Stranger Things Have Happened

The 1992-93 school year can be summed up into four words: "Stranger Things Have Happened." Where else but FKHS could so much happen in one year. First off, when all students walked through the doors on the first day of school they were greeted by a new face. This new face was Mr. Childress. For some students he was a big change from Dr. Goodwin, but to others it was just another day at FKHS. However you look at it, Stranger Things Have Happened.

"I feel that Mr. Childress is doing a good job for FKHS. He is a little stricter than Dr. Goodwin but our school needs it," said sophomore Tiffany Nevin.

Senior Kristi Felts said, "Mr. Childress is a good guy and a great friend. I hope he will be positive and optimistic when approached about a situation. He needs to consider other options and trust people in order for the students to work well with the administration."

Outside of the school strange things were going on too. The United States received a new President. President Bill Clinton stepped into office in January of 1993. In his first two months in office he wanted to let gays into the military and change abortion laws. Clinton is a much younger president and the first from the "Baby Boom" generation. He is a president who seems to have the younger generation in his eye. Where else but the U.S. would a President be seen on the same stage as Michael Jackson and Ringo Starr?

"I am glad that the new president is a Democrat, so that in four years we can blame things on the liberals," said sophomore Ben Keith.

Many different items hit the shelves this year. Making one of the biggest hits were Trolls. With their spiked colored hair and wild outfits (or no outfit) they were a big seller. Pepsi also had a new item hit the stands. It was called Crystal Pepsi. Crystal Pepsi was a big hit in the high school pop machine and looks like it will be around for a while.

Also hitting stores this year was a big collection of 70's clothes. In any mall you walked into, you would see a pair of bell bottoms in the window. It seems that all the 70's have hit the 90's (and look as bad as they did then).

"I would never wear bell bottoms. I'm not sure if I could tell which end is up," said sophomore Mandy Rogers.

Many of the items and people have been very strange this year, but I know that some where, some how, Stranger Things Have Happened (MAYBE).

Name: Maria Florez
Nickname: Maca
Age: 19 Senior
Origin: Bogota, Colombia
Favorite Food: Fried Bananas & Pasta

Memorable Experience: There is not just one time that really sticks out. There are several, such as being in the talent show, climbing up to the top of Lover's Leap, winning the best design for Senior T-shirt, being involved in the spring musical, going to L.A., Dallas & New York.

La La La. Senior Maria Florez a foreign exchange student from Colombia received 3rd place honors in the FKHS Stuco Talent Show for singing a combination of Stand By Me & La Bamba.

How'd That Go Again? Junior Ace Skaar from Norway tries to pick up pointers on skating at the Coffeyville Roller Dome, during a skating party for all the foreign exchange students.

First Impression: The people here are more friendly than I expected and the school system is not as complex as in Norway.

Name: Oystein Skaar
Nickname: Ace
Age: 17 Junior
Origin: Alesund, Norway
Favorite Food: Pizza

Who's Who? Senior exchange student Xavier Flores enjoys the time he gets to spend with his twin brother Christian during Christmas break. Christian is a foreign exchange student who is living in Minnesota.

Name: Xavier Flores
Nickname: Xavy
Age: 17 Senior
Origin: Quito, Ecuador
Favorite Food: Ce'viche and de camaron (shrimp)

The Difference: Quito is a whole lot bigger. We always have a lot of parties there. One of the differences is there is no drinking age. You have to be 18 years old before you get a car. Of course it's just like here when people drive illegally. Very few teenagers have cars of their own. However, my twin brother and I have a car. Quito is a lot like Miami, Florida. So I really enjoyed my visit there. Don't get me wrong, I like it here too. The people here are very friendly. One of my first impressions of Coffeyville was more of a question. It was why do you have to stop at stop signs? I have had a great experience here.

EXCHANGE STUDENTS

our friends from a foreign land

✂ They've Got the Look.

Senior Maria Florez and Nuria Ezpeleta a junior have quickly become the best of friends while in America. They take time to pose at the Spanish Club picnic.

Name: Nuria Ezelpeta

Nickname:

Age: 17 Junior

Origin: Canary Islands, Spain

Favorite Food: Spanish Omelet

The Difference: There are several things that are different

here. For example, the food and the school system is easier. In Spain we go to disco clubs, and the parties there are different. Here we have done a lot of interesting things such as, climb to the top of Lover's Leap at night with only one flashlight. That was crazy! These are just a few things that are different. All in all I like it here.

✂ Kick it. Juniors Kris Trachte & Oystein "Ace" Skaar exchange students from Norway are keeping up with the soccer practice in America.

Name: Kristian Trachte

Nickname: Kris

Age: 18 Junior

Origin: Nordby, Norway

Favorite Food: Subway

First Impressions: My first impression was where is the town? Coffeyville is a small

town. I like it here because the people are so friendly (some are crazier than others...). There are many differences from Nordby and Coffeyville. Some of those differences are driving age, drinking age, and things people do to have fun. Everything here is cheaper, especially gas. The food here is great because in Norway there is a lot of seafood. It is a new experience and I like it.

✂ Get Back to Work. Senior Veronica Wan sneaks a smile at the camera while in class.

Name: Hoi-Yan Wan

Nickname: Veronica

Age: 17 Senior

Origin: Hong Kong

Favorite Food: Chinese Noodles, Rice, Soup

Memorable Experience: My most memorable experience was riding in the trunk of a car from Hardee's to the school at

lunch time. A couple of other things I've done while in America are play football in the middle of the street, and one time I received a \$110.00 phone bill for one month. I also did a Chinese fire drill at a stop sign when a car was behind us. I have visited New York. My first impression of the United States was that it was BIG, BIG, BIG. I have had a great time here.

CLASS OF 93 CLASS OF 93 CLASS

BEGIN

*Unfold the autumn from its cry,
 Restore remembrance with a sigh,
 Believe in lies today at hand,
 Sing duotones along the band;*

*The days of margin, now to come,
 Shall part beliefs and seize them blind;
 Stress the winds of change to find
 And haunt the hardships within some.*

*Seize the moment while ye may,
 Catch the seagull by its tail;
 Jump in spite of days to come,
 Laugh at martyrs who will roam.*

*The days of ignorance now past,
 Slight truths of life now east,
 Our time has finally arrived*

*...alas, the cries
 ...at last, no lies.*

Dan Sarmiento '93

QUICKLY PASSING

*Quickly passing quiet and sly,
 The years of our lives soar aimlessly by.*

*Moments and memories held deep to
 your heart,
 Hoping each moment were never depart.*

*Friendships and family grow closer each
 day,
 Wondering what role in life each will
 play.*

*Quickly passing quiet and sly,
 Our senior year soared aimlessly by.*

*The time has come when farewell is the
 word,
 Our future dreams and past memories
 are heard.*

*Parting on our ways wherever they may
 be.*

The small, but memorable class of 1993.

HOOT FOR 24! Mr. Crandell remembers playing basketball for FKHS. photo by alisha peckham

Stroft[®] in the morning 8:00. Mr. Andrews watches the day go by while reminiscing about his high school years. photo by alisha peckham.

TEACHERS Saying Goodbye

Day after day. Week after week. Month after month. Year after year. Decade after decade! The thought of coming to this school that much raises the hair on the backs' of the necks' of most students attending FKHS. Luckily, this school system has two devoted people who have spent the better part of their lives walking the halls of this very school. Unfortunately, this was Mr. Andrews and Mr. Crandell's last year here at FKHS.

Sophomore Erica Gillis said, "I don't want Mr. Andrews to retire because he's a great asset to our school. He makes all the kids feel at home and I'm going to miss him a lot!"

When Mr. Andrews was asked what he enjoyed most about working at FKHS, he responded "The kids, I like being around them." And he has been around kids for the past 32 years.

Mr. Andrews worked for 10 years at Roosevelt as a gym teacher and 10 years as the assistant principal there. The rest of the time he's spent guiding the students here with his wisdom.

Mr. Andrews doesn't have any definite plans for his retirement but the main thing he would like to do is travel with his wife. He would like to ride his motorcycle, and do some wood working. He also has 40 acres by Dearing to keep

him busy.

The thing Mr. Andrews is going to miss most about Field Kindley is obviously "the kids."

Senior Scott Jacobs comments, "It's too bad the next generation of kids aren't going to have him. He was a good vice-principal."

Mr. Crandell also likes getting close to the kids. Another thing he enjoyed about FKHS is the camaraderie of the other teachers.

Crandell went to grade school in Coffeyville. He came back to teach here because he loves Coffeyville, and he loves the school system.

