EILEEN GORGA
School Business Administrator/
Board Secretary

Dear Parents and Guardians,

Our school will be implementing a program called *i-Ready*® *Diagnostic*, an innovative adaptive assessment for reading and math in grades three through eight. *i-Ready* will help teachers assess the needs of each and every student in their class while monitoring progress throughout the school year. It will also provide differentiated, individualized online and classroom instruction based on the skills that each student needs.

i-Ready Diagnostic will be given up to three times during the school year: at the beginning, middle and the end of the school year. It will take approximately one hour to complete each diagnostic. The results of the adaptive assessment provide teachers with an instructional course of action personalized for each student.

An adaptive assessment is:

- Designed for students to get about 50% correct and 50% incorrect and will find a "just right" placement level for reading and/or mathematics for each student in the quickest, most efficient way possible.
- Helpful in showing what your child "can do" and what "the next steps for instruction" will be, individualizing instruction for each student.

If you have any questions about *i-Ready Diagnostic*, please do not hesitate to contact the administration or your child's teacher directly. You can also learn more about *i-Ready* by visiting www.i-ready.com/tour.

Keeping Children First,

Christine Carlson
Principal
