accretion for the year ended June 30, 2021 was \$1,701,388. This amount is included as part of interest on long-term debt in the statement of activities.

NOTE 9 - LONG-TERM LIABILITIES (Continued)

In connection with certain of the School District's current and prior year bond refundings, the District entered into irrevocable trust agreements with the Bond Trustees to purchase U.S. Government Securities in an amount sufficient to fully service the defeased bond indebtedness as it matures or is called. For financial reporting purposes, this prior debt is considered defeased and therefore removed as a liability from the District's financial statements. The difference between the remaining outstanding balance of the defeased bonds at the time of refunding and the reacquisition price (amount deposited with escrow agent for refunding purposes) is considered 'deferred interest on refunding' and is being amortized over the life of the new bond issue. The annual amortization of this deferred interest is reflected as a component of interest on long-term debt in the statement of activities. The remaining unamortized portion of this deferred interest totaling \$16,772 is reflected as deferred outflows of resources on the government-wide statement of net position.

The following represents the changes in the District's governmental and business-type activities long-term liabilities during the 2020-2021 fiscal year:

	Balance 7/1/2020			Additions Reductions			Balance 6/30/2021			oue Within One Year

NOTE 10 - PENSION PLAN

The Seneca Valley School District participates in the Public School Employees' Retirement System (PSERS). PSERS is a component unit of the Commonwealth of Pennsylvania. A brief description of the plan, and summary of the plan's provisions, are as follows:

Plan Description

PSERS is a governmental cost-sharing multiple-employer defined-benefit plan that provides retirement benefits to public school employees of the Commonwealth of Pennsylvania. The members eligible to participate in the System include all full-time public school employees, part-time hourly public school employees who render at least 500 hours of service in the school year, and part-time per diem public school employees who render at least 80 days of service in the school year in any of the reporting entities in Pennsylvania. PSERS issues a publicly available financial report that can be obtained at www.psers.state.pa.us.

NOTE 10 - PENSION PLAN (Continued)

Benefits Provided

PSERS provides retirement, disability, and death benefits. Members are eligible for monthly retirement benefits upon reaching (a) age 62 with a least 1 year of credited service; (b) age 60 with 30 or more years of credited service; or (c) 35 or more years of service regardless of age. Act 120 of 2010 (Act 120) preserves the benefits of existing members and introduced benefit reductions for individuals who become new members on or after July 1, 2011. Act 120 created two new membership classes, Membership Class T-E (Class T-E) and Membership Class T-F (Class T-F). To qualify for normal retirement, Class T-E and Class T-F members must work until age 65 with a minimum of three years of service or attain a total combination of age and service that is equal to or greater than ninety-two with a minimum of thirty-five years of service. Benefits are generally equal to 2% or 2.5%, depending upon membership class, of the member's final average salary (as defined in the Code) multiplied by the number of years of credited service. For members whose membership started prior to July 1, 2011, after completion of five years of service, a member's right to the defined benefits is vested and early retirement benefits may be elected. For Class T-E and Class T-F members, the right to benefits is vested after ten years of service.

Participants are eligible for disability retirement benefits after completion of five years of credited service. Such benefits are generally equal to 2% or 2.5%, depending upon membership class, of the member's final average salary (as defined in the Code) multiplied by the number of years of credited service, but not less than one-third of such salary nor greater than the benefit the member would have had at normal retirement age. Members over normal retirement age may apply for disability benefits.

Death benefits are payable upon the death of an active member who has reached age 62 with at least one year of credited service (age 65 with at least three years of credited service for Class T-E and Class T-F members) or who has at least five years of credited service (ten years for Class T-E and Class T-F members). Such benefits are actuarially equivalent to the benefit that would have been effective if the member had retired on the day before death.

Contribution Rates

Member Contributions - Active members who joined the System prior to July 22, 1983, contribute at 5.25% (Membership Class T-C) or at 6.5% (Membership Class T-D) of the member's qualifying compensation. Members who joined the System on or after July 22, 1983, and who were active or inactive as of July 1, 2001, contribute 6.25% (Membership Class T-C) or at 7.5% (Membership Class T-D) of the members qualifying compensation. Members who joined the System after June 30, 2001, and before June 1, 2011, contribute at 7.5% (automatic Membership Class T-D). For all new hires and for members who elected Class T-D membership, the higher contribution rates began with service rendered on or after January 1, 2002. Members who joined the System after June 30, 2011, automatically contribute at the Membership Class T-E rate of 7.5% (base rate) of the member's qualifying compensation.

All new hires after June 30, 2011, who elect Class T-F membership, contribute at 10.30% (base rate) of the member's qualifying compensation. Membership Class T-E and Class T-F are affected by a 'shared risk' provision in Act 120 of 2010 that in future years could cause the Membership Class T-E contribution rate to fluctuate between 7.50% and 9.50% and Membership Class T-F contribution rate to fluctuate between 10.30% and 12.30%.

