Preparing for 2nd Grade:

We can not wait to start an amazing school year with your child. During the summer, to help prepare your child for 2nd grade curriculum, please make sure they are reading for 30 minutes every single day. Thirty minutes of daily reading is an expectation that all 2nd grade teachers have for their kiddos. Please also practice basic addition and subtraction facts to 20 with your kiddo. They should be able to do single digit addition and subtraction without using their fingers. Your child should know how to tie their shoes without assistance. Please practice opening and closing water bottles, Ziploc bags, and taking care of school supplies. We will see you all for 2nd grade!

Have an amazing Summer,
~ The Second Grade Team
