On The Radar

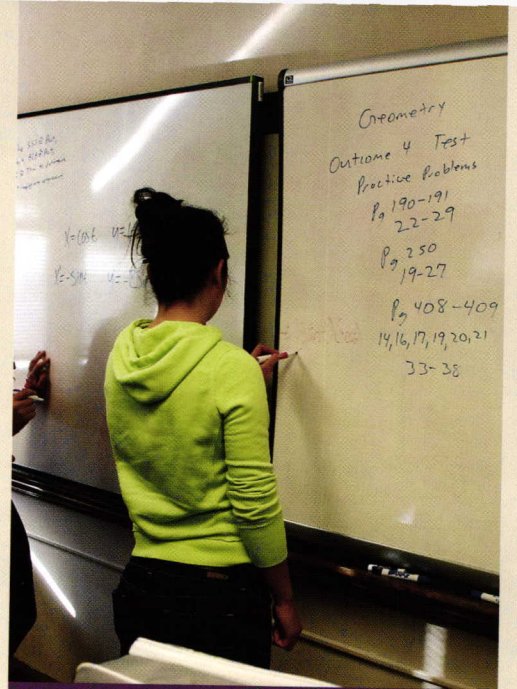

You can't go through high school without taking classes. So in this section of the yearbook we show you a little sample of your classmates working hard, or hardly working, in class. Any senior will tell you that the best part of being a senior is well, not having math and taking as many easy classes as you can (not to mention early release). But high school can offer you so much when it comes to classes. Without the great teachers, and the awesome help at our school we wouldn't learn as much as we do, and get pushed to do everything we all strive to do. So make the most of high school, don't just sleep off your classes, stay on the path to success. Because once high school is gone... there is no going back!

You Can Be Whatever You Want To Be!

by: Donna Levine

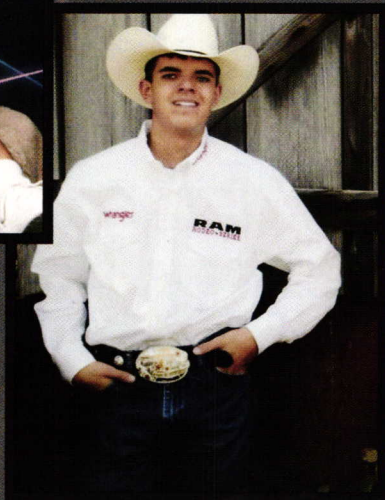

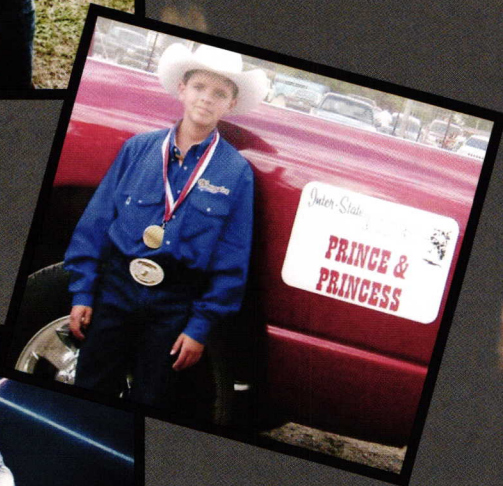

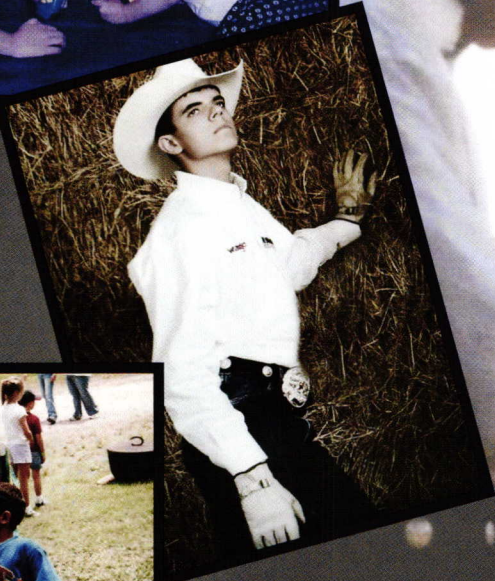

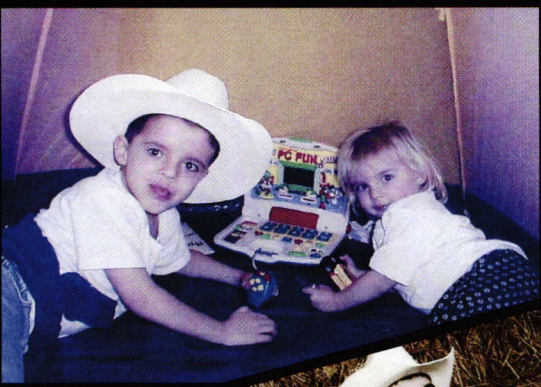

There is inside you
All of the potential
To be whatever you want to be;
All of the energy
To do whatever you want to do.
Imagine yourself as you would like to be,
Doing what you want to do,
And each day, take one step
Towards your dream.
And though at times it may seem too
difficult to continue,
Hold on to your dream.
One morning you will awake to find
That you are the person you dreamed of,
Doing what you wanted to do,
Simply because you had the courage
To believe in your potential
And to hold on to your dream.

Scotty Jackson

Scotty,
There aren't enough words to express
how proud I am of you & of all of your
accomplishments. You have made me very
proud. You have a bright future ahead of
you and I have faith that you can achieve
whatever you want in life. I'll be here to
support you during every step of your
journey.