NOTE 10 - PENSION PLAN (Continued)

Contribution Rates (Continued)

Employer Contributions – Contributions required of employers are based upon an actuarial valuation. For fiscal year ended June 30, 2021, the rate of employer's contribution was 33.69% (33.51% employer pension rate and .18% Act 5 defined contribution rate) of covered payroll, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the employer were \$20,376,949 for the year ended June 30, 2021.

<u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of</u> Resources Related to Pensions

At June 30, 2021, the School District reported a liability of \$204,293,000 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by rolling forward the System's total pension liability as of June 30, 2019 to June 30, 2020. The School District's proportion of the net pension liability was calculated utilizing the employer's one-year reported covered payroll as it relates to the total one-year reported covered payroll. At June 30, 2020 (the measurement date), the School District's proportion was .4149% which was an increase of .0076% from its proportion measured as of June 30, 2019.

For the year ended June 30, 2021, the School District recognized pension expense of \$26,014,456. At June 30, 2021, the School District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

		erred Outflows f Resources	_	erred Inflows Resources
Difference between expected and	·-			
actual experience	\$	534,000	\$	4,896,000
Changes in assumptions		-		-
Net difference between projected and				
actual investment earnings		8,979,000		-
Changes in proportions		6,755,000		-
Contributions subsequent to the				
measurement date		20,376,949		
	\$	36,644,949	\$	4,896,000
	\$	36,644,949	\$	4,896,000

The \$20,376,949 reported as deferred outflows of resources related to pensions resulting from School District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability for the measurement year ended June 30, 2021.

NOTE 10 - PENSION PLAN (Continued)

<u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions</u> (Continued)

Other amounts reported as deferred inflows/outflows of resources related to pensions will be recognized in pension expense as follows:

Date Year ended		Date	
		Year ended	Amortization
	June 30,	June 30,	Amount
	2021	2022	\$ 2,747,000
	2022	2023	2,393,000
	2023	2024	3,565,000
	2024	2025	2,667,000

Actuarial Assumptions

The total pension liability as of June 30, 2020, was determined by rolling forward the System's total pension liability as of the June 30, 2019 to June 30, 2020 using the following actuarial assumptions, applied to all periods included in the measurement:

- Actuarial cost method Entry Age Normal level % of pay
- Investment return 7.25%, includes inflation at 2.75%
- Salary growth Effective average of 5.00%, comprised of inflation of 2.75% and 2.25% for real wage growth and for merit or seniority increases
- Mortality rates were based on the RP-2014 Mortality Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2015 Mortality Improvement Scale

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study that was performed for the five-year period ending June 30, 2015.

Investment Asset Allocation

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The pension plan's policy in regard to the allocation of invested plan assets is established and may be amended by the Board. Plan assets are managed with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the pension.

NOTE 10 - PENSION PLAN (Continued)

Investment Asset Allocation (Continued)

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Global public equity	15.0%	5.20%
Private equity	15.0%	7.20%
Fixed income	36.0%	1.10%
Commodities	8.0%	1.80%
Absolute return	10.0%	2.50%
Infrastructure/MLP's	6.0%	5.70%
Real estate	10.0%	5.50%
Risk parity	8.0%	3.30%
Cash	6.0%	-1.00%
Financing (LIBOR)	-14.0%	-0.70%
	100%	

The above was the Board's adopted asset allocation policy and best estimates of geometric real rates of return for each major asset class as of June 30, 2020.

Discount Rate

The discount rate used to measure the total pension liability was 7.25%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at contractually required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the School's proportionate share of the net pension liability to changes in the discount rate

The following presents the net pension liability, calculated using the discount rate of 7.25%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.25%) or 1-percentage-point higher (8.25%) than the current rate:

C.....

		Current	
	1%	Discount	1%
	Decrease	Rate	Increase
	6.25%	7.25%	8.25%
School District's proportionate share of			
the net pension liability	\$ 252,753,000	\$ 204,293,000	\$ 163,240,000

NOTE 10 - PENSION PLAN (Continued)

Pension plan fiduciary net position

Detailed information about PSERS' fiduciary net position is available in PSERS Comprehensive Annual Financial Report which can be found on the System's website at www.psers.pa.gov.

NOTE 11 - POSTEMPLOYMENT BENEFITS OTHER THAN PENSION

PSERS - HEALTH INSURANCE PREMIUM ASSISTANCE PROGRAM

General Information about the Health Insurance Premium Assistance Program

PSERS provides Premium Assistance which, is a governmental cost sharing, multiple-employer other postemployment benefit plan (OPEB) for all eligible retirees who qualify and elect to participate. Employer contribution rates for Premium Assistance are established to provide reserves in the Health Insurance Account that are sufficient for the payment of Premium Assistance benefits for each succeeding year. Effective January 1, 2002, under the provisions of Act 9 of 2001, participating eligible retirees are entitled to receive premium assistance payments equal to the lesser of \$100 per month or their out-of-pocket monthly health insurance premium. To receive premium assistance, eligible retirees must obtain their health insurance through either their school employer or the PSERS's Health Options Program. As of June 30, 2020, there were no assumed future benefit increases to participating eligible retirees.

