LIVING SHADOWS

Shadows of the past, the present, the future. . . everyday shadows, small shadows, shadows of love and of hate, shadows of life, growing shadows. . .

All of these have one thing in common. They all belong to Field Kindley Memorial High School. The '69 Twister has one purpose: to recreate the memories of the 1968-1969 school season by making these shadows come alive. So pull up a chair, and let those shadows live. . .

NEW FACES FOUND AT OLD ADMINISTRATIVE DESKS

ABOVE: "Always time for everyone," says Principal Harry Anderson as he takes time out of his busy schedule to patiently attend to the problems of a concerned parent. BELOW: Blaine Babb, Guidance Counselor, talks to students and provides complete information about college and careers. RIGHT: A friendly smile and "May I help you?" can always be found in the office where Jerry Hamm, Vice Principal, assists students with enrollment at the beginning of the school year.

Students entered school last fall and found an administration casting all sorts of new shadows.

Harry J. Anderson assumed the position of Principal after transferring to Coffeyville from Salina, Kansas, where he was Assistant Principal at Salina High. Jerry Hamm was promoted from Counselor to Vice Principal. Our new Counselor is Blaine Babb, who came to us from Albuquerque, New Mexico.

As the shadows of our new administration slowly become a part of Field Kindley, let them remember the first year of their reign, 1968-1969.

Margret Thomas, Nancy Crossetto, Geraldine Rutledge, and Pam Owen all have one thing in common, they are all office proctors. Not pictured are: Martha Kuykendall, John Stolp, Kathy Sack, Brend Shivers, Sharon Stewart, Vicky Starns, Kay Robinson, Tedra Stewart, Peggy Stover, Betsy Shewell, Linda Pevehouse, Sharon Wilson, Rita Hann, Ann Zillifro, Mary Turner, Kay Beck, Carol Lybarger, Jane Owen, Janet Dewey, Linda Clayton, and Carol Craiger.

NON-TEACHING PERSONNEL LEAD BUSY LIVES

Amid the hustle and bustle of students' questions, teachers' problems and technicalities, the secretaries, Mrs. Doris Gowen and Mrs. Rae Dena Unruh, managed to have an efficiently run office.

Running errands and answering the telephone were just a few of the twenty-two proctors' numerous duties.

Rae Denna Unruh, Registrar; Lola Griffin, Cafeteria Manager; Doris Gowen, Secretary, examine important papers in the office. If it weren't for these three women, Field Kindley couldn't operate.

Due to the changes in the building, the custodians added to their regular work the care of the new carpet in the library and the newly decorated teachers' lounge.

At noon every school day, the cafeteria employees and their supervisor prepared hot meals for approximately sixty students and teachers.

Three of the busiest men around Field Kindley are our high school custodians, John Harvey, Don Hill, and Bill Carvey, shown as they prepare to clean up after 900 students.

PROGRESS IN ENGLISH

The National Council of Teachers of English named Joel

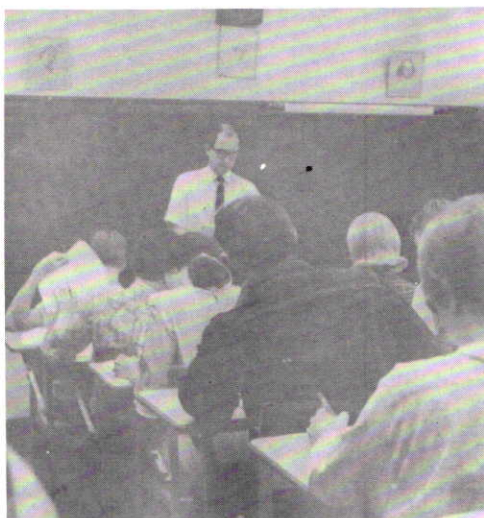

Harris a winner in its Annual Achievement Awards Competition. This gave special recognition to our English department.

The Sophomore English students applied themselves to a special project during the Christmas season. They replied to letters written by youngsters in this area who had written to Santa Claus telling of their gift lists.

Another project new to the Sophomore English curriculum this year was the Developmental Reading Program wherein each student attempted to increase his reading skills in the Reading Lab.

ABOVE: The English faculty from left top row was Miss Lavonne Crawford, Mrs. Sherry Richards, Mrs. Mary Stover. Bottom Row: Mr. C. S. Overman, Mr. Kenneth Burchinal, and Mr. Harold Sappenfield. LEFT: The Science faculty posed with their friend George, Mr. Bill Lynn, Chemistry and Physics; George; Mr. Victor Wilkerson, Biology; Mr. Orin Stoner, Lab Science. BELOW LEFT: Mr. Burchinal conducts one of his Senior Literature classes as they explore the world of old classic compositions.

EXPLORING SCIENCE

Under the direction of Mr. Bill Lynn, the Science Department enabled students to gain modern, up-to-date knowledge of the world of science.

Biology provided an initial look into frog dissections, insect collections, and the microscope.

Physics opened a new field of exploration for students interested in the study of motion and light.

The Science Department greatly benefited by the addition of a new faculty member, Mr. Victor Wilkerson, new text books in Lab Science, and an updating of teaching methods and modern facilities.

Business Faculty: Mr. Charles Spiegner, Miss Dorothea Fahler, Mr. Frank Thorne, Mrs. Aladayne Locke, and Miss Dorothy Brophy.

BUSINESS DEPARTMENT MAKES HEADWAY

Under the direction of Miss Dorothea Fahler, the Business Department has experienced a year of success and improvement.

The objective of the courses was to help students master the basic knowledge and skills that are needed in choosing the business field as a vocation. The courses were also designed to help students in managing business in everyday life. The mechanical portion of the course helped students develop speed and also accuracy in typing and shorthand.

Some of the units that were studied were duties of the office worker, general clerical procedures, and credit and collection.

The dictation and transcription of shorthand was the mainstay of the Secretarial Office Practice classes. Typing was also used in dictations.

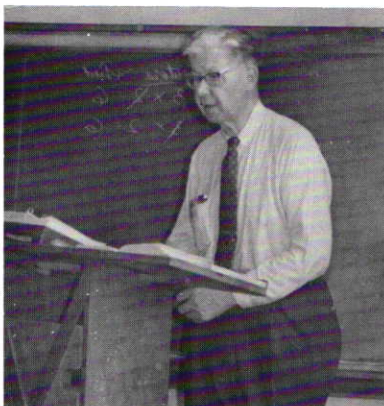

In Clerical Office Practice classes, general office practice was studied with the emphasis being placed on filing procedures. Around 50 students were involved in these classes.

Karen Wallace is hard at work trying to finish her 30 minute transcription.

Everyone likes to take dictation from Miss Fahler.

1969 was Mr. Frank Thorne's final year as he shows here his typical style.

THORNE RETIRES

Mr. Donald Lake, armed with new textbooks and the latest in auto-shift tables, had a good year with his drafting classes.

Mr. Thorne completed his 35th, and last, year of teaching book-keeping. A newcomer, Mr. Charles Spigner, joined the Business faculty.

Mr. Lake demonstrates new auto-shift tables.

Mable Rush works very hard on an important dictation.

Dianne Humphrey happily helps out Mrs. Eckhardt with explanation of a geometry problem.

PROGRESS IN ARTS

Selected students from our Instrumental Music Department performed with the top-rated Kansas Lions Club Band in Tokyo this summer. The Vocal Department presented "The King and I".

The Art Department displayed paintings throughout the building, at the Coffeyville State Bank, and art shows.

During the summer, the library was fully carpeted, which emphasized the shelves for new books.

LANGUAGES IMPROVE

The Foreign Language Department welcomed Mrs. Butterfield back to its staff last year. Conversational Spanish was one of the modern techniques introduced last year. A practice teacher from Haiti, Mr. Beauger, helped in French and Spanish. The first presentation of the Mardi Gras was staged by the French Department.

The Math Department had a good year with a larger student enrollment than in previous years.

Girls' gym classes make good use of a great asset of our school, our heated indoor swimming pool.

