PPSFS is also the Vendor or sponsor for several other federal and state funded programs including the Child and Adult Care Food Program (CACFP) and the Afterschool Snack Program which adds considerably to our daily totals.

The Pittsburgh Public Schools Board of Education (PGHBOE) is the legal entity and governing authority that will grant the resulting contracts PGHBOE does not guarantee a purchase volume or expenditure amount under the resultant contracts. Any resulting contracts will be considered “non-exclusive” as PGHBOE reserves the right to purchase products from a third-party supplier in the event a product is not available from the primary Vendor. PGHBOE also reserves the right to negotiate pricing with local and regional producers for distribution through the primary distributor or a third-party distributor where unavailable by the primary distributor.

The purpose of this Request for Proposal is to establish a contract for the purchase and delivery of **Dairy, Fruit Juice, and Other Beverages** in conjunction with the needs of the district. At the end of the proposal process the successful Vendor will be designated as the primary provider of the specific awarded item(s) to the District during the effective period of the contract, however, it is hereby agreed and understood that PPSFS reserves the right to purchase off contract for other items that are not provided by the winning vendor.

The contract term is for a period of TWO (2) years beginning 01 September 2022¹and ending 31 July 2024. The School District may wish to extend this contract for three (3) additional school years. Any contract resulting from this solicitation may be extended for a period not to exceed FIVE (5) contract years upon the agreement of both the Vendor and the PPSFSD and the PGHBOE.

¹ *Due to the timing of the issuance of this solicitation the contract term will start a month later than normal. Any and all proceeding contract years will begin 01 August of each year.

Good Food Purchasing Policy: In October 2021 The Pittsburgh Public Schools Board of Education passed code 907.1 Good Food Purchasing Policy to guide purchasing within the department to prioritize high-quality socially responsible products that will promote the health and wellbeing of our students, faculty, staff and community at large. The policy establishes standards and guidelines based on the following:

Local Economies

This value standard establishes support of the region's economy by sourcing from locally owned small and mid-sized agricultural and food processing operations. We define food as "local" if it is grown or produced by an agricultural operation within 250 miles of the city limits of the city of Pittsburgh; excluding any locales outside of the United States.

_____ Initials

Items produced by a manufacturer located within 250 miles of the city limits of the city of Pittsburgh; excluding any locales outside of the United States will also be considered “local” but will be given a lesser value in comparison to products that are grown or produced by an agricultural operator.

We define food as “regional” as product grown or produced by an agricultural or food processing operation within 400 miles of the city limits of Pittsburgh. Regional preference will be given to those items grown and/or produced in the State of Pennsylvania.

We define a small sized farm as an operation producing less than \$250,000 of agricultural products annually.

We define a medium sized or mid-sized farm as an operation producing less than \$1,000,000 of agricultural products annually.

Environmental Sustainability

This value standard establishes priority sourcing from producers that employ sustainable production systems that reduce or eliminate synthetic pesticides and fertilizers; avoid the use of hormones, antibiotics, and genetic engineering; conserve soil and water; protect and enhance wildlife habitats and biodiversity; and reduce on -farm energy consumption and greenhouse gas emissions.

Valued Workforce

This value standard establishes priority purchasing from vendors that provide verifiable safe and healthy working conditions and fair compensation for all food chain workers and producers from production to consumption.

Animal Welfare

This value standard establishes priority purchasing meat and dairy products that are produced using healthy and humane methods of care.

Nutrition

Promote health and well-being by offering the federally regulated meal-pattern portions of vegetables, fruit, and whole grains. Also, by reducing salt, added sugars, fats, and oils; and by eliminating artificial additives.

The policy further prioritizes the elimination of potential harmful food additives, colorings and dyes, high fructose corn syrup, genetically modified foods, pesticides, herbicides, hormones, antibiotics, refined sugar, brominated flour and artificial sweeteners

In support of the District’s already established policy code 228.1 - Food Allergy Management; the Food Services Good Food procurement plan will prioritize the elimination of as many of the top eight food allergens from items served in all meals served by the district to students, faculty and staff. These allergens are soy, wheat, eggs, tree nuts, peanuts, sesame, fish, dairy, and shellfish.

