Welcome to USD 445 Coffeyville School District

BOE Approved: November 14, 2022

Notice of Nondiscrimination

Applicants for admission and employment, students, parents, employees, sources of referral of applicants for admission and employment, and all unions or professional organizations holding negotiated agreements or professional agreements with the school district are hereby notified that this district does not discriminate on the basis of race, religion, color, national origin, sex, age, or disability in admission or access to, or treatment or employment in, its programs and activities. Any person having inquiries concerning the USD 445 School District's compliance with the regulations implementing Title IX, Americans with Disability Act or Section 504 is directed to contact the Superintendent of Schools who has been designated by the Board of Education to coordinate the district's efforts to comply with the regulations implementing these laws. You may also contact the Section 504 Coordinator at the Kansas State Board of Education by calling 785-296-2424.

Preamble

The USD 445 Board of Education, administration, teachers, and other employees of the district recognize and declare that it is their mutual aim to provide a quality education to all district pupils. All those above recognize and agree that they have the shared responsibility to:

- Respect each pupil's dignity and worth
- Respect each pupil's right to learn in a safe, supportive environment
- Uphold the standards of the teaching and administrative professions
- Promote quality teaching based on recent pedagogical research
- Assume responsibility for student learning, along with students and parents

In addition, each employee shall demonstrate professional behavior that supports team effort and enhances team behavior, performance and productivity.

Purpose

The Bargaining Unit Employee Handbook is intended to serve as a guide and reference for all bargaining unit employees. The Negotiated Agreement and contracts for employees are included in the Bargaining Unit Employee Handbook. This handbook supersedes any previous handbook or unwritten policies, and except where restricted by law, USD 445 reserves the right to change the policies described herein. While the employee handbook provides important information relative to aspects of your employment at USD 445, it cannot be used as the basis for all decisions. You are encouraged to consult your supervisors with specific questions you do not find addressed in this handbook. This handbook is subject to updates and changes throughout the fiscal year. The Negotiated Agreement (included within this handbook) is subject to change only during negotiations and then only upon agreement by both parties, USD 445 School Board and the teacher's recognized bargaining unit.

Verification of Employment and Employment Eligibility

The Immigration and Naturalization law of 1986 requires employers to verify, within three business days of hiring, that all employees hired after Nov. 6, 1986, are citizens or aliens authorized to work in the U.S.A. Both employer and employee are required to fill in information to complete an I-9 Form. The human resources department shall verify all inquiries of employment verification. USD 445 shall request that each inquiry be received in writing on the requestor's letterhead, either by fax or mail. USD 445 Coffeyville shall provide the Social Security Administration (SSA) and if necessary, the Department of Homeland Security (DHS), with information from each new employee's Form I-9 to confirm work authorization. USD 445 utilizes the Department of Homeland Security's E-Verify procedure to confirm

work authorization. If the Government cannot confirm that you are authorized to work, USD 445 Coffeyville is required to give you written instructions and an opportunity to contact DHS and/or the SSA before taking adverse action against you, including terminating your employment.

Background Check

Employment of all USD 445 staff is subject to a background check. Should the background check show any convictions, probations, or diversion agreements, consideration will be made as to the duration and seriousness of the conviction. In questionable cases, the HR/Payroll Department will consult with the superintendent of schools when considering whether or not to employ the applicant in question. Under no circumstances will an applicant be employed if charges of child molestation or other sexual crimes are reported on the background check.

Safety Statement

USD 445, Coffeyville, Kansas, promotes an aggressive safety and health program for all employees and students. The district will monitor all working conditions, practices, products, and personnel to ensure the safest environment for all concerned. The district will provide safety training in job procedures, materials, and other related matters. Employees are required to follow all general safety procedures and practices in the course of their duties. In the event of an accident or safety problem, employees are to immediately report to the building principal or supervisor.

Sexual Harassment Statement

It is the policy of USD 445 to maintain an employment and educational atmosphere free of any pressures on employees and students relating to sexual harassment. Consistent with applicable federal and state laws, USD 445 endorses the objective that employees and students be free of situations where sexual considerations form the basis for business or educational decisions. Sexual harassment may be described as unwelcome sexual advances, requests for sexual favors, and other unwelcome physical, visual, or verbal behavior of a sexual nature. Sexual harassment is to be reported to your immediate supervisor, unless your immediate supervisor is involved. In that case, sexual harassment is to be reported to their superior.

