

KINDERGARTEN

Below are the Mastery Learning Targets, or priorities for all kindergarten students to be successful when they advance to first grade. **Mastery** (M) of these skills means the student has met the grade-level standard and is independently performing on grade level. Mastery may take time to reach, as foundational skills progress throughout the school year.

READING

- Follows words from left to right, line to line and page by page.
- Recognizes and names all upper and lowercase letters.
- Identifies and produces words that rhyme.
- Blends and segments syllables in spoken words.
- Pronounces letter sounds orally at the beginning, middle and ending of words.
- Produces sounds of individual consonants in words.
- Produces sounds of individual vowels in words.
- Reads Kindergarten sight words.
- Recognizes the lesson learned by using key details in a story.
- Recalls characters, settings, and major events to understand a story.
- Recognizes the central idea by using key details in a nonfiction story.
- Prints all lower case letters.
- Prints all uppercase letters.
- Prints first name.
- Prints last name.
- Writes an opinion including reasons with teacher support.
- Creates an informational piece that has a topic and supporting details with teacher support. (Can be written in pictures and/or words)
- Uses proper capitalization for the first word in sentences and the pronoun I.
- Names punctuation marks.
- Uses letter sounds to spell when writing.

MATH

- Counts forward by ones to 100.
- Counts forward by 10s to 100.
- Counts backwards from 30 by ones.
- Counts forward beginning from a given number.
- Writes numerals from 0-20.
- Counts up to 20 objects arranged in different ways.
- Compares two numbers between 1 and 10 presented as written numerals.
- Adds numbers within 10 using objects, fingers, or drawings.
- Subtracts numbers within 10 using objects, fingers, and drawings.
- Solves addition and subtraction word problems within 10 using objects or drawings.

- Decomposes numbers less than or equal to 10.
- Adds and subtracts within 5.
- Composes and decomposes numbers 11-19.
- Describes the measurable attributes of objects.
- Compares two and three dimensional shapes.

SOCIAL STUDIES

- Asks questions about their community.
- Talks or writes about their community.
- Talks or writes about life in their community, history, geography, and/or economy (Goods/Services or Supply/Demand)
- Addresses a solution to a problem in the classroom.
- Gives examples of ways to be a good citizen or successful student.
- Applies knowledge of good citizenship.

SCIENCE

- Compares the basic forces of push/pull using simple investigations.
- Describes what animals and plants need to survive.
- Explains basic weather patterns.
