USDA is an equal opportunity employer and provider.

Parents, to help you with your busy schedules, contact your school's cafe manager if you would like to purchase nutritious snacks for your student's classroom events. **Special pricing is available.**

Warren County Schools Nutrition & Dining is committed to providing nutritionally sound meals to students. Students are encouraged to buy a la carte items only after a school lunch pattern meal is selected. For the convenience of students who bring their lunch from home, juice, milk, and/or dairy products may be purchased at school.

Not all A La Carte Items are available at every school site. This is a district wide list.