Premium Assistance Eligibility Criteria

Retirees of the System (PSERS) can participate in the Premium Assistance program if they satisfy the following criteria:

- Have 24 ½ or more years of service, or
- Are a disability retiree, or
- Have 15 or more years of service and retired after reaching superannuation age, and
- Participate in the HOP or employer-sponsored health insurance program

Plan Description

Seneca Valley School District employees participate in the PSERS – Health Insurance Premium Assistance program, which is a governmental cost sharing, multiple-employer defined benefit pension plan that provides retirement benefits to public school employees of the Commonwealth of Pennsylvania.

The members eligible to participate in the System include all full-time public-school employees, part-time hourly public school employees who render at least 500 hours of service in the school year, and part-time per diem public school employees who render at least 80 days of service in the school year in any of the reporting entities in Pennsylvania. PSERS issues a publicly available financial report that can be obtained at www.psers.pa.gov.

NOTE 11 - POSTEMPLOYMENT BENEFITS OTHER THAN PENSION (Continued)

PSERS – HEALTH INSURANCE PREMIUM ASSISTANCE PROGRAM (Continued)

Benefits Provided

Participating eligible retirees are entitled to receive premium assistance payments equal to the lesser of \$100 per month or their out-of-pocket monthly health insurance premium. To receive premium assistance eligible retirees must obtain their health insurance coverage through either their school employer or PSER's Health Options Program. As of June 30, 2020, there were no assumed future benefit increases to participating eligible retirees.

Contributions

The District's contractually required contribution for the fiscal year ended June 30, 2021 was 0.82% of covered payroll, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. During the 2020-2021 fiscal year, the Seneca Valley School District contributed \$495,965 to the premium assistance program.

OPEB Liability, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2021, the District reported a liability of \$8,956,000 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2020, and the total OPEB liability used to calculate the net OPEB liability was determined by rolling forward the System's total OPEB liability as of June 30, 2019 to June 30, 2020. The District's proportion of the net OPEB liability was calculated utilizing the employer's one-year reported covered payroll as it relates to the total one-year reported covered payroll.

At June 30, 2020 (the measurement date), the School District's proportion was .4145% which was an increase of .0072% from its proportion measured as of June 30, 2019. For the year ended June 30, 2021, Seneca Valley School District recognized OPEB expense of a \$575,251.

At June 30, 2021, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources		 red Inflows Resources
Difference between projected and			_
actual investment earnings	\$	82,000	\$ -
Changes in proportions		456,000	-
Difference between expected and			
actual experience		15,000	-
Changes in assumptions		365,000	197,000
Contributions subsequent to the			
measurement date		495,965	
	\$	1,413,965	\$ 197,000

NOTE 11 - POSTEMPLOYMENT BENEFITS OTHER THAN PENSION (Continued)

PSERS - HEALTH INSURANCE PREMIUM ASSISTANCE PROGRAM (Continued)

OPEB Liability, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Continued)

The \$495,965 reported as deferred outflows of resources related to OPEB resulted from District contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability for the measurement year ended June 30, 2021. Other amounts reported as deferred inflows/outflows of resources related to OPEB will be recognized in OPEB expense as follows:

Measurement Date			
Year ended	Year ended	Am	ortization
June 30,	June 30,	Amount	
2021	2022	\$	140,000
2022	2023		138,000
2023	2024		136,000
2024	2025		151,000
2025	2026		109,000
Thereafter	Thereafter		47,000

Actuarial assumptions

The Total OPEB liability as of June 30, 2020, was determined by rolling forward the System's Total OPEB Liability as of June 30, 2019 to June 30, 2020 using the following actuarial assumptions, applied to all periods included in the measurement:

- Actuarial Cost Method Entry Age Normal level % of pay
- Investment Return 2.79% based on the S&P 20 Year Municipal Bond Rate.
- Salary Increases Effective average of 5.00%, comprised of inflation of 2.75% and 2.25% for real wage growth and for merit or seniority increases.
- Premium Assistance reimbursement is capped at \$1,200 per year.
- Assumed Healthcare cost trends were applied to retirees with less than \$1,200 in premium assistance per year.
- Mortality rates were based on the RP-2014 Mortality Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2015 Mortality Improvement Scale.
- Participation rate:
 - Eligible retirees will elect to participate Pre age 65 at 50%
 - Eligible retirees will elect to participate Post age 65 at 70%

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study that was performed for the five-year period ending June 30, 2015.

