REQUEST FOR PROPOSALS (RFP)

DIAGNOSTIC ASSESSMENT FOR GRADES K–12

Issuance Date: November 30, 2016

Submission Date: December 14, 2016 at Noon

Introduction

Pittsburgh Public Schools (PPS) requires a software- or web-based diagnostic assessment for reading and/or math that is aligned to the PA Core Standards.

This work is expected to begin in January 2017.

Scope of Work

- Provide software- or web-based reading and/or math diagnostic assessments that measure mastery of the PA Core Standards at regular intervals throughout the school year
- Provide automated reports on student and teacher usage and growth at the student, class, school, and district level
- Provide professional development for teachers, school administrators, and central staff on assessment implementation, reporting, and data analysis

Background

As the largest of 43 school districts in Allegheny County and second largest in Pennsylvania, Pittsburgh Public Schools serves approximately 25,000 students in Pre-K through Grade 12 in 54 schools with 1,992 teachers.

Timetable/Response Submittal

The Chief Academic Office is requesting proposals from experienced and qualified individuals/companies. Selection of the consultant will be made based upon the proposals submitted and possible interview if needed. A timetable for the selection process is provided below:

- November 30, 2016: Release of RFP
- December 14, 2016: Receipt of Proposals
- December 16, 2016: Recommendation for Selection
- December 21, 2016: Legislative Approval by Board

Upon the release of this RFP and during the conclusion of the selection process, there shall be no communication between any prospective respondents, their lobbyist(s) or agent(s) and any employee of PPS or its elected Board of Directors, except as provided for in the RFP. Any violation of this provision by any prospective firm and/or its agent shall be grounds for immediate disqualification.

All proposals shall be submitted to PPS as follows:

Kendra Wester Executive Director, K-12 Literacy School District of Pittsburgh 341 South Bellefield Avenue, Room 215 Pittsburgh, PA 15213 Tel: (412) 529-3747 Fax: (412) 325-4319

Email: kwester1@pghboe.net

Proposals can be submitted in electronic format, faxed or mailed to the Mrs. Wester by Noon on December 14, 2016.

Proposals, including any/all attachments, cover letter, and tabs should not exceed twenty-five (25) pages in length on 8 ½" X 11" paper, single spaced using a minimum font size of 10 pt.

Proposals should be submitted following the instructions detailed below. PPS reserves the right to select a proposal in its entirety or some portion(s) thereof. Furthermore, PPS reserves the right to reject any and all proposals and to waive irregularities.

Any questions regarding this RFP should be addressed to Mrs. Wester.

Responses should address the following questions or requests for information:

I. Letter of Transmittal

Each proposal should be accompanied by a letter of transmittal which summarizes key points of the proposal and which is signed by an authorized officer.

II. Experience and Qualifications

Provide brief biographies for the partners and employees who will be supporting PPS' account, including any relevant experience for each. Please include only those individuals who will work on PPS' account and specify their role in the project.

Please describe relevant experience with board member governance training including previous work with other school districts. Please provide three references.

III. Company Information/Equal Employment Opportunity

- A. Describe your company's equal employment opportunity policies and programs.
- B. Has your company or any of its employees, or anyone acting on its behalf, ever been convicted of any crime or offense arising directly or indirectly from the conduct of your company's business or have any of your company's officers, directors or persons exercising substantial policy discretion ever been convicted of any crime or offense, i.e., financial misconduct, fraud or child abuse? If so, please describe any such convictions and surrounding circumstances in detail.
- C. Has your company, or any of its employees, or anyone acting on its behalf, been indicted or otherwise charged in connection with any criminal matter rising directly or indirectly from the conduct of your company's business which is still pending or have any of your company's officers, directors or persons exercising substantial policy discretion been indicted or otherwise charged in connection with any criminal matter, i.e., financial misconduct, fraud or child abuse which is still pending? If so, please describe any such indictments and surrounding circumstances in detail.

IV. Project Work Plan

Address all components detailed in the scope of work and include a variety of sample items and the corresponding PA Core Standard. Answers to all questions in the addendum section should also be included. Submit a detailed work plan for performed services, including a timeline for completion of specific work products.

