GENERAL INFORMATION:

1. Many of the scholarships specify that the student must attend the Coffeyville Community College, however, there are many scholarships that will apply to any college. Local citizens, clubs and various organizations sponsor the scholarships for this application.
2. Scholarships are awarded upon the recommendation of scholarship committees. The committees consider the (1) academic achievement, (2) citizenship, (3) honors and activities, and (4) for some, the financial need of the applicant.
3. I understand the information on the scholarship application and letters of recommendation will be made available to various scholarship committees to review in selecting their scholarship recipients. Also, the picture and this information may be released to the area newspapers as a news item.

I do hereby give permission for the enclosed scholarship information to be released to any and all organizations for consideration of a scholarship.

(Student's Signature)

***Personal letter required:**

On a separate sheet of paper, please write a letter to the scholarship committee explaining your reason for desiring a scholarship, your school and community activities, honors received, academic strengths, work experience, financial need, future education plans and course of study, handicaps or special abilities, and any other information you feel is pertinent. It is very important that this is a well written and neat letter.

***Two letters of recommendation required:**

You are to request two adult citizens to write letters of recommendation who can speak for your academic abilities, citizenship, special talents, and need for financial aid. You may use your reference letters from your Senior Project.

****The Booster club scholarship requires a reference letter from a coach verifying a minimum of 2 years of participation with one year being the junior or senior year. The reference letter should reference leadership roles on the team, such as captain and/or co-captain.**