Good Food Purchasing Program Assessments

As part of the GFPP, Pittsburgh Public Schools Food Services will conduct an annual analysis to gain a comprehensive overview of our food procurement trends, understand the extent to which our suppliers are aligned with GFPP values, and set district procurement goals. The analysis aggregates procurement information provided by each of our vendors for produce, meat & poultry, milk & dairy, seafood, and grains & legumes. To complete this analysis, PPSFS requires food vendors to track product information regarding farm/supplier of origin and production location for all products.

Upon award of the contract the winning bidder will be provided with guidance on how this information will be submitted by the Vendor to the department.

Educational Outreach and Policies

It is the belief of the Food Service Department that we are a part of the education of our students regarding food and nutrition knowledge. The successful Vendor will be asked to assist the department in this effort throughout the course of a school year to students, staff, and community

The successful Vendor will be asked to provide supplemental events to the students, parents, and faculty of the district including but not limited to, demonstrations, classroom discussions, tours of local farms, product sampling/tastings, and other educational opportunities upon request of the district.

The successful Vendor will be asked to provide or sponsor supplemental events to PPSFS staff including but not limited to, product handling training, culinary demonstrations, tours of local/regional farms, vendor facility tours, product sampling/tastings, and other educational opportunities upon request of the district.

Source Promotion

Information promoting farmers, their history and practices is valuable to the PPSFS student cafeteria education experience. The Vendor's will be asked to help the district promote the local farmers from whom product is sourced.

Good Food Purchasing Policy Commitment

Respondents to this solicitation are asked to complete the Good Food Purchasing Policy Commitment Form (Attachment I) affirming the respondent's willingness, capability, and commitment to partner with the Food Service Department of Pittsburgh Public Schools in increasing the capacity of a robust food chain by encouraging a more equitable and sustainable food chain. 6. Requiring the prime contract, if subcontracts are let, to take the affirmative steps listed above.

Debarment and Suspension: To ensure that PPSFSD does not enter into a contract with a debarred or suspended company or individual, each Distributor must include a certification statement (ATTACHED). By signing the certification statement, the Manufacturer certifies that neither it, nor any of its principals (e.g., key employees), have been proposed for debarment, debarred, or suspended by a Federal Agency. It is the responsibility of each Manufacturer to sign the attached certification statement and submit it with the bid. Failure to comply with this requirement will cause your bid to be disqualified and declared non-responsive.

Non-Performance of Contract and Termination: Except as may be otherwise provided by this document, the awarded contract may be terminated in whole or in part by either party to the awarded contract in the event of failure by the other party to fulfill its obligations under the awarded contract through no fault of the terminating party; provided that no such termination may be implemented unless and until the other party is given:

- a. at least thirty (30) days written notice (delivered by certified mail, return receipt requested) of intent to terminate, and
- b. an opportunity for consultation with the terminating party, followed by a reasonable opportunity, of not more than ten (10) business days or such other reasonable amount of time as may be required under the circumstances, to rectify the defects in products or performance, prior to termination.

_____ Initials

Termination for Convenience: PPSFSD may terminate the awarded contract prior to the expiration of the term, without cause and without penalty, upon thirty (30) days' written notice to the Manufacturer.

State and Federally Required Contractual Provisions: Bidder must have obtained and will continue to maintain during the entire term of the Awarded Contract, all permits, approvals, or licenses necessary for lawful performance of its obligations under the Awarded Contract. In addition, Bidder is responsible to abide by all applicable Federal and State laws and policies.

Equal Employment Opportunity: Bidder shall comply with E.O. 11246, Equal Employment Opportunity, as amended by E.O. 11375, Amending Executive Order 11246 Relating to Equal Employment Opportunity, and as supplemented by regulations at 41 CFR Part 60, Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor.