“ HISTORY LIVES ”

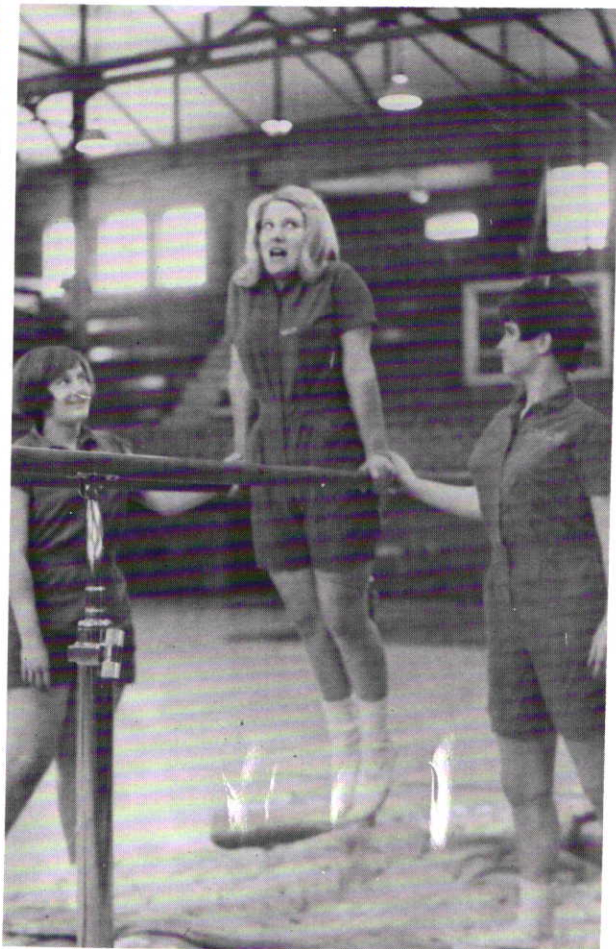

The social sciences improved the methods and instruments of teaching this past year. In World History, group meetings for films and lectures were highlighted. Government classes participated, as in years before, in the Community Government Day. American History specials this past year featured weekly newfilms and, of course, Miss Norfleet, Coffeyville's Master Teacher of the Year and her "Living History" lectures.

David Smith and Dick Angleton in American History prove that Coffeyville is really in Arizona.

In boys' gym classes wrestling was a highlight of the year. Not only did it give the boys a chance to show their strength, but it gave them a chance to take their vengeance on their friends.

Marcia Newcomb shows her skill on the parallel bars?

Miss Zeigler, girls' gym instructor, and Mr. Paul Crandall, boys' gym teacher, pause a moment in the gym.

EXERCISE — WOW!

The gym classes, under the supervision of Mrs. Zeigler and Mr. Crandall, provided plenty of exercise for students.

The course began with conditioning exercises. In the winter and fall the girls' classes were kept busy with many planned activities such as: sports, gymnastic and rhythmical routines, fundamentals, calisthenics, and archery.

Each year, the boys are taught sports fundamentals and rules of sportsmanship. Such sports included basketball, football, and soccer.

The swim classes proved very popular last year with 103 student boys and girls enrolled.

Students of F.K.H.S. enjoyed themselves at the Homecoming Dance with great music provided by the Public Secrets.

FOOTBALL HOMECOMING PROVIDES FUN

On October 11, the 1968 football season reached its climax with the annual football homecoming ceremonies.

The ceremony began with the Band and Drum Corps marching onto the field. After they went to the center of the field, the Tornado Tillies entered and formed an aisle for the queen candidates to walk down. Walking through the aisle first were the flower bearers. The queen and her attendants were brought onto the field in convertibles. Queen Elizabeth reigned over the following homecoming dance that followed the game. The Public Secrets provided the music.

A hard game was played against Fort Scott in which Coffeyville lost by only a small margin of points.

Coach McMurray is a real swinger on the dance floor.

The helmet reads Beat C'ville. That's what they did, but it wasn't easy.

BASKETBALL QUEEN IS HOSTED AT HOMECOMING

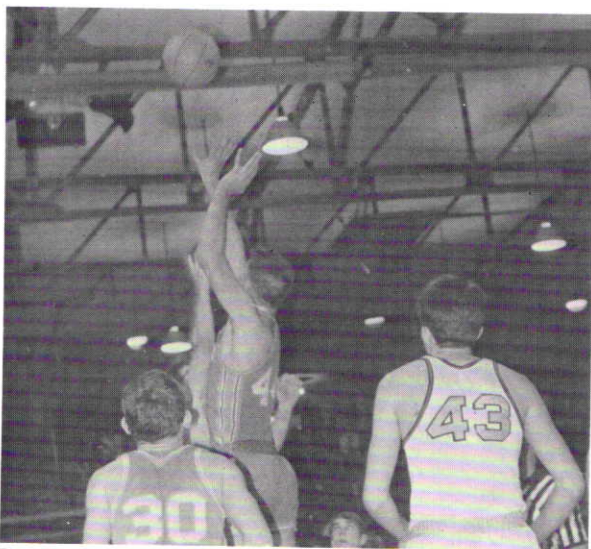

Students joined in the homecoming dance after the queen, Patty Flinders and her escort, Robin Ragan, started the dance.

January 31 was a big day for the team, the coaches, the chosen queen candidates, the student body, and the faculty. That evening there was to be a duel between Altamont and Coffeyville, the queen coronation, and the big Homecoming Dance.

The auditorium was decorated with streamers and signs, the same as used in the queen coronation, to fit the mood. The Primiers, a high school band from Coffeyville, played with all their soul.

Altamont won the game by a slim margin, but that didn't affect the mood of the students at the Homecoming Dance. The dance seemed to loosen everyone up after the close game between the Altamont Grizzlies and the Coffeyville Tornados.

The tenseness of the varsity game is shown as the Grizzlies and Nadoes meet with a jump ball.

Fred Marshall trots down the court for another basket.

"Did you see the way those Altamont Cheerleaders were dancing?" says Rita Hann confidentially to a friend.

A live band provides excellent entertainment for students participating in homecoming festivities.

THAT OLD BLACK MAGIC CALLED LOVE

Black walls, flashing lights, painted bare branches, and the electric-soul sound of Don Owens and the Circles End with some of the guys from the West Coast Flying Machine--this was prom night 1969. "That Old Black Magic--Love" took place that night leaving an atmospheric black haze in student's minds of the big climax of the year. The Prom.

A kick-off reception was given at 8:00 p.m., April 25. Students then proceeded to the gym for a dance; the dance ended at 11:00 p.m., and an after-prom was held for young people at the Coffeyville Country Club along with many other parties and breakfasts lasting into the early hours of the morning.

The dress at the Prom was as revolutionary as the fantastic decorations. Students were found wearing bell-bottoms, curls, and turtlenecks which fitted well with the psychedelic atmosphere the decorations created.

A hard-working junior class made the prom a success. Some thought the decorations would never be finished. But when the decorations were up, the flowers were sent, and tuxedos rented, the prom became a lasting memory. Students were given a night to remember with the 1969 Prom, and to some it never has ended.

The traditional promenade to the gym was not only a colorful parade to participate in, but it gave students a chance to see how their friends were dressed.

When students entered the gym they were greeted with this name placard.

Margaret Thomas commanded the refreshment table with that unforgettable punch.

Juniors "spinning their wheels" trying to get the decorations done.

Would you believe Hal Wilson in a dinner jacket?

Bob Rauscher and Patty Martin show a great amount of style entering the gym.

Randy Dively, better known as Wally Gator, rocks out on the soul sound of the Flying Machine.

Sally Strausburger, "takes flight" in the hazy, crowded atmosphere of the dance floor.

The West Coast Flying Machine presented a fantastic show and provided music for a dance that will not be forgotten for a long time.

Behind the scenes in *Mousetrap*, Joyce Proverse madly paints a door.

The entire *Mousetrap* cast from left: David Spatz, Betsy Shewell, Ken Kastler, Rita Hann, Joel Harris, Kerry Tremain, Helen Jones, and Pete Walterschied.

"Kicks, Blows, Starvation, and a thoroughly vicious couple!" yells Pete Walterschied in the English drama.

Christopher Wren, portrayed by Ken Kastler, adds spice in an attempted murder of Mrs. Boyle, played by Helen Jones.

M O U S E T R A P I S H U G E S U C C E S S

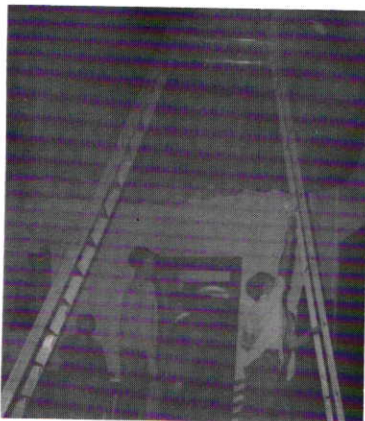

The curtain reopened. Students gasped. There lay Helen Jones portraying Mrs. Boyle, eyes inset, and obviously DEAD! Who committed this murder and the events developing around it were all part of an ingenious plot developed in one of Agatha Christie's best dramas, *The Mousetrap*.