Bullying by Staff

Board Policy GAEE: The board of education prohibits bullying in any form, including electronic means, on or while using school property, in a school vehicle or at a school-sponsored activity or event. The administration shall propose, and the board shall review and approve a plan to address bullying on school property, in a school vehicle or at a school-sponsored event. The plan shall include provisions for the training and education of staff members. Staff members who bully others in violation of this policy may be subject to disciplinary action, up to and including suspension pending a hearing and/or termination. If appropriate, staff members who violate the bullying prohibition shall be reported to local law enforcement.

Employee Classifications

The Employee Handbook is intended to address the policies and needs of all employees, except where indicated by specifically mentioning “licensed staff employees” or “classified staff employees” or

“special services staff employees”. The Negotiated Agreement and contracts for employees supersedes similar items addressed in this Employee Handbook.

Licensed Staff Employees:

Teachers: Staff who holds a KSDE teaching license and are covered by the USD 445 Teachers’ Negotiated Agreement. These employees are issued a contract and are considered part of the bargaining unit.

Administrators: Staff who holds a KSDE administrator license and are assigned administrative duties. Administrators are not covered under the Negotiated Agreement and are included in Special Services. These employees are issued a contract.

Counselors: Staff who holds a KSDE school counseling license and are assigned school counseling duties. Counselors are not covered under the Negotiated Agreement and are included in Special Services. These employees are issued a contract.

Substitute Teachers: Individual day contracted staff who hold a Kansas substitute teacher license and are covered under the Substitute Teacher Handbook. These employees are employed on an individual day basis as teacher absences occur.

Director Employees:

Staff, other than educationally licensed staff, who perform supervisory or other duties related to their field. These positions are Director of Human Resources, Director of Child Nutrition, Director of Maintenance, Director of Parents as Teachers, Director of ESOL Services, Director of Student Support Services, Director of the After-School Programs and the School Resource Specialists. These employees are typically issued a contract as they supervise other employees and require specific skills/educational degree to hold the position.

Support Staff Employees:

Staff, other than educationally licensed staff, who perform duties related to their field. These positions include student support specialists, teaching assignments of non-fully licensed staff (PK-12). These employees are typically issued an agreement.

Classified Staff Employees:

Staff, other than licensed education staff, who are employed by the district and paid on an hourly basis regardless of the pro-rata wage status. These employees are considered “at-will” employees as defined by the State of Kansas.

Grant Employees:

Various employees hired under specific grant requirements. These employees often have special provisions for their employment due to grant requirements, such as set wages, vacation, hours worked or starting and ending times and are included in the Support Staff grouping. Example of these employees would include employees in the Parents as Teachers, Indian Education and Migrant Program. These employees may be listed under the “Classified Staff” or “Support Staff” employee categories depending on the grant requirements.

Temporary Employees:

Temporary employees shall be those employees who may or may not have a continued expectancy of employment; examples would be persons working as student custodial helpers, summer maintenance and grounds workers, technicians, substitute teachers, grant workers and temporary classroom teacher's assistants. These types of temporary employees do not receive fringe benefits. Temporary employees are not evaluated because of short term expectancy of employment. In addition, temporary employees may be dismissed at any time due to budget reasons or personnel adjustments.

Benefit Eligibility

Full-time Employees: Eligible for district benefits. For USD 445 benefit purposes, a full-time employee is one who is scheduled to work six or more hours per day, for nine or more months per year and whose recommendation for employment is approved by the Board of Education. For KPERS purposes, a full-time employee is one who is scheduled to work 630 hours, or more per year.

Part-time Employees: Not eligible for district benefits. Employees who work in permanent jobs, but who work less than six hours per day for any length of time in a fiscal year and whose recommendation for employment is approved by the Board of Education. These employees although are not eligible for district benefits, may be eligible for KPERS if the employee is scheduled to work 630 hours or more per year.

Substitute Teachers and Temporary Employees: Not eligible for district benefits. Employees who are hired on a temporary basis, either for a specific job, or a specified length of time, employed either full-time or part-time. Substitute Teachers are considered individual day contracted workers and not part-time employees. Substitute Teachers not typically eligible for KPERS.

Employment Procedures

The Board of Education shall, as a condition of entering or continuing employment, require each employee who is in regular contact with pupils, to submit a certification of health, stating the employee is free from TB infection and passes a basic physical signed by a licensed physician or the Montgomery County Health Department on a prescribed form as required by K.S.A. 72-6266.

In the event there are several new employees at one time, a New Employee Orientation Day may be scheduled for efficiency. The date will be determined at that time and new employees will be informed of the orientation day. Attendance to either the individual or group orientation day is required for all new employees.

Absence without pay may only be granted once an employee has exhausted all personal and/or vacation days available to them.

