Student Driving and Parking

Students who drive to school are required to park their vehicles and leave them unoccupied until it is time to drive home. Students are expected to drive slowly on school property and use extreme caution at all times. Students may not drive or have access to their vehicles during the school day without the express permission of their building principal, their designee, or the superintendent of schools.

Students are to park appropriately and in the assigned areas on school property. Student parking shall not be permitted in bus loading zones.

By driving a vehicle to school and parking on school grounds, students consent to having that vehicle searched by school officials if school officials have reasonable suspicion that such a search will reveal a violation of school rules.