He has worked in this school system for 35 years. Mr. Crandell worked for three years at the junior high in a classroom and has spent the rest of the time as a gym teacher.

Mr. Crandell's plan for retirement is to work real hard at doing very little. He also is going to fish, golf, play tennis, and spend time on his 10 acres.

What Mr. Crandell is going to miss most about FKHS is the every day communication and mixing with the kids.

Sophomore Jamie Gossard said, "I'm sad because he's my favorite teacher. He was always interested me." story by sarah dougan

HOW YOU RATED:

A's:(40-31)

You are definitely a well-informed person. You know what is going on during the year. You are the one who everyone else turns to when they want to know what is happening. You read the announcements everyday and you read your yearbook from cover to cover. CONGRATULATIONS!! You earned your A.

B's:(30-21)

You have a pretty good idea of what is going on around you. You don't get lost in your building and you can always find your way out at the end of the day. You're the person others turn to when they can't find the "A" student. You read the announcements every few days and you read your yearbook to find you and your friends' names.

C's:(20-11)

You manage to get to school and home, but you have problems with getting lost in the building. You are one of the students who ask the "A" students what is happening. You read the announcements once a week and you look at all the pictures in the yearbook.

D's:(10-5)

You sometimes get lost on the way to school and an A student has to help you. You never know what is going on and you are lucky if you ever make it to class. You read the announcements once a year and you look at your school picture in the yearbook.

F's:(4-below)

You haven't made it to school yet, but you've been trying all year. You don't know what the announcements are and you look at the cover of your yearbook, but haven't figured out how to open it yet!!

ART & VO-TECH

EXPRESS YOURSELF

Many people chose to enroll in art and Vo-tech for several reasons.

Junior Vincent Parker said, "I chose to take art because women find artists sexy."

Sophomore Eric Westervelt said, "I wanted to take art because I wanted to improve my art skills."

One art student said, "Art is a way to express feelings on paper."

When asked what the most boring and the most fun thing they have done in class, answers ranged from self-portraits, making notebooks, silk screening, and taking notes.

Both sophomore Jason Owens and junior Justin Hanna said the most exciting thing they have done in art was paint, but others, such as junior Vincent Parker and

senior Lori Waddell, both felt self-portraits were the most fun.

Others disagree. Sophomore Brandon Graham and junior Ryan Voelzke said, "The most interesting thing we have done is the self-portraits."

Whatever the reason for choosing art and Vo-tech, many find it fun and a challenge.

MATH & BUSN.

WHAT ADDS UP IN THE END

Most students feel that the math and business classes will help them get jobs, and succeed in life.

"Math helps you a lot. Most of the businesses now require math skills," said sophomore Stephanie Long.

In every class there are people who do not do anything but mess around. Junior Lisa Robbins said, "There are

a lot of goof offs in class who don't want to learn anything. I really don't like that in class."

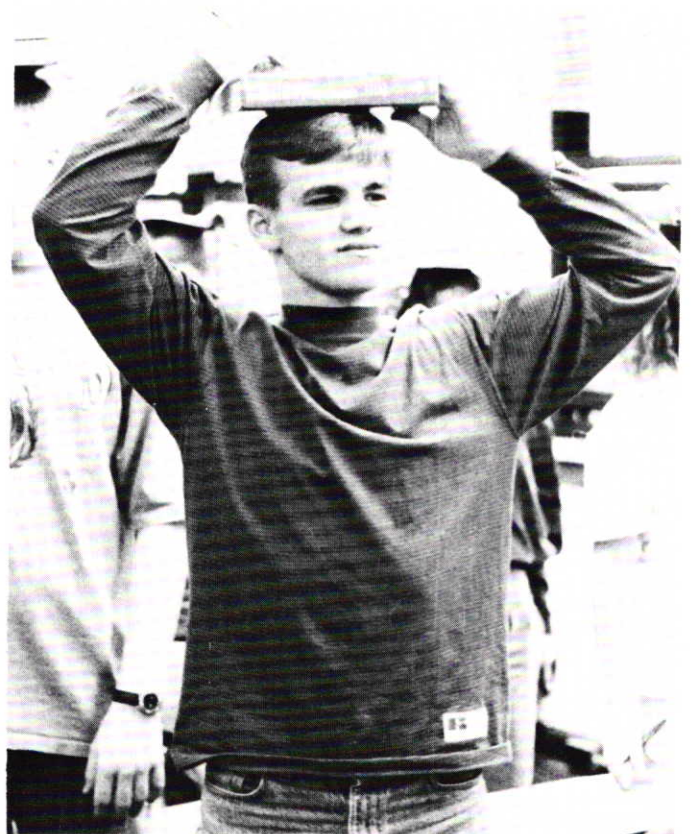

Students find that the business classes are fun and interesting. Junior Angie Dent said, "I think that business class is fun. Mrs. Reed makes it more interesting and fun."

There are times when students freak out. "It freaks me out when

the teacher gives a lot of homework," said sophomore Tiffani Eden.

"I get freaked out when we do new things that confuse me," said Dent.

The math and business classes are getting people ready for the future. Some may not realize it, but when you get out in the real world, it helps you. *story by sandy eubanks*

CHORUS

OPEN UP YOUR MOUTH

Tornado Singers had a few changes made this year. The biggest change made this year was the class changing from just freshmen and sophomore to all four classes. "I think it was a good idea because we have a larger choir and we produce a better sound," said junior Sandy Eubanks. With this class change the choir also increased from twenty-eight members last year to sixty-one members this year.

During this school year the chorus groups, Tor-

nado Singers and Choral, attended a lot of different activities. Choral went to a clinic held at CCC at the beginning of November. In the middle of November, Mark Gard director, sent different individuals to District. "This year I was very confident of my voice and so I felt I did well," said senior William Shook. Then later on in the year Gard sent three to six groups consisting of one men's group, two women's groups, and a couple of mixed groups, to Regionals at

Pittsburg. "I feel we all worked well together to get us as well as we did," said sophomore Amanda Wilson.

There was a lot said about what it is with choir. "I find Marcus Newton's voice the most interesting thing about choir," said sophomore Curtis Dixon. And as for the director, "I feel that working with the group is a challenge in getting them together as a unit of high quality and of uniformed sound," said Gard. *story by tiffany nevin*

"The most interesting part of choir is that all the people think it's an easy "A" class, but it's not. You have to work and work hard for it"

-Amanda Wilson
Sophomore

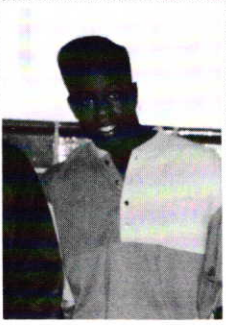

"It's also interesting to have all of the different people and their voices. We can work together and make some very beautiful sounds."

-Pamela Gorley
Sophomore

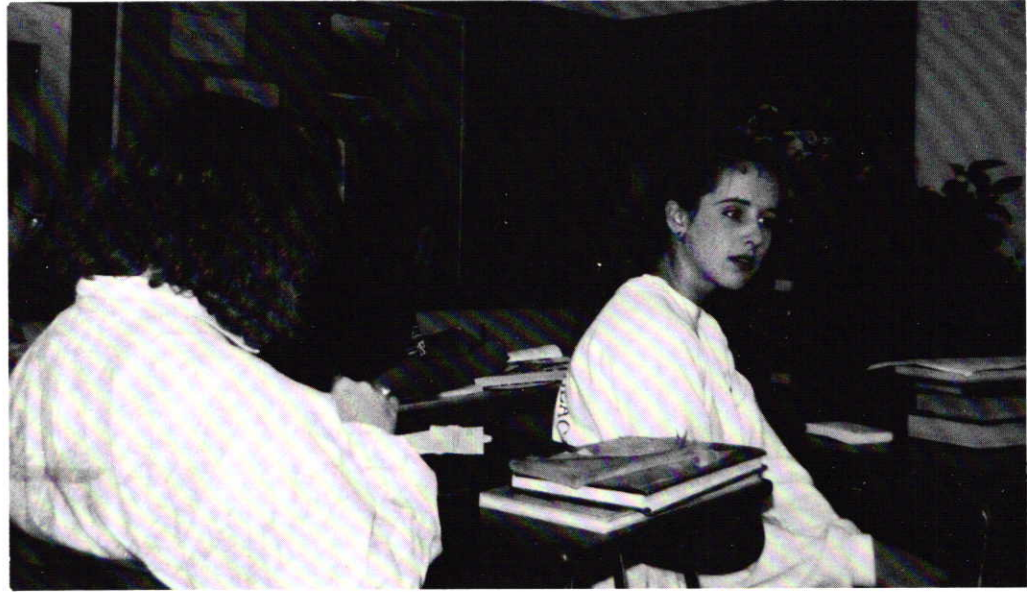

WHAT'S THAT U SAY? Senior Reagan Tracy gets some of the school gossip during senior English class.

