

PITTSBURGH PUBLIC SCHOOLS

REQUEST FOR PROPOSAL
LOCAL AND LONG DISTANCE VOICE SERVICES

Due Date: December 19, 2014 at NOON EST.

1.0 INTRODUCTION

1.1 Background

The Pittsburgh School District ("Customer" or "District") issues this Request for Proposals ("RFP") for local and long distance voice telecommunications services. The initial term will be for 3 years, from July 1, 2015 – June 30, 2018, plus 2 optional one-year extensions.

Customer intends to apply for discounts on the services listed in this RFP through the federal Universal Service Support Mechanism for Schools and Libraries, commonly known as "E-rate." Several criteria and restrictions pertinent to the E-rate program are included herein and must be met by the successful vendor and in order for the proposal to be considered a Qualified Proposal.

1.2 Issuing Officer and Technical Contact

The Issuing Officer for general questions related to this RFP is:

Scott Gutowski, Chief Information Officer
Pittsburgh Public Schools
341 S. Bellefield Avenue
Pittsburgh, PA 15213

Sgutowski1@pghboe.net

The Technical Contact for technical questions related to this RFP is:

Andrea Niedbala-Williams, Director of Networking/ Telecommunications
Pittsburgh Public Schools
8 South 12th Street
Pittsburgh, PA 15203

Aniedbalawilliams1@pghboe.net

1.3 Deadline for Proposals

The deadline for proposals to be submitted to the Issuing Officer is December 17 at noon EST. Proposals must be submitted in a single PDF file, which includes a completed Appendix A in the required format. All required Vendor information, certifications and attachments must be included with the proposal. Customer reserves the right to reject any and all late-filed proposals that may be received after the deadline.

1.4 Format of Proposal

The RFP is very specific about the requirements of this procurement. If a Service Provider does not agree to any of the terms listed in this RFP, they must provide the specific Item number and the specific, detailed reason they cannot agree to that term in their Proposal. Service Providers' compliance with the specifications of this RFP will be taken into account as part of the evaluation process. The District also specifically requests that all replies to this RFP be succinct and not contain extraneous information that is not requested in this RFP.

1.5 Best and Final Offers

District reserves the right to ask clarifying questions of Service Providers and to request best and final offers upon review of initial proposals. The price of E-rate eligible services will be the most heavily weighted in the review of all proposals and at each step of the review process.

1.6 Modification or Withdrawal of Proposals

Proposals may be modified or withdrawn by the Service Provider prior to the established due date and time.

1.7 Rejection or Acceptance of Responses

District will review the proposals for compliance with the procedural requirements set forth in this RFP and may reject any proposal that materially fails to comply. Any deviation from the performance requirements or other terms of the RFP, informalities or defects, if in substantial compliance with the terms and intent of the RFP, may be accepted or rejected by District at its discretion.

1.8 Notification of Successful Bidder(s)

The successful bidder(s) will be advised of selection by the Issuing Officer through the issuance of a notification of award letter via email. Any notification of the selection of the successful bidder shall have no legal effect unless and until the parties negotiate a mutually acceptable agreement. Unsuccessful bidders also will be notified via email after a contract has been signed with the successful vendor.

1.9 Security and Pennsylvania Act 34 Clearance/Act 151 Clearances

All personnel (contractors and subcontractors) that will be working on this project in the schools must observe all security and safety procedures of each school facility and must secure all record checks required by law (and submit the results thereof) such as:

For Pennsylvania Residents: Form SP4-164-Pennsylvania State Police "Request for Criminal Record Check" – Call 717-783-5494; Act 34

Out-of-State Residents: Pa. Form SP4-164 and FBI Background Check; Act 114

Pennsylvania "Child Abuse History Clearance" – Call 717-783-6211; Act 151

Fingerprints, as required, Act 114

On-site work at the school sites cannot commence until the provider has obtained all relevant certifications, licenses, permits and/or required qualifications for its workers and each school has cleared the personnel for work in District's locations.

1.10 Tax Exempt Status

District is exempt from Pennsylvania Sales and Use Tax and has other federal and state tax exemptions afforded to public school entities and/or similar political subdivisions. This notice shall serve to satisfy any notification required by the provider as to these tax exemptions.

Identification of all Fees and Surcharges

Service Providers must identify in their cost proposals identify all applicable taxes, fees and surcharges from which the District is not exempt or that is imposed or assessed by Service Provider. This includes paper statement fees, special taxes, property taxes, etc. for which the Vendor will assess on the District for these services.

