### **College Credit Classes – Transcript Requests**

At the end of the year, and possibly other times depending on your circumstances, you will need to request that your transcript be sent from Southwest State to the college you'll be attending next year. Colleges will not give college credit for what is written on your high school transcript. Your college will need your official transcript from Southwest State. Here's how to request your transcript from Southwest State:

Students who plan to attend Southwest State do not need to request a transcript.

Students transferring credits to another college within the MnSCU system (Minnesota State Colleges and Universities) do not need to request a transcript, just inform your college of your Southwest State credits that you'd like to be transferred in.

Students who will be attending any college outside of the MnSCU system will need to request an official transcript at [www.SMSU.edu/go/transcripts](http://www.SMSU.edu/go/transcripts).

- A minimal charge will apply
- Students should select “After Grades are Posted”. Failure to do so could result in additional fees for reprocessing.
- Please allow one week for processing