HA HA HA. Senior Maria Florez laughs while acting out a skit in her theater class. photo by alisha peckham

"I chose to take Spanish class because it seemed fun and it's also required to have taken a foreign language class to get into a good college in the future."

-Mondriel Fulcher
Sophomore

LANGUAGES

LANGUAGES OF THE WORLD

Spanish, German, French, which one do I want? Choosing which foreign language class to take was one of the choices made by some of the students of FKHS while filling out their class schedule.

The foreign language classes learn the different ways of speaking their language, cooking their food, singing songs in that language, learning about their cultures, and going to several different foreign activities.

Then there comes one of those classes that has to be taken, not one year, not two years, not three years, but all four of your high school years - English. Even though it is not an elective some students do like the class for many different reasons.

"I like my teacher Mrs. "Mama" Neely, the nickname our sixth hour class gave her, because she's a fun person to talk to," said sophomore Claire Holler.

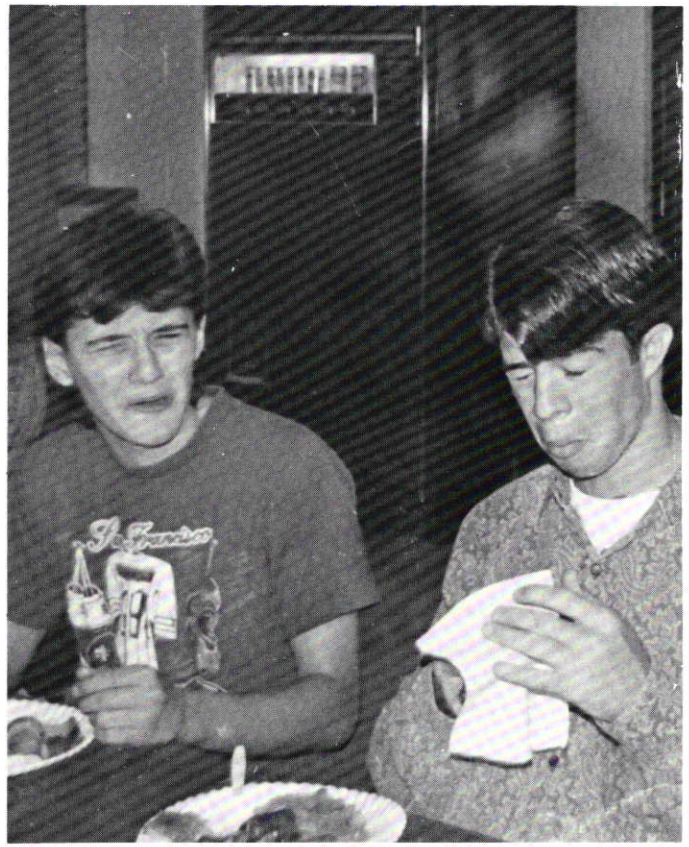

Many things are done in the English classes,

from reading books, doing projects, giving speeches, writing stories, the students teaching class, and so on.

"The thing I liked most about my English class was when we got to read To Kill A Mockingbird," said sophomore Olympia Colbert.

So whether it be hello, bonjour, or hola, languages are fun for everyone.

FORENSICS

The Forensics squad has had a good year and has hit some good competition. Already this season, 20 events have qualified for state champs. Only 16 students will be chosen to compete. Five students have qualified for State Festival in May.

Two of the squad's outstanding forensicators have

qualified for nationals. They are junior Jason Zimmerman and senior Josie Sewell. They will be competing in Congress.

Roger Flores is first alternate in the house of representatives for nationals. The anticipation of the squad is rising because on the weekend of April 16-17 some of the squad's best will be

competing also for a place to go to nationals. Of course, this squad is considered a "Young Squad", but next year everyone had better keep a watchful eye on this squad.

The Field Kindley High School debate squad had an exceptional year. The squad went to tournaments, met good competition, and were ranked one of the best.

Some teams were more successful than others. Jana Slater said "I feel that my season went exceptionally well. As a sophomore I accomplished a lot."

A well known novice (Erin Harbaugh) said her first impression of debate was the library. The library knew her name by the end of the season.

The teams of Matt Murphy-Ben Keith and Sarah Ellerman-Merrie Stith competed at 2-man State Stith and Ellerman placed 4th.

At Regionals the squad was well represented with the teams

of Jason Zimmerman-Josie Sewell, Trevor Dennis-Phil Stevenson and Roger Flores who filled in a couple of rounds for Stevenson.

At NFL three teams went to compete but, Jason Zimmerman and Trevor Dennis as a team were the only ones to place. Zimmerman and Dennis placed 6th. With only 2 seniors on the squad this year the squad has high expectations for next year.

HOW YOU RATED:

8-10: You usually know what's going on sports wise. You're the one people turn to to find out when and where the next game or tournament will be. People will most likely find you on the front row yelling GO NADO!

5-7: You attend a few FKHS sports. You are aware, sometimes, of what's going on. You turn to the other people to find out when and where the next game or tournament will be. You will usually be found sitting at home by the radio listening to the game.

0-4: You've probably never even whispered GO NADO, let alone know that FKHS had any sports at all. When we are dismissed early for Inter-State Classics you are one of the few who goes straight home to sleep. All in all you don't give a hoot about the sports at FKHS.

FOOTBALL getting off on the right foot

Down, set, HUT! Sounds pretty familiar, doesn't it? These are sounds that can be heard on the line of scrimmage at a Nado football game.

At the beginning of the season, the Nado wasn't ranked at all in the state standings. The annual Purple/Gold game was held to test the waters of the team's offense and defense. As in the past, the game was a success.

The first competition for the Nado wasn't really competition. They

"We ran into problems the week before, but we still pulled together instead of pulling apart," said Coach Newby after the game at Maize.

"It was nice to come from behind," said offensive line coach, Tim Traxson.

The Nado fell into a losing streak against Carthage, LCHS, and Wichita North before pulling a win against Ft. Scott. They soon fell back into a streak to end the season with a 3-6 record overall. *story by shari o'brien*

CROSS COUNTRY

In the sport of cross country, everyone is an individual striving for one common goal; State. After losing four seniors from last season, and six others, the eight returning plus another ten runners didn't let it affect their races.

Each ran with determination and agility in every meet. "The team, as a whole, showed a lot of effort for the '92 season, especially the boys junior varsity," said cross country coach Russ Hutchins.

Senior members were returning letterman, Jason Leeds and newcomer, Matt Knedlik. Junior members returning were Craig Hull and Wade Lunt;

VOLLEYBALL

keeping it above the net

The volleyball team for '92 ended with an overall great season. There was a summer camp that was conducted by Coach Denise Bennett. "I think the summer camp was basically to help on the fundamentals of volleyball," said senior Mindi Evans-Lombe.

Many students feel that since Miss Bennett is in the Reserves she gives a harder practice than any of the other coaches. "I must admit though. I think it's personally helped me a lot.

Practices were fun though, because Miss Bennett hates to be showed up," said senior Kristi Felts.

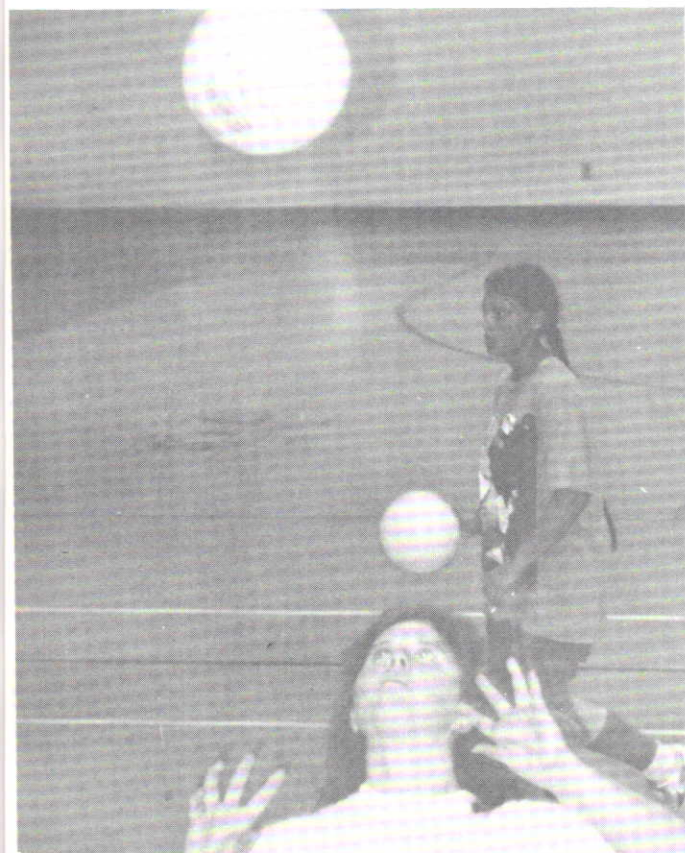

Though many of the scores for the freshman team didn't show the team played well, the freshman and JV also were glad they received a new coach, Mr. Gard. "The records didn't show it, but I think we did the best we could," said freshman Jen Grundy.