1.11 Additional Information for Service Providers

District reserves the right to:

- Amend, modify, cancel this RFP or not award any contract;
- Modify or add to the requirements contained in this RFP at any time after the issuance of this RFP via RFP amendment;
- Award a contract for any or all parts of the RFP to one or more service providers and negotiate terms and conditions to meet requirements consistent with this RFP;
- Utilize any and all ideas submitted in the RFP proposals received;
- Request providers to clarify their RFP proposals;
- Purchase the most cost-effective proposal(s) and not necessarily the lowest-priced proposal(s) in accordance with E-Rate rules where price of E-rate eligible services is the factor given the most points in the evaluation among all of the various factors considered in the evaluation.

1.12 Reasons for Disqualification of Proposals

If any of the following conditions occur, Service Provider’s proposal is automatically disqualified from being evaluated.

- 1.12.1 Service Provider’s proposal is submitted after the deadline and proposals have been opened by District. District’s discretion as noted in Section 1.4 is eliminated once the bids have been opened.
- 1.12.2 Service Provider is on Red Light Status with the FCC.
- 1.12.3 Service Provider is not authorized to do business in Pennsylvania or is not authorized to provide services requested in this proposal to all buildings within the District.
- 1.12.4 Service Provider does not have a Service Provider Identification Number (“SPIN”) or has not applied for a SPIN from the Universal Service Administrator.
- 1.12.5 Services are not all provided under a single E-rate SPIN number.
- 1.12.6 District’s existing telephone numbers cannot be retained. The District will not accept remote call forwarding as an acceptable condition to retaining the District’s existing phone numbers.
- 1.12.7 Service provider cannot provide all services requested in Attachment A.
- 1.12.8 Service Provider has not disclosed whether any of the services are being leased or resold from other vendors and if so, has not disclosed exactly what services are being resold.

1.13 Timeline for Procurement/Contract Signing

Customer intends to review all proposals immediately following the submission deadline and, if required, conduct interviews and a best and final phase of the procurement process after the allowable contract date in January. A tentative award will be made in January 2015 with the contract being signed by late February 2015. The service must begin being installed to ensure the service is operational on July 1, 2015.

2.0 SCOPE OF SERVICES REQUESTED IN THIS REQUEST FOR PROPOSAL

2.1 Technical Requirements

Proposals must include pricing for all of the following services included in Appendix A, including :

- 9 – 14 analog lines/site for approximately 99 District sites.
- DID block or blocks that will maintain all numbers between (412) 529-2000 through (412) 529 -8999.
- 8 PRIs that terminate into District's data center, located at 8 South 12th Street.
- 4 - 6 PRIs that terminate into the District's administrative building, located at 341 S. Bellefield Ave.
- Cost per Call for Directory Assistance Price per Minute for Intra Lata Business Toll Calls.
- Price per Minute for Long Distance (Interstate) Service.
- Price per Minute for Local Toll Service.
- Any and all installation costs.
- Any additional costs of fees (recurring or non recurring) not included above.

Vendor must provide information regarding the handling and/or management of Malicious Call Trace procedures.

Vendor shall be responsible for providing, installing, configuring, testing and troubleshooting of all circuits and lines to the each building's DMARK during a timeframe that is mutually agreeable to the Vendor and the District.

2.2 Terms

- 2.2.1 Vendor must provide voice services to all of the Service Sites listed in Appendix B. If a Vendor needs to physically review a site location, please contact the Issuing Officer and a date/time will be made available to all interested Vendors to attend the site walkthrough. Such requests should be submitted by no later than December 4, 2014. **Please note that a Vendor's submission of a proposal to serve a particular site constitutes the vendor's certification that the type of service is available at the building location. Vendors whose proposals are accepted will be held accountable for providing the requested services to all locations included in the proposal.**
- 2.2.2 All existing District telephone numbers must be retained. The District will not accept remote call forwarding as an acceptable condition to retaining the District's existing phone numbers. Further, there shall be no charge for Customer to retain current telephone numbers and the numbers shall be seamlessly ported to Vendor in sufficient time to test service so that the new service is in operation by the July 1, 2015 service commencement date of the contract.
- 2.2.3 Customer shall not incur any early termination charges for relocation of services from one location to another. Service to new locations during the life of the contract shall be included within the scope of this RFP and awarded contract, as minor contract modifications, pursuant to FCC E-rate regulation, 47 C.F.R. §54.500(g)¹.
- 2.2.4 Customer reserves the right to change the specific type or quantity of services or cancel services it is receiving at each location during the life of the contract and such charges shall not result in the imposition of early termination charges to Customer.
- 2.2.5 Vendor must be willing to set forth proposed pricing and to sign a contract which anticipates that the parties may amend the agreement as a minor contract modification to add or remove Service Sites or to change Service Site locations during the term of the contract with no early termination charges.