V. Fee Proposal

Please provide a fee structure that your company would propose to provide a diagnostic assessment for grades K-12 given the scope of services provided in your detailed work plan. Proposals must include the overall cost of all work, as well as hourly or daily rates, and must include cost estimates for travel and time associated with conference calls with PPS staff.

Evaluation Criteria and Selection Process

The contract will be awarded to the qualified proposer whose proposal is most advantageous to PPS, based on the evaluation criteria specified below. Thus, while the points in the evaluation criteria indicate their relative importance, the total scores will not necessarily be determinative of the award. Rather, the overall scores will guide PPS in making an intelligent award decision based on the evaluation criteria.

PPS reserves the right to request an interview from those companies determined to be in a competitive range and shall use the information derived from these interviews, if any, in its evaluation.

PPS anticipates selecting one consultant using the following criteria:

<u>Component</u>	<u>Points</u>
Alignment of assessment questions to PA Core standards	25
Variety and ease of accessing data reports	25
Inclusion of culturally relevant assessment items	15
Ability to provide professional development	15
Experience working with urban school districts	10
Cost-effectiveness of proposal	10

The contractor will be selected by December 21, 2016.

Addendum

Product Information

1. Software product name.
2. Complete Product Description.
3. What is the current release version and how long has this product been on the market? If you are presenting multiple products to meet our business requirements, please specify for each product.
4. How many customer sites are currently using the current version of the product, particularly with a client of our size? How many are in Pennsylvania?
5. What is your product licensing structure?

Technical Specifications

1. Is your application locally or vendor hosted?
2. Do you support single sign-on using our Active Directory?
3. Is this a web based application, or would need to be installed on premises?
4. What browsers are compatible with this product?
5. If locally hosted and installed on premises, recommended/Required hardware and operating system platforms for deployment.
6. If locally hosted, recommended/Required Relational Database Management System for deployment.
7. If locally hosted, do you recommend a dedicated server to support your applications?
8. If vendor hosted, what is the application up-time based upon the SLA?
9. How frequent are system back-ups created?
10. How does your software work with software and hardware based security applications?
11. Describe the application software architecture (desktop, client/server, web, etc.). Are there any special network requirements (LAN, WAN, etc.)?
12. What is the amount of memory required by the workstation and/or server?
13. What is the minimum processing speed?
14. What telecommunication connectivity speeds are needed for ideal operation of your product?
15. Are you aware of any incompatibilities that your product might have with any specific hardware or software? Provide details.
16. If there comes a time where we no longer continue our relationship with your company, how would we access and retrieve our data?

Data Exchange

1. How is data imported to the system? Ex. School lists, student rosters, student demographics, etc.
We prefer sending and receiving csv files or direct connection to the database if PPS is hosting.
2. How is data exported from the system to be loaded to our Data Warehouse and Student Information System? Ex. Lunch status information for each student
We prefer sending and receiving csv files or direct connection to the database if PPS is hosting.
3. What is the frequency of data exchange?
4. Can the data exchange be automated?

We prefer to send and receive files via an sftp site – we set up a schedule that runs data files nightly and pushes to the sftp. We also create a job that looks for and pulls down to PPS new files from the vendor nightly.

5. Do you have data import specifications that we can review? Data export specifications?

Training and Support

1. Describe the recommended start-up training program, schedule, materials provided, number and length of courses, etc.
2. Where are your support services located?
3. What are the hours of operation and response times of support services? Do you have a service-level-agreement (SLA)?
4. Does support include product updates as well as bug fixes?
5. How are software and/or database updates transmitted to customers (for locally hosted applications)?
6. What is your Helpdesk escalation procedure?

Cost

1. What is the entire cost of implementation? You may attach a separate budget sheet if you prefer.
 - a. One time cost?
 - b. Ongoing yearly cost?
 - c. Customization rate?
 - d. Reports development costs?
 - e. Is there additional cost for training?
 - f. Is there additional cost for support?
 - g. What is the cost associated with integrating other third party providers?
2. If your solution is a cloud-based service, is there a service-level-agreement and uptime guarantee? If not, do you provide any discount to the customers?
3. Do you provide any contractual flexibility and price discount if either party decides to terminate?