With the direction of Mr. Burchinal, F.K.H.S. Thespians had quite a challenge with this play because it required such versatility on the part of each actor and actress.

Joel Harris and Rita Hann played the part of Mr. and Mrs. Giles Ralston, a young married couple who started a boarding house. Helen Jones portrayed Mrs. Boyle, a staunch old woman judge. Ken Kastler carried the part of a comedy relief with the part of Christopher Wren, an unusual, sometimes insane architect just out of school. David Spatz played Mr. Parivincini, an unexpected guest; while Pete Walterscheid was Major Metcalf.

"Damn the meal!" shouts John Frazee in one of the highlights of Life With Father — the dinner scene.

Stage production class found the set for Life With Father as no easy undertaking.

Mr. Burchinal hears lots of problems with each of his productions.

"Get down here!" yells Mr. Burchinal at an acrobatic member of the stage crew.

"Mother!" exclaims a nervous Kirk Vann as he is silently seduced by Marci Davenport.

LIFE IS SPRING PLAY

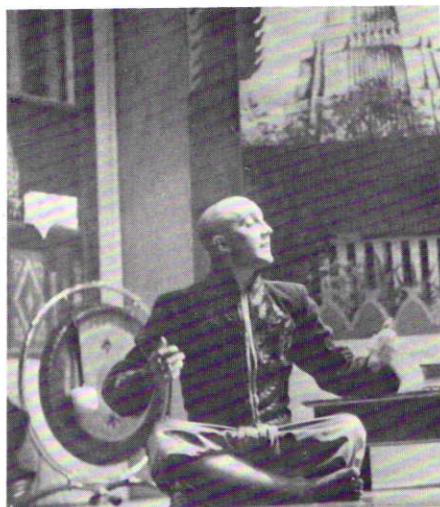

The spring play, Life with Father, directed by Kenneth Burchinal, was held on April 10 and 11, at 8 p.m. The proceeds went to the junior and senior classes.

The play was fast-moving, centered around the comical Day family. Life with Father revealed the weird antics of Clarence Day, Jr. Some of the main action included a family effort to baptize Clarence Day, Jr.

The play was reported a success by young and old alike. A comedy-filled performance, it was well staged and well acted.

Some nice ladies catch Ed off guard in the hall.

BELOW: The King boasts he is King, narrow-minded but King.

“ THE KING AND I ” — FANTASTIC !

Students and parents were thrilled as the curtain opened on Field Kindley's first musical. With a fantastic cast, fine stage setting, and costumes from the original Broadway production, the enchanting musical, *The King and I*, was proudly presented by the vocal and instrumental music and drama departments.

Barefooted and with a shaved head, Ed Pruitt transformed his thinking to that of the king of Siam, with Sally Strasber-

ger portraying Anna, a teacher from England. Scott Lane and Ken Herman, who portrayed Anna and the King's sons, were grade school young people who did a tremendous job. Annette Loffer as Tuptim and Ben Willis as Lun Tha moved audiences with their love scenes.

The atmosphere created by this one production set the stage for a wonderful year in drama and music.

SPRING CONCERT

BOASTS

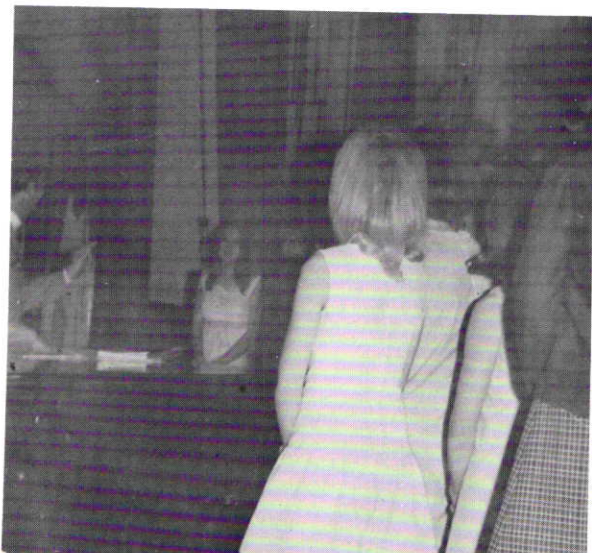

ORIGINAL SCORE

The mixed choir, girls glee, girls ensemble, and the robed choir all joined together to present a fantastic Spring Choral Concert. Accompanists for this concert were Janet Sandon, Pam DeMoss, David Spatz, and Linda Bachman.

The highlight of the program was the presentation of an original song written and conducted by F.K.H.S. choral director, Mr. Gary Gregg. The song was written upon the suggestion of Miss Crawford and was motivated by a poem written by Edna St. Vincent Millay. The contemporary arrangement was well received by the large crowd attending, and proved that Mr. Gregg has quite a future ahead of himself in song writing.

The Girls' Glee sang several numbers which were both contemporary and classical.

Mr. Gregg directs the robed choir through a rough passage in his original score.

When the Robed Choir finished Mr. Gregg's original score there was applause for both Mr. Gregg's writing and conducting and for the choir's fine performance.

A prime queen candidate in the Basketball Homecoming festivities was charming Randy Dively.

Dr. Dale Frihart gives interesting lecture on Brotherhood.

SPECIAL EVENTS

Assemblies were a new thing this past year. The new administration was responsible for the greater sense of unity that students experienced in Lyceum Programs. There were special speakers like Jack Brown, an ex-convict, and David Sapp, Community Ambassador. Fantastic audio-visual presentations were also given; such as the Highway Patrol Safety Talk and The Atomic Energy Commission Program.

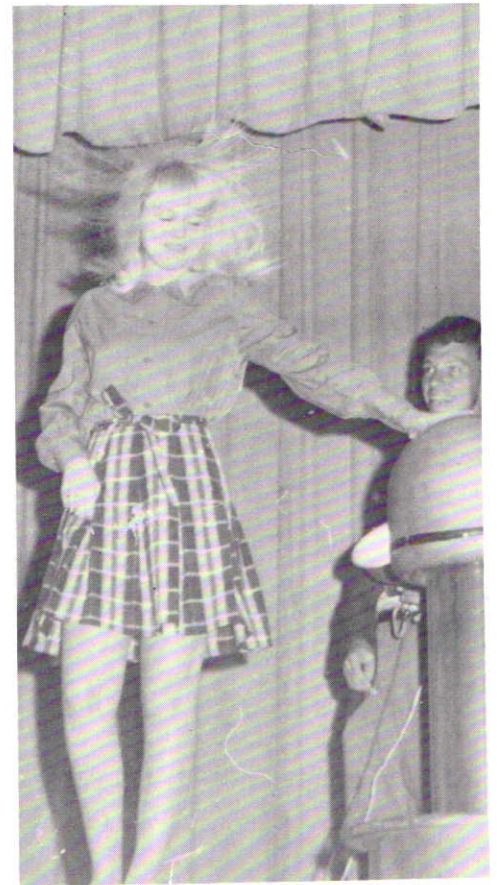

In a special assembly earlier in the year, the F.K.H.S. Student Council pushed into broad new horizons with an entire assembly of rock music. This daring venture proved to be a very successful campaign for the Salvation Army Christmas Drive. The Yearbook Assembly, in connection with the yearbook selling campaign, also presented an interesting new view to special assemblies when the entire staff appeared in yellow raincoats riding tricycles.

Students show school spirit despite the rain and cold.

Would you believe cheerleaders? Cheering at a Pep Assembly.

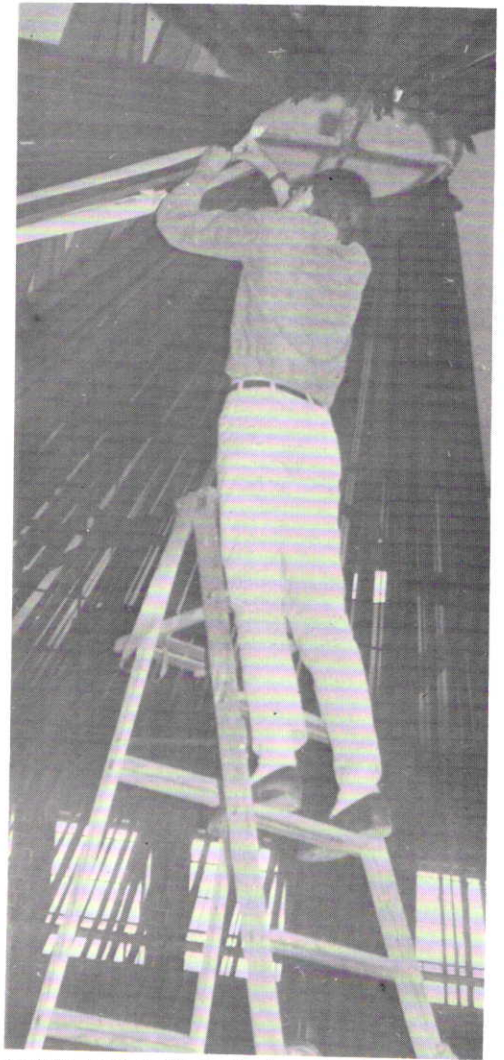

Vera Merideth has a hair raising experience at the Atomic Energy Commission Program.