Of course, what about those good old pep talks? "I believe it helps cre-

ate a "desire" to win and to play one's best," said Coach Bennett. "If everyone on the team had it in their heart to win, then the pep talk encouraged us that much more," said senior Kristi Felts.

With the season over and some graduating and moving on, many hope to continue with volleyball in their college years. *by monica mansfield*

GIRLS TENNIS

what's all the racket about

The girls' tennis team has gone through a lot of changes in the past years. They went through two different coaches and finally ended up with present head coach, Kathleen Henao (they always say the third times a charm).

Henao has made it clear that hard work and determination are a big part of being on the team.

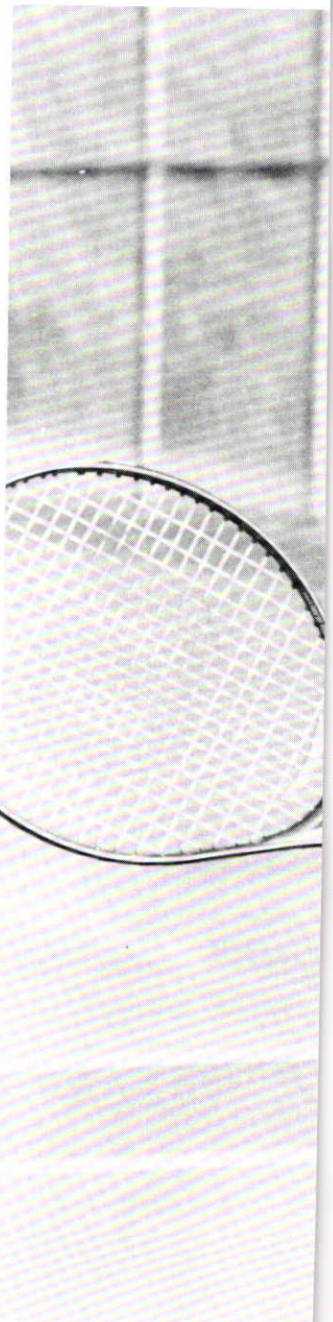

The team

brought home at least one win in every meet. With six sophomores on the team the girls were inexperienced and suffered a losing season. "Although the team is young and hasn't seen much varsity playing time, they showed a lot of positive potential," said Henao.

Even though their season didn't turn out as well as they would have liked, it

was a great learning experience for the younger members and helped everyone work as a team. Team member Tamara Mann said, "I think it's a great experience! You get to know what it feels like to be part of a team and get to have a goal, winning!" *story by j.j. cade*

five boys go to state

The Nado wrestlers had a strong season, individually and as a team. The Nado wrestlers took five to State. The five were Rodney Whittington, Mike Segura, Dominick Marshall, Frank Long, and Craig Brakhage.

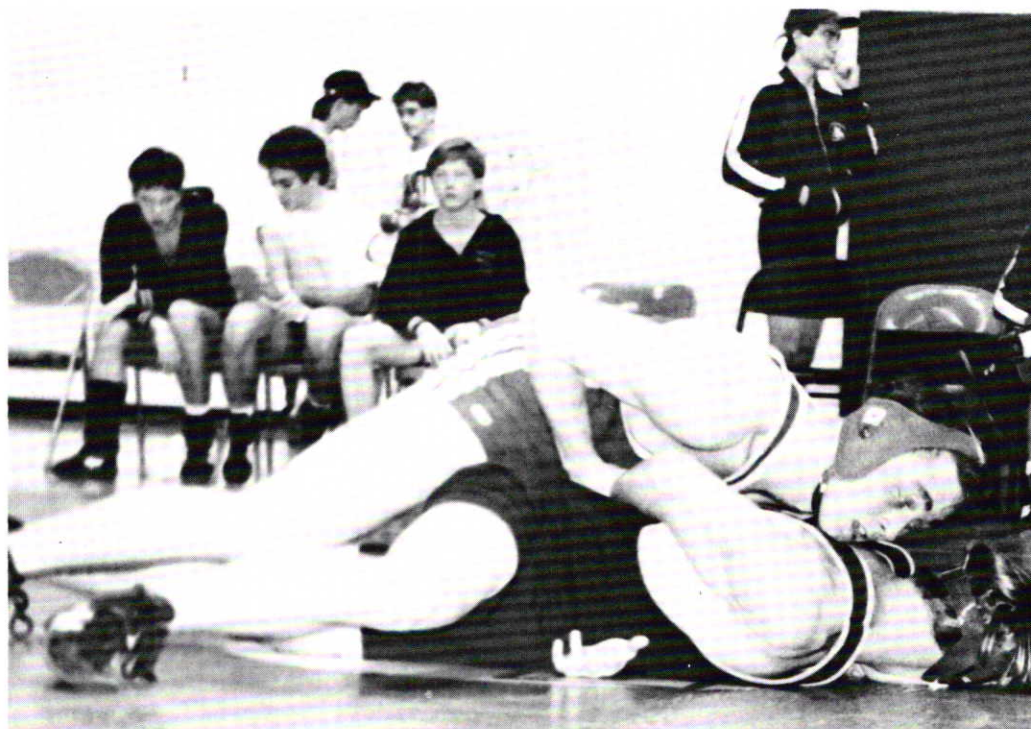

The Nado wrestlers had a few disappointments during the season also. During regionals

Whittington was beaten by a competitor from Fort Scott. Whittington had beaten his competitor by a technical fall earlier in the season. The effect of this was that it caused him to get seated lower at State.

However, every coin has a flip side. Whittington said, "It motivated me to win my next two matches at regionals."

Over the course of the season the Nado wrestling squad lost a few people due to injury and team members being academically ineligible. However, team members have agreed that their season improved from last year and the team achieved a winning record.

The Nado Varsity Basketball team not only raised their record to 10 - 10 but also won the SEKL Title for the first time. Nado played against Winfield in the first round of Sub-State and lost by 4 points.

" I learned to share the basketball and not only play as a team but win as a team also," said Chris Priddy

" The number one highlight for me

was winning SEKL for the first time and my dunks against Chanute at home," said Jason Homer

The Varsity Nado ended their season with an over-all record of 10-11 and an SEKL record of 7-1.

The Nado Freshmen ended their season with a 9-8 record. Their record would have been 10-7 if it wasn't for the Indepen-

dence game that went into three overtimes.

" I think the team's major accomplishment for the year was to work as a team and not be greedy and pass the basketball around," said Kevin Hendrix. That game was the hardest game for them, because they wanted to win so badly.

INTER-STATE CLASSIC

the main event

Every January, Field Kindley students and staff, players and fans, young and old get hyped up for the annual Classic. This year was no different. For the 20th Annual Interstate Basketball Classic, the invitations went to the Tulsa McLain Scots, Glendale Falcons, and Wichita East Aces. Fort Smith Southside Rebels, Bishop Miege Stags, and Springfield-Kickapoo Chiefs were also invited.

Coach Dan Wall took over the boys after the resignation of Ray Harris. "It was not any more difficult being a first year coach to participate in the Classic

other than the fact that I wanted to win the 'darn thing'," Coach Wall said.

In the first round of play during the three-day extravaganza, the Nado was defeated by the Kickapoo Chiefs the Nado was also defeated by the Bishop Miege Stags the next night. The third night of the Classic, the Nado took another loss to Leavenworth, but the margins were close.

"I think our opening performance against Springfield-Kickapoo was terrible, but the last game with Leavenworth proved to be the turning point in our season," Coach Wall

said.

