*Another land he gained through his leaving,
much the same as any man does who travels.
Yet his new land offers much more than do
the findings of the ordinary man. His new
land offers a momentary peace, or possibly an
everlasting peace. And as he appears here
still, in actions and words that were once his
it seems as though he is now the owner of two
lands, not the loser of one.*

Knights take Crow River trophy

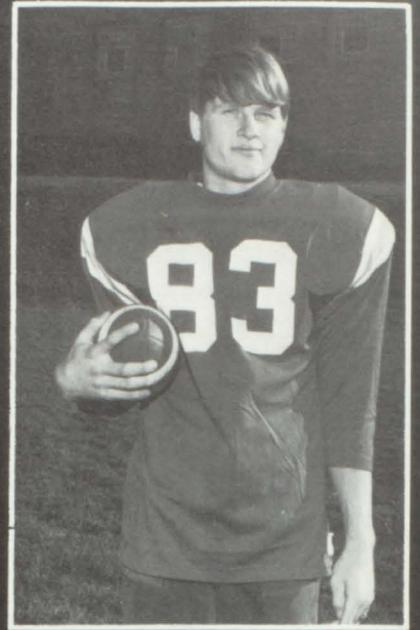

Although numerous casualties set doubts in many of the fans minds, the 1971 Knight Grid Team remained determined and confident as their final record indicated. Not even broken bones could dissuade the team from reaching their goals of recapturing the Crow River Trophy and beating the Monticello Redmen. Although the Knights missed the conference championship they closed their season with a 6 win 3 loss record.
