Philosophy and Mission

Our Vision: To accelerate learning by creating a brain-friendly learning environment that is joyful and challenging, stimulating and productive, nurturing with high standards and high expectations, encouraging a strong work ethic and ethical conduct with dignity and respect for all.

Corbett Preparatory School of IDS was founded on and remains devoted to the ideal that happy children — ones who are given respect as unique human beings and allowed to fulfill their needs to play, investigate, and be themselves — are more open to learning than children who are unhappy, tense, and fearful. We consider it our responsibility to foster every child's capacity for learning, to help them grow morally, spiritually, and emotionally as well as physically and intellectually.

Mission Statements:

Corbett Prep's mission and philosophy is aligned with the International Baccalaureate.

IB Mission

The International Baccalaureate aims to develop inquiring, knowledgeable and caring young people who help to create a better and more peaceful world through intercultural understanding and respect.

To this end the organization works with schools, governments and international organizations to develop challenging programmes of international education and rigorous assessment.

These programmes encourage students across the world to become active, compassionate and lifelong learners who understand that other people, with their differences, can also be right.

Corbett Prep Mission

To put our children first.

To have a positive impact on the greater community.

To develop globally minded students who are culturally aware and respectful of diversity.

Overview of Beliefs

Corbett Prep balances a dynamic, nurturing, and safe learning environment with high standards and expectations to develop a positive approach to life and learning. Teachers put children first, attending to each student as an individual and as a member of a collaborative learning community. The school combines joy with challenge; stimulating and inspiring lessons with productivity and results; and a strong work ethic focused on excellence with ethical conduct and that emphasizes dignity and respect for all.

CORBETT PREP

Dear Corbett Prep Parents and Community,

Our Winter Session of after-school enrichment programs begins on Monday, November 11, 2024, with more than 50 activities for all ages! Please look over this brochure to see the many options we have available for students to try new interests, pursue a passion, or develop their skills in a fun and friendly environment.

After-School Program FAQs

What is the difference between after-school programs and Extended Day? Extended Day provides childcare to Corbett Prep families daily until 5:45 p.m. and includes supervised recreation and homework time. Families can choose additional after-school programs for enrichment or skill development in sports, languages, the arts, STEAM, and recreational activities. All take place on the Corbett Prep campus, and most run for a half-hour to an hour. Families may sign up for Extended Day if they need care outside of those activity periods.

What programs are available? After-school programs fall into two categories – After-School Activities (ASA) and the Community School classes. After-School Activities are open only to Corbett Prep students and provide a fun environment for learning, exploring, and playing. Community School Programs include the Community School of the Arts (CSA), Community School of Languages (CSL), and Community School for Sports (CSS). Students from any school may enroll in the Community School classes.

Who teaches classes? Instructors are Corbett Prep faculty members, alumni, and hand-selected vendors.

How do students get to and from their activities? After-School Programs take place immediately after Corbett Prep dismissal, and teachers will walk their students to the classrooms. When the activity has concluded, students will go to Extended Day (separate registration) or wait for pickup at Station 2 in front of the Gatlin Hall gymnasium.

Community School programs have varying times and locations. Directors will communicate drop-off and pick-up locations with families once they have registered. The brochure lists whether the classes take place on Corbett Prep's elementary or middle school campus. Teachers will walk Corbett Prep students who are registered for Extended Day to and from their programs.

How do I sign up? Registration is online through the Parent Portal for Corbett Prep families. Community members should visit <https://www.corbettprep.com/community-programs> and click the program they wish to attend for additional information.