The added pressures of the coach and the realization of the competition may have had some effect the outcome, but senior Chris Priddy didn't think so.

"I didn't feel the pressure of them being any better. The question is, were we ready to play to our ability?" Priddy said.

The Basketball Classic was, again, a success. A lot of time and effort went into it by the students and staff, and of course fans. It was definitely another classic Classic. *story by shari o'brien*

BASEBALL

catch the fever

"Determination." Owen.

A word that is used frequently by Coach Owen and the baseball team. This is what got them to state; not to mention placing as state runner-up for the 1992 spring season.

"We were the surprise team of the state tournament. I was proud of our players and fans. We played with a great amount of pride and determination; better than I expected," said Coach

Owen. For the '93 season there were 18 returning players assisted by three newcomers to complete the varsity team. The returning are seniors Andy Spears, Ryan McKellips, Casey Barrett, Eric Lanning, and Chris Robertson; Juniors Matt Vesey, Jason Zimmerman, Scott McFall, Ryan Voelzke, Justin Murdock, Luke Middleton, Craig Hull, and Scott Steiger. The newcomers to the team are

seniors Rick Phippen and Jason Phelps; and junior Vincent Parker.

With determination comes hard work. When the baseball season rolls around, everything is affected; both on and off the field.

"My grades are affected by baseball," said Voelzke. "I know if I don't have the grades I can't play."

The junior varsity team consists of returning sophomores Josh Allen,

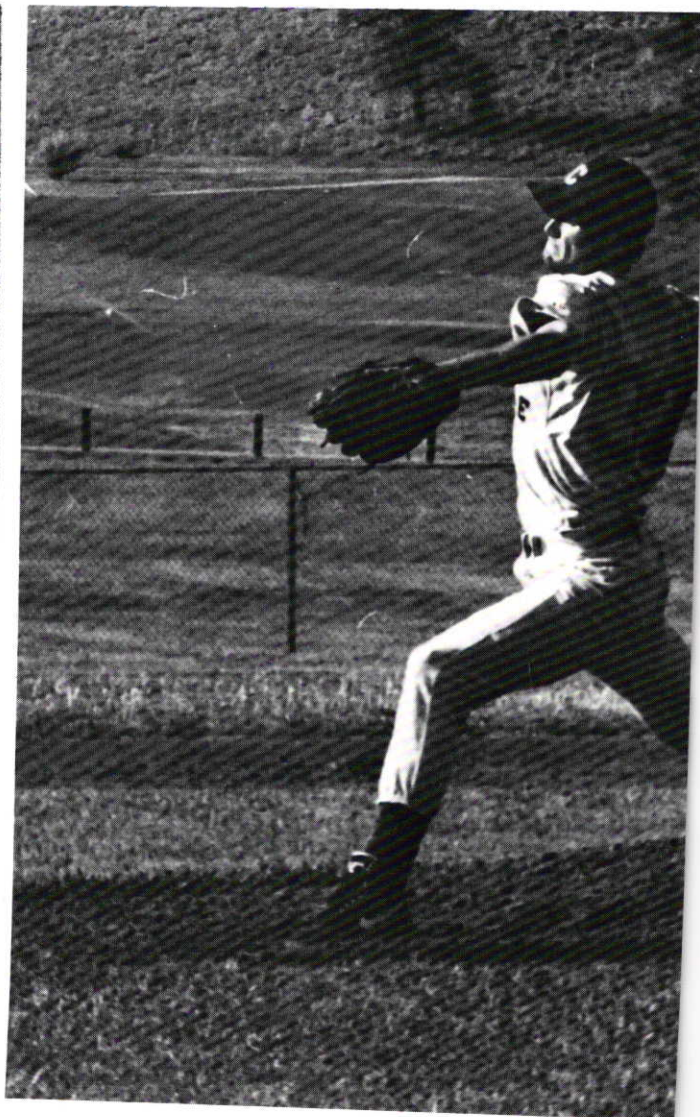

Kyle Miesner, and Tim Collins. Newcomers are sophomores Tommy Vaughn, Sal Adame, Mike Segura, Clark Wilson, and Brandon Pursley, and freshmen Tim Logan, Phillip Wesley, Danny Handshumaker, Kevin Hendrix, Doug Robison, B. J. Newton, and Todd Hayes.

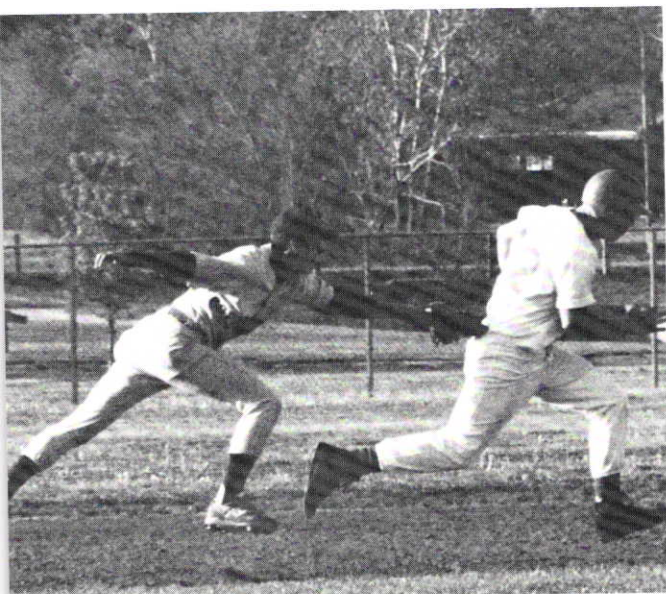

Dub Newton was the head coach for the junior varsity and assisted Coach Jim Owen with the varsity.

SOFTBALL

swinging into fall

After only three years in the system, the girls softball team, under the coaching staff of former head coach Michelle Renner and present head coach Denise Bennett, traveled to the 1992 state softball tournament in Wichita. The Nado unfortunately was defeated in the first round of play but was proud to represent Field Kindley at the event.

With a new coach accustomed to the system, and a new group of girls, the season of '93 went exceptionally well; better than what was expected from some people. The team lost seven from last year's team so the defense needed to be rebuilt.

"I don't think it was that difficult losing almost all of last year's team. We surely

do not have the returning varsity experience in great numbers, but the young and the inexperienced have filled their shoes," said Bennett. "By having great leaders, Mindi (Evanslombe) and Kristi (Felts), the others know what they need to do to carry a winning tradition."

The team plays by three rules set by the coaching staff...the 3

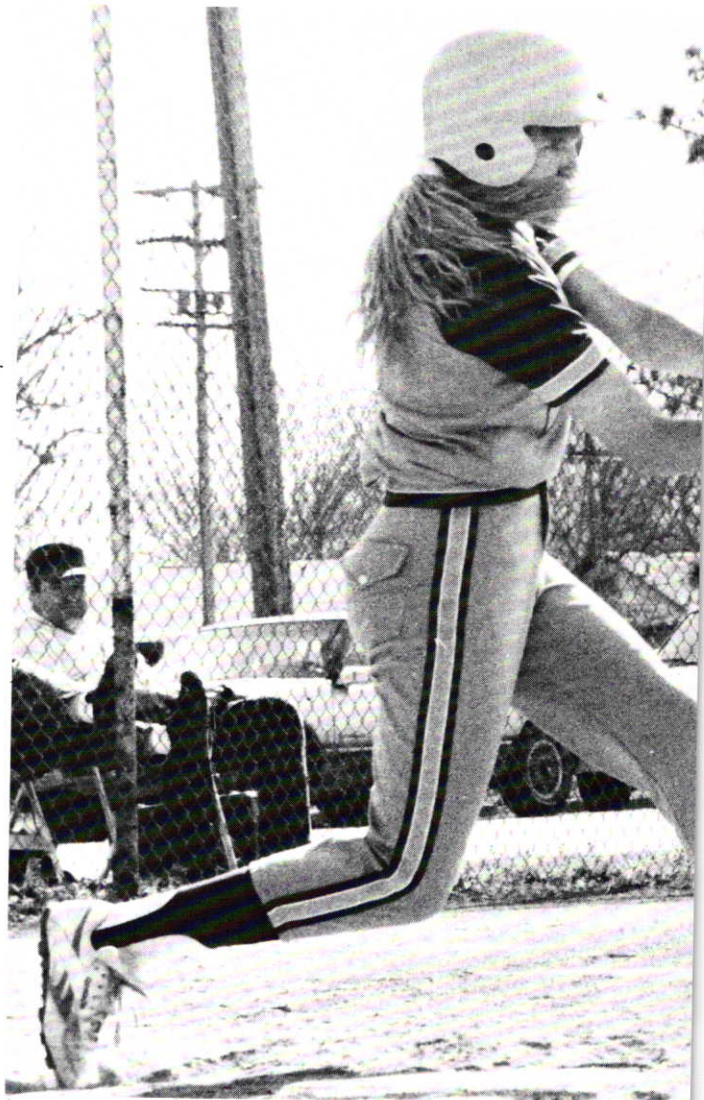

D's as they're sometimes called. Determination. Dedication. Desire.