2.3 Outage and Problem Resolution Procedures

Vendors shall describe their problem resolution procedures. Vendors shall provide:

- 2.3.1 Dedicated point of contact for problem resolution
- 2.3.2 A description of Vendor's emergency capability
- 2.3.3 The location of the nearest support depot and service personnel
- 2.3.4 Guaranteed time to respond to a down condition
- 2.3.5 Guaranteed time to respond to a poor line condition
- 2.3.6 Escalation procedures

¹ "Minor contract modification," pursuant to 47 C.F.R. §54.500(g) is defined as "a change to a universal service contract that is within the scope of the original contract and has no effect or merely a negligible effect on price, quantity, quality, or delivery under the original contract."

- 2.3.7 24/7/365 support for all circuits and services
- 2.3.8 24 hour Advanced Notification of all planned outages that affect District services
- 2.3.9 Informational alerts for all unplanned outages that affect District services

2.4 Billing Support

- 2.4.1 Monthly consolidated billing that is easy to reconcile is required, along with available live customer support. Proposers shall submit examples of billing documents, and shall describe the available customer support including online billing and administrative access to Customer's account information. Clarity of content, readability and document appearance of the Proposer's billing information will be reviewed. Customer requires online access to all billing information, ordering information and billing statements.
- 2.4.2 Vendor must ensure that E-rate discounts are provided only to eligible entities for eligible services. For this reason, a separate invoice for ineligible entities must be provided to the District each month. This will ensure that only eligible entities are receiving discounted bills. District will work with the successful Vendor to identify which entities are E-rate eligible.
- 2.4.3 Online Portal

Proposals should describe the online portal the District can use to view current services, and current and previous invoices. In addition, proposals should explain how long previous invoices are available online for downloading.

2.5 Service Sites

Vendor must be willing to set forth proposed pricing and to sign a contract which anticipates that the parties may add or remove Service Sites or to change Service Site locations during the term of the contract without penalty and at the same rates included in the contract.

2.6 Outage and Problem Resolution Procedures

Vendors shall describe their problem resolution procedures, including, points of contact for problem resolution, a description of Vendor's emergency capability, the location of the nearest support depot and service personnel, guaranteed time to respond to a down condition, guaranteed time to respond to a poor line condition, and escalation procedures.

2.7 Timeline for Installation of Services

Installation of service shall begin prior to July 1, 2015 so that service is fully operational as of July 1, 2015. Installation shall not begin, however, until after a contract between the parties has been executed. No invoices for service and/or installation shall be issued or dated prior to July 1, 2015. Vendor shall provide a project manager to assist with conversion of services and must identify that individual in their proposal. There may be a need for some of the installation to occur after hours. The rate for after-hours installation shall be the same as the installation costs during business hours.

3.0 E-RATE REQUIREMENTS

Vendors submitting proposals under this RFP must agree to meet the following conditions relating to the E-rate

program:

3.1 SPIN

Vendor must obtain a valid E-rate SPIN number (Vendor Identification Number), and must provide that SPIN in the Proposal submitted in response to this bid opportunity. All services included in this RFP must be submitted under a single SPIN. Further, the vendor must be an Eligible Telecommunications Provider (ETP) and file Form 499's with USAC.

3.2 Form 473, Service Provider Annual Certification Form

Vendor must agree to timely submit to the SLD a completed Form 473. This form is available on the SLD's website at www.usac.org/sl in the Forms section.

3.3 Discounted Bills

If requested by Customer, Vendor must provide discounted bills to Customer which reflect the net charges due to Customer after E-rate discounts have been reflected (also known as the "non-discount" amount). If Customer does not receive E-rate funding approval by July 1 of any year in which the contract is in effect, Customer agrees to pay the full amount of the monthly charges until Customer receives E-rate funding approval and files Form 486, Receipt of Services Confirmation Form, and Vendor receives the Form 486 Notification Letter. As soon thereafter as practical, Vendor shall provision monthly bills to reflect the E-rate discounts and to credit Customer for the pre-paid E-rate discount amounts for the monthly bills prior to Customer's receipt of E-rate funding approval. Customer shall have the sole discretion to decide whether the credit shall be refunded to Customer or used toward payment of the non-discounted amount of subsequent monthly bills.

3.4 Separate Invoices for Ineligible Entities

Vendor must ensure that E-rate discounts are provided only to eligible entities for eligible services. For this reason, a separate invoice for ineligible entities must be provided to the District each month. This will ensure that only eligible entities are receiving discounted bills. District will work with the successful Vendor to identify which entities are E-rate eligible.

3.5 Document retention

Vendor must retain copies of all invoices and record of District payments for a period of eleven years and be willing to provide this information to the District upon request.