L. 94-163, 89 Stat. 871, and any related state energy laws, as applicable. Bidder shall report all violations to PPSFSD and to the relevant federal or state agency as appropriate.

Breach of the Awarded Contract and Remedies: If Bidder fails to comply with any of the terms and conditions of the Awarded Contract; PPSFSD has the option to send Bidder a ten (10) business day Notice to Cure the defect or breach. During the ten-day Notice to Cure, the parties may meet and confer to discuss the resolution of the defect or breach. In the event of nonconformity, the School may, at its option, cancel the Awarded Contract. The remedies of PPSFSD are cumulative, and additional to any/or other further remedies provided by law. No waiver of any breach shall constitute a waiver of any other breach.

Disqualification From Future Solicitations: The following conditions, depending on severity, may cause removal of respondent from submitting to the next RFP issued for the product or service indicated in this solicitation.

- a. Failure to meet pricing quoted in proposal submission
- b. Failure to adhere to any applicable federal or state requirements
- c. Failure to repeatedly meet quality standards
- e. Failure to comply with the terms of the contract repeatedly

Indemnify and Hold Harmless: Bidder shall indemnify, defend and hold harmless Pittsburgh Public School Food Services Department on behalf of the Pittsburgh Board of Education, its member schools, its directors, officers, employees, and agents from and against all liability, damages, losses and expenses (including reasonable attorneys' fees and costs) which arise out of Bidder's negligence, breach or other performance of the Awarded Contract, or violation of any law or right of a third party, or that of Bidders' employees, subcontractors, or agents. and will indemnify, defend and hold harmless the School and its directors, officers, employees, and agents from and against any claims for infringement of any copyrights, patents, or other infringements of intellectual property rights related to its activities under the Awarded Contract.

- a. Bidder agrees to notify the School by certified mail return receipt request, or by overnight courier immediately upon knowledge of any claim, suit, action or proceedings
- b. Such indemnification obligations shall not be construed to negate, abridge, or otherwise reduce any other right or obligations to indemnify, which would otherwise exist as to any party or person.

Force Majeure: Except so far as the Vendor may have assumed a greater obligation, neither Party shall be considered in breach of this Agreement to the extent that its performance of any duty under this Agreement is prevented by extreme weather events such as tornadoes, hurricanes, earthquakes, tidal waves, drought, and floods; fires or explosions; war, terrorism, or other armed hostilities; embargo; public riot, disorder or commotion; unforeseen shutdown of major sources of supply or the like; labor strikes, lockouts, or other labor action (unless solely restricted to employees of the party claiming that its performance is excused); or by compliance in good faith with any applicable foreign or domestic governmental regulation or order, whether or not it later proves to be invalid. Increased cost alone does not excuse performance. Neither is a rise or a collapse in the market itself a justification, for that is exactly the type of business risk that this Agreement and its pricing provisions are intended to cover. But a severe shortage of raw materials or of supplies due to an above-specified contingency, which either causes a marked increase in cost or altogether prevents the Vendor from securing supplies necessary to its performance, is within the contemplation of this section.

Byrd Anti-Lobbying Amendment: Pursuant to 22 CFR Part 227, Contractor agrees to: (a) sign and submit to PPSFSD upon signing of this Agreement, the required certification that it has not used and will not use federal appropriated funds to influence various government officials in making certain federal awards, using the "Certification Regarding Lobbying" form, and the "Disclosure of Lobbying Activities Form", if it uses or has agreed to use funds other than federal appropriated funds for this purpose.

Buy American: As required, and to the maximum extent practicable, for the purchase or procurement of materials, supplies, furnishings, equipment, food or other personal property and non-professional services, the guidelines that govern the "Buy American" policy is:

Purchases shall consist of raw materials mined or produced in the U.S., or manufactured items that are made in the U.S. from materials or items mined, produced or manufactured in the U.S.

