**RESOLUTION NO. 36 (21-22)
APPROVING AN INCREASE IN LEVEL I STATUTORY SCHOOL FACILITY FEES
IMPOSED ON RESIDENTIAL AND COMMERCIAL/INDUSTRIAL CONSTRUCTION
PURSUANT TO EDUCATION CODE SECTION 17620 AND
GOVERNMENT CODE SECTION 65995**

WHEREAS, the Governing Board ("Board") of the Oceanside Unified School District ("District") provides for the educational needs for students in grades TK through 12 within a portion of the City of Oceanside ("City") and an unincorporated portion of the County of San Diego ("County") and;

WHEREAS, in February 2022, the State Allocation Board ("SAB") authorized an adjustment in the maximum statutory school fee amounts for unified school districts pursuant to Government Code section 65995(b)(3) to Four and 79/100 Dollars (\$4.79) per square foot for assessable space of residential construction ("Residential Statutory School Fees") and Seventy-Eight Cents (\$0.78) per square foot of chargeable covered and enclosed space for the categories of new commercial/industrial construction ("Commercial/Industrial Fees," and collectively with the Residential Statutory School Fees, the "Level I Statutory School Fees"); and

WHEREAS, residential and commercial/industrial construction continues to generate additional students for the District's schools, and the District is required to provide school facilities ("School Facilities") to accommodate those students; and

WHEREAS, aging schools within the District have an impact on the District's ability to provide an adequate quality education and negatively impact the educational opportunities for the District's students; and

WHEREAS, the District does not have sufficient funds available for the construction or reconstruction of School Facilities needed to accommodate students from anticipated residential and commercial/ industrial construction; and

WHEREAS, Cooperative Strategies ("CS") prepared and the Board received and considered a report entitled, "Residential and Commercial/Industrial Development School Fee Justification Study" ("Study"), dated April 28, 2022, which carefully evaluated the assumptions underlying the fee calculation and the amount of the fee to be collected, compliant with Government Code section 66016.5, and contains the documentation, and analysis of the School Facilities needs of the District, including: (a) the purpose of the Level I Statutory School Fees; (b) the use to which the Level I Statutory School Fees are to be put; (c) a determination of the impact of the increased number of employees anticipated to result from the commercial/industrial construction (by category) upon the cost of providing School Facilities within the District; (d) an evaluation and projection of the number of students that will be generated by anticipated residential construction;

(e) the anticipated new School Facilities that will be required to serve such students; and (f) the cost of such School Facilities; and

WHEREAS, the Study contains information demonstrating a nexus (roughly proportional and reasonable relationship) between the residential and commercial/industrial construction and: (1) the use for Level I Statutory School Fees, (2) the need for School Facilities, (3) the cost of School Facilities, and (4) the amount of Level I Statutory School Fees from residential and commercial/industrial construction; and

WHEREAS, the Study pertaining to the Level I Statutory School Fees and to the capital facilities needs of the District has been available to the public for at least ten (10) days before the Board considered at a regularly scheduled public meeting the increase in the Level I Statutory School Fees; and

WHEREAS, all notices of the proposed increase in the Level I Statutory School Fees have been given in accordance with applicable law; and

WHEREAS, a public hearing was duly held at a regularly scheduled meeting of the Board relating to the proposed increase in the Level I Statutory School Fees; and

WHEREAS, as to the Level I Statutory School Fees, Education Code section 17621 provides that the adoption, increase or imposition of any fee, charge, dedication, or other requirement, pursuant to Education Code section 17620 shall not be subject to the California Environmental Quality Act, Division 13 (commencing with Section 21000) of the Public Resources Code.

NOW, THEREFORE, THE GOVERNING BOARD OF THE OCEANSIDE UNIFIED SCHOOL DISTRICT DOES HEREBY RESOLVE, DETERMINE, AND ORDER AS FOLLOWS:

Section 1. That the Board first hereby accepts and adopts the Study, which is incorporated herein by reference, pursuant to Government Code section 66016.5(a)(1).

Section 2. That the Board finds that the purpose of the Level I Statutory School Fees imposed upon residential construction is to fund the construction and reconstruction of School Facilities required to serve the students generated by the residential construction upon which the Level I Statutory School Fees are imposed, and for the purposes detailed in the Study and as otherwise permitted by law.

Section 3. That the Board finds that the Level I Statutory School Fees imposed on residential construction will be used to finance construction and reconstruction of School Facilities identified in the Study and related documents discussed therein. Such uses shall include but not necessarily be limited to construction or acquisition of additional School Facilities, remodeling or modernizing existing School Facilities, acquiring and installing additional portable classrooms and related School Facilities, as well as any required central administrative and support facilities within the District and any other use specified in the Study, or permitted by law. Examples of the types

of such projects which may be undertaken by the District in the future can be found in the District's 2021 Facilities Master Plan.

