Central Office Reports:

- 1. Superintendent
 - a. Superintendent Comments
 - b. Board Policy Update
 - (i) It has been several years since we have reviewed the board policies.
 - (ii) KASB is currently revamping their policy department and will need a couple of months to complete.
 - (iii) This district is currently on the list for KASB to review the district's board policies as well as handbooks to make sure they up-to-date and meet all of the EEOC, OCR and DOL legal requirements. There is a cost to this service that originally was around \$12,000, but with the revamping of the services, it might change. When contacted this information will be communicated back to the board.
 - c. Legislative Update
 - (i) There is not a lot of movement currently on bills as most are being discussed this week.
 - (ii) Bill regarding vouchers is not currently being talked about.
 - (iii) A bill mandates a curriculum piece that states if a building has 50% or more of the students below level 3 or level 4 on the assessment test
 - (iv) Parents Bill of Rights: Several of the items are already in place, but some of the items included contradict other areas. Possibly an increase in staff just to keep up with this mandate.
 - (v) Bill 2516 is in regards to open enrollment that if a student wanted to attend a different district, then the district must take them. Possible property tax implications with funding going to the original district.
 - (vi) SB 484 prohibits transgender students from participate in whatever sports they like. KASB believes that is a local decision and not a statute discussion.
 - Inclement Weather Makeup Days
 - (i) Missed a total of 5 days. The board can forgive up to the three days, but now we are short student contact minutes.
 - (ii) By adding the PD days onto the end of the year, this would allow for work on the professional learning communities focusing on curriculum in the classrooms. This adds minutes onto the total needed, but only about 1 day. Another day is needed.

- (iii) By starting on 3/28/2022, there are 38 student contact days remaining in the school year. 8 minutes will be added onto each of those days that will match up to an additional day needed.
- (iv) By adding the 8 minutes to each day, and by adding the 2 professional development days we will total enough minutes necessary to make up to get the 1,116 hours needed.
- (v) Seniors need 1,086 hours, and the 8 minutes added onto the end of the days between 3/28/2022 and graduation day, but will still need to add one additional day prior to graduation day to get in the total hours needed. This will most likely need to be a Saturday.
- 2. Business Manager/Clerk of the Board
 - a. FY22 Enrollment Numbers
 - (i) Enrollment number and charts were shared with the board. The district is actually up about 30 students headcount from last year, but still down about 66 students from the pre-COVID numbers of enrollment. The district's budget is currently based on the 2nd prior-year enrollment numbers and the current weightings for various areas.
 - b. Facility Update
 - (i) Pictures of current construction progress was shared with the school board.
 - (ii) Elevator was not installed over spring break but is expected to be installed in the next couple of weeks.
 - (iii) Underground retention basins have been installed and the dirt has been replaced. The front lawn is level again. Sod was scheduled to be laid 3/21/2022 but will be delayed due to the rain.
 - (iv) Timeline is still planed for completion in mid-July but will hopefully be completed prior to the actual deadline date.