NOTE 11 - POSTEMPLOYMENT BENEFITS OTHER THAN PENSION (Continued)

PSERS - HEALTH INSURANCE PREMIUM ASSISTANCE PROGRAM (Continued)

Investment Asset Allocation

Investments consist primarily of short-term assets designed to protect the principal of plan assts. The expected rate of return on OPEB plan investments was determined using the OPEB asset allocation policy and best estimates of geometric real rates of return for each asset class.

The OPEB plan's policy in regard to the allocation of invested plan assets is established and may be amended by the Board. Under the program, as defined in the retirement code, employer contribution rates for Premium Assistance are established to provide reserves in the Health Insurance Account that are sufficient for the payment of Premium Assistance benefits for each succeeding year.

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Cash	50.3%	-1.00%
US Core Fixed Income	46.5%	-0.10%
Non-US Developed Fixed	3.2%	-0.10%
	100%	

The above was the Board's adopted asset allocation policy and best estimates of geometric real rates of return for each major asset class as of June 30, 2020.

Discount Rate

The discount rate used to measure the Total OPEB Liability was 2.79%. Under the plan's funding policy, contributions are structured for short term funding of Premium Assistance. The funding policy sets contribution rates necessary to assure solvency of Premium Assistance through the third fiscal year after the actuarial valuation date. The Premium Assistance account is funded to establish reserves that are sufficient for the payment of Premium Assistance benefits for each succeeding year. Due to the short-term funding policy, the OPEB plan's fiduciary net position was not projected to be sufficient to meet projected future benefit payments, therefore the plan is considered a "pay-as-you-go" plan. A discount rate of 2.66% which represents the S&P 20-year Municipal Bond Rate at June 30, 2020, was applied to all projected benefit payments to measure the total OPEB liability.

NOTE 11 - POSTEMPLOYMENT BENEFITS OTHER THAN PENSION (Continued)

PSERS - HEALTH INSURANCE PREMIUM ASSISTANCE PROGRAM (Continued)

Sensitivity of the Net OPEB liability to changes in the Discount Rate

The following presents the net OPEB liability, calculated using the discount rate of 2.66%, as well as what the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower (1.66%) or 1-percentage-point higher (3.66%) than the current rate:

	1%	Current Discount	1%
	Decrease	Rate	Increase
	1.66%	2.66%	3.66%
Net OPEB Liability	\$ 10,211,000	\$ 8,956,000	\$ 7,917,000

Sensitivity of the Net OPEB liability to changes in the Healthcare Cost Trend Rates

Healthcare cost trends were applied to retirees receiving less than \$1,200 in annual Premium Assistance. As of June 30, 2020, retirees Premium Assistance benefits are not subject to future healthcare cost increases. The annual Premium Assistance reimbursement for qualifying retirees is capped at a maximum of \$1,200. As of June 30, 2020, 93,693 retirees were receiving the maximum amount allowed of \$1,200 per year and 688 members were receiving less than the maximum amount allowed of \$1,200 per year. The actual number of retirees receiving less than the \$1,200 per year cap is a small percentage of the total population and has a minimal impact on Healthcare Cost Trends as depicted below.

The following presents the net OPEB liability of the District as of the June 30, 2020 measurement date, calculated using current Healthcare cost trends as well as what the District net OPEB liability would be if its health cost trends were 1-percentage point lower or 1-percentage-point higher than the current healthcare cost trend rate:

		Current					
		1% Trend		1% Trend 19		1%	
		Decrease		Rates			Increase
Net OPEB Liability	\$	8,955,000	\$	8,956,000		\$	8,957,000
Net OF LB Liability	ب	8,933,000	٧	8,930,000	_	٧	0,337

OPEB plan fiduciary net position

Detailed information about PSERS' fiduciary net position is available in PSERS Comprehensive Annual Financial Report which can be found on the System's website at www.psers.pa.gov.

NOTE 11 - POSTEMPLOYMENT BENEFITS OTHER THAN PENSION (Continued)

DISTRICT- POST-RETIREMENT HEALTHCARE BENEFIT PLAN

PLAN DESCRIPTION

The Seneca Valley School District provides post-retirement healthcare benefits, for eligible employees, and their spouse, who elect early retirement.

The single-employer retiree benefit plan ('the Plan') was established by the authority of the collective bargaining agreements between the Seneca Valley School District Board of Education and the various unions. The program entitles the School District teachers, who meet retirement eligibility criteria, to receive health care benefits for a period of 7 ½ years regardless of age or Medicare eligibility. School District administrators receive health care benefits up to a maximum of 10 years, or until Medicare eligible, whichever occurs first.

Any increase in the premium costs for the aforementioned insurance that occurs after retirement, shall be borne by the retired employee. The plan is unfunded and does not issue a publicly available financial report. These benefits are accounted for in accordance with GASB Statement No. 75, Accounting and Financial Reporting by Employers for Post-employment Benefits Other Than Pensions.

