Secretary/ Bookkeeper

Meet Your Maury City Elementary Educational Staff By Ron Barry

[First in an occasional series of photo compilations designed to introduce the teachers and administrators of the various schools in the Crockett County School District. The other individual district schools will be presented at various times during the first few months of the 2024-25 school calendar.]

Enabling the citizens of Crockett County to put the names and faces of district school educators together as a new school year begins, we present the staff of Maury City Elementary School in this initial installment.
