

## **SCHOOL CLOSING AND CANCELLATIONS**

The Board authorizes the Superintendent to cancel or close school for the day, delay opening or dismiss school early in the event of severe weather, hazardous travel or other emergencies which present threats to the safety of students and staff.

When school is closed for the day or dismissed early, all PK-8 after-school and evening school-sponsored activities and community uses of school facilities will be cancelled or postponed. Cancellation of high school after-school and evening school-sponsored activities will be decided by the building administrator/designee in consultation with the Superintendent.

The Superintendent or designee will provide notification of school closings, delays and early dismissals by means of media announcements, the district's website, the district's parent/staff notification system, or by other appropriate means.

Administrative Procedure Adopted: 6/17/10

Administrative Procedure Revised: 8/6/24