The assembly presented by the Atomic Energy Commission proved to be interesting, not only to students of Chemistry but to students in general.

A highlight of the year was seeing Pep Club members with shoulder pads on in the powder puff game.

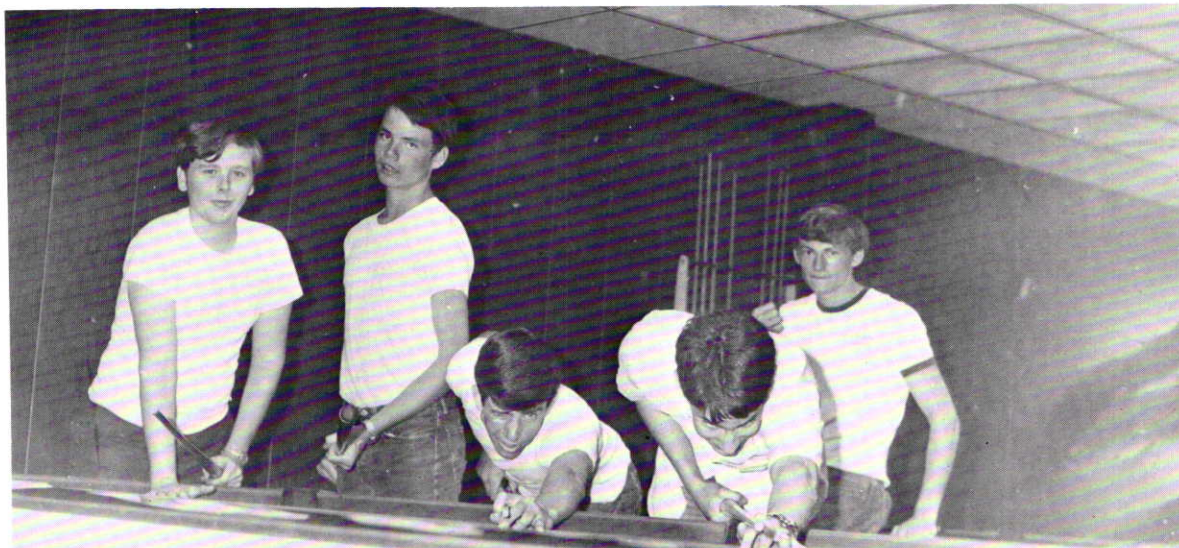

A junior works madly on the decorations for the senior reception.

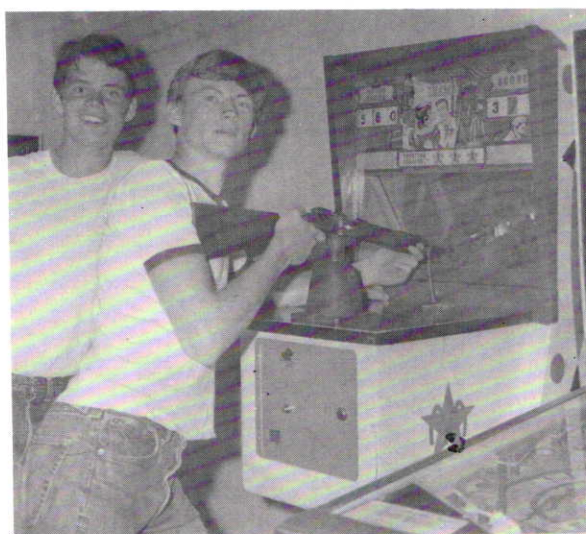

Students show their usual great enthusiasm and interest in an assembly program.

John Frazee, student body president, shows his typical style as he introduces an assembly program.

CLASS OF 1969 SETS SPIRIT MARK

Seniors cast big shadows around Field Kindley. The class of 1969 began their final year of F.K.H.S. last fall, and through the year experienced all the happiness and frustration of being the oldest class in high school.

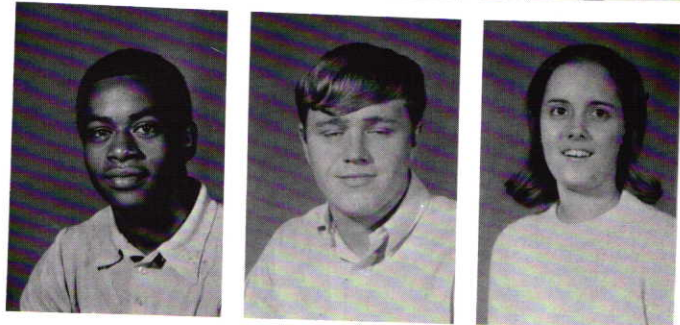

One would think after three years of the same school doing the same thing, Seniors would become terrifically bored and apathetical. Some Seniors have been this way the past year; however, this class seems to have been set apart from more stereotyped Senior Classes because of the great interest shown in extracurricular activity and social life.

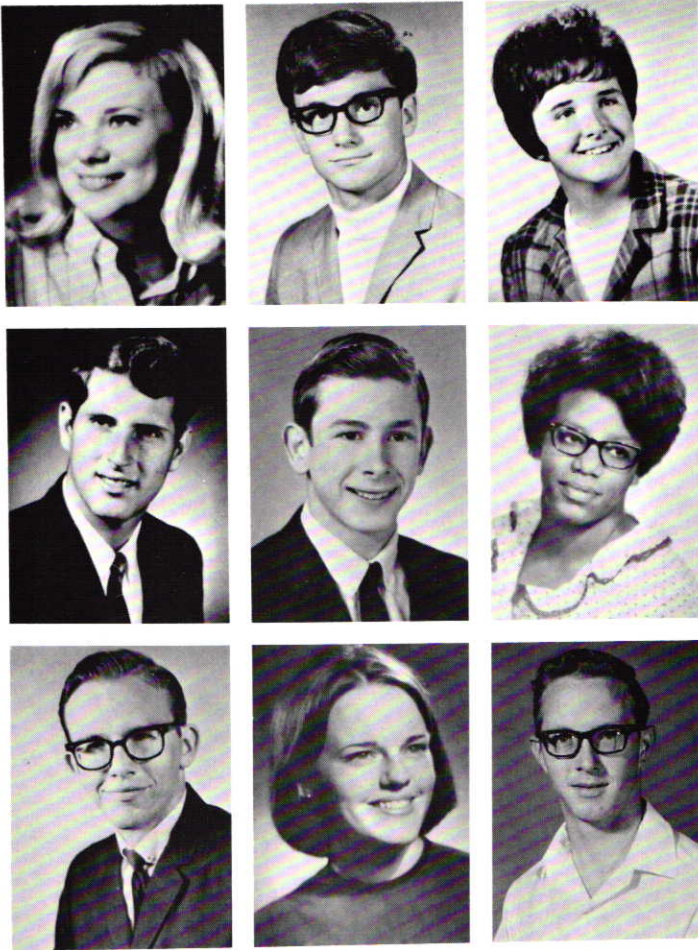

When there was nothing to do, this class made things to do. The 69ers are the first class in Field Kindley's history to receive the Spirit Week and Hall Decoration Award three years in a row.

GRADS RECEIVE

The name was called. The student received that long-awaited sheet of paper and walked off into the world. On May 28, 1969, Field Kindley Memorial High School manufactured another group of young people and set them free after filling them with the greatest amount of knowledge possible.

The finale came at Ise Athletic Field. With the challenging thoughts of Dr. Peter Armacost, President of Ottawa University, Senior students completing a full high school course took the final step in finishing their high school career. They graduated.

Dr. Armacost has a reputation for being an extremely progressive college president, and he most certainly lived up to his reputation by sharing progressive thoughts with F.K.H.S. grads. In a world of constant international strife and total social revolution, the hope for survival lies among the young; Dr. Armacost made

GREAT CHALLENGE

Senior graduates, their teachers, and parents, aware exactly of this.