Exceptions to the "Buy American" Policy are:

- a) If the items are not available in the U.S. in commercial quantities of good quality,
- b) If the cost of the domestic item(s) is unreasonable, which shall be if the cost of the domestic items is greater than two percent more than the cost of comparable foreign items, unless for a particular purchase, two percent represents a nominal amount,
- c) If a purchase has a value of \$30,000 or less,
- d) If the Chief Purchasing Officer decides that it is in the County's best interest to waive the "Buy American" policy.

Attachment C - Reciprocal Limitations Act

A. General Requirement. Pennsylvania has reacted to the in-state preference laws and practices of other states by reenacting the *Reciprocal Limitations Act* through the Commonwealth Procurement Code. Under this Act, Pennsylvania responds in a like manner against those states that apply preferences or prohibitions by giving similar preferences to Pennsylvania resident bidders and bidders offering supplies manufactured in Pennsylvania.

B. Requirements.

1. Product Preference. In all purchases of supplies exceeding \$10,000, preference is to be given to those bidders offering supplies produced, manufactured, mined, grown, or performed in this Commonwealth as against those bidders offering supplies produced, manufactured, mined, grown, or performed in any state that gives or requires a preference to goods, supplies, equipment, materials, or printing produced, manufactured, mined, grown, or performed in that state. The amount of the preference is equal to the amount of the preference applied by the other state for that particular supply. [Lists of States Applying A Bidding Preference](#)

2. Bidder Preference. In the award of contracts for the procurement of supplies and construction exceeding \$10,000, preference shall be given to Pennsylvania resident bidders against a nonresident bidder from any state that gives or requires a preference to bidders from that state. The amount of preference shall be equal to the amount of the preference applied by the state of the nonresident bidder. A resident bidder is a person, partnership or corporation, or other business entity authorized to transact business in this Commonwealth and having a bona fide establishment for transacting business within this Commonwealth at which it was transacting business on the day when bids for the public contract were first solicited. [Lists of States Applying A Bidding Preference](#)

3. Prohibition. For construction and for all purchases of supplies, the purchasing agency shall not specify, use, or purchase any supplies which are produced, manufactured, mined, grown, or performed in any state that prohibits the specification for, use or purchase of such items in or on its public buildings or other works, when such items are not produced, manufactured, mined, grown, or performed in such state. [Lists of States Applying A Bidding Preference](#)

C. Department of General Services Responsibilities.

1. List of Discriminating States. DGS is required to prepare a list of the states which apply a preference or prohibition and the amount of the preference. The list has been published, amended, and republished in the *Pennsylvania Bulletin*. The list also appears at the DGS website.

2. Invitation for Bids. The list of discriminating states and the amount of the preference must appear in all IFBs for supplies and construction where the amount exceeds \$10,000.

D. Bid Requirements.

1. Lists. IFBs for supplies and construction, where the amount exceeds \$10,000, must include the list of states which have laws prohibiting the use of out-of-state supplies or bidders.

2. State of Manufacture. Bidders must complete the State of Manufacture chart in IFBs by listing the name of the manufacturer and the state or foreign country of manufacture for each item. If the item is produced in the United States, the bidder must identify the state. Failure to complete the chart may result in the rejection of the bid.

3. Bidder Residency.

_____ Initials

a. Determining Nonresidency. In determining whether a bidder is a nonresident bidder from a discriminating state, the address label on the IFB may be used unless the bidder corrects that address in its bid.

b. Determining Residency. In order to claim the preference for Pennsylvania resident bidders, bidders must have a bona fide establishment for transacting business within Pennsylvania at which it was transacting business on the date when bids were first solicited. The bidder must also be authorized to transact business in Pennsylvania. Therefore, if the bidder is a corporation, it must be incorporated in Pennsylvania or have a certificate of authority to do business in Pennsylvania.

E. Rejection of Bid – Prohibited Item or Bidder. If the State of Manufacture chart discloses that the item will be manufactured in a state which prohibits the purchase of such an item which isn't manufactured in such state, then the bid must be rejected.