FUNDING POLICY

The contribution requirements of plan members and the School District are negotiated between the District and the union representatives and may be amended by the Seneca Valley Board of Education. The plan is funded on a pay-as-you-go basis, i.e. premiums are paid to fund the health care benefits provided to current retirees. There are no assets that have been segregated and restricted to provide for retiree medical benefits. During the 2020-2021 fiscal year, the Seneca Valley School District contributed \$1,121,285 for 77 participants. Total retiree contributions made by plan members were \$167,137 for the year ending June 30, 2021.

Participant Data

Employees covered by benefit terms as of July 1, 2020 actuarial valuation were as follows:

	PARTICIPANT
	DATA
Active employees	680
Retirees	101
Total	781

NOTE 11 - POSTEMPLOYMENT BENEFITS OTHER THAN PENSION (Continued)

DISTRICT- POST-RETIREMENT HEALTHCARE BENEFIT PLAN (Continued)

OPEB Liability, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

The District's total OPEB liability of \$47,935,132 was measured as of July 1, 2020, and was determined by an actuarial valuation performed as of July 1, 2020. The July 1, 2020 valuation reflected the following change in total OPEB liability:

Balance at July 1, 2020	\$ 43,328,298
Changes for the year:	
Service cost	2,397,726
Interest	1,507,572
Changes of benefit terms	-
Differences between expected and	
actual experience	(3,150,104)
Changes in assumptions or other inputs	5,435,193
Benefit payments	 (1,583,553)
Net Changes	4,606,834
Balance at June 30, 2021	\$ 47,935,132

For the year ended June 30, 2021, Seneca Valley School District recognized OPEB expense of \$2,453,118. At June 30, 2021, the District report deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources		Deferred Inflows of Resources		
Benefit payments subsequent to the measurement date - (7/1/20) Difference between expected and	\$	2,059,441	\$	-	
actual experience		-		6,327,371	
Changes in assumptions		5,098,409		2,899,192	
	\$	7,157,850	\$	9,226,563	

The \$2,059,441 amount reported as deferred outflows of resources related to OPEB resulted from the District's contributions subsequent to the measurement date will be recognized as a reduction in the net OPEB liability for the measurement year ended June 30, 2020.

NOTE 11 - POSTEMPLOYMENT BENEFITS OTHER THAN PENSION (Continued)

DISTRICT- POST-RETIREMENT HEALTHCARE BENEFIT PLAN (Continued)

OPEB Liability, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Continued)

The amount reported as deferred inflows/outflows of resources related to OPEB will be recognized in OPEB expense as follows:

Measurement Date			
Year ended	Year ended	An	nortization
June 30,	June 30,		Amount
2021	2022	\$	(514,024)
2022	2023		(514,024)
2023	2024		(514,024)
2024	2025		(514,024)
2025	2026		(514,024)
Thereafter	Thereafter		(1,558,034)

Actuarial Assumptions and Other Inputs to Calculate the Total OPEB Liability

- Discount rate 1.86% based on S & P Municipal Bond 20 Year High Grade Rate Index at 7/1/20.
- Salary An assumption for salary increases is used only for spreading contributions over future pay under the entry age normal cost method. For this purpose, salary increases are composed of a 2.5% cost of living adjustment, 1% real wage growth, and for teachers and administrators a merit increase which varies by age from 2.75 to 0%.
- Withdrawal Rates of withdrawal vary by age, gender and years of service. Rates for new employees start at 22.9% for both men and women and decrease with age and service.
- Mortality Separate rates are assumed preretirement and postretirement using the rates assumed in the PSERS defined benefit pension plan actuarial valuation.
- Disability No disability assumed.
- Retirement Assumed retirement rates are based on PSERS plan experience and vary by age, service and gender.
- Percent of eligible retirees electing coverage in plan 90% of Teachers and Administrators and 50
- 50% of the Support Staff are assumed to elect coverage.
- Percent married at retirement 65% of employees are assumed to be married and have a spouse covered by the plan at retirement. Non-spouse dependents are deemed to be immaterial.
- Spouse age Wives are assumed to be two years younger than their husbands.
- Per capita claims cost making use of weighted averages for various plan design, the per capita claims cost for medical and prescription drug is based on the expected portion of the group's overall cost attributed to individuals in the specified age and gender brackets. Dental and vision costs are assumed to not vary with age or gender.

NOTE 11 - POSTEMPLOYMENT BENEFITS OTHER THAN PENSION (Continued)

DISTRICT- POST-RETIREMENT HEALTHCARE BENEFIT PLAN (Continued)

Actuarial Assumptions and Other Inputs to Calculate the Total OPEB Liability (Continued)

- Retiree contributions retiree contributions are assumed to increase at the same rate as the Health Care Cost Trend Rates.
- Health Care Cost Trend Rate 5.5% in 2020 through 2023. Rates gradually decrease from 5.4% in 2024 to 4.0% in 2075 and later based on the Society of Actuaries Long-Run Medical Cost Trend Model
- Actuarial Value of Assets Equal to the market value of assets.
- Actuarial cost method Entry age normal
- Participant data based on census information as of July 2020.