As each Senior proceeded across the platform it was hard to tell what he was thinking. But with the showing of so many caps and gown, it was hard to see graduation 1969 with anything other than an optimistic view. And with the enthusiasm and constructive accomplishments shown by the class of 1966, Field Kindley can be generally proud of its contribution to society.

What these young people will do with the education they have gained is up to the individual. To some, college lies ahead; others have different plans such as marriage or military service. But all have one thing in common—a challenge. A challenge to pursue to the best of their ability, everything that life will give them. Perhaps happiness; peace; responsibility await them. The finale is over, the beginning is begun.

JUNIOR CLASS HAILED

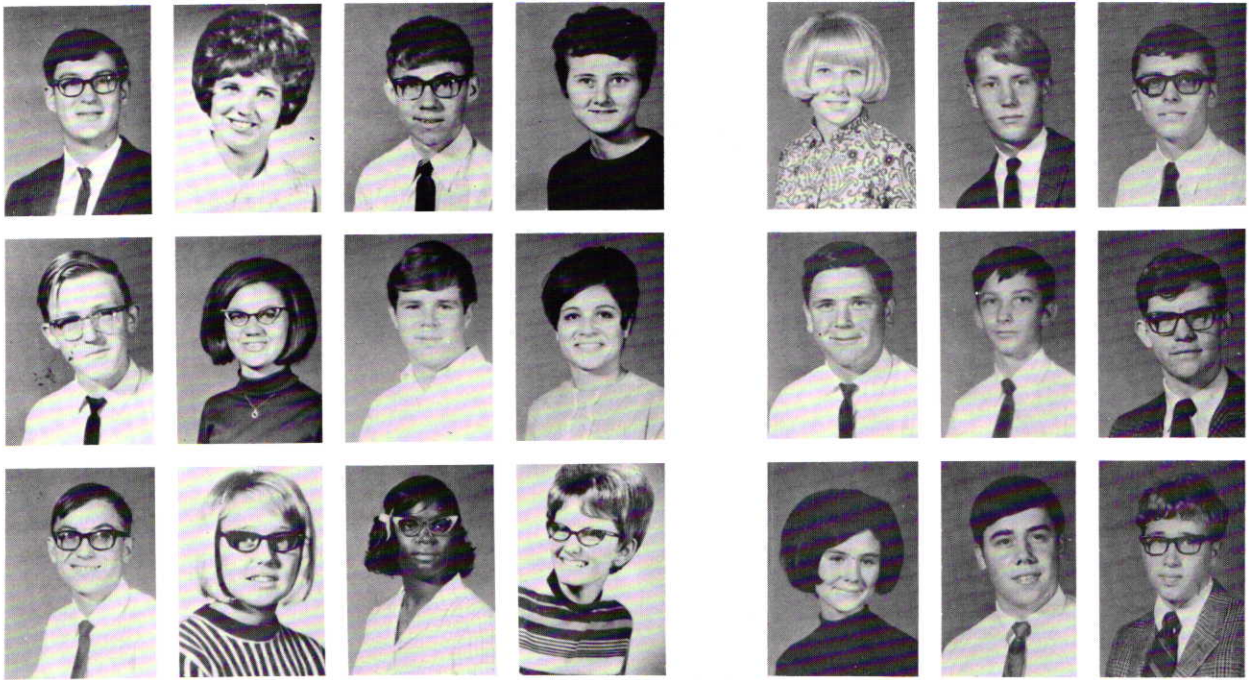

Juniors cast growing shadows around Field Kindley. The class of 1970 has seen the light. They now know the path of upper classmen and their goals are in sight.

Juniors have completed a highly successful year. The class has grown in size and quality. It is the leadership though, out of the classroom, which has been so outstanding with this class. Juniors have held the majority of the influential positions of the clubs and organizations at Field Kindley. They have taken a lead in dramatics with the presentation of the fall and spring plays. As the spring musical was presented this year, students found the Juniors holding the three leads. Juniors also hosted a very successful prom to climax the year. The influence on the school by this class is shown by their involvement.

SOPH CLASS ADJUSTS

Sophomores cast vague shadows in Field Kindley

The class of '71 entered high school and found themselves lost in a world of semester finals, long hours of studying, term papers, research, etc.

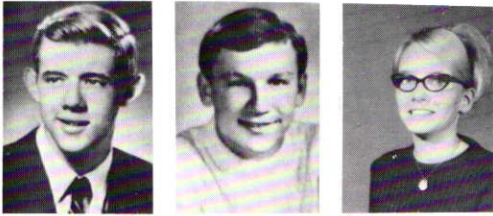

The transitional step from junior high to high school is always rough for sophomores; however, after the first few embarrassing days of being shown the right way to a classroom, sophomores slowly became part of F.K.H.S. This class excelled in athletics and has done well scholastically.

Now this year of growing up and adjusting is over; it is time that the sophomores assume the responsibilities and privileges of being upperclassmen. May the shadows of the class of '71 continue to grow as they gradually become a part of our school.

Organizations are made up of people — the living shadows of people retaining memories of high school life as remembered through groups.

This past year some organizations joined together to produce events like the Football and Basketball Homecomings. In this way, organizations provided insight into relationships and togetherness.

Organizations at Field Kindley sponsored events like a Salvation Army benefit dance, an assembly of rock music, a bicycle hike to North Park, a trip to Tokyo, a poster-making party at 9 P.M. in the hall, a fire truck ride to a pep rally, and all the things that without a group would be meaningless.

An organization casts living shadows at Field Kindley just as an individual does. The students grow as the organizations grow, in members and prestige.

STUDENT POWER

At the beginning of the year, student council president, John Frazee, staged a meeting to make some initial improvements on the school constitution. For the first time, student council committees really seemed to function. The student council hosted a debate tournament and helped with the school evaluation by the North Western Accreditation Association.

When Christmas time came, STUCCO wanted to do as much as possible to help needy families. So a benefit assembly was staged by the Premiers, playing some of the latest in pop music. That evening, a dance was held, and as a result, hundreds of cans of food were presented to the Salvation Army. Another dance was also sponsored by the student council in order to raise money for the track team's equipment.

The year was climaxed with legislation passed that made the election of student council officers more democratic.

C CLUB MAKES IT

The lettermen of F.K.H.S. finally organized into a group this past year under the supervision of Mr. Howard McMurray and Mr. Blaine Babb. Clubs similar to C Club have been started in past years but were unsuccessful; however, C Club was successful this year and certainly laid a good foundation for coming years.

A planning meeting was staged at the first of the year. Other meetings were also held throughout the year in order to organize the club. Through activities it is easy to see that this club promotes spirit in many different ways.

The C Club members and sponsors are anticipating policy changes with the coming school year-particularly concerning the issuance of letters. Next year the C Club is planning to give medals to those persons receiving letters for the second and third times. They also plan to bring back Booster Club, a boy's pep club, and to sell uniformed jackets.

SIGMA PI PRIDES GRADE AVERAGES

When the most intelligent young people of our school get together for a pizza party and bowling, chaotic fun is sure to prevail. This is Sigma Pi, an honorary society for high school people with a grade point average of 3.5 or better.

This year more than 60 people participated in Sigma Pi. An initiation was held at the first of the

year for new members. Board members were elected from each class, and Kathy Kehn was elected Secretary-Treasurer.

Under the able leadership of the Sigma Pi board, this club planned a very successful year. The year was climaxed with the Senior Farewell Party, which the Junior members planned.

FUN FOR THE FRENCH

Le Cercle Francais, under the direction of Mrs. Mary Stover, started the year off enthusiastically when 62 students participated in the initiation.

Every Thursday the French Club sponsored a songfest, Chantons Un Peu. At these meetings, students would translate their favorite songs into French.

French Club president, Ken Kastler, gave a report on his visit to France. Presentations of original French dialogues and songs were featured at some meetings.

KEY CLUB ATTENDS

An organization is sponsored by the Kiwanis Club in order to give high school boys valuable leadership training. This organization is called the Key Club. A meeting is held every Tuesday in which members, officers, and a Kiwanis sponsor gather to discuss Key Club business. The adult sponsor last year was Mr. R. E. Livingston, manager of Coffeyville Cable T.V.

During the past year, the Key Club held to their annual tradition of making and distributing the school directory. The Key Club also participated in the Kiwanis Club broom sale. The funds raised from this project were used to help handicapped children.

Approximately 95% of the Coffeyville Key Club attended the annual convention held this past year in Wichita. Not only was the convention business interesting, but it gave the boys a chance to live it up in the big city.