F. Calculation of Preference. In calculating the preference, the dollar amount of the bid submitted by a Pennsylvania bidder shall be reduced by the percentage preference which would be given to a nonresident bidder by its state of residency. Similarly, the amount of a bid offering Pennsylvania supplies shall be reduced by the percentage preference which would be given to another bidder by the state where the supplies are produced, manufactured, mined, or grown.

G. Procedures.

1. Tab bids by dollar amount.
2. Start with low responsive bid and determine if:
 - a. There is a bidder or product prohibition.
 - b. The supplies offered are manufactured in a discriminating state.
 - c. The supplies are offered by a nonresident from a discriminating state.
3. If there is a product prohibition involving the low bid, reject the low bid.
4. If the low bidder is offering supplies produced, manufactured, mined, or grown in a discriminating state, and the next low bidder is offering supplies produced, manufactured, mined, or grown in Pennsylvania, reduce the next low bidder's bid by the percentage preference which would be given to the low bidder by the state where the supplies are produced, manufactured, mined, or grown.
5. If the low bidder is a resident bidder of a discriminating state, and the next low bidder is a Pennsylvania resident bidder, reduce the Pennsylvania resident bidder's bid by the percentage preference which would be given to the nonresident bidder by its state of residency.

CONTRACT SOLICITATION AND AWARD PROTEST PROCEDURE POLICY

Manufacturers, Vendors, or distributors who disagree or are otherwise aggrieved by the competitive procurement process for contract solicitation and award have the right by federal regulation to enter into a formal protest with Pittsburgh Public Schools Food Services Department (PPSFSD).

_____ Initials

PROCEDURE:

Federal regulations are the primary authority for rules related to competitive procurement. Those regulations that MAY be applicable to competitive procurements of PPSFSD are found in OMB Circular A-87, A-122, 2 CFR 200 and 7 CFR 210, 220, 3016, 3019. Applicability of the federal regulation depends upon the product or services being procured and the federal program in which it will be used. In addition, Pennsylvania School Code contains additional state regulations related to competitive procurement that may also be applicable.

Protests may be by any of the following:

- 1) By a party who did not submit a bid or proposal;
- 2) By a party who has responded to an invitation for bids (IFB), a request for proposal (RFP) or a request for qualification (RFQ);
- 3) By a prospective contractor who is aggrieved in connection with the solicitation or award of a contract

Those parties who did not submit a bid or proposal must file for protest prior to the advertised opening date of the IFB, RFP, or RFQ. Protests received after that time will not be reviewed and considered. Such protests will be dismissed as untimely.

Those parties who responded to an IFB, RFP, or RFQ or who are aggrieved in connection with the solicitation or award of a contract must file for protest within seven (7) days of the protesting party knowing of the facts giving rise to the protest. No protest filed after that protest window or more than seven (7) days after the date of notice of contract award will be reviewed and considered. Untimely protests will be dismissed.

The date of filing will be the date the protest is received by PPSFSD. Protests to contract solicitations and awards must be in writing and submitted to the contact person listed on the RFP for which a protest is filed.

Protests must be filed utilizing the form titled, "Notice of Protest." Appropriate documentation or relevant information may be included as attachments to the form when completed and returned. Issues not raised in the original written protest are deemed to be waived and may not be raised on appeal. All documentation is forwarded to the Legal Department for the Pittsburgh Board of Education for review and consideration within five (5) days of receipt.

If the contract has been awarded, the successful contractor will be made aware of the protest within five (5) days of receipt. If the protest is received before the contract is awarded and substantial issues are raised by the protest, all bidders and offerors who appear to have a substantial and reasonable prospect of winning the award shall be notified of the protest and the reasons for the protest. They may, in turn, file their own position to the protest within five (5) days after the receipt of the Notice of Protest.