3.6 E-rate Reimbursement Form, Form 472

Vendor must agree to promptly process Customer's E-rate reimbursement forms that Customer may submit to the SLD in order to receive the E-rate funds, should Customer choose not to request discounted bills. Vendor must agree to cooperate with Customer and promptly sign the Form 472 reimbursement form when Customer presents it to Vendor. Vendor also must agree that upon its receipt of Customer's E-rate reimbursement, Vendor will, in turn, remit full E-rate reimbursement to Customer. This procedure is required because the SLD does not permit the E-rate reimbursement check to be mailed directly to Customer. Vendor's signature on the Form 472 certifies to the SLD and Customer that Vendor will remit the entire payment to Customer within 20 business days of Vendor's receipt of the payment from the SLD.

3.7 Cancellation of Service Without Penalty

Customer reserves the right to cancel any service or service to specific buildings issued under the contract

without any termination charges.

3.8 Subcontracting

Subcontracting shall not be permitted without Customer's prior written consent.

4.0 CONDITIONS AND CONTRACTS

4.1 Right Not to Award

Customer reserves the right to reject all proposals and not award a contract under this RFP, to narrow the scope of this project prior to contract signing, and/or to accept or reject any one or more proposals in part and thus award all or part of this project to one or more vendors.

4.2 Scheduling of Work

Installation of service must be coordinated with Andrea Niedbala-Williams at (412) 529-2453.

4.3 Good Faith Negotiation of Contract

The District will sign a separate, mutually-agreeable vendor contract as long as the conditions included in this bid will supersede all vendor contractual language. Vendor is expected to negotiate a written agreement with Customer. Customer is not obligated to accept Vendors standard terms and conditions. If a contract acceptable to Customer is not agreed upon by February 1, 2015, Customer may award the services to the next highest scoring Vendor. Vendor shall provide a proposed contract with all terms and conditions including any applicable Addenda, as part of their proposal.

4.4 Lowest Corresponding Price

Per FCC rules, vendors must offer the Lowest Corresponding Price when submitting proposals. Lowest Corresponding Price (LCP) is defined as the lowest price that a service provider charges to nonresidential customers who are similarly situated to a particular E-rate applicant (school, library, or consortium) for similar services. See 47 CFR, Part 54, Section 54.500(f). Service providers cannot charge E-rate applicants a price above the LCP for E-rate services. See 47 CFR Section 54.511(b).

There is a rebuttable presumption that rates offered within the previous 3 years are still compensatory.

5.0 INFORMATION TO BE INCLUDED IN PROPOSAL

5.1 Vendor Information

In addition to the other information required to be provided, Vendor must also include with their proposal responses to the following questions:

5.1.1 Provide a complete description of whether the services requested in this RFP will be provided using all of the vendor's own facilities or whether certain services or lines will be leased or resold from another company; or a combination of the above. Please be specific in your response. If services are being resold or leased, bids must indicate what services/lines are being resold or leased and must indicate the vendor's ability to monitor and maintain the required service level throughout the network. This will be a bid evaluation criteria.

5.1.2 Provide a description of your firm's previous and ongoing relationship, if any, with the District.

- 5.1.3 Provide the names and contact information of at least 3 current K-12 clients of approximately the same size as the Pittsburgh School District that are using the same or similar goods and/or services as requested in this RFP. If such clients do not exist, provide non-k12 customers' contact information.
- 5.1.4 Provide contact name and contact information for person authorized to negotiate terms and conditions.
- 5.1.5 Provide an itemization of proposed non-recurring/installation charges (if any).

6.0 EVALUATION

Proposals will be evaluated by a committee appointed by the Issuing Officer. Any Proposal that does not meet the minimum requirements in this Bid will be excluded from evaluation.

In accordance with E-Rate regulations, the price of E-Rate eligible services will be the most heavily-weighted factor for all decisions.

**APPENDIX A
LIST OF SERVICES**

\$_____ Cost per Analog POTS Line.

\$_____ Cost per DID Block(s) that will maintain all phone numbers between 412-529-2000 through 412-529-8999.

\$_____ Cost per PRI line that will terminate at 8 South 12th Street

\$_____ Cost per PRI line that will terminate at 341 S. Bellefield Ave.

\$_____ Cost per Call for Directory Assistance

\$_____ Cost per Minute for Intralata Business Toll Calls

\$_____ Cost per Minute for Interstate Long Distance Service

\$_____ Cost per Minute for Local Toll Service

\$_____ Cost for Installation or other One-Time Costs

\$_____ Additional Costs Not Included Above

List Below All Taxes, Surcharges, Fees, Special Taxes, USF fees, USF Administrative Fees, Paper Statement Fees, etc. and rate or cost as of date of proposal submission

**Appendix B