Sensitivity of the Total OPEB liability to Changes in the Discount Rate

The following presents the Total OPEB liability to the district, as well as the Total OPEB Liability using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current discount rate:

		Current							
	1%	Discount	1%						
	Decrease	Rate	Increase						
	0.86%	0.86% 1.86%							
Total OPEB Liability	\$ 51,697,830	\$ 47,935,132	\$ 44,392,358						

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates

The following presents the Total OPEB Liability of the District, as well as the Total OPEB Liability using healthcare cost trends that 1-percentage point lower or 1-percentage-point higher than the current healthcare cost trend rates:

		Current							
	1%	1% Trend							
	Decrease	Rates	Increase						
Total OPEB Liability	\$ 42,949,989	\$ 47,935,132	\$ 53,759,595						

NOTE 12 – JOINTLY GOVERNED ORGANIZATIONS

MIDWESTERN INTERMEDIATE UNIT IV

The Seneca Valley School District participates with 26 other School Districts located in the Counties of Butler, Lawrence and Mercer in the Midwestern Intermediate Unit IV (IU IV). The IU IV was established in 1971 by Act 102 of the Commonwealth of Pennsylvania to function as a regional educational service agency for 27 school districts, as well as nonpublic schools and other institutions, located within the aforementioned counties. The IU IV provides services relative to curriculum development, continuing education, educational planning, instructional materials, pupil personnel, state and federal agency liaison and managerial oversight. The Midwestern Intermediate Unit IV is governed by a thirteen (13) member board appointed by the 27 participating school districts on a rotating basis. The School District contributed \$146,790 to IU IV through state subsidy withholdings for the year-ended June 30, 2021. Midwestern Intermediate Unit IV issues separate financial statements annually which can be obtained by contacting the IU IV directly.

BUTLER COUNTY AREA VOCATIONAL TECHNICAL SCHOOL

The Seneca Valley School District, in conjunction with six other Western Pennsylvania School Districts, fund the operating and capital budget of the Butler County Area Vocational Technical School. The technical school is designed to teach students trade related professions. Each district's share of the operating budget is based on its' average daily membership. Each district's share of the capital budget is based on the ratio of the district's market valuation to the total market valuation of all participating districts. The Butler County Area Vocational Technical School issues separate financial statements annually which can be obtained by contacting the Vo-Tech directly.

NOTE 13 - RISK MANAGEMENT

GENERAL INSURANCE CLAIMS

The Seneca Valley School District is exposed to various risks of loss related to tort; theft of, damage to, and destruction of assets, errors and omissions; injuries to employees; and natural disasters. These risks are covered by commercial insurance purchased from independent third parties. Settled claims for these risks have not exceeded commercial insurance coverage for the past three years.

HEALTH INSURANCE

The Seneca Valley School District is a member of the Midwestern Health Combine. The Consortium is a public entity risk pool designed to administer health and medical insurance risks on a pooled risk basis. The Consortium elected to finance these health care benefits using a self-insured approach known as an Administrative Service Contract (ASC) arrangement. Under this arrangement, the consortium contracts for an insurer (Highmark Blue Cross/Blue Shield) to settle the payment for benefits at their provider discounted contract amounts plus a fee for administration rather than paying for benefits at non-discounted claims rates. The Reschini Group performs billing and collection services for the Consortium's deposit (medical) and premium (supplemental) amounts. Billing administration is provided through Crown Benefits Administration who also monitors and submits to Highmark all enrollment and eligibility changes for all coverages. Contributions from participating schools are determined annually in advance by the Consortium's operating committee. These contributions are based on amounts required to fund anticipated benefits and claims, as well as operational costs. The monthly payments of each member are determined by the terms of the medical benefit chosen by such members.

NOTE 13 - RISK MANAGEMENT (Continued)

HEALTH INSURANCE (Continued)

Participating school districts are permitted to withdraw from the Consortium and are entitled to a vested interest in the Consortium fund balance after settlement of all claims related to that district over a period of 12 months from the date of withdrawal. As of June 30, 2021, the Consortium net position available for benefits reflected a balance of \$11,177,823. During the 2020-2021 fiscal year, the Seneca Valley School District contributed \$11,770,255 to the Midwestern Health Combine.

NOTE 14 - CONTINGENCIES

STATE AND FEDERAL SUBSIDIES

The Seneca Valley School District's state and federally funded programs are subject to program compliance audits by various governmental agencies. The audit scopes of these program compliance audits are different than the scope of financial audits performed by an outside, independent certified public accounting firm. The District is potentially liable for any expenditure disallowed by the results of these program compliance audits. Management is not aware of any material items of noncompliance which would result in the disallowance of program expenditures.