"It takes hardwork and determination, but you've got to love to play the game," said sophomore Cheri O'Brien.

BOYS TOUGH ONE TO THE NETTERS

tennis

This year had been a tough one for the Field Kindley netters. With only two returning varsity players from last year, the Nado is short on experience but deep in drive and motivation. Junior Min Lee said, "I don't think that I have improved because we didn't have enough practices."

Ray Marshall and Huy Dao have lead the tennis team by playing #1 singles and #2 singles respectively.

Also returning from last year are Neil Howe and Trevor Dennis who didn't see much varsity play last year but have really come along. The five new additions to the squad, are freshmen Erich Douglass, Steve Newby, and Nate Mason along with juniors Min Lee and Rodney Whittington make up the rest of the team. "I really like to play tennis. It's a lot of fun," said sophomore Neil Howe.

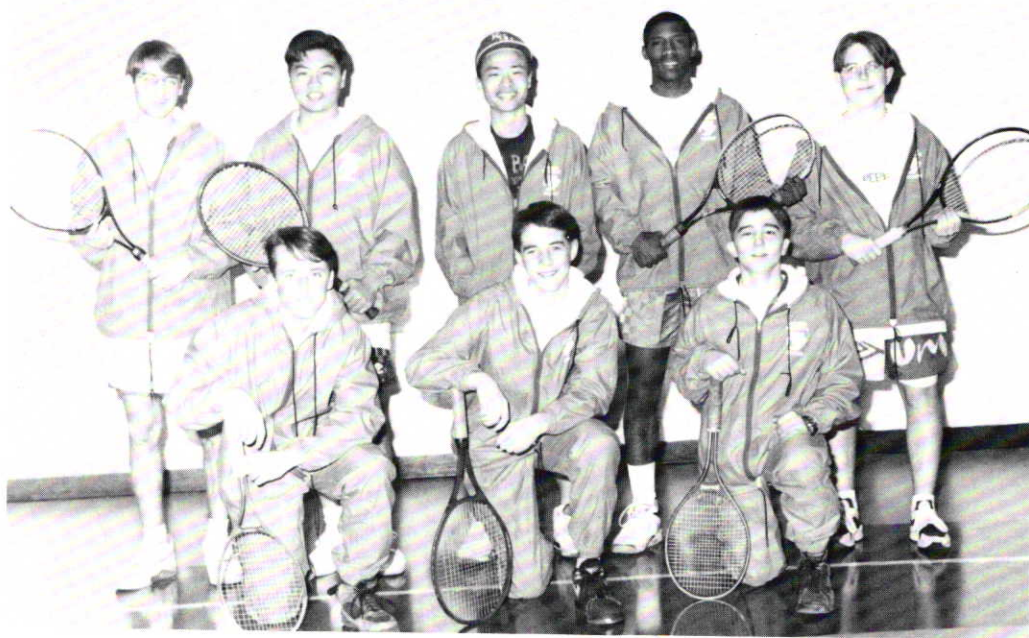

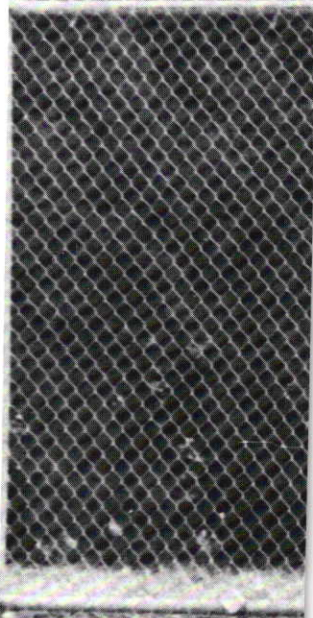

Hopes were high

at the beginning of the season but disappointment soon followed after weak showings at the first couple of invitationals, placing fifth out of five in the Ft. Scott Invitational and placing third out of five at our own tournament.

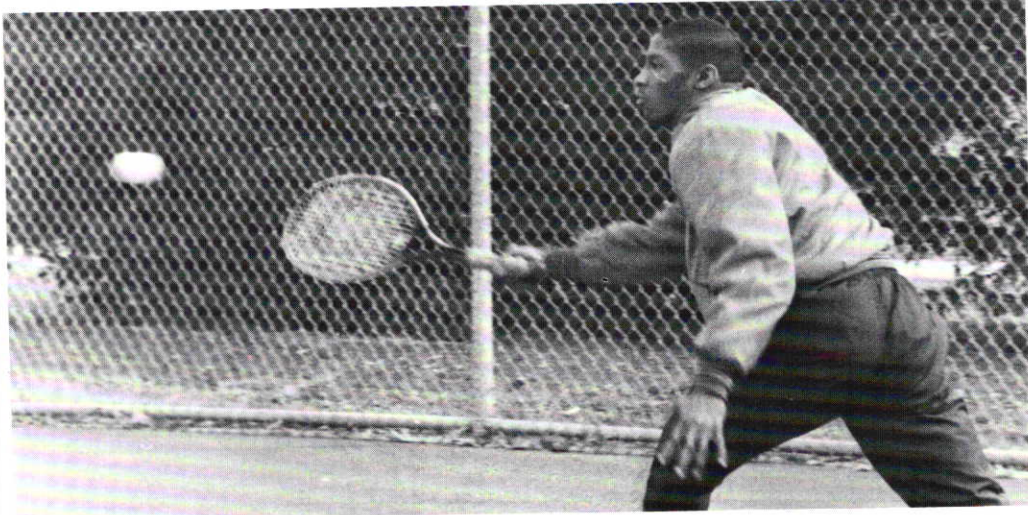

The team has a lot of memories of the season. "Trevor called a ball 'long' when it was 'in' by about 3 feet and that really made the other team mad," remembered junior Rodney Whittington.

Sophomore Todd Zimmerman returned again with exceptional scores taking first at Caney with 78, third at Pittsburg, fifth at Coffeyville, and an 18 hole average of 79. "Golf is really enjoyable to me. I take pride in the game of golf. It's also a way to relax and relieve stress," said Zimmerman.

Coach Lynn's pick of "Golfer of the

Year" went to senior Derek Murdock who finished his highschool career with all SEK his sophomore year, taking over 10 medals, and an 18 hole average of 78.

To sum up the year, Woollard said, "I really enjoyed playing with all of the people on the team. I really felt privileged that Coach Lynn was there for me all four of my highschool years. I will always remember the good times we guys had." story by alisha peckham

The spring 1993 Girls Track Team opened up with having 1 senior, 6 juniors, 16 sophomores, and 4 freshmen. March 3 was the first day of practice. Through a tough season of injuries such as pulled or torn muscles the girls' track team really pulled together and made it one great season no one will ever forget! J.J. Cade broke

her own personal record with a jump of 5'4. The three relay teams 4x400 consisted of Cade, Jennifer Spears, Sharolyn Wilson, and Crystal Ellis. The 4x100 consisted of Cade, Wilson, Ellis, and Marlena Parker. And the 4x800 consisted of Spears, Ellis, Becky Middleton, Jamie Gossard placing in the top three at one meet. That however has not been done in the past seven years." We have had a rough season but the girls really pulled through and

came out with some top finishes. I am very proud of them. They have worked very hard to achieve their goals," said Coach Rodney Schawb.

"I am really pleased with the performance of our 4x800 relay and I hope we continue to improve in the future," said Becky Middleton.

Well that proves it all. Hard work, dedication, and practice is what took and brought the 1993 girls track team a great ending to their season.

BOYS TRACK

going the extra distance

The Nado boys track team strode into place this season with several wins. Coach Kent Newby said, "Everyone has worked really hard this year and despite the injuries, they still placed in many meets."

This year the team has been strong with several people in each event. Even if one

member is having a bad day they still have others in the event that could keep up and gain points for the team.

