

CTE Career & Technical Education

Learn to solve tomorrow's problems today with technical skills and career training!

SUSD CTE

Visit our CTE Website

Step 1: Register for a two-year CTE program now! *Accelerated options available to complete the full program in one year with a two-period block.

Step 2: Pair technical & professional skills to have a competitive advantage & pursue career goals. Complete CTE program before having to pay for the same skills & certifications in college.

Step 3: Earn industry certification, build a portfolio, & seek dual enrollment options
