

PLAY YOUR PART

Join us on our journey to create a new state-of-the-art Drama Studio.

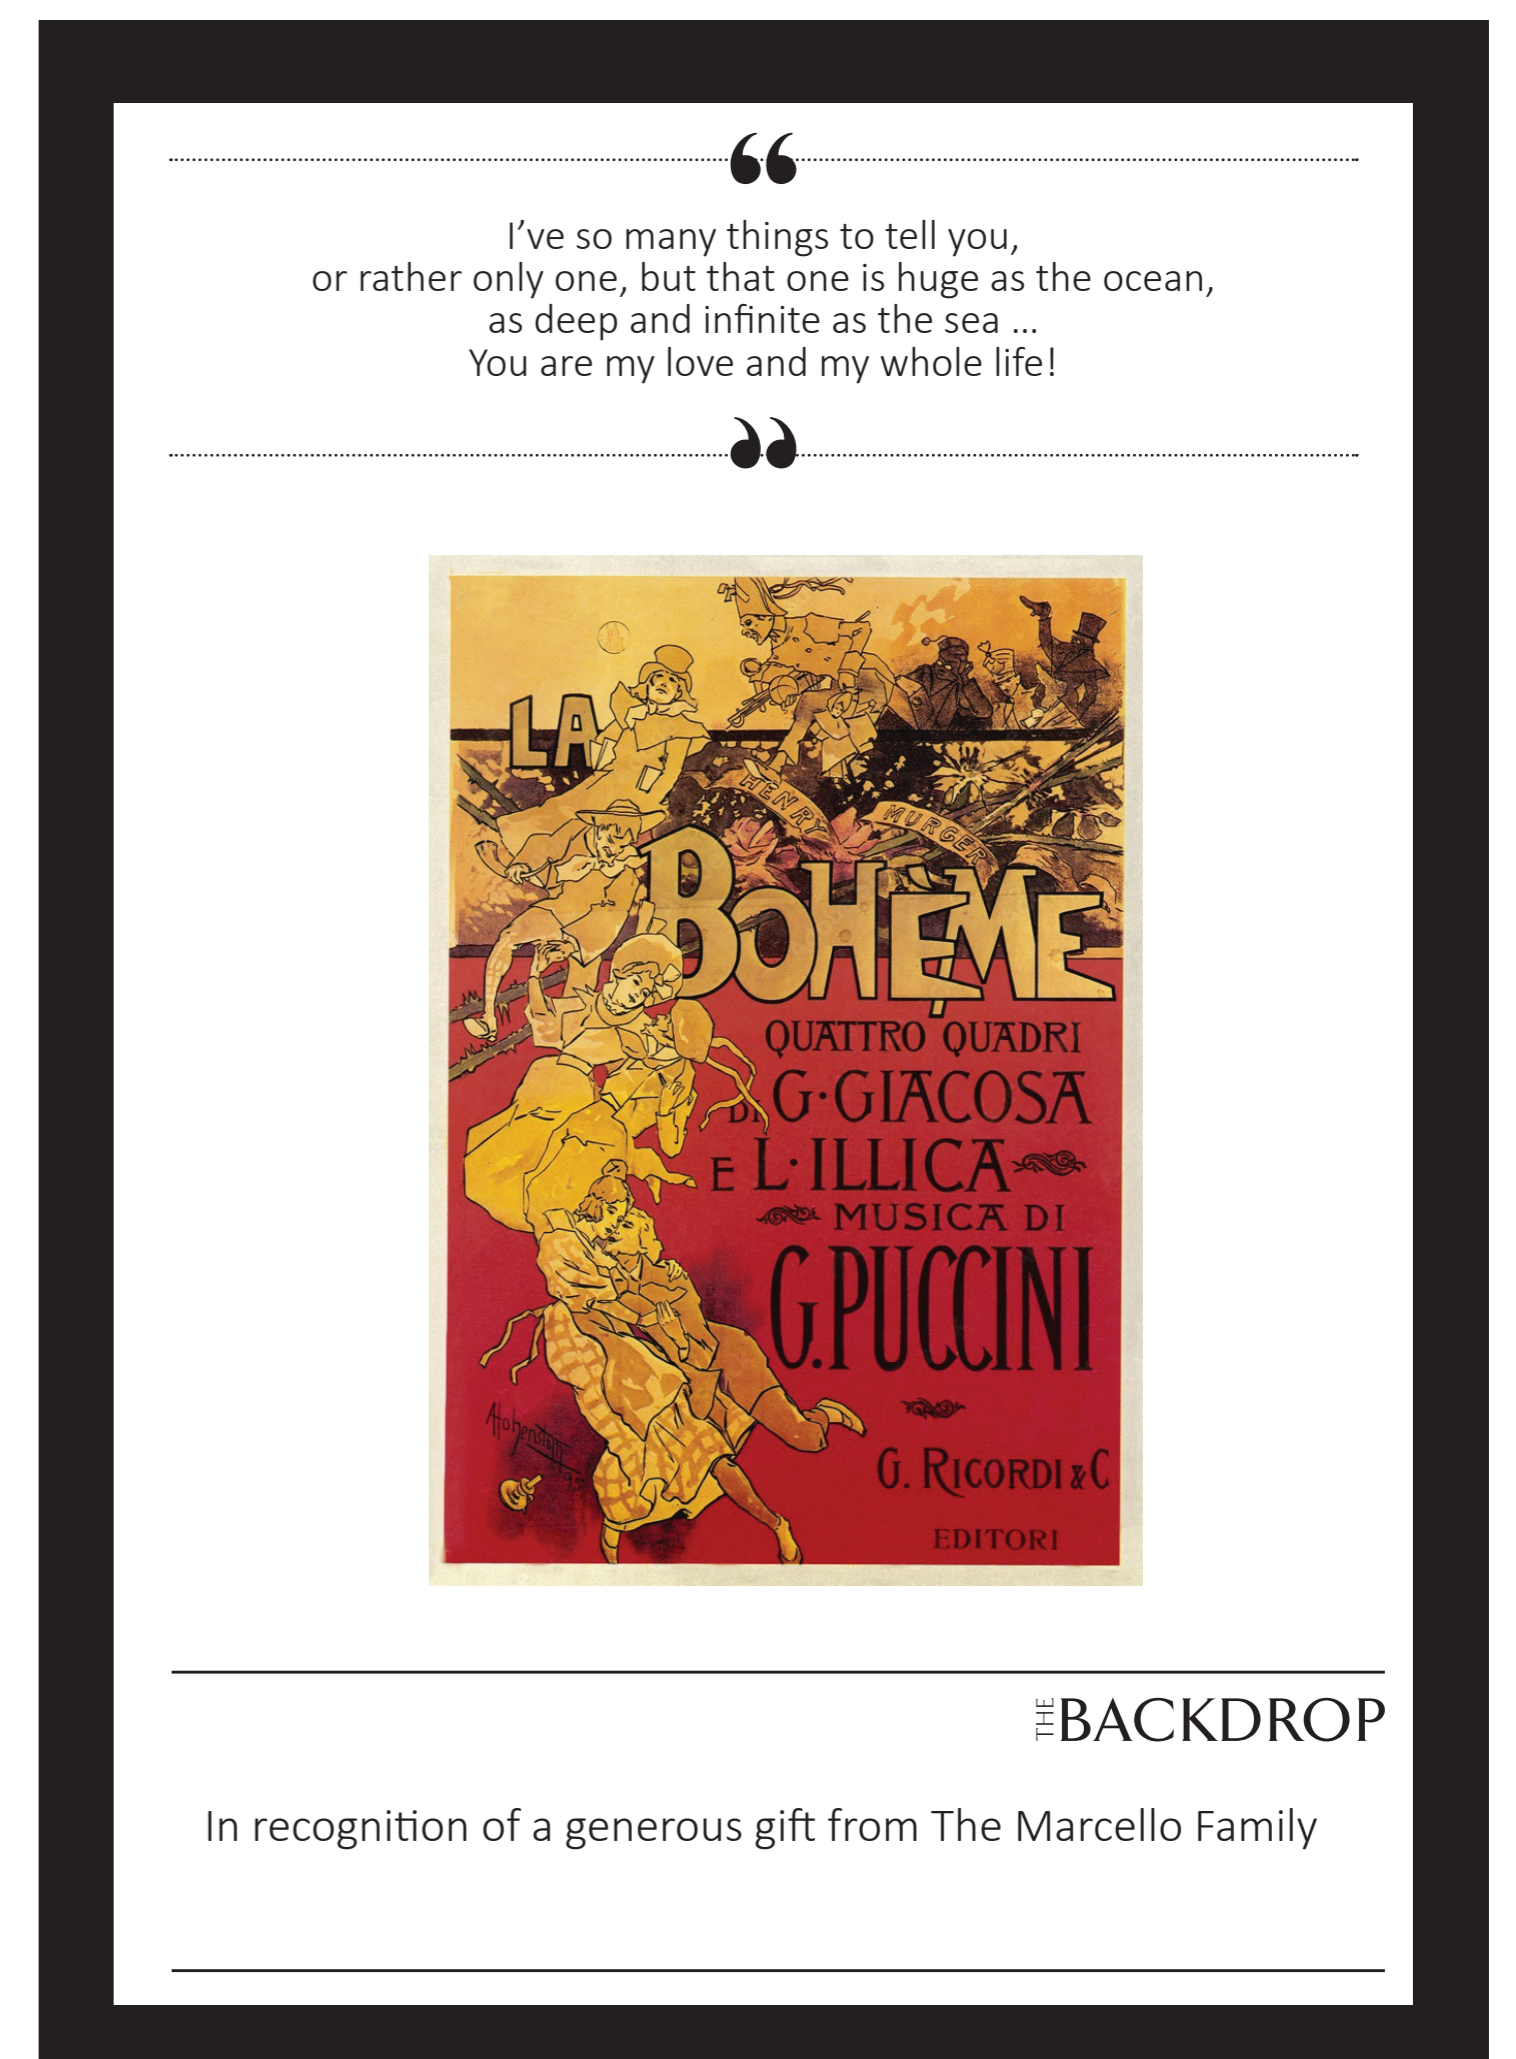

We are delighted to be able to redesign and reimagine the Middle School Drama Studio.

- Hybrid classroom and studio
- Equipped to same standard as Anniversary Halls Drama Studio
- Full technical sound and lighting rigs
- Studio performance space

Just 100 spaces are available for you to Play your Part.

When you make your donation of £250 we will invite you to propose a favourite play, film, opera or musical. Your gift will be recognised in a poster on The Backdrop. You may like to share a quote from the play which you find inspiring or thought-provoking. Your choices will inspire generations of girls as they walk past The Backdrop on their way to the new studio.

With an increasing number of girls studying theatre, performance, directing, and technical theatre at university the new Drama Studio will be a launch pad not only for creativity and exploration but for future careers.