Recording/Requesting Absences/Leave

For all absences the school district utilizes the Absence Management program. Employees who must be absent from work for any reason, regardless if it is professional development or personal, must request and record the absence through the program which is available online. This includes discretionary days, professional days or sick days. The request for leave shall be filed and approved at least 24 hours in advance. For more information on the use of the program, a video help tutorial is available for employees to watch at any time once they log into the system.

Absences, regardless of absence type (discretionary, professional or sick) of one-half ($\frac{1}{2}$) day or less shall be charged as one-half ($\frac{1}{2}$) day. Absences of less than a day, but more than one-half ($\frac{1}{2}$) day shall be charged as one (1) day.

Medical certification may be required for any absence due to illness or injury. USD 445 may require a return to work release from a physician for any illness or injury lasting more than two days, prior to allowing an employee to return to work.

Excessive Absenteeism

Excessive absences are determined when an employee's absence continually interferes with the normal operation the school day or department function. Excessive absences by an employee may lead to documentation on evaluations and possible termination as outlined under Article VI: Disciplinary Actions of the Negotiated Agreement.

An employee may use accumulated sick leave or vacation leave to compensate absences. Determination as to the length of time of leave will be determined by the Business Manager and the Superintendent. Fringe Benefits

Reference the Negotiated Agreement, Article VIII: Fringe Benefits

Sick Leave

Sick leave is defined as days of absence from duty because of personal sickness or injury and for which no deduction is made in compensation of the employee, as long as the employee has accumulated sick leave days. Sick leave shall cover absences for the employee's own illness, doctor's appointments, death, illness, or doctor's appointments in the immediate family of the employee. The term immediate family shall be understood to include only spouse, brothers, sisters, sons, daughters, grandparents, grandchildren, father and mother of the employee or of the employee's spouse. Sick leave may be used for family funerals. Two days (maximum) sick leave may be used to attend the funeral of a friend.

Reference the Negotiated Agreement Article IX: Temporary Paid Leave.

Family Medical Leave Act (FMLA)

In accordance with the FMLA, notice to employees is posted in the Central Office. It is the policy of USD 445 that twelve weeks of absences under FMLA will be from July 1 through June 30. Qualifying Family Medical Leave will run concurrent with all leaves including, but limited to, sick, personal, vacation, maternity, or professional leaves. Eligible employees should request FMLA from the clerk of the board, preferably in writing, when they become aware of the need for extended leave. Leave taken under FMLA is considered unpaid leave. All qualifying FMLA absences, listed above, will be considered as part of the twelve weeks of allowable FMLA absences beginning July 1.

Family Medical Leave shall be taken in whole day consecutive increments. There may be some instances when FML may be granted in half-day consecutive increments if a half-day schedule allows the department to operate efficiently. In all cases, FMLA will be taken in consecutive days.

Lactation Accommodations

The board recognizes that it is important for mothers to have the option and ability to express milk in the workplace and that Kansas and federal law encourages this practice. Therefore, the board directs the superintendent to take measures to ensure district employees who are nursing mothers be provided with an adequate location for the expression of milk and reasonable break times for doing so for at least one year after the birth of the employee's child.

The superintendent or the superintendent's designee shall see that the district makes a reasonable effort to provide a place, other than a restroom, which is shielded from view, free from intrusion from coworkers and the public, and may be used by the employee to express milk during this timeframe.

Employees must give their supervisor notice of the need for lactation accommodations, preferably prior to return to work following the birth of the employee's child(ren), to allow supervisors the opportunity to establish a location and to attempt to work out scheduling issues. Employees utilizing these

accommodations are also responsible for maintaining the designated area by wiping utilized surfaces with disinfectant wipes after each use so the area is clean for the next user.

No employee shall be discriminated against for expressing milk during the work day, and reasonable effort will be made by the employee's supervisor to provide flexibility in the employee's work schedule in consideration of the requirements of the staff member's responsibilities and the availability of staff members to cover those duties, as necessary.

Employees shall use usual break and meal periods for expressing milk, when possible. If additional time is needed beyond the provided breaks, employees may use personal leave or may make up the time as negotiated with their supervisors. Federal law does not require the district to compensate non-exempt staff members for work time spent expressing milk.

District Early Retirement Incentive Pay

Licensed Teachers

Reference the Negotiated Agreement Article V: Early Retirement Incentive Pay

Administrators, KSDE Licensed School Counselors

KSDE licensed school administrators and school counselors are treated in accordance with Article V: Early Retirement Incentive Pay of the Negotiated Agreement.

Retiree Health Insurance Options

Licensed staff members who have decided to retire are eligible for continued health insurance through the Direct Bill option with the Kansas Department of Health and Environment (KDHE) or COBRA Health from the state. Retirees are responsible for the payment of all premiums relating to their continued health insurance plan. For additional information, contact the Business Manager or the Payroll Office.

