Each day in the life of a high school student is different than the one before. For example, a Sunday differs greatly from a Friday. Sunday is a day of rest, while Fridays are set aside as a break from the norm. When looking back on your high school days, no matter what the activity, it will all be a daze.

## Jacob Allen White

God blessed you with unique talents and abilities, and you have used those gifts well! You have worked hard to prepare for a challenging future.

Just as important as the lessons that you've learned in the classroom are the ways that you've grown as a young man.

As you celebrate this milestone in your life, never forget what has brought you this far. Remember the love of your family and friends, your own sacrifice and hard work and that God has a special plan for your life. We love you and are so proud of you!

 seniors!  
 Thanks for all your hard work on this year's publica-  
 tions. Best wishes to you all in the future—you can  
 be successful in whatever you choose to do!

Abby,

"I call my daughter 'princess' because every movement and gesture she makes, the harmony in her voice, her smile, her pranks, her ingenuity—all these indicate a royal character. Moreover, she is despotic and holds firmly to her own ideas, without anyone being able to change or modify them—but sweet indeed is her despotism and her absolute judgement."

Kahlil Gibran

Good luck at K-State!

## Abby Brookover

As we move off into the future, two separate women each struggling to complete herself, I know that we will reach out to each other. In my strength I can be a tree for you to lean against. In my weakness, I will need your hand.

## Lindsay Downing

Lindsay,

It seems like only yesterday when you were holding on to my belt loop so you wouldn't have to leave for school, now we would like to hold on to you and keep you with us. You've worked hard and accomplished so much. Keep up the hard work and you can be anything you want to be. We are very proud of you.

Love,

## Details

The 64th volume of Field Kindley High School's *Twister* yearbook was printed by Jostens Publishing and Printing Divisions in Topeka, Kan. The *Daze of Our Lives* theme was chosen by the staff. The litho cover was designed by staff along with Jostens representatives. Body copy and headlines varied with each section, while all captions were eight point Palatino with caption titles in ten point Palatino. The 2000-2001 *Twister* was designed in the FKHS Writing Lab using Pagemaker 5.0. Photographs were taken by staff photographers and developed in the school darkroom. All group and team photos were taken by Doyal's Studio, and mug shots were provided by Lifetouch. Each *Twister* yearbook was sold for \$35. The cost of the book was paid for by book sales and advertising.
