- Girls Basketball vs. OK Union @ Nowata, Okla.

## Freshman class begins Summit Learning

**Breanna Bradshaw**  
staff writer

This year at Field Kindley High School the freshmen are participating in a new program called Summit Learning. According to principal Travis Stalford, the program differentiates instruction for individual students academic needs.

“It ensures that each student is challenged academically and also allows for self pacing and learning,” Stalford said.

Currently the freshmen are the only grade level that is part of Summit, however Stalford said that the plan is to continue to implement a new grade level as the freshmen move to sophomores,

juniors, and seniors.

Freshmen English, Math and Science classes are using Summit daily in their classroom.

“It will increase the cognitive ability of all students, as well as teach the characteristics that will help the students be successful as an adult whether they attend college or not,” Stalford said.

Earth and Space Science teacher Stacey Campbell likes Summit Learning and its benefits for her students.

“I like the way it makes the students think about their responses, as opposed to when students just give a blanket statement answer,” Campbell said. “Any time there is more thinking and rationalizing, there is more learning taking place.”

Whether it’s your senior year or junior year it is important to take the ACT. Many colleges, especially Universities look for an ACT score when you apply.

According to school counselor Delia Northup, information about the ACT can be found at [actstudent.org](http://actstudent.org). With that being said, if financial problems seem to be getting in the way of you taking it, there are waivers given out by Mrs. Northup.

If you get free/reduced lunches then you can expect a waiver. Many wonder how to study for said test. For one it takes approximately three hours to complete with 215 questions.

The test is split up into different sections including, reading, science, math, and English. The number of questions comes from all these sections combined with reading it has 40 with an allowed time of 35 minutes to complete. English has 75 questions with an allowed time of 45 minutes. Math has 60 questions and 60 minutes to complete and Science has an allowed time of 35 minutes

## FKHS News Briefs

and 40 questions.

If you want to study before taking the ACT, there are practice tests at [act.org/academy](http://act.org/academy).

Upcoming dates for the ACT are February 9, April 13, June 8, and July 13. Although these are the test dates, there are registration deadlines so make sure to check them out and sign up!

Mr. White’s Civics class is conducting a book drive for elementary school children and Oncology patients. They are looking for gently used fiction, non-fiction and children’s books. There will be donation boxes at the main entrance, the commons area, second and third

floor. All donations are due December 5 at 3:10. His class will deliver the collected books to Community Elementary School and to the Oncology departments in several area locations.

If the drive collects 150 books total Mr. White has agreed to dress up as Santa Claus on the last day of school this semester.

Friends of Rachel club is conducting a toy drive for all advisory classes. The toys collected will be used to fulfill the Angel Tree requests and all of the leftover toys will be donated to a local charity. The advisory class that brings in the most new toys will get donuts during class on December 11. The toy drive started on Monday and will end on Friday, December 7.

The FKHS Theatre department presents: *River of Blood*, next week in Benefiel Auditorium at Roosevelt Middle School.

This adaptation of Shakespeare’s *MacBeth* will be held on December 6-8 at 7:00 p.m. and December 9 at 2:00 p.m.

Admission is \$3 for students and \$5 for adults.

## Nado Soccer ends season strong

**Juana Francisco-Andres**  
staff writer

The Soccer season has come to an end. The varsity soccer team did well in Regionals.

“The team fought hard,” coach Courey Freerer said. They lost against Thomas More Prep 0-3 in the Region finals.

”They outclassed us but the team played a proud game,” Freerer said.

According to Coach Freerer, the next soccer season they will practice more on touching the ball, vision and passing.

“I will miss being able to try and guide a special group of players the most.” Freerer said.

Senior Jose Villanueva, varsity player, has been playing for the FKHS soccer team all four years.

“I started playing soccer for as long as I could remember, my dad is who taught me everything I know now. I was probably

three years old when I started kicking a ball,” Villanueva said.

According to Villanueva, his favorite memory is the fact that he got to develop his game style, and play with other people who love the game as much as he does. He will miss the friends he has made throughout his four years especially playing with his senior classmates.

“I’ll miss the coach who’s helped me become better,” Villanueva said.

One of Villanueva’s embarrassing moments is when he was a junior, his friends

made him fall down and megged him with a soccer ball.

Senior Leah Martinez played on varsity for three of four years.

“I started playing soccer on an actual team in third grade,” Martinez said.

According to Martinez, her favorite memory is when she played with her best friends, BW4L (Bench Warmers for Life).

One of Martinez’s embarrassing moments was when she went up for a header and got hit in the face instead. She will miss the fact that the soccer team is co-ed and she got to play with her best (guy) friends.

Making the All-SEK first team were: Villanueva, junior Tate Thornburg, and senior Heath Williams. Second team All-SEK were: juniors Nick Slavin and Larson Hoggatt.

The soccer team had a great season, ending with a record of 14-3-1. Although they are losing several seniors the team should come back next year stronger than ever.

### Congratulations

to junior Amelia Maulsby for making second team in Volleyball and sophomore Andre Caulkins for earning Honorable Mention in Cross Country.