Worker's Compensation

All employees are covered by Kansas Workers' Compensation. If an employee should sustain injury while on the job, he/she should notify the building principal, immediate supervisor or clerk of the board immediately, who in turn will notify the insurance carrier. The employee must be examined by the district workman's compensation doctor within 72 hours of the incident, to file a claim. If the doctor determines that you cannot return to work, you will need to provide the central office with a written statement from the doctor indicating the amount of time you will remain off your job, and your expected return date. If you need referral or surgery, it must be preauthorized by the workman compensation insurance carrier. The workman's compensation insurance is currently provided by First Dakota Indemnity Company and is administered by Risk Administration Services, Inc. The district will participate in workers' compensation as required by current state statute. The combined workers' compensation benefits and salary received under allowed sick leave or other available leave shall not exceed one full day's pay.

The Workers' Compensation Law clearly states that compensation is not payable if the injury was caused primarily by the intoxication of the employee or by the influence of any drugs, barbiturates, or other stimulants not prescribed by a physician. Under the law, the employer may require the employee to submit to a test for the presence of any or all drugs or alcohol in his or her system. If the injured worker refuses to submit to a drug test, it shall be presumed in the absence of clear and convincing evidence to

the contrary that the injury was caused primarily by the influence of drugs or alcohol. Recreational and social activities are not compensable unless such recreational or social activities are an expressly required incident of employment and produce a substantial direct benefit to the employer beyond improvement in employee health and morale that is common to all kinds of recreation and social life.

An injury suffered while going to or coming from work is not an injury arising out of and in the course of employment whether or not the employer provided transportation if such means of transportation was available for the exclusive personal use by the employee, unless the employee was engaged in a special errand or mission for the employer, or access to the vehicle was an integral element of the employment. An employee, who is injured while deviating from the course of his employment, including leaving the employer's premises, is generally not eligible for benefits unless such deviation is expressly approved by the employer. An employee who is injured during horseplay occurring in the course of the workday is not entitled to benefits unless the injured employee is an innocent victim not participating in the activity.

If an employee sustains injury while on the job, a log report of the incident will be filled out by the employee, if able, or the employee's supervisor within the "PublicWORKS" system of reporting.

Staff Cell Phone Use (including Tri-County)

Staff members shall not use a cellular phone/paging device while on duty, including supervision or sponsoring of school activities, unless the staff member has been assigned a device by the administration for job-related use.

These personal devices are to be "off" or "silent without vibrating" while on duty. They may be used during lunch, scheduled breaks for classified staff, and during planning periods for certified staff, as long as their use does not interfere with job responsibilities or the education/business environment. They should not be used during planning time scheduled for team planning, parent conferences, etc. or used while walking down the hall or so as to interfere with education or business operations in classrooms, offices, etc.

All exceptions are to be in writing from the administrator, limited in duration and only, for the specific use for which the exceptions are being made. Most communication needs can be addressed through available phones located in all classrooms and office areas, or through notification of office staff to forward necessary communications.

Volunteer firepersons, emergency personnel, personal/family medical emergencies, or allowing personal staff cell phone operation while on a field trip for necessary communications directly related to the function are examples of possible exceptions that could be specified in writing.

ARTICLE III
SALARY COMPENSATION

A. New Teacher Initial Placement on Column

On the salary schedule, each vertical column shall represent an earned degree from an accredited institution of higher learning. An intermediate column between earned degrees should represent graduate semester hours earned after the last degree was conferred. To be eligible for an appropriate degree column the teacher must have earned the degree that column requires. Each teacher shall be eligible for and shall receive the highest salary to which his/her degree and graduate hours/PDC points entitle him/her to, as prescribed in Article III, Section C.

B. Placement on Step

Full credit shall be given for each year of teaching experience obtained in an accredited district. Experience shall be rounded to the nearest full year, with half-time experience rounding upward.

C. Movement to New Column

1. For a teacher to advance from one vertical column to another, he/she shall file an official transcript showing additional graduate hours or staff development points with the Central Office no later than September 5 of each school year and pay adjustments shall be retroactive to the beginning of the same school year, provided further that graduate semester hours used for movement from a degree column to an intermediate column must have been earned after the last degree was conferred. The Professional Development Committee (PDC) will verify staff development points at the request of the teacher.
2. In-service credits validated through participation in an approved Individual Development Plan shall also apply toward advancement from one column to the next on the salary schedule only to M.S. + 15, M.S. + 30, and M.S. + 45. Such salary enhancement will be based upon the equivalency of twenty (20) in-service credits equal to one (1) graduate hour toward re-certification and movement on the salary schedule. Only in-service points earned following the date of conferring of the Masters Degree will be counted for advancement from one column to the next on the salary schedule.