LEGAL MATTERS

The Seneca Valley School District, in the normal course of operations, is party to various legal matters normally associated with school districts such as real estate tax assessment appeals, personnel wage and benefits, student education and athletics, construction projects, and other miscellaneous legal matters. The District is not aware of any current claims, litigation or assessments against the District that would adversely impact the financial position of the District as of the date of this report.

SALE OF TAX CLAIMS

On July 1, 2011, the Seneca Valley School District sold its outstanding delinquent real estate tax liens through June 30, 2011 to the Northwest Pennsylvania Incubator Association (NPIA). The District has continued to sell its outstanding delinquent real estate tax liens through June 30, 2021. NPIA borrowed the necessary funds from Firstrust Savings Bank. Section 3.02 of the agreement of sale between the District and NPIA provides for a mandatory repurchase clause by the District in the event of default by NPIA on its loan obligation to Firstrust Savings Bank. In the event of default, the District would be responsible for the outstanding balance due Firstrust Savings Bank by NPIA.

COVID-19 IMPLICATIONS

Early in 2020, a new strain of the coronavirus (COVID-19) began its global pandemic spread, including to the United States, negatively affecting many aspects of society and the economy. The impact of the virus is on-going and varies from region to region and from day to day, and any significant additional spreading of the virus could adversely affect the School District's operations and finances. The outbreak of the COVID-19 virus is likely to have a negative impact in 2021-2022 on the global and local economy and, might impact the School District's financial results in 2021-2022 and beyond. Given the dynamic nature of this pandemic, however, the extent to which the COVID-19 virus impacts the School District's results will depend on future developments, which remain highly uncertain and cannot be predicted at this time.

NOTE 15 – TAX ABATEMENT

The Seneca Valley School District entered into a property tax abatement agreement with one local business. This tax abatement was granted under Article XXIX-C of the Tax Reform Code, 72 P.S. Section 9901-C et al., with the property being designated by the Governor as a Strategic Development Area. The 2020-2021 fiscal year represents the 14^{4h} year of a 15-year tax abatement. The amount of the assessed value abated has changed over time as development has occurred. For the 2020-2021 fiscal year, the assessed value abated was \$15,736,330 resulting in a tax abatement of \$2,012,519.

NOTE 16 - IMPACT OF GASB 84 IMPLEMENTATION

As noted in Note 1, the Seneca Valley School District adopted the provisions of **GASB Statement No. 84**, *'Fiduciary Activities'* during the 2020-2021 fiscal year, effective July 1, 2020. The primary objective of this Statement is to enhance the consistency and comparability of fiduciary activity reporting by state and local governments. This Statement is also intended to improve the usefulness of fiduciary activity information primarily for assessing the accountability of governments in their roles as fiduciaries. The impact of the School District's implementation of this new standard resulted in the following:

- Student Activity Fund continues to be reported as a fiduciary fund-type, however under the new GASB Statement No. 84 category of fiduciary 'custodial funds' Student Activity Custodial Fund.
- The Student Activity Custodial Fund requires the presentation of a statement of changes in net position. Prior to July 1, 2020, the Student Activity Fund net position was \$0. Accordingly, to conform with the requirements of GASB Statement No. 84, the July 1, 2020 net position for the Student Activity Custodial Fund was restated to \$337,584 (Exhibit L).
- The District's Music Scholarship and Legal Settlement Fund were determined to meet the criteria of a Special Revenue Fund (governmental fund), and not a private-purpose trust fund (fiduciary fund) as described in GASB Statement No. 84. Accordingly, the financial information related to the District's Scholarship Fund is now reported as a nonmajor governmental fund in the accompanying financial statements.

NOTE 17 – SUBSEQUENT EVENTS

In January of 2022, the Seneca Valley School District issued General Obligation Bonds – Series of 2022 in the amount of \$18,700,000. The purpose of the bond issue is to **1)** finance various capital projects of the School District, including but not limited to the construction and equipping of a new K-6 elementary/middle school facility, **2)** funding a deposit to a capitalized interest fund account, and **3)** issuing the bonds. The bonds were issued in denominations of \$5,000 with interest payable on April 1 and October 1 each year through maturity. Interest rates on the bonds range between 3.00% and 4.00% with the bonds maturing on April 1, 2033.

Management has determined that there are no other events, subsequent to June 30, 2021 through the February 28, 2022 date of the 'Independent Auditor's Report', which is the date the financial statements were available to be issued, that require additional disclosure in the financial statements.

SENECA VALLEY SCHOOL DISTRICT NOTES TO REQUIRED SUPPLEMENTARY INFORMATION JUNE 30, 2021

NOTE 2 - FACTORS AND TRENDS USED IN THE ACTUARIAL VALUATION FOR THE PSERS POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (OPEB) (Continued)

<u>Changes in Assumptions used in the Measurement of PSERS' Total OPEB Liability</u>
<u>Beginning June 30, 2019</u>

The discount rate decreased from 2.98% to 2.79%.