SIGN OF THE TIMES

The Times staff, under the direction of Mr. Harold Sappenfield, published and distributed our school newspaper. Every two weeks the staff put out a different and interesting newspaper to their subscribers. Although some of the articles in the Times were totally non-sensical and humorous, some of the students wrote serious editorials concerning attitudes at F.K.H.S.

The most important thing about the Times was that everyone had a job in the course.

A juicy piece of gossip for the paper. Could it be that Crystal is not smiling because it concerns her friend Bubbles?

Mike Noel rereads last month's Tornado Times in order to improve the next issue.

THIS IS OUR BRAINCHILD

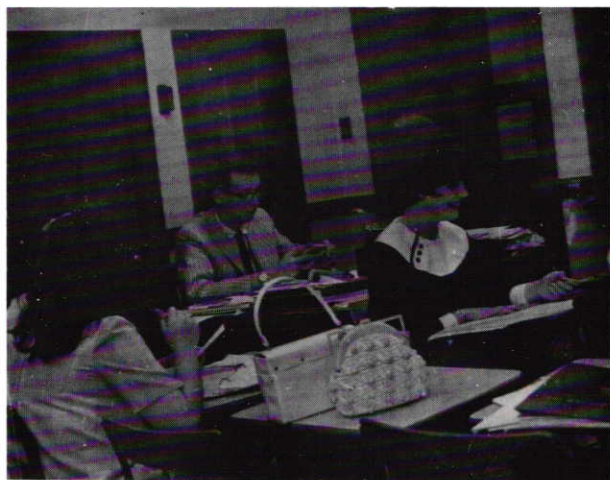

Imagination, initiative, and information went into this year's annual. It was not an easy job, because the yearbook team was under the harsh pressure of being understaffed.

A workshop was attended in fall at Kansas State University of Manhattan. This helped the class to weigh the basic facts of yearbook making.

The most important thing about Living Shadows is that it is totally creative. In this sense, respect should be paid to their brain child.

KAYETTES 1st IN SERVICE

A Christian service organization, which was open to all Field Kindley girls, was the Kayettes. Once every month, these girls met to discuss coming events and to hear outstanding speakers from different fields.

The organization, which prides itself on having 70 members, was designed to give youth an opportunity to learn to serve, to lead, and to enrich their personalities, through well-organized projects and programs. The activities of the Kayettes have included many memorable events, such as the Christmas Party and Kayette Formal.

Wearing new purple and white uniforms, the 60 member Pep Club expressed great enthusiasm at each of the home football and basketball games last year. Due to the lack of funds, however, the Pep Club was unable to attend all of the out-of-town games.

Under the sponsorship of Mrs. Richards and Miss Kengle, the Pep Club performed many activities of service to the school.

ORCHESTRAL DEPARTMENT HAS BUSY YEAR

The orchestra, under the direction of Mr. Harvey Lewis, worked primarily as a group this year, and yet there was still a lot of work on the part of individuals in the form of solos and special participation in music organizations.

Performances were given, as usual, before the Fall and Spring plays. This year with the elimination of Kavalcade and its replacement with the musical, "The King and I," the orchestra had the added responsibility of presenting the musical score. With the help of the Coffeyville Community Orchestra, our Field Kindley group accompanied "The King and I" cast during their performances.

Although the instrumentation of our high school orchestra

is not the best in the world, when young people from Field Kindley coupled their sounds with the rest of the music students in Southeast Kansas at the Combined Orchestra Festival in Parsons this past year, they heard and experienced the almost unbelievable feeling of playing with a great orchestra.

During the year, performances were given at all of the local grade schools, demonstrating sounds of particular instruments and the combinations used in performing a particular passage and music. Enthusiastic applause met their every appearance.

To climax a busy year the orchestra presented a concert for the student body consisting of selections which they had worked on during the last year.

BAND PLACES FIRST

Under the baton work of David Harbaugh the Field Kindley Marching Band made a good showing this past year. The annual Pittsburg Band Day Contest was entered, and our band received a "one" rating. Mr. Harvey Lewis, director of the band, sponsored the group as they marched in parades.

The stage band was both originated and directed by Mr. Lewis. This past year the stage band has been widely acclaimed throughout the area for its fine performance at civic functions and school activities.

ROBED CHOIR TOURS

The Robed Choir represented the most select mixed organization in the vocal music department.

The choir presented approximately 20 concerts throughout the year. Some of these were the Thanksgiving, Christmas and Easter assemblies, and local Civic Club programs.

One of the highlights of the year was a performance at the Senior Citizens Party. This was sponsored by "Coffeyville at 100" in celebration of Coffeyville's 100th anniversary.

David Spatz did a fine job of accompanying the robed choir in the traditional F.K.H.S. choir assembly.

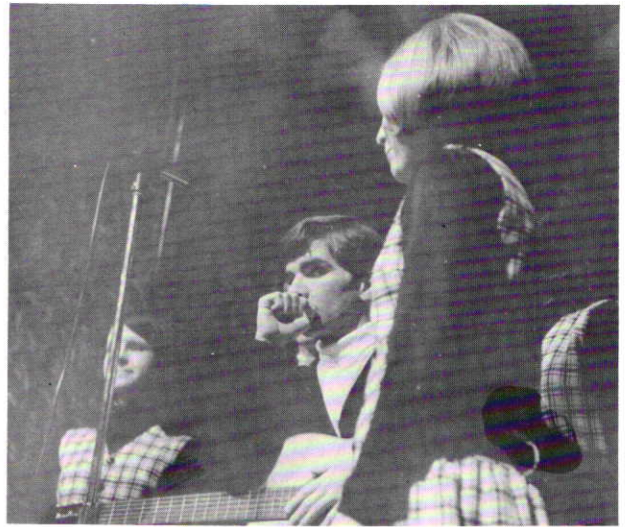

Robed choir officers for 1968-1969 were Joel Harris, Carmen Shira, and Claudia Hamlin.

THE ARTS EXCEL

The Mixed Choir represented a nonselected organization designed to acquaint students with the elements of voice production, vocal sounds, phrasing, dynamics, pitch relationships, and other new techniques. A textbook was used first semester along with studying compositions and history of Medieval, Renaissance, Baroque, Classical, Romantic, Contemporary, Early American, and Folk Music.

Emphasis was placed on unison, two and three part singing of sacred, madrigal, spiritual, contemporary, folk, and popular music. Mr. Gary Gregg sponsored this group as they sang this past year in three scheduled performances.

Mr. Gregg worked long hours with the Mixed Choir in order to get from them proper intonation and also a unity between the members.

Mixed choir members got a chance to sing both popular and classical music.

The members of the 1968-69 Mixed Choir who sang in the Fall concert were: TOP ROW: Glenda Rae Blair, Bruce Alan McKinney, Gloria Taylor, John Albert Jackson, Jack Gilpen, Rick Burcher, David Morse, Crystal Heady, Mary Bond. SECOND ROW: David Spatz, Carla Gatewood, Yvonne Wilson, Marta Cross, Deane Speck, Janet

FOLK SINGERS ROCK OUT

The Madrigals are no more. Gary Gregg had the insight to start a folk singing group. This group was the highlight of the choir concert tour and has added greatly to many community activities.

Every morning at 6:30, the Volksleid singers trudged faithfully to school. Even when an attempt was made to disband them, they kept singing. But music does not stop their relationships; they like each other's company.

GIRLS' GLEE PERFORM

The Girl's Glee Club did a lot of singing in and out of class this past year; however, it was their singing out of class that they were most noted for.

Performances were given at the McKinley Junior High School, Holy Name Parochial, the elementary school concert tour, and at local civic club programs. The girl's choir also sang in the high school Thanksgiving and Easter assemblies.

Mr. Gary Gregg, director, helped the girls with performances at the Fall Choral Concert and the Spring Choral Concert.

THINKING OF CHESS?

Mr. Charles Overman started the Chess Club last year to give interested students a chance to play chess with correlated instruction. The club met each Monday at noon in the Library. The club followed the "round robin" theory of playing each other. The one winning the most games was named President.

FENCING NOT FARCE

This past year there were only two high school fencing teams in the state, and Field Kindley is proud to have had one of them. Under the direction of fencing coach, Mr. C.S. Overman, the Fencing Club hosted a match with Bartlesville and a three-way meet with Bartlesville and Tulsa.

OPPORTUNITIES IN FFA

Future Farmers of America developed leadership in rural young people. Last year FFA was part of the vocational agricultural program which enabled students to take advantage of opportunities in agriculture.

The Coffeyville chapter of the FFA, under the direction of Mr. Eldred Harris, has judged and exhibited in many contests throughout the area and state this past year.