D. Movement to New Step

Teachers will advance to the next higher step as additional continuous teaching experience within USD No. 445 is gained, until the maximum step within a given column is attained. Once a teacher acquires the hours necessary to move to the next column, the teacher will also advance to the next higher step unless the maximum step on that column is attained.

E. Career Increment

Teachers who are placed on the Career Increment step will receive the following increments:

1. One hundred two (102) percent of the B.S. + 30, Step 13 plus the last step increment in the column plus an additional \$850.
2. One hundred three (103) percent of the M.S., Step 18 plus the last step increment in the column plus an additional \$850.
3. One hundred four (104) percent of the M.S. + 15, Step 18 plus the last step increment in the column plus an additional \$850.
4. One hundred five (105) percent of the MS + 30, Step 18 plus the last step increment in the column plus an additional \$850.
5. One hundred six (106) percent of the M.S. + 45/EDS, Step 18 plus the last step

increment in the column plus an additional \$850.

F. Method of Payment

1. The teacher's salary shall be paid in twelve (12) equal monthly installments commencing on or before the fifteenth (15th) day of September and continuing on or before the fifteenth (15th) day of each month thereafter until paid in full. If the 15th falls on a weekend, then the payment shall be made on the preceding Friday. If the 15th falls on a regularly scheduled school holiday, then the payment shall be made on the preceding day. In the event that school is closed because of an inclement weather day(s), then payment will be made on the first day school is open following the inclement weather day(s), notwithstanding that those employees on direct deposit will have the funds electronically deposited on the appropriate payday.
2. Teachers new to the district will have the option to receive their first year's salary in thirteen (13) equal payments. The first payment will be made on the last Friday in the month of August and will be a paper check. The subsequent twelve (12) payments will be made via direct deposit as per Article III, F, 2.
3. Upon written application, no later than April 1, a teacher may request July and August salaries in a lump sum payment. This lump sum payment can be paid only after completion of contractual obligations.
4. Written applications, once filed, need not be made to continue lump sum payments in subsequent years.

G. Prorated Salaries

1. If an instructor goes on leave of absence, returns, resigns, or is terminated for any cause before that instructor has served the full school year, the teacher's salary shall be adjusted to pay that portion of the year's contractual service determined by the number of contract days worked in relationship to the total number of contract days in the contract year.
2. Teachers on extended contracts for more than 184 days will be paid the appropriate salary plus an amount equal to the salary divided by 184 days times the number of additional days.
3. Teachers attending staff development, curriculum development or other professional development activities outside the regular workday as defined elsewhere in this agreement, shall be both compensated at an hourly rate of \$14.00 and accumulate PDC points; provided the district or building administration approve such attendance

in advance for such teacher participation for compensation; and further provided that out-of-district attendance at conventions, conferences, seminars, or other meetings is specifically excluded from the compensation plan provided for herein. Staff development requests made by administration will result in staff development points and \$14.00 per hour compensation. All other staff development activities will be for staff development points only. Staff development activities that take place during the school day are for points only.

ARTICLE V
EARLY RETIREMENT INCENTIVE PAY

A. Introduction.

The school district offers an early retirement benefit to assist employees in bridging the gap between their retirement and receipt of normal Social Security benefits. Employees of the school district who may find it necessary or desirable to retire from employment with the district prior to normal retirement age may elect to take early retirement under the terms and conditions set forth in this Article. The election to take early retirement is entirely voluntary and solely at the discretion of an eligible employee. Nothing in this Article shall require an employee to retire at a specified time or prevent an employee having not met the criteria for an early retirement benefit hereunder from retiring.

B. Eligibility.

An employee is eligible for early retirement benefits under this Article if such employee:

1. Is a full-time employee of the school district covered by this agreement as of the date of application for early retirement;
2. Not later than the date immediately preceding the employee's early retirement, (A) is at least 58 years of age or meets the criteria for retirement based on 85 points under the Kansas Public Employees Retirement System ("KPERS"), and (B) in accordance with the school district's intent that this arrangement serve as a Social Security bridge, is not older than the employee's normal Social Security retirement age;
3. Has at least 10 years of service in the school district; and
4. Has at least 20 years of service credit recognized by KPERS.

C. Early Retirement Benefit.

An employee who is eligible for early retirement under this Article and who retires early hereunder will receive a benefit from the school up to a maximum of 120% of the employee's base salary, including extended contracts (the "Maximum Total Benefit"). The retiree's benefit will be based on the employee's base salary for the contract year in which the employee retires hereunder.