## Great end to Football season

**Drew Cormier**  
features editor

The football team’s season is over but they fought long and hard all season.

“We won in the first round but lost in the second round to Ark City,” head coach Darrin Wegner said.

They made it to the playoffs and ended the season with a 5-5 record. They won the games against Columbus, Independence, Chanute, Christ Prep and El Dorado.

Making the first team All-SEK were: seniors Brandon Barrager, CJ Kelley, and Tajahn Thomas. Second team All-SEK was junior Jayden Crawford and Honorable Mention were: seniors Jaylen Logan, Adam Rutherford, Trey Myrie, Ethan Samples, Marquise McDaniel, and sophomore Ethan Camp.

Leading scorer in the SEK all 10 weeks was Logan with 16 Touchdowns and six-2 point conversions to end the season. Kelley came in fourth overall with six Touchdowns and five-2 point conversions and Myrie finished fifth overall in SEK standings with seven Touchdowns and one-2 point conversion.

They did a great job this season and we can’t wait to see what they do next season.

### Tornado Times

The Tornado Times is the official student newspaper of Field Kindley High School, Coffeyville, Kan. 67337. It is produced by the newspaper class in the FKHS A/V Communications department. Views expressed in the newspaper are not necessarily the views of the whole staff, advisor, administration, or the USD 445 School Board. Letters to the Editor are welcomed and encouraged. Letters must be delivered to room 119. Letters must be signed and may be edited for libel and space by staff.

## FKHS Secretaries keep school running smooth

**Zeus Boomershine**  
staff writer

Our school is wonderful and nostalgic. FKHS' personality is put together by our staff and students, but sometimes our staff is overlooked, maybe unappreciated. That's sometimes the case with our secretaries. We have four secretaries; Kim Jones, Shanna Brown, Gayle Lanning, and Jennelle Speer.

Kim Jones is the lead secretary at the high school and has only been working here for one year. She has made remarkable progress amongst students and staff. If Jones could change one thing about being a secretary it would be to do more for the students.

"I wish I could do more for the kids. I wish I could get the school remodeled for the safety of everyone and I'd love to make more money," Jones said.

Little does she know, she's more helpful to the students than she knows. She loves her job so much, that she rates it a ten out of ten!

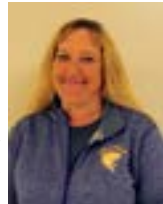

"I enjoy being around all you kids. It's a great atmosphere most of the time. I work

with a lot of awesome, inspiring people and I have a fabulous boss. Not much can get me up at five in the morning, but coming to work does!" Jones said.

To her, the weirdest part about being a secretary is when we go into a lockdown drill and Mr. Claar gets on the intercom and says where the intruder is.

"It's kinda scary to me. Of course I get nervous playing Hide N' Seek," Jones said.

Shanna Brown is the athletic secretary and has been working here for seven years. One thing that she wishes she could change about being a secretary is the money, but she follows up with if they just paid her in Dr. Pepper, she would probably still be here every day of the week.

On a scale from one to ten, Brown chose nine for the amount that she loves her job. "I love sports and enjoy being at events. The coaches are great and I get to meet some amazing officials. It's like being a part of another family," Brown said.

Finally, her weirdest experience as a secretary was while she was working the

InterState Basketball tournament.

"I was in my office sending out results when I heard voices coming from the wrestling room. I walked half way down the hall and realized I don't care who's there. I'm leaving," Brown said.

Jennelle Speer is the bookkeeper and has been working here for ten years. She's stays on top of her job and she's always supporting NADO athletics and activities. If she could change one thing about her job, she would also change how much she earns.

On a scale from one to ten, she rated her job a seven. "I enjoy the kids and having summers off is great. I also love working with money," Speer said. Her weirdest experience as a secretary happens all day every day, and it's sitting next to Mrs. Jones and hearing her sing songs.

Gayle Lanning is our receptionist and attendance secretary and did not want to be interviewed.

At the end of the day, all of our staff is underappreciated. From teachers to janitors to secretaries – our school wouldn't run as

## FKHS Therapy dog helps students cope with anxiety, stress

**Victoria Westerfield**  
staff writer

High school can be stressful sometimes with high expectations and social significance. Some people process that stress better than others but at Field Kindley we're lucky to have Mandy Moo, the therapy dog, to help relieve some of that stress.

Mandy is a significant part of our school and her purpose for coming to FKHS is to provide emotional support for those students who are coping with anxiety and stress. Some of the benefits of having a therapy dog for the students is it slows the heart rate, reduces blood pressure, and provides fun.

Mandy has been visiting our school since 2014 and she is 7 1/2 years old. Her owner is former FKHS teacher, Jeff House.

"Mandy's favorite treat is cheese," special education teacher Brandi Vowell said.

"I like having Mandy in the classroom but before bringing her in you should make sure no students have a dog allergy or are scared of dogs," math teacher Sherry Blan said.

## What food were you most excited to eat for Thanksgiving?

"Turkey"  
-Wyatt Johnson

"Cranberry Sauce"  
-Josh Isle

"Mashed Potatoes"  
-Heaven Mims