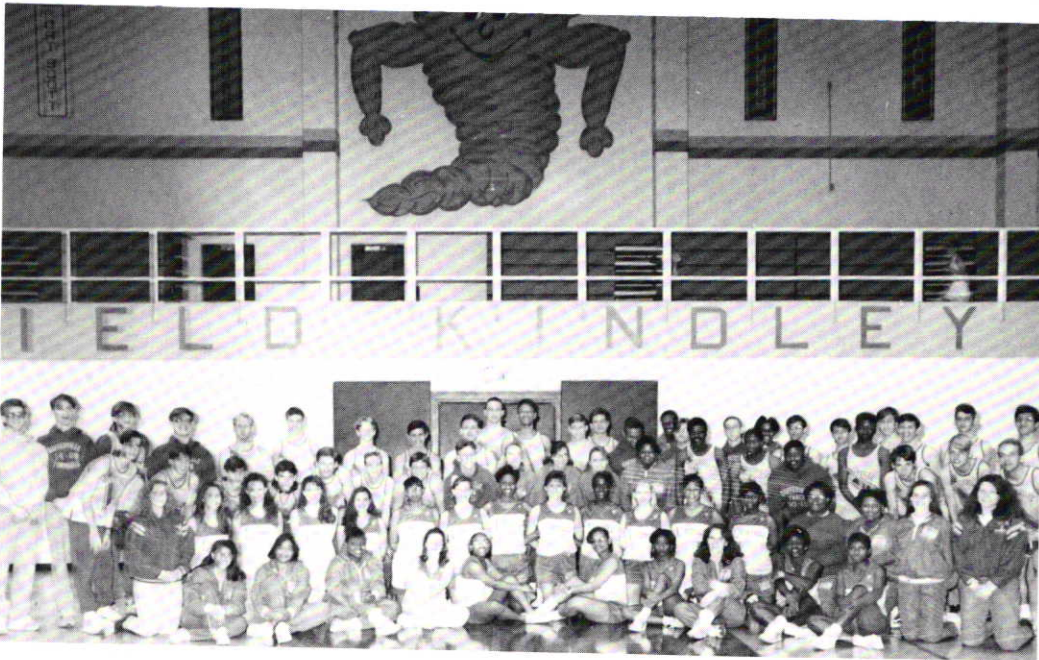

The season has had an advantage over others because they had several meets that were originally scheduled at Independence and moved to Coffeyville due to track remodeling. One of

those meets just happen to be S.E.K.

Newby said, "We hope to be getting a school record in the 4 by 100 meter relay and we have had one of the best 4 by 400 relay yet." The team works hard and believes in the sport, therefore they play well and that will hopefully pay off.

HOW YOU RATED:

8-10

You're known as the school gossip. You at all times know what is going on around you. You're not known as the quite type or the loud type, but the type who has your ears open at all times.

5-7

You usually know what's going on. There are times when you're the one asking the questions and not your friends asking you. Keep your ears open; you'll be surprised at what you can hear about people.

0-4

You don't pay attention to much about what's going on around you. You're never the one people come to to find out what's going on. Keep your ears open and it will be an exciting year.

SEE YOU AT THE POLE SEPTEMBER

On September 16, 1992, students around the nation gathered around their flagpoles. Coffeyville students were among the proud participants. Because school was not held on the 16th of September, it was held on the 15th also. Approximately 80 people arrived to school at 7:00 a.m. to participate.

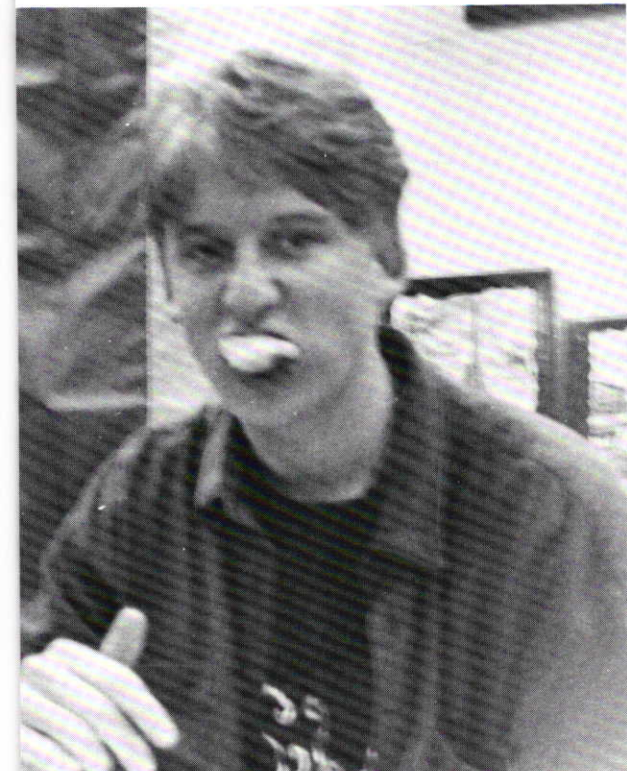

The students were led by junior Angela Miller in songs and prayer. "I was very pleased with the turn out. It took all of the students to get the word around school for this good of a turn out. Thank you, Melissa, for helping me so much," said Miller. "I feel

God's will was carried out. We as Christians are to take a strong stand for him. Matthew 18:20 says 'For where two or three come together in my name, there am I with them.'"

The ACTS Club participated in this event, known as 'See You at the Pole'. Mr. Murdock and a few others video taped it.

Nearly 60 people showed up on Wednesday morning, the day school wasn't even held. Most of the participants enjoyed showing their faith in this way. All of the organizers were happy to have been a part of it.

HOME COMING OCTOBER COMES TOGETHER

For some of us October was a busy month.

On October 19-23 Stuco had spirit week. Overall there were many participants. Some found Hippie Day to be a good idea others felt differently. Sophomore Nicole Quigleysaid, "Hippie Day was a good idea the first time but not two years in a row." Others felt differently Junior Melissa Miller said, "I thought Hippie Day was a good idea, a lot of people had fun with it. I hope we do it again."

At the end of the week, Homecoming was held. Reagan Tracy and Chris Robertson were crowned queen and king.

The Homecoming

dance was held after the game. "I thought the dance was a lot of fun," said Sophomore Lisa Willis, "Everyone seemed to enjoy themselves."

The beauty and the beast contest was an added twist to homecoming. "It was a fun experience," said Sophomore Crystal Ellis, "and it was for a good cause."

Hall decorating was on October 22. It's a time to compete against classes. Sophomore Angie Cornell and Tamara Mann said "It's a great way to express my school spirit and share a bonding and memorable experience with my fellow classmates."

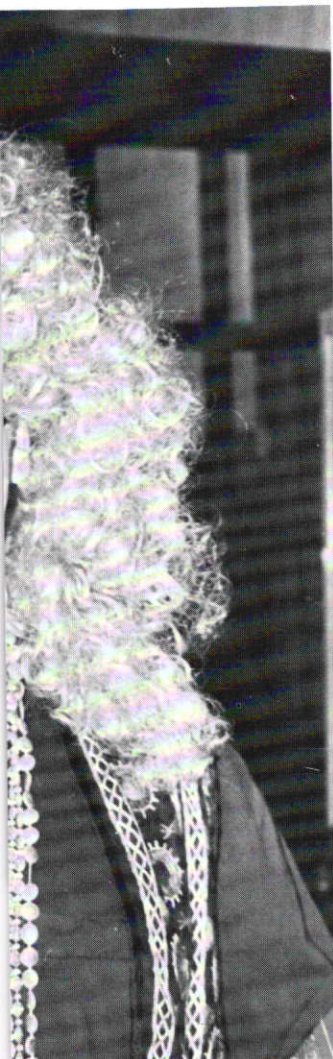

All in all, October was filled with activity for F.K.H.S.

THE MONTH BEFORE CHRISTMAS

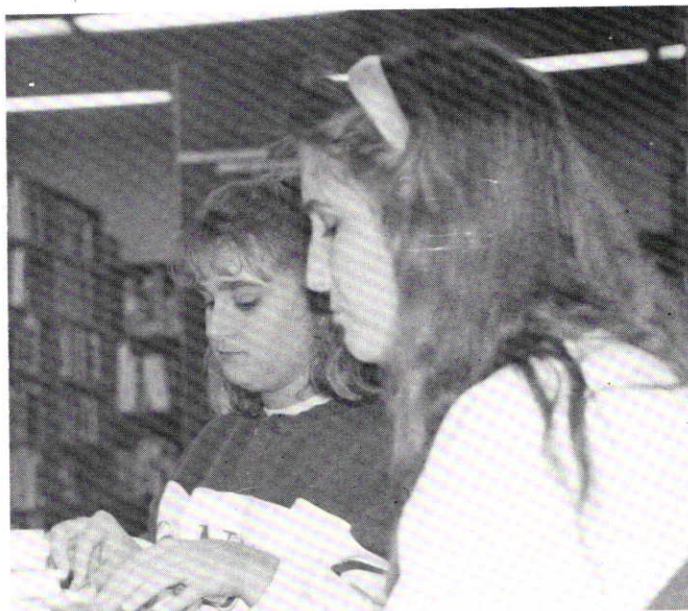

November is a month many look forward to. A month to get out of school for two days at Thanksgiving. There was more to it than just that.