1. An employee who retires under this Article will receive a monthly benefit equal to (1) the employee's Maximum Total Benefit divided by the difference between the year the employee reaches his or her normal Social Security retirement age and the year the employee first satisfies the conditions of Section B, divided by (2) 12. The school district will pay the employee his or her benefit on or about the 15th day of

each month beginning with the month immediately following the employee's retirement hereunder and ending with the month the employee dies or the month prior to the month the employee attains his or her normal Social Security retirement age, whichever occurs earliest.

2. Notwithstanding the foregoing, in no event will the monthly benefit of any participant exceed 1.25% of the participant's base salary for the contract year in which the employee is first eligible for early retirement benefits hereunder. Further notwithstanding the foregoing, in no event will the monthly benefit of any participant exceed the monthly amount which the participant would be entitled as a full Social Security benefit under the Social Security Act.

D. Additional Terms and Conditions.

1. An employee desiring early retirement must complete such application and provide such information to the school district as the school district may require to carry out the benefit hereunder. An employee must submit his or her application to the Superintendent of the school district or the Superintendent's designee no later than the April 1 immediately preceding the employee's anticipated early retirement date. An employee must also provide the school district such information as the school district may reasonably require to ensure the early retirement program operates as a Social Security supplement, including, but not limited to such information as the school district may need to determine an employee's Social Security benefit.
2. An employee taking early retirement is eligible to continue participation with the state health care plan by direct contract with the state health care plan, subject to its rules and regulations.
3. Employees who have applied and qualified for early retirement benefits prior to April 1, 2007, shall receive benefits under the terms of the applicable negotiated agreement.

E. 403(b) Planning Committee

1. During the 2022-2023 school year, a 403(b) Planning Committee will be formed to research various options available for a potential replacement of the current Early Retirement Incentive Pay plan. The committee will then make presentations and recommendations to the Board of Education and the bargaining unit. The committee shall consist of 3 members selected by NEA-Coffeyville, 3 members selected by the Board of Education.

ARTICLE VI
DISCIPLINARY ACTIONS

A. General Provisions

1. The Association recognizes the right of the Board to discipline its teachers.
2. No teacher will be disciplined without good cause.
3. Progressive discipline will be used.
4. Teachers are entitled to bring a representative of their choice to any discipline meeting.
5. No disciplinary action is to be taken in front of students, parents, and/or co-workers.
6. Appropriate and objective investigation will occur prior to any discipline.

B. Any complaints regarding a teacher reflecting concern about his/her performance in or out of the classroom made by any parent, student, or other person that is deemed serious enough to be reduced to writing and either placed in the teacher's file and/or used in an evaluation, reprimand, or any other action, shall be promptly called to the teacher's attention and the teacher shall receive a copy of said complaint.

C. It is agreed by both parties that informal disciplinary actions are the first steps taken in constructive discipline; and are to be taken by administrators in situations of a minor nature involving violation of a rule, regulation, or safety practice. Situations of a minor nature shall be handled through the informal process. Situations of a serious nature shall be handled through the formal process.

1. Informal: Oral admonitions and warnings or written letters of warning, caution or requirements may be taken by administrators on their own initiative. Written statements included in this category may be included in a teacher's personnel file.
2. Formal: Formal disciplinary actions, such as plans of assistance, written reprimands or suspension, may be used only for more serious offenses or when informal disciplinary actions have not corrected unacceptable patterns of behavior as determined by the administrator. Within a 10-day period following the administrator's awareness of a teacher's actions that warrant formal discipline, one of the following actions may be taken:
 - a. The administrator will hold a conference with the teacher. Notes of the conference will be prepared and all parties attending the conference will sign the prepared notes. The teacher will be provided with a copy of the signed notes. A copy will be included in the teacher's personnel file.

- b. The administrator will hold a conference with the teacher and inform the teacher of the proposed discipline. If a letter of reprimand is included, the teacher shall have ten (10) days from receipt of the administrator's formal letter of reprimand to file a written response.
- c. The Superintendent may suspend the teacher with pay.
- d. The Superintendent may recommend suspension without pay, nonrenewal or termination of the teacher to the Board and suspend the teacher with pay until such time as the Board acts upon the recommendation. If the Board takes action to nonrenew or terminate, the teacher will be informed of due process rights according to Kansas Law.
- e. The teacher may grieve a failure to follow these procedures; however, the discipline imposed shall not be subject to grievance.