PRODUCTIONS TAKE TIME

In stage production this past year, students learned how to make a stage set usable and versatile. They also learned how to work a lighting system and other stage-hand requirements.

During the past year the stage crew improved Field Kindley's auditorium facilities. The light room was expanded to house an added system of lights. The spotlight room was enlarged so that new and better equipment could be used in future years.

The effect of this past year's dramatic productions could have never been obtained if these students had not worked many long hours.

SUCCESS IN DRAMA

The Thespians had a very busy year with the presentation of a spring and fall play along with the presentation of a musical.

At the beginning of the year, the fall play was staged. "The Mouse Trap" by Agatha Christie proved to be a very successful endeavor by the Thespians. Immediately drama and vocal students started preparing for Field Kindley's first musical, "The King and I". And their work did not go unheralded, as this dramatic presentation was hailed as one of Field Kindley's very best shows. The spring play, "Life With Father," introduced the public to an abundance of new dramatic talent at Field Kindley.

This past year Thespian officers were Pete Walterscheid, Vice-President; Sally Strausberger, President; Claudia Hamlin, Secretary.

PATTY REIGNS OVER BASKETBALL

The 1968-69 basketball queen was Patty Flanders, escorted by Robin Regan. Her attendants were Linda Hughes escorted by Phil Meisner and Donna Spradlin escorted by Bill Pauzauskie. The ceremony was held at half time of the varsity game between Coffeyville and Altamont. A homecoming dance was held in the high school gym, over which the queen reigned and the Premiers provided the music.

Phil and Linda represented the junior class well as they receive recognition.

The highlight of the coronation was the crown bearers, Betsy Hamm and Susan Thomas.

QUEEN LIZ REIGNS OVER FOOTBALL

The coronation of the 1968-69 Football Queen took place on October 11 during the half time of the Coffeyville-Fort Scott game. Elizabeth Chambers, who is a senior at CHS, was crowned the Homecoming queen. She was escorted by Jack Newcomb, a tri-captain of the team. Her attendants included Patty Flanders, a junior, and Pat McCartney, also a junior. Their escorts were Robin Regan and Bob Rauscher.

The queen and her court then reigned over the game and the Homecoming Dance held in the high school gym.

On a cold, bleak night, the Golden Tornadoes paraded on to a snowy field with the scattered cheers of a half-filled stadium. Clashing flesh, blood, sweat, tears -- these are the shadows of sports. Sometimes you are in the limelight and yet still part of a team. What is a team? Discipline, sacrifice, and high school heroic glory -- are these involved? They are.

Young men wearing letter jackets at Field Kindley, wear them with pride. Which ever one you choose, golf, track, swimming, tennis, basketball, or football, there is something real to gain other than knowledge and general skill in a particular sport. It is something that is undecipherable, but has something to do with relationships. A student prides himself in being a member of a team -- win or lose.

In 1969 a team win or loss to a rival school like Independence affected the mood of the entire student body. The weight sports carry is unmeasurable.

GALE WINS ALL BUT ONE

The Golden Gale began the season with high hopes as they won their first game of the season. They beat Columbus 12-6. They then went on to beat Altamont 34-6. The Coffeyville Golden Gale faced a tough Miami team and were handed their first loss of the season on Oct. 14, 13-28.

However, this did not discourage the Golden Gale. They came back against Parsons with an outstanding victory. The Golden Gale made progress and will become a big part of next year's Tornado.

1969 - CELLAR YEAR FOR VARSITY

1969 was a cellar year for the varsity basketball team; however, there were legitimate reasons for this. F.K.H.S. started off the year without the help of Senior lettermen, Bill Pauzauskie and Jim O'Rear, who had suffered injuries in football. The Golden Tornados could have "thrown in the towel" early in the season, but they kept on fighting. Throughout the season, ten games were lost by only a margin of five points. Our basketball team never once gave up, but they continued to put forth an effort even when the fans had given up. As the season closed, the Tornados did not rate so high in the S.E.K.; however, this did not bother the team because they went on to regionals to capture second place. Cof-

feyville surprised everyone by beating the Chanute Comets on the first night of regionals by a score of 54-49. At that time, first place in regionals was actually in sight; however, the Purple Dragons of Pittsburg shot a remarkable 50% the next day, and defeated the Tornados.

One highlight of the year was the defeat of Independence in both games that the Tornados and Bulldogs were matched. Another was the nomination of George Haynes and Bill Gowen for Honorable Mention in S.E.K. Basketball.

Our Gale Basketball team was the "team to beat" in the 1969 basketball season. They boasted a 14-2 win-loss record

TEAM-GREAT YEAR FOR GALE TEAM

for the season. The two games were lost by only a margin of four points. This is quite a feat for this team because it was made primarily of Sophomores and yet it was tops in a Junior league. The Gale team set seven new records and tied two.