On November 2 there was a fund-raiser assembly for foreign languages to raise money for the individual clubs. Those that participated got to have a pizza party during lunch on December 17.

On November 3 F.F.A. went to a District Speech Contest. Junior Ingrid Sullivan said, "Learning how to speak towards a group is very important in your life and for all special qualities throughout life."

On November 13 the Letterman's Club held a dance. The dance was called the Turkey Jerky Jam. If you dressed up as a turkey, pilgrim, or an Indian you got in the dance for a reduced price. Many felt the dance had a good turnout. Sophomore Frank Long said, "I thought the Turkey Jerky Jam was a good idea; it was great seeing people dress up like a turkey, pilgrim, or Indian just so they could get in the dance one dollar cheaper." *by ramona pullins*

THE MONTH OF CHRISTMAS DECEMBER

December was a month many looked forward to. A month full of excitement before the new year begins.

On December 7 the Spanish Club broke a pinata during clubs in the gym. Rodney Whittington was the one who finally broke the pinata.

On December 8 Stuco held a talent show for the student body. Third place Maria Florez sang *Labamba* and *Stand By Me* with Mandy Rogers on piano. Second place was a skit by David Hill, Scott Thomas, Andy Spears, and Larry McAfee. First place was a tie between Marcus

Newton singing *Always and Forever* and Josie Sewell. Sophomore Meredith Misch said, "I really liked the Talent Show. There's more talent in our school than I thought."

On December 16 Stuco held a Winter Carnival. Sophomore Nicole Quigley said, "The Winter Carnival was a good idea but, there wasn't as good of a turnout as some hoped for."

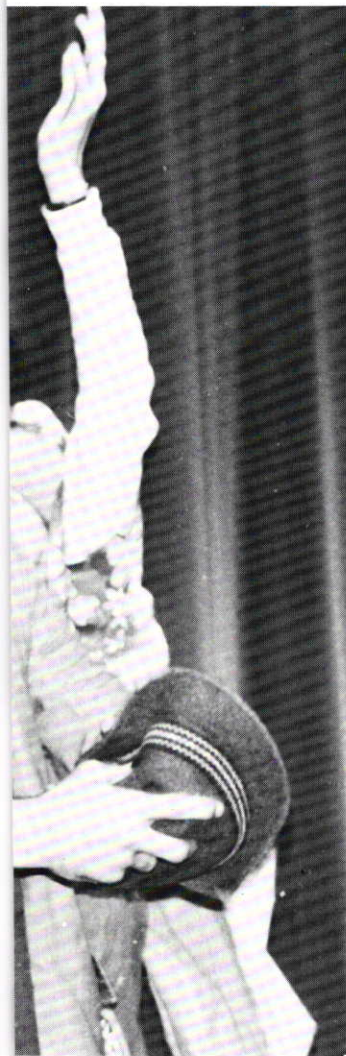

On December 18 French Club held their annual Snowball Dance. King and Queen of Snowball were sophomores Melanie Jontra and Josh Allen.

THE START OF A NEW YEAR JANUARY

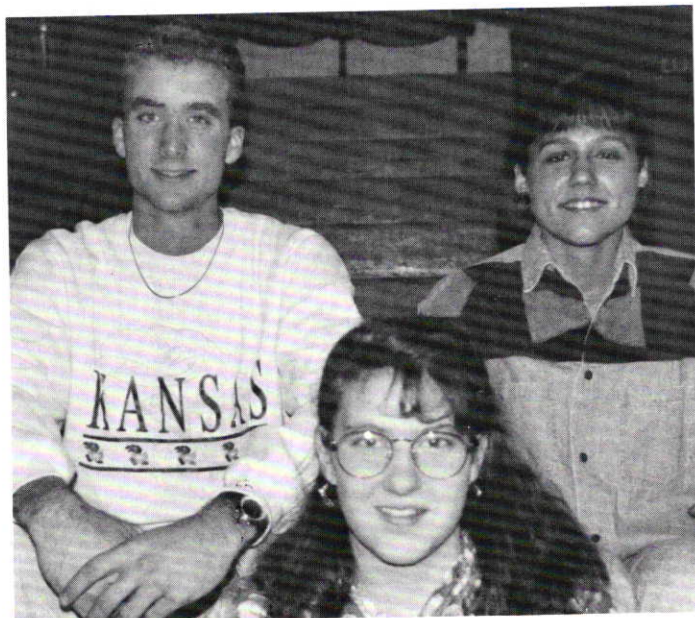

January the beginning of a new year a month to make New Year resolutions and break them before the month is over.

On the fourth Bean King and Queen were crowned in French class. Everyone in class had to eat a piece of cake. In one piece of the cake there was a bean. The lucky person with the bean got to pick his Queen. In sophomore Pam Gorley's case she got to pick her King. She picked sophomore Matt Murphy. Gorley said, "I picked Matt because I thought he deserved to be King for

once. Not!"

Starting on the eighteenth and lasting till the twenty-second was the Interstate Classics. On the last day after the game Stuco held a dance. Sophomore Lisa Willis said, "It was the first dance I went to this year. I thought it was fun and worth going to."

On the twenty-seventh and the twenty-eighth the Native Americans were very busy. First they went to an Indian Youth Symposium in Wichita. Next was their Culture Awareness program at Lowell. *story by ramona pullins*

Is there really a bank for people like you?

Ever wondered, of all the banks in town, is there one just right for you?

Is there a bank for people just getting started...for people who need a new car, or a little extra help with that first house?

Is there a perfect bank for families...for parents planning for their children's education? Or for people looking for a full range of investments? Or for people trying to afford a nicer home?

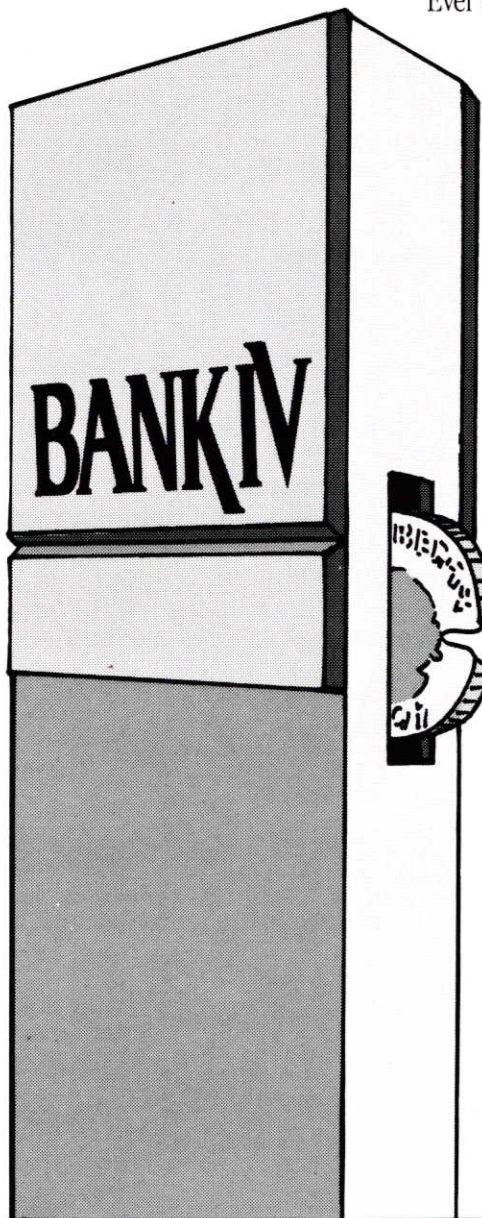

Is there a bank for people who need help planning for retirement... people who want to travel, or people who are going to need an income when they're past their earning years?

The answer is "yes."

BANK IV. With the convenience and attention of neighborhood bankers, the expertise and scope

of a statewide financial network, and the strength and

security of one of the largest banking organizations in Kansas, BANK IV is everything *you* want a bank for. It's a BANK IV people like you.