ARTICLE VII

FAIR DISMISSAL

- A. The Board and Association agree to the mutual benefit of a Fair Dismissal procedure for experienced teachers. This provision balances the relative security earned through an extended and successful probationary period with employer expectations of continued quality professional performance.
- B. For the first three years of professional employment with the district, teachers are considered probationary and may be nonrenewed prior to the statutory deadline for any reason except as protected by Constitutional or other nondiscrimination protections.
 - 1. Teachers hired after July 1, 2016, who are on a plan of improvement during their third year of professional employment, may be given a fourth (4th) year of probationary status if mutually agreed on between the Superintendent or his/her designee and the local union President or his/her designee.
 - 2. If a teacher, who is on a plan of improvement, is given a fourth (4th) year of probationary status, the probationary teacher shall have two separate evaluations during the fourth (4th) year to evaluate the teacher's progress on the improvement plan.
- C. Starting in year four of teaching with the district, teachers shall have earned nonprobationary status. For teachers given a fourth (4th) year of probationary status, starting in year five of teaching with the district, the teacher shall have earned nonprobationary status. At its discretion, the Board may formally grant nonprobationary

status to any teacher earlier.

- D. Nonprobationary teachers may be nonrenewed for just cause, including ineffective performance, provided the procedural process is closely observed. While timelines are expected to be followed, extenuating circumstances may be considered for minor procedural errors. If the proposed nonrenewal is to be based on ineffective performance, the district evaluation procedure shall be followed. The nonprobationary teacher will be informed his/her performance is substandard and the full evaluation process will be utilized, including a measurable plan of improvement. The plan of improvement shall be collaboratively developed but the final decision on the plan rests with the principal.
- E. If the nonrenewal, or termination, is based on other reasons, including disciplinary factors or reduction in force, those separate procedures as outlined in the Agreement shall be followed prior to the termination or nonrenewal.
- F. If the nonprobationary teacher is nonrenewed, he/she shall be notified prior to the statutory continuing contract date. If the nonprobationary teacher is nonrenewed, or terminated, the notification shall include the reasons for the nonrenewal, or termination. The nonrenewed or terminated teacher will have fourteen calendar days from the postmark/witnessed hand-delivery of the letter to file a written request with the Board clerk for a hearing.
- G. Within seven calendar days, the parties shall meet and select a mutually agreeable party to be the hearing officer. If that is not possible, the hearing officer shall be an arbitrator selected by alternately striking names from either the KSDE list or the AAA list.
- H. During the hearing, the entire basis for the nonrenewal or termination shall be proffered by the district and the teacher may present his/her response. If, in the opinion of the hearing officer, more time and/or information is needed for an appropriate decision, it shall be allowed. Otherwise, the hearing shall be closed at the end of the presentations. The decision by the hearing officer shall solely determine whether to sustain or reverse the nonrenewal, or termination and shall be rendered in writing to both parties within seven calendar days.
- I. It is the intention of the parties that the decision be rendered prior to August 1 and all reasonable efforts should be made to accomplish that goal.
- J. If the teacher prevails, he/she is reinstated in full. If the Board prevails, the nonrenewal or termination is final. The decision is binding on both parties provided that either party may appeal a decision it believes arbitrary or capricious.
- K. The teacher shall pay for his/her expenses, including any witnesses and/or representation. All other expenses of the hearing shall be paid by the district.

SUNSET PROVISION – This provision shall be in effect for the 2022-2023 school year and will

not be included in subsequent agreements unless expressly agreed to.

ARTICLE VIII

GRIEVANCE PROCEDURE

A. Purpose

It is the policy of the Board and the Association that all grievances be resolved informally or at the earliest possible stage of this grievance procedure. If agreement is reached between the two parties at any level of the grievance procedure, it shall be binding but shall not set a precedent in any other grievance proceeding.

A "grievance" is any alleged violation of this negotiated agreement.

In matters solely affecting the individual instructor, the Association shall not file a grievance without consent of said instructor.

An "aggrieved party" is the instructor, group of instructors, or the Association who submits a grievance.

At each level, both parties may conduct hearings and investigations, and both parties agree to make available all pertinent information not privileged under law, which is relevant to the issues raised by the grievance.

B. Procedure

1. Level One

A grievance may be discussed informally with the teacher's supervisor or building principal.

2. Level Two

Should the informal process fail to satisfy the instructor, then the grievance shall be presented in writing to his/her building administrator, who will arrange a meeting within five (5) working days after receipt of the grievance. The administrator will provide the aggrieved with a written report within five (5) working days after the meeting.

3. Level Three

If the aggrieved party is not satisfied with the written response of the administrator, such aggrieved party shall submit a copy of the grievance to the Superintendent within five (5) working days. The Superintendent or his/her designated representative shall upon request confer with the aggrieved party a written statement his/her judgment with respect to it, not later than ten (10) days after it is received by him/her.

