Advanced College Placement

Pupils may, with the approval of the principal, enroll in one or more college courses. Credit earned from the satisfactory completion of such courses may be applied at the secondary school or college level with the mutual consent of the two schools involved.

It is the policy of the Board of Education to cooperate with Institutions of higher learning in projects and activities that are mutually beneficial and satisfying. All requests and arrangements for student teaching, observation, and research studies shall be processed through the office of the Superintendent of Schools.
