*St. Michael, Minnesota  
Volume III*

*“Living” is our goal.*

Life is something that is given to us. We did nothing to acquire it.

"Living" isn't given us, we make it! With the help of our environment we make our lives gay, dull, happy, sad, or a combination of these. "Living" demands us to think, to feel, to seek.

Really living is reaching out, grasping life and never letting it go. It's being an individual person and letting your best friend, and worst friend be individuals also.

"Living" is a challenge. We the Knight staff dedicate this book to "Living". We ask you to accept the challenge it presents.

*"Living"*

*An experience which makes one unwilling to die.*

*To live is to function. That is all there is to living.*

Winning an award and getting your picture on this page is not the most important honor that comes to a student in high school. It is an honor, but the thing that counts most is the fact that these students cared enough about STMA to try their best for their school.

These awards serve as a type of recognition for these students and for all the others who have given their time and effort to make this a better place. Whether the honor comes for good sportsmanship, scholastic ability or just trying the hardest, everyone deserves to be honored. If these students did not attempt to work together as a team, they would never have the pride in their school that they have now.

## *We are one; team, coaches, and fans*

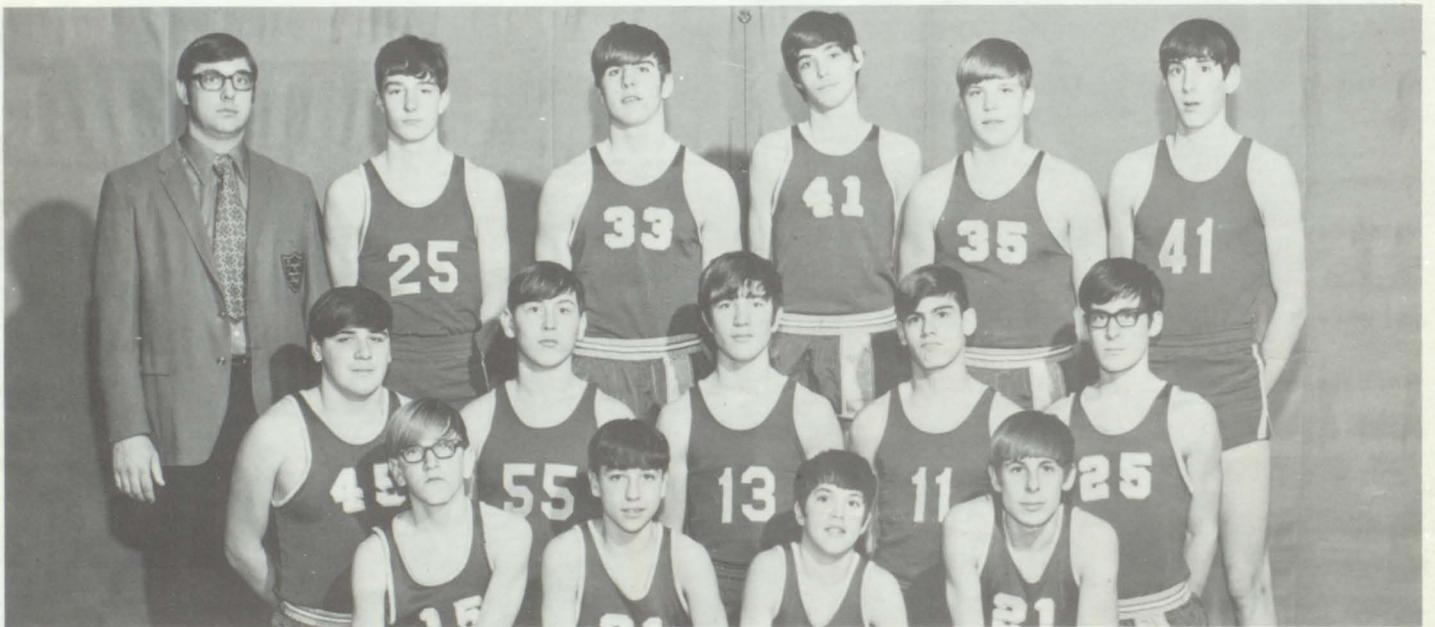

The will to do your best, the chance to show your ability. These are few, but important factors that played a part on this years basketball court. The team worked together as one, with Coach Elmer Eichelberg as their leader. The team as a whole felt that Mike Leuer contributed best abilities; therefore, voted him as captain of the Knights for the year of 1970-71. Improvement has been shown through the year by all members, regardless of the won lose record.

VICTORY that's the Knights battle cry.

Achievement is working to your ability and in return being rewarded with self-satisfaction. This is most pleasing to any member. Be him basketball player or just student.

That's not only the kind of achievement there is. Achievement is getting where your going and then following through with your plan, regardless if it falls through or comes out with flying colors. This may not be your idea of achievement, for many people achievement has its own special meaning. For Mike L. it was Captain and Most Valuable and for Ron P. it was Most Improved.

## *Wrestlers have power*

Led by Coach Pullen and co-captains Gary Lenz and Ron Zachman, the Knight grapplers completed their '70-71 wrestling season. It proved to be a rebuilding year with the addition of 6 new wrestlers on the varsity squad, who displayed developing talents promising better seasons. With a win-loss record of 4-9, the season still had its bright future to look forward to.

This year the Knights sent four of their team members to the Regional's. Paul Hackenmueller and Gary Lenz both took second in their weight classes and Doug Becker took fourth. Also Steve Duerr placed third in his weight class.

Pictured below are co-captains Gary L. and Ron Z. with Coach Richard Pullen.

*The day that never seemed  
to come  
comes  
Not what was expected  
Nor the Dream of Conquest  
Making of many new  
friends  
No longer wanting to go  
but we must  
Nobody says so but there's  
no chance of ever turning  
back  
So with the coming day  
Our departure begins  
With the wave of a  
Hand*

## 1969-70 Spring Sports

Defeating three of the nine opponents, the STMA Knights' baseball team concentrated on team improvement.

On the other hand, the track team sent two boys, Mike Leuer and George Marx, to the district where Leuer placed either second or third in the 440, 220 and the 100 yard running events. Marx took first in shot put and placed in the 880.

# They opened their hands to us . . .

Without the help and support of our two communities, the Knight could never have been.

For this support, the Knight is grateful. The patrons mentioned on this page cared enough to open and extend a helping hand.

## 'The Book' is done

With those words the entire yearbook staff let out a sigh of relief. I might add that the loudest sigh came from the corner of the room, where Miss Peterson sat on the floor with a stack of completed layouts, signing her life away.

We all stuck together and worked day and night to get "the book" done, and now that it is done, we miss the crazy times we had together doing it.

The year is getting left behind, but we will keep this book, and look back, and remember.

The yearbook staff of 1971 would like to extend their thanks to the following people: Miss Mary Peterson, our advisor, for her patience and assistance with us; Mr. DeMatteis, our principal for his cooperation; Silker's Studio for all their professional assistance in our photography line; Mr. John Hedquist, Paragon representative; Paragon Publishing Company; and all the students of STMA for all their support.