4. Level Four

In the event the aggrieved party is not satisfied with the disposition of the grievance at Level Three, the grievance shall be filed in writing to the Clerk of the Board of Education within ten (10) working days. Within ten (10) working days after receiving the written grievance, the Board's grievance committee shall meet with the aggrieved party for the purpose of resolving the grievance. The Board committee shall render a written decision within twenty (20) working days from the time the grievance is filed in writing with the Clerk.

C. General Rules

1. Neither the Board nor the Association shall take reprisals affecting the employment status of any teacher by reason of such participation.
2. All written and printed matter dealing with the processing of a grievance will be filed separately from the central office personnel files of the participants.
3. An effort shall be made by all parties to avoid interruption of classroom activities and to avoid the involvement of students in any phase of the grievance procedure.
4. A supply of grievance forms will be available in the central office of all schools.
5. A teacher may be represented at all stages of the grievance procedure by himself/herself, an Association representative, and/or legal counsel.
6. Failure of the aggrieved party to comply with time limits shall be deemed a waiver of the grievance.
7. Failure of the Board of Education or its representatives to comply with the time limits shall be considered a denial of the grievance and the aggrieved party may appeal to the next higher level. Nothing contained in this grievance procedure shall deprive teachers or the Board of Education or its representatives of any legal rights otherwise established by Kansas law.

D. Grievance Form (See following page)

- b. Extended Sick Leave Committee:

The Sick Leave Committee shall be comprised of a minimum of four (4) members, three (3) members appointed by the President of the Association, and the Superintendent or his/her designee as a nonvoting member. The committee shall have sole authority to grant or deny extended sick leave and to rebuild the bank.

- c. Application for Extended Sick Leave:

All accumulated sick leave must be exhausted before extended sick leave can be granted, and the participating member must incur three (3) consecutive days without pay prior to days being granted to the participating member from the extended sick leave bank. Upon written request, the deduction of the three (3) days pay may be spread over multiple pay periods. All deductions need to be paid in full by the contract's final pay period.

Any participating member may request leave by making application through the Board Clerk. The Board Clerk shall refer the request to the committee for approval. In the event the applicant is unable to make the request, the committee may act on its own initiative. Upon request of the committee, the applicant shall provide necessary information from medical authorities and/or the Board of Education. A report of the committee's decision shall be sent to the applicant, the Association, and the Board.

All initial requests approved by the committee will be given, up to ten full days, in half-day increments. Any unused bank days will be returned to the bank at the end of the school term.

When a member becomes eligible for long-term KPERS disability or Social Security disability (180 days), the member is no longer eligible for extended sick leave bank days.

- d. Maximum Extended Sick Leave Bank and Compensation benefits

Teachers who are granted days from the sick leave bank will have a maximum of twenty-five (25) full days given in half-day increments per school year. When a teacher has been on sick leave for 180 consecutive days, then the teacher is

considered eligible for KPERS Long Term Disability and will no longer receive days from the extended sick leave bank. The teacher is encouraged to apply for KPERS Long Term Disability and Social Security Disability Benefits before the conclusion of the 180 days on sick leave.

Following the 180-day sick leave, the teacher will be terminated and immediately placed on the Reduction in Staff (RIS) recall list for a two-year (730 days) period. A teacher who fails to accept recall to a position for which he/she is qualified, due to continued disability, will not be removed from the recall list during this initial two-year period.

Should the disability extend beyond this initial two-year period, the teacher may petition the Board of Education for an extension for inclusion on the recall list. Such extension will be for a 12-month period, plus any time necessary to align the extension to the end of the district's fiscal year. Future extensions, if granted, will be for a one-year period. The teacher granted the extension will be placed on the recall list following any staff already on the list. "All" requirements of Article XIX Reduction in Staff, E. Recall Procedures apply to these teachers receiving extensions; including permanent removal from the recall list if the teacher fails to accept recall to a position for which he/she is qualified.

e. Rebuilding the Sick Leave Bank:

Prior to the year's end, the committee shall assess the need for rebuilding the bank for the ensuing year. In the event the bank has accumulated two hundred (200) or more days, only new participants will be required to give one (1) day to the bank. Under no condition should the bank accumulate to more than five hundred (500) days. Upon the committee's approval of the plan, copies of the plan shall be filed by the Association President with the Association and the Board of Education. In the event the need arises to rebuild the bank during the school year, the committee shall meet and determine the method for rebuilding the reserve. Upon committee approval, the plan shall be filed as previously stated.