<u>Actuarial Assumptions used in Calculations of Actuarially Determined</u>
Contributions

None

<u>Actuarial Assumptions used in Calculations of Actuarially Determined</u> Contributions

The following actuarial methods and assumptions were used to determine contribution rates reported in the OPEB required supplementary schedules:

- The results of the actuarial valuation as of June 30, 2018 determined the employer contribution rate for fiscal year 2020.
- Cost Method: Amount necessary to assure solvency of Premium Assistance through the third fiscal year after the valuation date
- Asset Valuation Method: Market value
- Participation Rate: 63% of eligible retirees are assumed to elect premium assistance
- Mortality rates and retirement ages were based on the RP-2000 Combined Healthy Annuitant Tables with age set back 3 for both males and females for healthy annuitants and for dependent beneficiaries. For disabled annuitants, the RP-2000 Combined Disabled Tables with age set back 7 years for males and 3 years for females for disabled annuitants. (A unisex table based on the RP-2000 Combined Healthy Annuitant Tables with age set back 3 years for both genders assuming the population consists of 25% males and 75% females is used to determine actuarial equivalent benefits.)

SENECA VALLEY SCHOOL DISTRICT NOTES TO REQUIRED SUPPLEMENTARY INFORMATION JUNE 30, 2021

NOTE 3 - FACTORS AND TRENDS USED IN THE ACTUARIAL VALUATION FOR THE RETIREE OPEB SCHOOL PLAN

Changes in Benefit Terms

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Management and Board of Education Seneca Valley School District

I have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standard* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Seneca Valley School District as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise Seneca Valley School District's basic financial statements, and have issued my report thereon dated February 28, 2022.

Internal Control over Financial Reporting

In planning and performing my audit of the financial statements, I considered the Seneca Valley School District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Seneca Valley School District's internal control. Accordingly, I do not express an opinion on the effectiveness of the Seneca Valley School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Seneca Valley School District's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during my audit I did not identify any deficiencies in internal control that I consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

To the Board of Education Seneca Valley School District

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Seneca Valley School District's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

This purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Seneca Valley School District's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Seneca Valley School District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Education Seneca Valley School District

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM

I have audited the Seneca Valley School District's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Seneca Valley School District's major federal programs for the year ended June 30, 2021. The Seneca Valley School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

My responsibility is to express an opinion on compliance for each of the Seneca Valley School District's major federal programs based on my audit of the types of compliance requirements referred to above. I conducted my audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that I plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Seneca Valley School District's compliance with those requirements and performing such other procedures as I considered necessary in the circumstances.

I believe that my audit provides a reasonable basis for my opinion on compliance for each major federal program. However, my audit does not provide a legal determination on the Seneca Valley School District's compliance.

Opinion on Each Major Federal Program

In my opinion, Seneca Valley School District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2021.

REPORT ON INTERNAL CONTROL OVER COMPLIANCE

Management of Seneca Valley School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing my audit of compliance, I considered the Seneca Valley School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing my opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, I do not express an opinion on the effectiveness of the Seneca Valley School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

My consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. I did not identify any deficiencies in internal control over compliance that I consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of my testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

SENECA VALLEY SCHOOL DISTRICT NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS JUNE 30, 2021

NOTE 1 – BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the 'Schedule') includes the federal grant activity administered by the Seneca Valley School District for the year ended June 30, 2021. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Grant Guidance – UGG). Because the Schedule presents only a selected portion of the operations of the School District, it is not intended to and does not present the financial position or changes in net position of the Seneca Valley School District.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

Expenditures reported on the Schedule are presented using the accrual method of accounting. Under this method, grant revenue is recognized to the extent expenditures are incurred. Expenditures are recognized when the liability for the expenditure is incurred rather than when the disbursement is actually made.

The federal expenditures are recognized, as applicable, under the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards, wherein certain types of expenditures are not allowable or limited to reimbursement.

NOTE 3 - RELATIONSHIP TO FINANCIAL STATEMENTS

Federal financial award revenues are included in the financial statements as 'local source' and 'federal source' revenues.

NOTE 4 – RECEIVABLES AND UNEARNED REVENUE

Federal grants receivable are included as part of 'due from other governments' in Exhibit A and Exhibit C as referenced in Note 4 to the Financial Statements. Unearned federal grant revenue, if any, is included as part of 'unearned revenue' in Exhibit A and Exhibit C, and is referenced in Note 7 to the Financial Statements.

NOTE 5 - NON-CASH ASSISTANCE

The Seneca Valley School District received donated commodities from the Department of Agriculture in connection with its food service program. The amount of non-cash assistance expended in the accompanying schedule of expenditures of federal awards reflects the fair market value of the commodities used during the 2020-2021 fiscal year.

NOTE 6 - INDIRECT COST RATE

The District has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

SENECA VALLEY SCHOOL DISTRICT SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2021