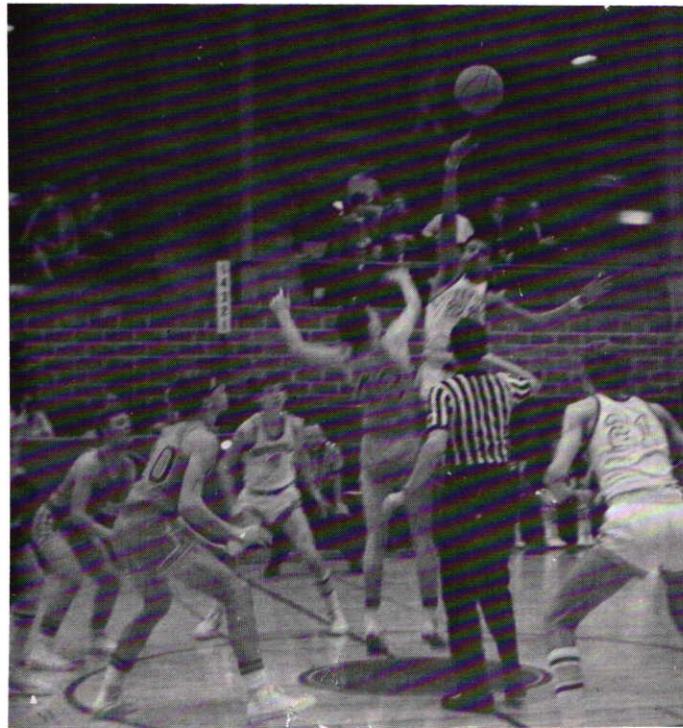

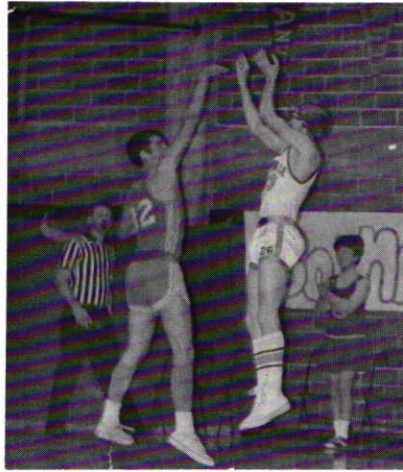

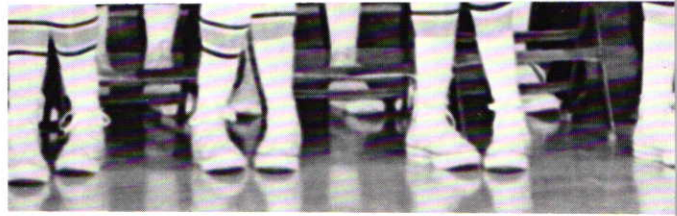

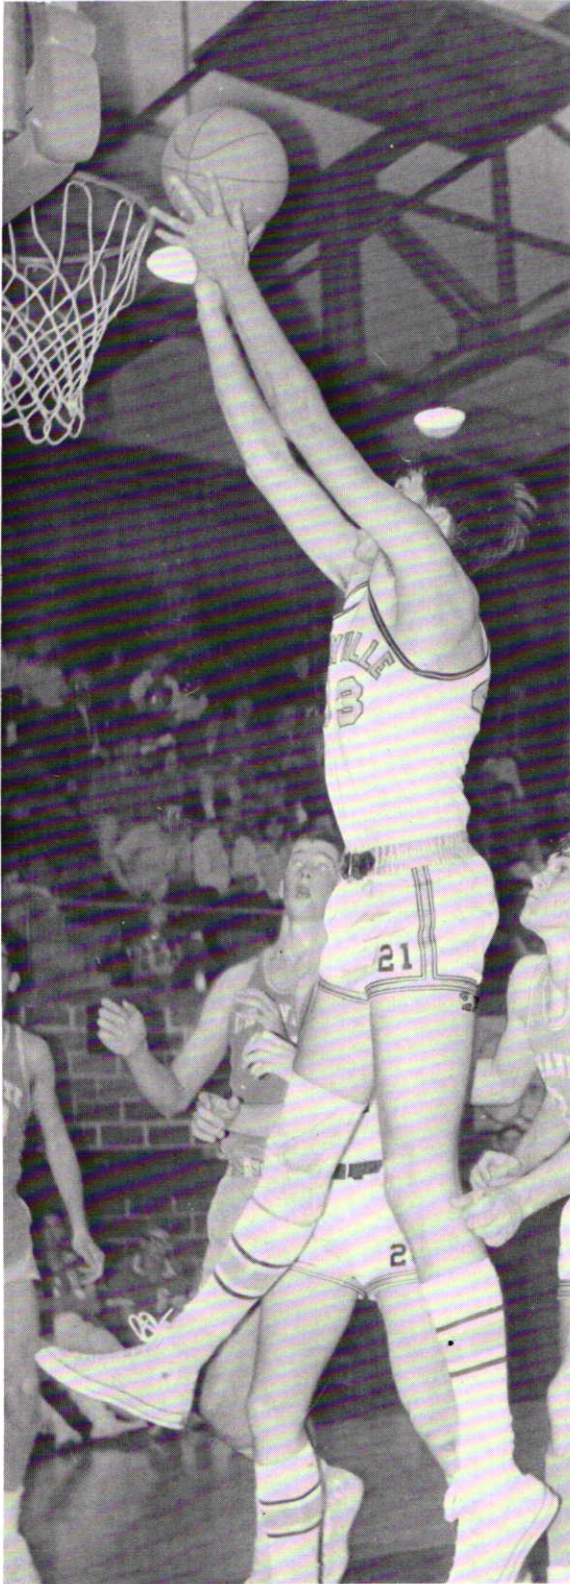

A Sophomore Basketball Tournament was hosted as a new activity this past year at Field Kindley. Teams participating were Sooner High from Bartlesville, College High from Bartlesville, Independence, and Coffeyville; our Gale team emerged victorious. The Sophomore Tournament was a big success and will be continued next year.

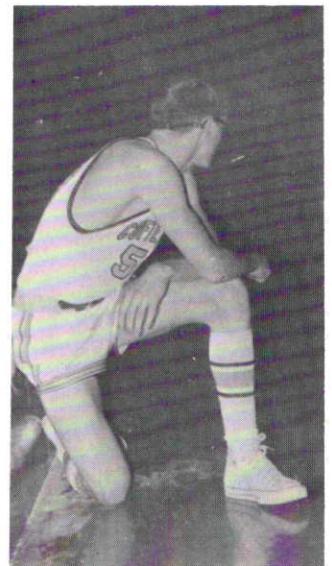

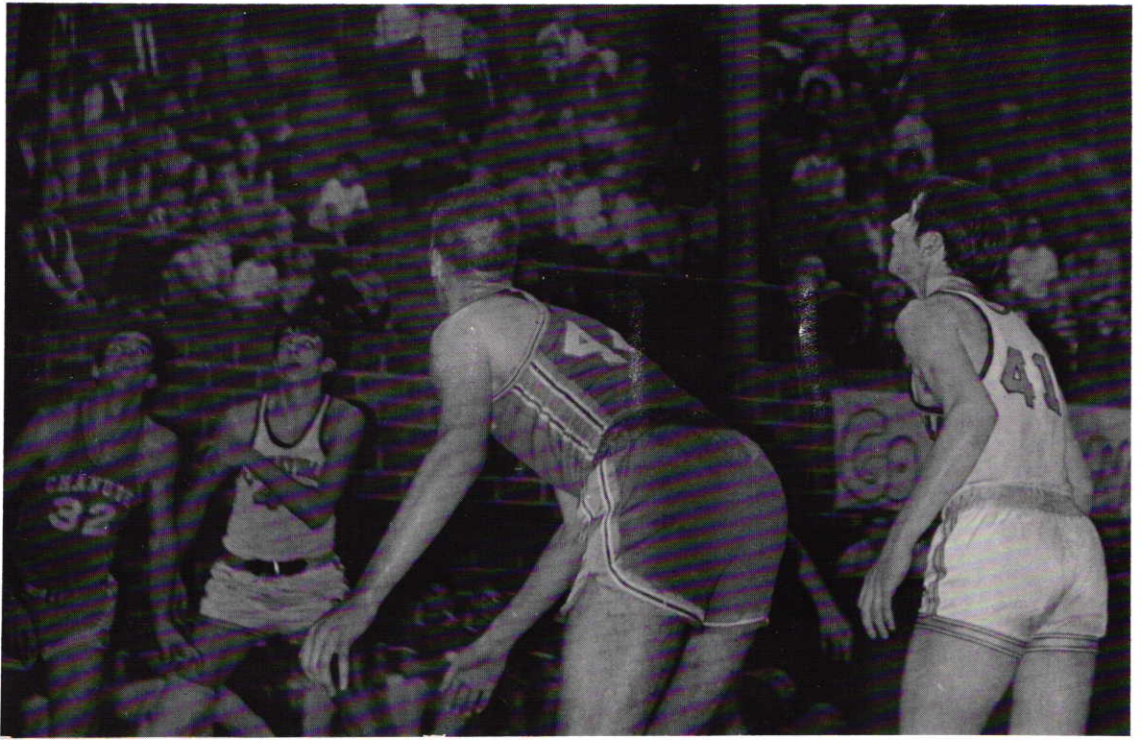

Mr. McMurray, Gale coach, made special mention of three players: Fred Marshall broke three scoring records and was a

great asset to the team; Toni Heaven, who only played ten games, was second in the league in rebounding; the 14-2 record would have been hard to attain had it not been for the Floor leadership of Steve Neely.

Mr. McMurray felt that the team as a whole should have received a great compliment for the excellent effort that was put forth during the Gale Basketball Season.

Looking to the future, another great year can be expected in basketball. The majority of players were Sophomores, so they should be expected to return this fall as Juniors.

MARK SET IN TRACK

The 1969 track team got off to a poor start, as they dropped two meets, one to Caney, 79-65, and another to Fredonia, 87-54.

Later in a triangular meet at Ise Field, tracksters were able to take a win from Altamont and Independence with 72½ points. They also won a dual meet with Miami with a final score of 78-42.

In one of the biggest meets of the year, the track team managed to place third. In the Coffeyville relays, they were beaten by Ark City and Joplin. In this meet, Phil Preble set a new javelin record for a distance of 188 feet, 2½ inches.

SWIMMING TEAM FARES

The F.K.H.S. Swim Team experienced a mediocre season this past year; however, because of a real effort put forth by individuals and the team itself, it could be termed a successful season. Field Kindley was the smallest school participating in the state swim league this past year, and yet it was still teamed against some of the large power-house schools of Kansas and Oklahoma. A score which would end within a margin of a few points against one of these schools, showed a real effort put forth by the Coffeyville squad.

WELL IN 68-69 SEASON

During the past year, some excellent swimming feats were performed by individuals. Mike Cordray, a junior, was named the outstanding member of the swimming team squad in the 1968-1969 season. Lettermen were: Mike Cordray, Tom Dickens, Jim Hendrix, Mike Furnas, Rick Smith, Jim Hanna, Jim Percival, Ronnie Enloe, Greg Wentworth, Dale Bowser, John Durkin, Andy Smith, Gary Dacus, and Rick Barber.

GOLF TEAM CAPTURES FIRST IN S.E.K.

Under the direction of Oren Stoner, the Coffeyville Golf Team captured the S.E.K. first place title this past year. The team was comprised by returning lettermen who were the mainstays of the team. They were David Brace, Tom Dickens, Gary Goodson, Bob Kindrick, David Levy, and Randy Phelps. Coffeyville placed well in all the meets attended which were Arkansas City, Parsons, Miami, Nowata, Caney, Chanute, Independence, and the Coffeyville Invitational. The S.E.K. meet was held in Coffeyville May 2nd.

1st YEAR FOR TENNIS

This was the first year since 1952 that Field Kindley has sponsored a tennis team. Despite the fact that there was a lack of court space for practice, no money, and a lack of participating teams in our league, it was a quite successful one. The amount of tennis interest at Field Kindley was well proven by the hard work and faithful attendance demonstrated by the students who made up the school's first-year squad.

An important fundamental in tennis is to check the net strength as Jim Hendrix did at the McKinley tennis court.