Section 4. That the Board finds that there is a roughly proportional and reasonable relationship between the use of the Level I Statutory School Fees and the type of residential and commercial/industrial construction on which the fee is to be imposed, because the Study demonstrates that the increase in student enrollment resulting from such development will necessitate the construction or reconstruction of School Facilities to accommodate such growth.

Section 5. That the Board finds that there is a roughly proportional and reasonable relationship between the residential and commercial/industrial construction upon which the Level I Statutory School Fees are imposed and the need for School Facilities discussed in the Study, because the Study demonstrates that such development will require the District to construct and/or reconstruct School Facilities to accommodate growth from such development.

Section 6. That the Board finds that the amount of the Level I Statutory School Fees imposed on residential and commercial/industrial construction as set forth in this Resolution is roughly proportional and reasonably related to, and does not exceed the cost of, providing the School Facilities required to serve the students generated by such development.

Section 7. That the Board finds that a separate fund ("Fund") and/or sub-funds ("Sub-Funds") have been created or are authorized to be established for all monies received by the District for the deposit of Level I Statutory School Fees and mitigation payments ("Mitigation Payments") imposed on construction within the District and that said Fund and Sub-Funds at all times have been separately maintained, except for temporary investments, with other funds of the District as authorized by law.

Section 8. That the Board finds that the monies of the separate Fund or the separate Sub-Funds described in Section 7, consisting of the proceeds of Level I Statutory School Fees and Mitigation Payments have been imposed for the purposes of constructing and reconstructing those School Facilities necessitated by residential and/or commercial/industrial construction, and thus, these monies may be expended for all those purposes permitted by applicable law, including but not necessarily limited to the costs of performing any study or otherwise making the findings and determinations required under subdivisions (a), (b), and (d) of Section 66001 of the Government Code, and retention of up to three percent (3%) of the fees collected in any fiscal year for reimbursement of the administrative costs incurred by the District in collecting the Level I Statutory School Fees pursuant to Education Code section 17620.

Section 9. That following the Board's prior adoption of the Study, this Board hereby increases the Level I Statutory School Fees for residential development projects in the District and imposes the Level I Statutory School Fees on residential construction in the amount of \$4.79.

Section 10. That following the Board's prior adoption of the Study, this Board hereby increases the Level I Statutory School Fees as a condition of approval of new commercial/industrial construction projects in the District and levies the Level I Statutory School Fees on such development projects in the preceding amounts per square foot of chargeable covered

and enclosed space for all categories of commercial/industrial construction to \$0.78 per square foot, except for rental self-storage, which shall be levied in the amount of \$0.033 per square foot and Hotel/Motel, which shall be levied in the amount of \$0.573 per square foot.

Section 13. That the proceeds of the Level I Statutory School Fees increased and established pursuant to this Resolution shall continue to be deposited into those Funds and any applicable Sub-Funds identified in this Resolution, the proceeds of which shall be used exclusively for the purpose for which the Level I Statutory School Fees are to be collected, including, as to Level I Statutory School Fees, accomplishing any study, findings or determinations required by subdivisions (a), (b) and (d) of Section 66001 of the Government Code, or retaining an amount not to exceed in any fiscal year, three percent (3%) of the fees collected in that fiscal year pursuant to Education Code section 17620 for reimbursement of the administrative costs incurred by the District in collecting the Level I Statutory School Fees or in financing the described Study or in defending the imposition of Level I Statutory School Fees.

Section 14. That the District's Superintendent, or designee, is directed to cause a copy of this Resolution to be delivered to the building officials of the City and the County, as well as to the Office of Statewide Health Planning and Development ("OSHPD"), along with a copy of all the supporting documentation referenced herein and a map of the District clearly indicating the boundaries thereof, advising the City, County and OSHPD that residential and commercial/industrial construction is subject to the Level I Statutory School Fees increased pursuant to this Resolution and requesting that no building permit or approval for occupancy be issued by any of these entities for any residential development project, mobile home or manufactured home subject to the Level I Statutory School Fees absent a certification of compliance ("Certificate of Compliance") from the District demonstrating compliance of such project with the requirements of the Level I Statutory School Fees, nor that any building permit be issued for any nonresidential construction absent a certification from this District of compliance with the requirements of the applicable Level I Statutory School Fees. The Board determines that the Level 1 Statutory School Fees are not subject to Government Code section 66007 and that a certificate of compliance is required prior to the issuance of any building permit.

Section 15. That the Board hereby adopts and establishes the procedures that permit the party against whom the Commercial/Industrial Fees are imposed the opportunity for a hearing to appeal that imposition of Commercial/Industrial Fees for commercial/industrial construction as stated in Education Code section 17621 and Government Code section 66020 and 66021. These procedures are as follows:

a. Within ten (10) calendar days of being notified, in writing, (by personal delivery or deposit in the U.S. Mail) of the Commercial/Industrial Fees to be imposed or paying the Commercial/Industrial Fees, pursuant to Education Code section 17620, a party shall file a written request for a hearing regarding the imposition of Commercial/ Industrial Fees.
