Guidelines for Permeable Boundary Applications

- ✓ Parent/Guardian must complete both the application and the Responsibility Contract.
- ✓ In the event that the requests exceed the number of seats available within a particular grade at a given school building, random drawings will be conducted. Building preference will be given to siblings of students currently enrolled under the Permeable Boundary Program.
- ✓ Parents will be responsible for transporting their child(ren) to the requested building if the transfer is approved.
- ✓ Notifications of placement will be provided to parents.
- ✓ Students are expected to arrive and depart from school on time. Students who are excessively absent or tardy could be asked to return to their home school. It is expected that parents will pick up students on time when they are attending an after school or evening event.

Questions regarding the Permeable Boundary Program should be directed to the Office of the Superintendent of Schools at (810) 299-4040 or the Enrollment Office (810) 299-4095.
