

## **New Construction**

### **Building Committees**

The Board of Education has the authority under state law to determine on a continuing basis the need for new school facilities and to make recommendations for the construction or acquisition of school facilities to the City.

Whenever it is deemed necessary by the Board of Education to provide for additional and/or major facility alterations for the educational system, the Board of Education shall request that the City form and/or utilize its current School Maintenance and Building Committee. In support of the Board of Education's request, that Board shall, through its Superintendent and administrative staff, provide the necessary educational specification which should be a part of an encompassing long-range educational plan and which should fit the organizational pattern for the school system. Other particulars in prescribing the action should include enrollment data, an outline of the general nature of the program for the particular facility which would include support facilities such as health, food, custodial, as well as communal uses and the basic equipment and site placement and requirements thought necessary.