I love you!

Mom

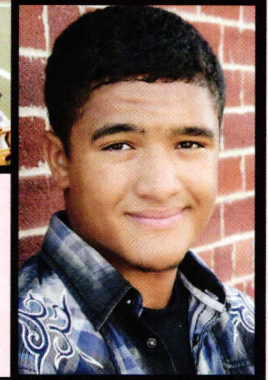

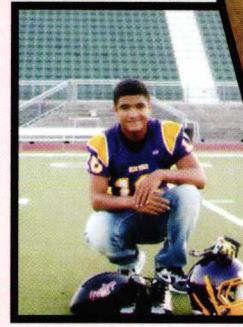

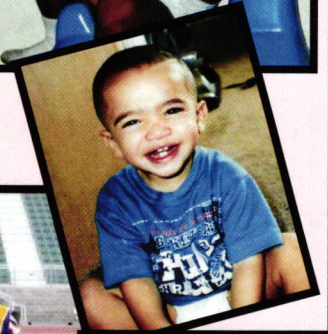

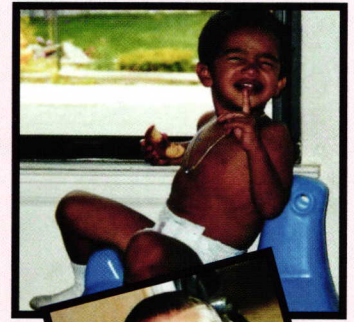

Trey Thompson

Dear Trey,

All your hard work and diligence has finally paid off. How could we ever begin to imagine the twists and turns your life would take and through it all you rose to the occasion. It is all the experiences in life that mold us into the person we are to become. You are a remarkable young man with the world at your fingertips. As you go out and leave your mark don't forget to be the person God made you to be, not the person you think you have to be. He made you kind, patient, and compassionate. You are an intelligent young man, capable of doing so many great things if only you believe in yourself, as your father and I do. We are so very proud of you, and no matter what direction the future holds for you, know that through it all, we have loved you so very much!!!

Congratulations Trey!!!

Austin Ryder

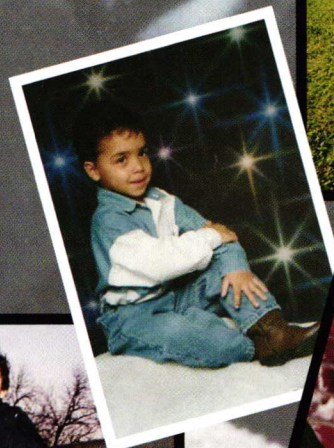

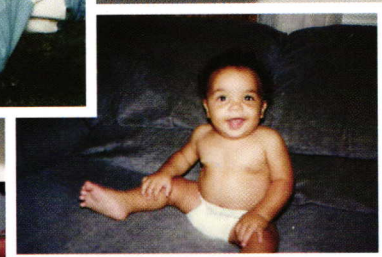

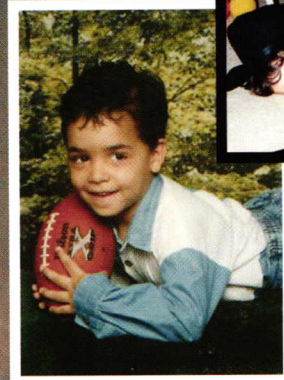

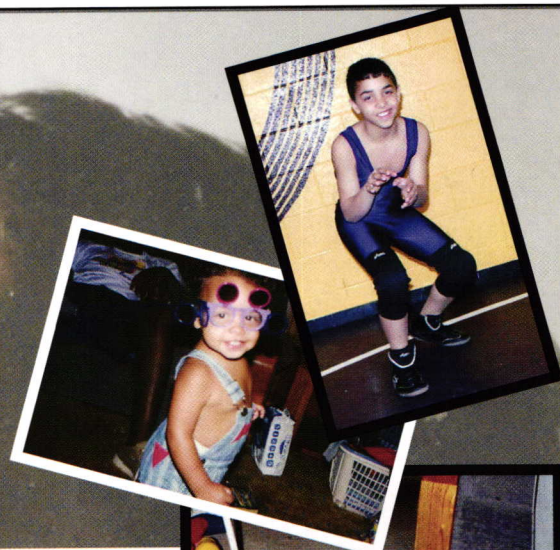

Austin,
I can't help but wish that you were small again. I've cried when you've faced heartache and saw that as you grew nothing broke your spirit. Instead it strengthened you.
I'm filled with mixed emotions as I hold back all my tears and with so much pride remember back so many years when I first held you in my arms. If only I had known the years would feel like moments after you had grown. You aren't a child though in my eyes. I guess you'll always be that baby boy who changed my life and means the world to me.
I love you Austin and am so very proud of you. Remember no matter what I'm always here for you.

Love you bubba,
Mama

Cory Turner

Cory, you were the best little baby; A happy and outgoing child and the sweetest and loving young adult. You have brought so much joy, love and laughter to our family. You are a blessing and truly our miracle child. You were a very sick little baby and we almost lost you 5 days before your 1st birthday, but God was not ready for you yet, he left you here with us. He has a plan for you. Keep God number 1 in your life. Keep praying and listen to him and he will lead you in the right direction. You will succeed in what ever you choose to do in life. You are a very kind and warm hearted person. We are so very proud of you and love you very much.

Love,
Mom, Dad, Cameron & Brionna
