## Print and Digital Media Consent Form 2024 - 2025 School Year

August 1, 2024

Dear Parents/Guardians,

Union County Educational Services Commission is proud of the accomplishments and activities of its students. At times we may include individual student photos, group photos, student work and quotes on the website, social media sites, newsletters, and bulletin boards created by our schools and district. We may also include student photos and work in press releases, grant applications and brochures.

As you are aware, there are potential dangers associated with the posting of personally identifiable information on websites or social media sites since global access to the Internet does not allow us to control who may access such information. These dangers have always existed; however, we as schools do want to celebrate your child and his/her work.

Pursuant to State law (N.J.S.A. 18A: 36-35), we are required to ask your permission to use any information about your child. This form serves to both notify you of this requirement and allow you the opportunity to provide consent for our district and schools to use your child's photo and/or work. You may withdraw your consent at any time by notifying your child's principal.

Please note that we respect the privacy and confidentiality of our students. Under no circumstance will we release any personally identifiable information, including but not limited to, your child's full name, district of residence, or contact information, without contacting you for additional permission regardless of any consent you provide on this form.
