Dear Heards Ferry Community –

The Milestones results for ELA and Science have been received and are worthy of celebration! All grade levels (3<sup>rd</sup> through 5<sup>th</sup>) outscored the state scores significantly. Fifth grade ELA had an increase of students performing at level 4 (distinguished) – jumping from 26.4% in 2023 to 41.7% in 2024. At each of the three grade levels, well over 90% of Heards Ferry students were reading at or above grade level. While we still await Math results (currently expected in September), we can begin to examine data and see where we need to support and extend our students as the new school year opens.
