Introduction

This policy statement sets out how education providers will be given access to students in order to give information about their education/training offer. This complies with the school's legal obligations under Section 42B of the Education Act 1997 and should be read giving due consideration to the schools Safeguarding arrangements and KCSIE (Keeping Children Safe in Education policy).

Pupil Entitlement

All Pupils in Years 7-13 are entitled:

- To find out about technical education qualifications and apprenticeships opportunities, as part of a careers programme which provides information on the full range of education and training options available at each transition point.
- To hear from a range of local providers about the opportunities they offer including technical education and apprenticeships – through option events, assemblies and group discussions and taster events.
- To understand how to make applications for the full range of academic and technical courses.

Management of provider access requests

A provider wishing to request access should contact Mr Neil Stoddart on 01788 840600 or Email: Stoddart.n@stowevalley.com

Opportunities for access

A number of events, integrated into the school's career programme, will offer providers an opportunity to come into school to speak to pupils and/or their parent/carers. Dates to be confirmed during each academic year.

Bilton School will promote local provider Open Days and events on the school's social media platforms.

Providers are welcome to leave a copy of their prospectus and other relevant course literature to be displayed in the Bilton School Careers Hub, where students have access before, during and after school.