Action on the contract solicitation or award shall be stayed until the protest is resolved except in cases where state or federal deadlines prevail. In those cases, the contract award will be issued, but performance by the awarded contractor will be suspended until the protest is resolved. If there is a continued delay in resolving the protest, PPSFSD reserves the right to resume its activities related to the procurement under protest if such action is found to be in the best interest of the membership affected by the protest.

_____ Initials

The Board of Education and PPSFSD have up to fifteen (15) days to review the protest and any documentation or relevant information. This period will also be used for additional research as needed. Additional documents or information deemed necessary to resolve the protest may be requested during this period. The Board of Education and PPSFSD reserves the right to schedule a hearing to review the protest with the protesting party and other affected parties. If additional time is required to resolve the protest, The Board of Education and PPSFSD will notify the protesting party of such action. At no time will any protest remain without determination in excess of sixty (60) days from the receipt of the original Notice of Protest.

If the contract solicitation or award is found to be contrary to law, The Board of Education and PPSFSD reserves the right to cancel the solicitation, change the solicitation to comply with law, reject all bids or proposal or those parts of the bids or proposals which were affected by the violation, or change/cancel the contract award to comply with the law.

If such determination is made after execution of the contract and the contractor has not acted fraudulently or in bad faith, 1) the contract may be ratified and affirmed if doing so is in the best interest of The Board of Education and PPSFSD, 2) the contract may be modified to comply with the law with the consent of all parties, or 3) the contract may be cancelled in accordance with the termination, default, and settlement clause in the contract.

If such determination is made after execution of the contract and the contractor has acted fraudulently or in bad faith, the contract may be 1) declared void; 2) modified to comply with the law and with the consent of all parties; or 3) ratified and affirmed if doing so is in the best interest of The Board of Education and PPSFSD. A copy of the protest determination will be sent to the protesting party and any other person determined to be affected by the decision within five (5) days of the determination being made.

Attachment I – Good Food Purchasing Policy Commitment Form

Good Food Purchasing Policy Commitment

We commit to use our purchasing power to encourage the production and consumption of food that is healthy, affordable, fair, and sustainable. We recognize that the adoption of food procurement policies has the power to reform the food system, create opportunities for smaller farmers to thrive, provide just compensation and fair treatment for workers, support sustainable farming practices, reward good environmental stewardship, and increase access to fresh and healthy foods.

We pledge to leverage our purchasing power to support the following values:

Local Economies To support the region’s economy by prioritizing the sourcing of products from locally owned small and mid-sized agricultural and food processing operations. To prioritize the purchasing of local food grown or produced by an agricultural or food processing operation within 250 miles of the city limits of the city of Pittsburgh; excluding any locales outside of the United States. To prioritize the purchasing of regional food grown or produced by an agricultural or food processing operation within 400 miles of the city limits of Pittsburgh with additional preference given to those items grown and/or produced in the State of Pennsylvania. We further support the United States Department of Agriculture’s (USDA) definition of a small sized farm as an operation producing less than \$250,000 of agricultural products annually and medium sized or mid-sized farm as an operation producing less than \$1,000,000 of agricultural products annually.

Environmental sustainability To prioritize sourcing from producers that employ sustainable production systems that reduce or eliminate synthetic pesticides and fertilizers; avoid the use of hormones, antibiotics, and genetic engineering; conserve soil and water; protect and enhance wildlife habitats and biodiversity; and reduce on -farm energy consumption and greenhouse gas emissions.

Valued Workforce To prioritize safe and healthy working conditions and fair compensation for all food chain workers and producers from production to consumption.

Animal Welfare To prioritize purchasing meat products that are produced using healthy and humane methods of care.

Nutrition To promote the consumption of high-quality food products, including but not limited to fruits and vegetables, to improve the health and well-being of our community

We further Commit our company to taking the following steps in support of Good Food:

1. As outlined in the Good Food Purchasing Standards from the Center for Good Food Purchasing goodfoodpurchasing.org, we commit to meeting at least the baseline standard for the five value
